## DOMESTIC MAIL MATTER.

### CLASSIFICATION AND RATES OF POSTAGE.

1. Domestic mail matter includes matter deposited in the mails for local delivery, or for transmission from one place to another within the United States, or to or from or between the possessions of the United States, and is divided into four classes:

First. Written and sealed matter, postal cards, and private mailing cards.

Second. Periodical publications.

Third. Miscellaneous printed matter (on paper) weighing 4 pounds or less.

Fourth. (Parcel Post.) All mailable matter not included in previous classes.

NOTE.—The parcel-post law, embodied in section 454, Postal Laws and Regulations, does not apply to matter of the first, second, and third classes, but only to fourth-class matter.

2. What is included in terms "United States" and "Possessions of United States."—Hawaii, Porto Rico, and the Virgin Islands of the United States are included in the term "United States." The Philippine Archipelago, Guam, Tutuila and Manua and other islands of the Samoan group east of longitude 171° west of Greenwich, and the Canal Zone are included in the term "Possessions of the United States." The term "Canal Zone" includes all the territory purchased from the Republic of Panama, embracing the "Canal Zone" proper and the islands in the Bay of Panama named Perico, Naos, Culebra, and Flamenco.

NOTE.—The value of the stamps used to pay postage on matter mailed in the Philippine Islands to the United States is expressed in centavos, the value of a stamp of the denomination of 2 centavos being equivalent to 1 cent.

3. Domestic rates and conditions apply to mail matter addressed to officers or members of the crews of vessels of war of the United States, to matter sent to the United States Postal Agency at Shanghai, China, and other places where the United States mail service is in operation, to officers and men of the United States Navy in the United States Naval Hospital at Yokohama, Japan, and, with certain exceptions (see pp. 117 and 120), to that sent to Canada, Cuba, Mexico, the Republic of Panama, and certain other Central and South American countries. The domestic rate applies also to letters, but not to other articles, addressed to the countries named in article 19, page 120.

The domestic rates apply to mail to and from members of and persons connected with the United States Army of Occupation serving in and around Coblenz, Germany.

4. Prepayment of postage on domestic matter at time of mailing, by stamps affixed, is required. By special permission, however, postage may be paid in money on matter of the first, second, third, and fourth classes when mailed in the quantities prescribed by article 66, page 17. Postmasters are not required to affix stamps to mail. When stamps are so affixed to mail that one overlies another, concealing part of its surface, the stamp thus covered is not taken into account in prepayment.

5. Letters of soldiers, sailors, and marines may be transmitted in the mails, without prepayment of postage, under the provisions of paragraphs 1 and 2, section 406, Postal Laws and Regulations.

6. Two classes of matter in one parcel.—Matter of a higher class inclosed with matter of a lower class subjects the whole to the higher rate. Persons knowingly concealing or inclosing matter of a higher class in that of a lower class, for the purpose of evading payment of the proper postage, are liable to a fine of not more than \$100 (Par. 6, sec. 458, and sec. 400, Postal Laws and Regulations.)

#### FIRST-CLASS MATTER.

7. Includes written matter, namely: Letters, postal cards, post cards (private mailing cards), and all matter wholly or partly in writing, whether sealed or unsealed, except manuscript copy accompanying proof sheets or corrected proof sheets of the same and the writing authorized by law to be placed upon matter of other classes. (Secs. 441, 453, and 458, Postal Laws and Regulations.) Matter sealed or otherwise closed against inspection is also of the first class. (Secs. 398 and 400, Postal Laws and Regulations.)

NOTE.—Typewriting and carbon and letter-press copies thereof are the equivalent of handwriting and are classed as such in all cases.

#### 8. List of articles included in first-class matter:

(a) Assessment notices (printed) with amount due written therein.

Albums (autograph) containing written matter.

(b) Blank books with written entries; bank checks filled out in writing, either canceled or uncanceled; legal and other blank printed forms signed officially.  
Blank forms, filled out in writing.

(c) Cards or letters (printed) bearing a written date, where the date is not the date of the card, but gives information as to when the sender will call, or deliver something otherwise referred to, or is the date when something will occur or is acknowledged to have been received.

Cards (printed) which by having a signature attached are converted into personal communications, such as receipts, orders for articles furnished by addressee, etc.

Cards (visiting) bearing written name—except single cards inclosed with third or fourth class matter and bearing the name of the sender.

Certificates, checks, diplomas, receipts, etc., filled out in writing.

Communications entirely in print—with exception of name of sender—sent in identical terms by many persons to the same address.

Copy (manuscript or typewritten) unaccompanied with proof sheets thereof.

(f) Folders made of stiff paper, the entire inner surface of which can not be examined except at the imminent risk of breaking the seal, and those having many folds or pages, requiring the use of an instrument of any kind in order thoroughly to examine the inner surfaces are subject to the first-class rate of postage. No assurance of the postmaster at the office of mailing will prevent the collection of the higher rate of postage at the post office of delivery if the entire inner surface can not be easily examined without danger of breaking the seal.

(A) Hand or typewritten matter and letter-press or manifold (carbon) copies thereof.

(f) Imitations or reproductions of hand or typewritten matter not mailed at the post-office window or other depository designated by the postmaster in a minimum number of twenty identical copies.

- (f) Letters (irrespective of whether they are old or have previously passed through the mails) sent singly or in bulk.
- (g) Price lists (printed) containing written figures changing individual items.
- (h) Receipts (printed) with written signatures.
- (i) Sealed matter of any class, or matter so wrapped as not to be easily examined, except original packages of proprietary articles of merchandise put up as prescribed in article 56, page 15, and seeds and other articles that may be inclosed in sealed transparent envelopes under paragraph 4, section 469, Postal Laws and Regulations.
- (j) Stenographic or shorthand notes.
- (k) Typewritten matter, original letter-press and manifold copies thereof.
- (l) Unsealed written communications.

9. **Rates of postage on first-class matter.**—(a) On letters and other matter, wholly or partly in writing, except the writing specially authorized to be placed upon matter of other classes, and on matter sealed or otherwise closed against inspection—2 cents an ounce or fraction thereof.

(b) On postal cards—1 cent each, the price for which they are sold. (See arts. 17 to 22, pp. 8 and 9.)

(c) On private mailing cards (post cards) conforming to the requirements for such cards—1 cent each. (See arts. 11 to 16, p. 8.)

(d) On "drop letters," 2 cents an ounce or fraction thereof when mailed at letter-carrier post offices, including offices where village delivery service by carrier has been established, or at offices which are not letter-carrier offices if rural free delivery has been established and the persons addressed are served by rural carrier; and 1 cent for each ounce or fraction thereof when mailed at offices where letter-carrier service is not established, or at offices where the patrons are not served by rural carriers. There is no drop rate on mail other than letters. When any persons or concerns of any city or place send their letters in bulk for mailing for local delivery at a post office in another place where the 1-cent drop-letter rate is applicable, such letters are not drop letters and are not entitled to the 1-cent drop-letter rate but are subject to postage at the rate of 2 cents an ounce or fraction thereof. (Secs. 399 and 404, Postal Laws and Regulations.)

(e) Letters mailed at a post office for delivery to patrons thereof by star route carrier and those deposited in in boxes along a star or rural route are subject to postage at the rate of 2 cents an ounce or fraction thereof.

(f) Mail carried by airplane, consisting of matter of the first class, including sealed parcels not exceeding 30 inches in length and girth combined, is chargeable with postage at the rate of 2 cents for each ounce or fraction thereof. Special airplane stamps are not required but any stamps good for postage may be used.

(g) Letters received by a postmaster, under cover (through the mails), with postage prepaid on the bulk package at the letter rate, can not be distributed for local delivery or transmission in the mails unless each letter is prepaid at the regular first-class rate. (Par. 3, sec. 399, Postal Laws and Regulations.)

(h) A letter which, after a proper effort has been made to deliver it, is returned to the sender, may not be remailed without a new prepayment of postage, and it should be inclosed in a new envelope to secure prompt transmission.

10. The limit of weight of first-class matter is the same as for fourth-class matter. (See art. 46, p. 14; secs. 462 and 463, Postal Laws and Regulations.)

#### POST CARDS (PRIVATE MAILING CARDS.)

11. **Transmissible, when and where.**—Post cards manufactured by private persons, consisting of an unfolded piece of cardboard in quality and weight substantially like the Government postal card, not exceeding in size approximately 3 9/16 by 5 9/16 inches, nor less than approximately 2 1/2 by 4 inches, bearing either written or printed messages, are transmissible without cover in the domestic mails (including the possessions of the United States), and to Canada, Cuba, Mexico, Republic of Panama, and city of Shanghai (China), at the postage rate of 1 cent each. (Secs. 402 and 403, Postal Laws and Regulations.)

12. **Advertisements and illustrations** may appear on the back of the card and on the left half of the face. The right half of the face must be reserved for the address, postage stamps, postmark, etc.

13. **Nonconforming cards, rate.**—Cards which do not conform to the foregoing conditions are chargeable with postage at the letter rate, if wholly or partly in writing, or at the third-class rate, if entirely in print.

14. **Under cover, rate.**—Cards mailed under cover of sealed envelopes (transparent or otherwise) are chargeable with postage at the first-class rate; if inclosed in unsealed envelopes, they are subject to postage at the first-class rate if wholly or partly in writing, or the third-class rate if entirely in print—to be prepaid with stamps affixed to the envelope. Stamps affixed to matter inclosed in envelopes are not recognized in payment of postage thereon.

15. **Double or reply post cards** each portion of which conforms in size, quality, etc., to the foregoing conditions are subject to 1 cent postage, to be prepaid on the initial portion. The reply half, when detached and mailed, is also subject to 1 cent postage. The postage on the reply half need not be affixed thereto until it is detached from the initial half and mailed for return. The conditions pertaining to double postal cards, set forth in article 22, page 9, are also applicable to double post cards.

16. **Folded advertising cards**, and other matter entirely in print, arranged with a detachable part for use as a post card, are mailable as third-class matter.

#### POSTAL CARDS.

17. **Postal cards** are furnished at the postage value represented by the stamp impressed thereon; single postal cards for domestic and foreign correspondence at 1 cent and 2 cents each, respectively, and reply (double) postal cards at 2 cents and 4 cents each, respectively. (Sec. 401, Postal Laws and Regulations.)

18. **Additions.**—Government postal cards may bear written, printed, or other additions as follows:

(a) Addresses on postal cards may be either written, printed, or affixed thereto.

(b) Advertisements, illustrations, or writing may appear on the back of the card and on the left third of the face.

(c) The face of the card may be divided by a vertical line placed approximately one-third of the distance from the left end of the card; the space to the left of the line to be used for the message, but the space to the right for the address only.

19. **Unauthorized additions.**—The addition to a postal card of matter other than as above authorized will subject it, when mailed, to postage at the letter rate, if wholly or partly in writing, or at the rate for the added matter, if it bears no writing. In such case the postage value of the stamp impressed on the card will not be impaired.

20. **International postal cards.**—The United States international 2-cent single and reply postal cards should be used for correspondence with foreign countries, except Canada, Cuba, Mexico, and Republic of Panama, to which the domestic 1-cent single and reply cards are mailable; but when these international cards can not be obtained, it is allowable to use the United States domestic 1-cent single and reply postal cards with 1-cent United States adhesive postage stamps affixed thereto.

21. **Remailing.**—Used postal cards conforming to the conditions prescribed for post cards may be remailed upon prepayment of 1 cent postage with stamp affixed.

22. **Reply or double postal cards.**—Either half of a domestic reply postal card may be used separately. Such postal cards should be folded before mailing, and the initial half should be detached when the reply half is mailed for return. If the initial half of a double postal card be not detached when the reply half is mailed for return, the card is subject to postage according to the character of the message. The inclosure in a double postal card of unauthorized matter annuls its privileges as a postal card.

## SECOND-CLASS MATTER.

23. **Second-class matter** includes newspapers and periodicals bearing notice of entry as second-class matter. No limit of weight is prescribed. (Secs. 411 to 446, Postal Laws and Regulations.)

24. **The rate of postage on newspapers and periodical publications of the second class, when sent unsealed by the public, that is, by others than the publisher or a news agent, is 1 cent for each 4 ounces or fraction thereof, on each separately addressed copy or package of unaddressed copies.** To be entitled to this rate, the copies must be complete. Incomplete copies are subject to postage at the third or fourth class rate, according to their physical character. There is no such rate of postage as 4 cents a pound for second-class matter. (Sec. 435, Postal Laws and Regulations.)

25. **Additions to second-class matter.**—(a) On the wrapper, or the matter itself, there may be written or printed: (1) The name and address of the sender, preceded by the word "from;" (2) the name and address of the person to whom sent; (3) the words "sample copy" or "marked copy," or both, as the case may be.

(b) On the matter itself the sender may place all that is permitted on the wrapper; correct typographical errors in the text; designate by marks, not by words, a word or passage in the text to which it is desired to call attention.

Other writing will subject the package to the first-class rate.

26. **Application for entry of a publication as second-class matter or registry as a news agent** should be made through the postmaster to the Third Assistant Postmaster General, Division of Classification.

27. **Periodical publications not desired.**—Publications which are not desired may be refused and not removed from the post office, or they may be returned to the postmaster indorsed "Refused." The Post Office Department does not determine questions regarding the liability of a subscriber for the subscription price of a publication.

A subscriber to a publication should promptly notify the publisher of any change in his address. (Secs. 640-642, Postal Laws and Regulations.)

## THIRD-CLASS MATTER.

28. **Third-class matter** embraces circulars, newspapers, and periodicals not admitted to the second class, nor embraced in the term "book," miscellaneous printed matter on paper not having the nature of an actual personal correspondence, proof sheets, corrected proof sheets, and manuscript copy accompanying the same, and matter in point print or raised characters used by the blind. (Secs. 447, 448, and 451, Postal Laws and Regulations.) Books are included in fourth-class or parcel-post mail, as also is miscellaneous printed matter weighing more than 4 pounds. (Par. 5, sec. 456, and par. 7, sec. 463, Postal Laws and Regulations.)

**NOTE.**—Matter printed on material other than paper is fourth class.

29. **Circulars.**—A circular is a printed letter sent in identical terms to several persons. It may bear a written, typewritten, or hand-stamped date, name and address of person addressed and of the sender, and corrections of mere typographical errors. When a name (except that of the addressee or sender), date (other than that of the circular), or anything else is handwritten or typewritten in the body of a circular for any other reason than to correct a genuine typographical error, the circular is subject to postage at the first-class (letter) rate, whether sealed or unsealed. (Sec. 449, Postal Laws and Regulations.)

30. **Reproductions or imitations of handwriting and typewriting** obtained by means of the printing press, neotype, multigraph, or similar mechanical process will be treated as third-class matter, provided they are mailed at the post office or other depository designated by the postmaster in a minimum number of 20 identical unsealed copies. If mailed elsewhere or in less quantity, they will be subject to the first-class rate. (Par. 2, sec. 460, Postal Laws and Regulations.)

31. **Matter for the blind.**—Letters and reading matter for the blind are transmissible in the mails under certain conditions at special rates, as set forth in Section 451, Postal Laws and Regulations.

32. **The rate of postage on unsealed third-class matter** is one cent for each 2 ounces or fraction thereof, on each individually addressed piece or package. There is no such rate of postage as 8 cents a pound on third-class matter. (Sec. 447, Postal Laws and Regulations.)

33. **The limit of weight of third-class matter** is 4 pounds. Parcels of printed matter weighing more than 4 pounds which do not exceed the limit of weight and size for fourth-class matter come within that class and are mailable at the parcel-post rates. (Secs. 462 and 463, Postal Laws and Regulations.)

34. **List of articles included in third-class matter:**

- (a) Address tags and labels mainly in print.

35. **Additions to third-class matter.**—(a) **On the wrapper.** envelope, or the tag or label attached thereto, or upon the matter itself, in addition to the name and address of the addressee, there may be written or printed the name, occupation, and residence, or business address of the sender, preceded by the word "from." There may also be placed on the wrapper, envelope, tag, or label, either written or otherwise, the inscription "Do not open until Christmas," or words to that effect, and any printed matter mailable as third-class, but there must be left on the right portion of the address side  $3\frac{1}{2}$  inches space for a legible address, postmark, and the necessary postage stamps, and any words necessary for forwarding or return, etc. (Secs. 453 and 470, Postal Laws and Regulations.)

The words "Please send out," or "Post up," or other similar directions or requests, not a part of the address, nor necessary to effect delivery, may not be placed upon the wrapper of third-class matter or upon the matter itself without subjecting it to postage at the letter rate.

(b) **On the matter** itself the sender may place all that is permitted on the wrapper, and may make marks other than by written or printed words to call attention to any word or passage in the text, and may correct any typographical errors. There may also be written or printed upon any photograph, or other matter of the third-class, a simple manuscript dedication or inscription not in the nature of personal correspondence. Such words as "Dear Sir," "My dear friend," "Yours truly," "Sincerely yours," "Merry Christmas," "Happy New Year," and "With best wishes," written upon third-class matter, are permissible inscriptions. A serial number written or impressed upon third-class matter does not affect its classification.

(c) **Written designation of contents**, such as "printed matter," "photo," is permissible upon the wrapper of third-class matter.

36. **Hand-stamped imprints on third-class matter** will not affect its classification except when the added matter is in itself personal or converts the original matter into a personal communication; in the latter case, however, the mailing at one time at the post office window or other depository designated by the postmaster of not less than 25 identical, unsealed copies will be sufficient evidence of impersonal character to entitle such matter to the third-class rate. (Sec. 453, Postal Laws and Regulations.)

37. **Corrections in proof sheets** include the alteration of the text and insertion of new matter, as well as the correction of typographical and other errors; include also marginal instructions to the printer necessary to the correction of the matter or its proper appearance in print. Part of an article may be entirely rewritten if that be necessary for correction. Corrections should be upon the margin of or attached to the proof sheets. Manuscript of one article can not be inclosed with proof or corrected proof-sheets of another except at the first-class rate.

38. **Incidental use of third-class matter as receptacles for coin**.—The rate of postage on matter essentially third class (printed matter upon paper) is not affected by the fact that incidentally it contains a perforation which may be used for carrying coin.

39. **Permissible inclosures**.—There may be inclosed with third-class matter, without changing the classification thereof, a card bearing the written name and address of the sender; a single order form, mainly blank, or a single combination order blank and coin card with an envelope or post card for reply. See articles 54 and 55, page 15, for conditions under which a communication may be attached to and mailed with third-class matter.

#### FOURTH-CLASS MATTER (DOMESTIC PARCEL POST).

40. **Fourth-class matter** embraces that known as domestic parcel-post mail, and includes merchandise, farm and factory products, seeds, cuttings, bulbs, roots, scions, and plants, books (including catalogs), miscellaneous printed matter weighing more than 4 pounds, and all other mailable matter not embraced in the first, second, and third classes. (Secs. 454, 456, 457, and paragraph 7, sec. 463, Postal Laws and Regulations.)

41. **Extent and usefulness of parcel post**.—The domestic parcel post offers a convenient, quick, and efficient means of transporting mailable parcels to any post office in the United States or its possessions. The service reaches more places than any other transportation agency. It brings producers and consumers into closer contact, thus opening the way to reducing the high cost of living. Special treatment and advantages are accorded to shipments of farm products. Low postage rates, based on the service rendered, are provided. The rates to near-by zones are particularly advantageous. Parcels may be insured against loss and may be sent C. O. D.

NOTE.—The local rate applies to parcels mailed:

- (1) At any post office for local delivery at such office.
- (2) At any city letter-carrier office, or at any point within its delivery limits, for delivery by carriers from that office.
- (3) At any post office from which a rural route starts, for delivery on such route, or when mailed at any point on a rural route for delivery at any other point thereon, or at the office from which the route starts, or for delivery on any other rural route starting from the same office.

**Zones and unit numbers.**—For parcel post purposes the United States is divided into units of area 30 minutes square, which form the basis of eight postal zones. The number of the unit in which each office is located (a branch office or station being in the same unit as the main office) is shown after the name of the office in the State list of this Guide, except those in Alaska, Canal Zone, Guam, Samoan Islands, and the United States Postal Agency, Shanghai, China, concerning which see paragraph (e) below. Additions and changes in unit numbers appear in the monthly supplements to the Postal Guide.

To ascertain in which zone a post office is located from the office of mailing, first obtain the unit number of the office of address from the Guide, then find the line containing this number in the zone key for the unit of the mailing office, and the figure in the column opposite will be the number of the zone. The Guide is applicable to all offices but a separate zone key is required for each unit. The zone keys, which make the use of parcel post maps unnecessary, are furnished to purchasers of the Postal Guide and, upon application, to the postal service.

(d) **Parcels subject to the pound rates, mailed for delivery within the first or second zone**, are, when the distance by the shortest regular mail route from the office of origin to the office of delivery is 300 miles or more, chargeable with postage at the rate of 6 cents for the first pound and 2 cents for each additional pound, a fraction of a pound being computed as a full pound. (Subparagraphs (b) and (c), par. 2, sec. 455, Postal Laws and Regulations.)

(e) **Alaska, Hawaiian and Philippine Islands, etc.**—The eighth zone rate of 12 cents for each pound or fraction thereof on all parcels weighing more than 4 ounces (except books, seeds, cuttings, bulbs, roots, scions, and plants, weighing 8 ounces or less) applies (1) between the United States and the Hawaiian Islands; (2) between the United States and its postal agency at Shanghai, China; (3) between any two points in Alaska and between any point in Alaska and any other point in the United States; (4) between the United States and the Canal Zone; (5) between the United States and the Philippine Islands; (6) to, from, or between Guam, Tutuila, and Manua and other islands of the Samoan group east of longitude 171° west of Greenwich, and the United States and its other possessions; (7) between the United States and its naval vessels stationed in foreign waters. Firearms may be sent to the Philippine Islands only when addressed to the Chief of Constabulary, Manila, P. I., the name and address of the person or firm for whom intended to appear less conspicuously in the lower left corner of the address side of the wrapper or label of the parcel.

(f) **The rate of postage on gold coin, gold bullion, and gold dust** offered for mailing between any two points in Alaska, or between any point in Alaska and any point in the United States or its possessions, is 2 cents an ounce or fraction thereof, regardless of distance. Such gold coin, gold bullion, or gold dust must be inclosed in sealed packages not exceeding 11 pounds in weight and sent by registered mail.

44. **The special delivery fee** is 10 cents in addition to the regular postage.

45. **A war-stamp tax** of 1 cent for each postage charge of 25 cents or fractional part of 25 cents must be paid on packages of fourth-class or parcel-post matter on which the postage amounts to not less than 25 cents each. The tax is not applicable to parcels on which the postage amounts to less than 25 cents. On a parcel subject to 25 cents postage the tax is 1 cent; on parcels on which the postage amounts to from 26 to 50 cents the tax is 2 cents each, and so on. Such tax applies to parcels forwarded or returned on which the postage for forwarding or returning amounts to 25 cents or more. Parcels shall not be accepted for mailing unless both the required postage and tax are fully prepaid. Special internal revenue stamps shall be used to pay the tax; postage stamps are not valid for this purpose. (Pars. 7 and 8, sec. 456, Postal Laws and Regulations.)

The internal revenue stamps affixed to parcels in payment of the tax must be canceled by the sender placing or causing to be placed, thereon his written or stamped initials together with the date upon which the stamps are attached or used. In no case, however, should the sender cancel postage stamps affixed to parcels; such stamps must be canceled only by postal employees. When parcels are deposited by the sender without canceling the internal revenue stamps, such stamps should be canceled by the postmaster in the same manner in which postage stamps are canceled. When, after a parcel is weighed and the amount of the postage is determined and paid, it is the practice of the postmaster to affix the postage stamps, in order to expedite the work, the same practice may be followed with respect to affixing the internal revenue stamps. In such case the internal revenue stamps should be canceled by the postmaster.

Internal revenue stamps for use in paying such tax are supplied to postmasters for sale to the public.

The war-stamp tax does not apply to parcels sent to (1) United States Expeditionary Forces abroad, (2) Porto Rico, (3) Philippine Islands, (4) Canal Zone, (5) Virgin Islands of the United States, (6) Guam, Tutuila, and Manua and other islands of the Samoan group belonging to the United States, (7) United States naval vessels, (8) parcels addressed to foreign countries, (9) parcels sent by officers or employees of the United States, or of any State, Territory, or the District of Columbia, or political subdivision thereof, in the discharge of governmental functions, provided they bear in the upper left corner of the address side of the wrapper or label the official designation or name, together with the address of the department, office, or officer by whom sent, as evidence of their being transmitted in the discharge of the governmental functions of the United States, or of a State or political subdivision thereof, and consequently exempt from the war-stamp tax, (10) parcels of merchandise mailed by the American Red Cross, and (11) parcels mailed by Federal Reserve Banks or branches of such banks.

46. **The limit of weight of fourth-class matter** is 70 pounds for parcels mailed for delivery within the first, second, and third zones, and 50 pounds for all other zones. The 50-pound limit applies to parcels for Manila, Philippine Islands, but parcels for Iloilo, Cebu, and Zamboanga may not exceed 44 pounds, while parcels for other places in those islands may not exceed 20 pounds. (Secs. 454, 462, 463, 474, and 479, Postal Laws and Regulations.) All shipments of merchandise by one sender to one addressee on the same day where a star route haul is involved is limited to 200 pounds, but this does not apply to perishable matter. (Sec. 478.)

for the primary reason that the number of such examinations which are put up in fixed quantities, in original sealed packages, by manufacturer or dealer so as to allow examination of the packages in their simplest mercantile form and label

47. **Limit of size.**—Parcel-post matter may not exceed 34 inches in length and girth combined. In measuring a parcel the greatest distance in a straight line between the ends (but not around the parcel) is taken as its length, while the distance around the parcel at its thickest part is taken as its girth. For example, a parcel 35 inches long, 10 inches wide, and 5 inches high measures 65 inches in length and girth combined. (Sec. 464, Postal Laws and Regulations.)

48. **Name and address of sender.**—A parcel of fourth-class matter may not be accepted for mailing unless it bears the name and address of the sender, which should be preceded by the word "From." (Par. 4, sec. 470, Postal Laws and Regulations.)

49. **Additions to fourth-class mail.**—There may be placed on fourth-class matter, or on the wrapper or cover, tag or label, any marks, numbers, names, or letters for purpose of description. There may be written on the blank leaves or cover of any book a simple manuscript dedication or inscription not in the nature of personal correspondence. Space sufficient for a legible address, postmark, the necessary postage stamps, and any words necessary for forwarding or return, must be left on the address side of parcels. See article 116, page 21. Inscriptions, such as "Merry Christmas," "With best wishes," "Do not open until Christmas," or words to that effect, may be written on fourth-class mail, or on a card inclosed therewith. (Sec. 458, Postal Laws and Regulations.)

50. **Public library books,** otherwise mailable as parcel post matter, may bear thereon or therein in writing or by means of hand stamp, the shelf number, date of donation or acquisition (or both), or any mark of designation which may be reasonably construed as an "inscription" within the meaning of the law (sec. 453, Postal Laws and Regulations) in the limited sense of a permanent library record, placed thereon by the librarian and in that connection only.

51. **Inclosures.**—There may be inclosed with fourth-class matter a written or printed invoice showing the name and address of the sender and of the addressee; the names and quantities of articles inclosed, together with inscriptions indicating "for purpose of description," the price, style, stock number, size, and quality of the articles; the order or file number, date of order, and date and manner of shipment; and the initials or name of the salesman, or of the person by whom the articles were packed or checked.

52. **Printed matter relating to an article of merchandise** which it accompanies is regarded as descriptive of the article within the meaning of section 458, Postal Laws and Regulations, and is a permissible inclosure with such article when mailed as fourth-class matter.

53. **Packages weighing 4 pounds or less containing matter of both the third and fourth classes** are subject to postage at the third or fourth class rate, whichever is the higher. Parcels exceeding 4 pounds in weight containing miscellaneous printed matter and fourth-class matter are uniformly chargeable at the fourth-class rates. (Par. 6, sec. 458, Postal Laws and Regulations.)

54. **Communications attached to parcels.**—When it is desired to send a communication with a parcel on which postage at the fourth-class rate has been fully prepaid, the communication may be placed in an envelope fully prepaid at the first-class rate and addressed to correspond with the address on the parcel and then be tied to or otherwise securely attached to the outside of the parcel in such manner as to prevent its separation therefrom and not to interfere with the address on the parcel. The stamps to cover the postage on the parcel must be affixed to the wrapper of the parcel, and those to pay the postage on the communication must be affixed to the envelope of the communication. Parcels to which such communications are attached are treated as fourth-class matter. (Par. 54, sec. 458, Postal Laws and Regulations.) When attaching communications to parcels, the following instructions should be observed:

(a) Any strong envelope which can be securely attached to the outside of the parcel in such manner as will prevent its separation therefrom and not interfere with the address on the parcel may be used. A tag envelope fastened with strong twine will serve this purpose. The envelope should always be placed under the twine with which the parcel is tied in order to prevent its becoming torn from the parcel while in transit. The envelope must be addressed to correspond with the address on the parcel, so that in case of their becoming separated while in transit both may be delivered.

(b) When two classes of matter are mailed together under this regulation in combination containers having two inseparable portions or compartments, it is desirable that the sender's and addressee's names and addresses appear on both portions, but if the sender so desires, the matter will be accepted with such names and addresses appearing on one portion only.

(c) Only one special-delivery fee is required on such parcels when sent as special-delivery matter. The stamps for the fee should be affixed to the parcels.

(d) The stamps affixed to the envelopes are canceled in the same manner as the stamps on the parcel are canceled. As the regulation provides that the parcel and communication attached thereto shall in all cases be treated as fourth-class mail, persons authorized to use precanceled stamps may affix such stamps to the envelope in prepayment of postage on the communication when such stamps are used on the parcel. The regulations applicable to postmarking first-class matter do not apply to communications attached to parcels of fourth-class matter under the provisions of paragraph 54, section 458, Postal Laws and Regulations. Two classes of matter may be mailed together in accordance with these provisions without stamps affixed and the postage thereon paid in money under section 459, Postal Laws and Regulations. (See art. 66, p. 17.)

55. **Letters attached to third-class mail.**—Communications in envelopes fully prepaid at the first-class rate may be attached to packages of third-class matter fully prepaid at the third-class rate, in the manner and under the conditions set forth in the preceding article. Packages of third-class matter to which such communications are attached shall, in all cases, be treated as third-class mail.

56. **Proprietary articles of merchandise,** such as harmless medicinal preparations, soaps, tobacco, food products, and other articles of merchandise which are put up in fixed quantities, in original sealed packages, by the manufacturer or dealer so as to allow examination of the packages in their simplest mercantile form and labeled as

*printing* so as to show the nature of contents, quantity, and name of manufacturer, or dealer, are mailable at the fourth-class rates of postage. In order to be so mailed the parcels must in fact possess the characteristics of proprietary articles of merchandise and to this end it is important that they be prominently labeled in printing in the manner in which well-known articles distributed widely throughout the country are labeled, a trade-mark, brands, illustration of the article, or other distinguishing matter usually appearing on the label. If such sealed packages are inclosed in an outer wrapper or container, such wrapper or container must not be sealed unless it is also labeled in printing in the manner indicated. (Par. 5, sec. 469, Postal Laws and Regulations.)

**57. Meats and meat-food products.**—Before meat or meat-food products of cattle, sheep, swine, goats, or horses may be accepted for mailing from one State or Territory to another State or Territory, the certificate of inspection or exemption required by section 477, Postal Laws and Regulations, must be filed with the postmaster. Such certificate must be prepared and furnished by the sender. See article 11, October, 1919, supplement to Postal Guide, for conditions governing mailing of horse-meat.

**58. Game.**—The dead bodies of any wild animals or birds, or parts thereof, including furs, skins, plumage, etc., lawfully killed and offered for shipment, may be accepted for mailing only when the parcels are plainly marked to show the actual nature of the contents and the name and address of the sender. The dead bodies, or parts thereof, of any wild animals or birds which have been killed or offered for shipment in violation of the laws of a State, Territory, or District, are unmailable; persons sending such articles and the addressees knowingly receiving them in violation of the law being liable to a fine of not more than \$200. (Sec. 477, Postal Laws and Regulations.)

**59. Furs shipped out of Alaska by mail.**—It will be the duty of each postmaster in Alaska to furnish report blanks to persons who present furs for mailing and to see that no furs are sent through his office to outside points until the shipper has filled out the blank and signed the certificate as to the correctness of the report, and the postmaster has placed his signature under the words "Transmitted to the Commissioner of Fisheries, Washington, D. C." The postmaster will then dispatch the shipment of furs as addressed, without examining the contents for the purpose of verifying the shipper's report, and will mail the report under cover of an official penalty envelope addressed "Commissioner of Fisheries, Washington, D. C."

Postmasters should not permit their supplies of the report form to become exhausted, but in due time should make requisitions upon the Commissioner of Fisheries for specific quantities.

The foregoing does not in any way relieve postmasters from exercising every possible precaution to prevent the acceptance for mailing of furs, the shipment of which is prohibited by the laws of the Territory of Alaska.

**59½. Gold and silver shipped by mail to places outside of Alaska.**—Postmasters when accepting gold and silver for shipment by mail to any place outside of Alaska will request the sender to state the weight, value and description of the gold or silver mailed by him. If he is not willing to furnish this information, the postmaster should estimate the value from the weight and from such knowledge of the contents as he may rightfully obtain. The data will be recorded in a book kept for that purpose, and at the end of each month the total will be entered on a blank form (furnished for that purpose) and mailed under cover of a penalty envelope to the collector of customs at Juneau, Alaska. If there are no transactions during the month, no report is necessary.

Postmasters will explain to senders of gold and silver that this information is desired by the Bureau of Foreign and Domestic Commerce of the United States, Department of Commerce, for the sole purpose of enabling the Government to compile complete figures showing the gold and silver products of the United States and its territories; that the information obtained will be treated as confidential by the Department of Commerce, and that the name of the sender need not necessarily appear on the blank; that although the furnishing of the information desired will be a voluntary act on the part of the sender, it is hoped that the efforts of the Government to obtain this information will not be thwarted by the refusal of any one to furnish the data requested.

No mail matter should be refused by the postmaster simply because the sender may decline to furnish the information.

An additional supply of blanks may be secured from the collector of customs, Juneau, Alaska.

**60. (a) Plants and plant products, including all field-grown florists' stock,** trees, shrubs, vines, cuttings, grafts, scions, buds, fruit pits, and other seeds of fruit and ornamental trees or shrubs, and other plants and plant products for propagation, except field, vegetable, and flower seeds, bedding plants, and other herbaceous plants, bulbs, and roots, may be admitted to the mails only when accompanied with a certificate from a State or Government inspector to the effect that the nursery or premises from which such stock is shipped has been inspected within a year and found free from injurious insects, and the parcel containing such stock is plainly marked to show the nature of the contents and the name and address of the sender. (Sec. 478, Postal Laws and Regulations.)

**(b) Terminal inspection of plants and plant products** addressed to Arizona, Arkansas, California, District of Columbia, Florida, Hawaii, Mississippi, Montana, and Washington is required. See section 478½, Postal Laws and Regulations, and instructions in October and November, 1915, January, February, and November, 1916, April, 1918, June and December, 1919, October and November, 1920, and March, 1921, supplements to Postal Guide. All parcels addressed to the States named must be plainly marked on the outside to show the exact nature of their contents.

**61. Place of mailing.**—Parcels of books, seeds, and plants, weighing more than 8 ounces, and parcels of other fourth-class matter weighing more than 4 ounces must be mailed at a post office, branch post office, named, numbered, or lettered station, or delivered to a rural or other carrier duly authorized to receive such matter. Smaller parcels may be deposited in letter or package boxes. (Par. 10, amended sec. 536, Postal Laws and Regulations.)

**62. Sender's receipt for ordinary parcel.**—When desired, a receipt is furnished the sender of an ordinary fourth-class parcel by the mailing office upon payment of one cent. This fee does not insure the parcel against loss, and no receipt is obtained from the addressee on delivery. If either of the latter facilities is desired, the insurance service should be patronized. (Sec. 458½, Postal Laws and Regulations.)

63. **Sender of parcel to be asked if he desires it insured.**—Postmasters and postal employees, when rating domestic fourth-class parcels shall in all cases inquire of the senders whether they desire such articles to be insured except in those cases where the senders have previously stated that they do not desire such shipments to be sent as insured mail.

64. **Customs declarations (on Form 2066) must accompany parcels addressed for delivery in the Canal Zone or through the United States Postal Agency at Shanghai, China.**

## PROVISIONS APPLICABLE TO THE SEVERAL CLASSES OF MAIL MATTER.

65. **Directions for transmittal, etc.**—Directions for transmittal, delivery, forwarding, or return of mail matter are deemed part of address. (Sec. 470, Postal Laws and Regulations.)

## MAILINGS OF FIRST, THIRD, AND FOURTH-CLASS MATTER AND CERTAIN SECOND-CLASS MATTER WITHOUT STAMPS AFFIXED.

66. **Upon application to the postmaster at the office of mailing, permits may, under the provisions of section 459, Postal Laws and Regulations, be issued to persons or concerns for mailing first-class matter, quantities of not less than 300 identical pieces of third-class matter and second-class matter at the transient rate (see sec. 435, Postal Laws and Regulations) or the rates applicable to copies mailed for local delivery by letter carriers at city delivery offices (see pars. 7 and 8, sec. 433, Postal Laws and Regulations) and 250 identical pieces of matter of the fourth class without stamps affixed, the postage thereon being paid in money, provided the mailings are presented in accordance with the conditions under which such mailings are accepted.**

First-class matter may not be accepted in this manner until authority to do so shall first have been obtained in each instance from the Third Assistant Postmaster General, Division of Classification.

The attention of patrons who frequently mail large quantities of matter of the classes named should be invited to the advantages of this method of prepaying postage. If the patrons do not desire to avail themselves of such privilege, the desirability of using precanceled stamps should be suggested. (See following article.)

## PRECANCELED POSTAGE STAMPS.

67. **Precanceled postage stamps may be used only by the persons or concerns who have been given a permit to use them.** Such stamps are good for the payment of postage only on matter of the third and fourth classes and second-class matter mailed at the rates mentioned in the preceding article, presented at the office where precanceled. For information in regard to the obtaining of such permit and the conditions governing the use of precanceled postage stamps, address the Third Assistant Postmaster General, Division of Classification.

68. **Method of precanceling.**—Upon receipt of authority from the Third Assistant Postmaster General for the use of precanceled postage stamps, the question of obtaining an allowance to cover the expense of having the precanceling done by a printing establishment with an electroplate furnished by the Department should be taken up with the First Assistant Postmaster General, Division of Post Office Service. An electroplate for use in precanceling stamps may be obtained by making requisition on the Fourth Assistant Postmaster General, Division of Equipment and Supplies. When the number of stamps to be precanceled is not sufficiently large to justify the expense connected with the use of an electroplate, the postmaster will be furnished a special handstamp for that purpose.

69. **Misuse to be reported.**—Postmasters shall carefully observe the use of precanceled stamps and promptly report to the Third Assistant Postmaster General, Division of Classification, any irregularity in connection with the use of such stamps coming to their attention, whether occurring at their offices or elsewhere.

## WEIGHING SECOND-CLASS MATTER IN SACKS.

70. **Allowance for tare and weight of mail bags.**—Postmasters handling second-class mail matter from publishers and news agents shall, in weighing such matter in bulk, in mail sacks, for the purpose of determining the amount of postage to be collected, deduct from the gross weight 3 pounds 4 ounces for the weight of each sack of the No. 1 size, 1 pound 12 ounces for each sack of the old No. 1-A size, 2 pounds 7 ounces for each sack of the new No. 1-A and No. 2 sizes, 1 pound 3 ounces for each sack of the old No. 3 size, 1 pound 12 ounces for each sack of the new No. 3 size, and 1 pound for each sack of the No. 4 size.

## LIMIT OF WEIGHT IN MAILS.

71. **For limit of weight of mail matter see sections 454, 462, 463, 474, 475, 479, and 499, Postal Laws and Regulations.**

## POSTAGE DUE.

72. **Collection of postage due at office of address.**—When a piece of mail reaches the office of address without postage having been fully prepaid, the required amount of postage due shall be collected of the addressee on delivery. Postmasters can not lawfully accept postage stamps in payment of postage remaining due on mail matter. The amount due shall invariably be paid in cash. (Secs. 397, 405, 585, and 587 to 591, Postal Laws and Regulations.)

**NOTE.**—Postmasters are specially instructed to exercise great care in rating due postage on all short-paid first-class matter mailed at their offices. A decided down weight is required to subject matter to an additional rate of postage.

73. **Unpaid matter, the sender of which is unknown, deposited in a post office, addressed for local delivery, is subject when delivered to the addressee to due postage at the single rate.** For treatment of such matter at letter-carrier post offices, see paragraph 7, section 545, Postal Laws and Regulations.

74. **Advertised letters—Postage due on.**—The attention of postmasters is directed to sections 626, 627, and 630, Postal Laws and Regulations, as amended July 25, 1918, which require that all letters and other matter of foreign origin published as undelivered shall be charged with 1 cent in addition to the regular postage to be collected and accounted for as therein provided. Also to amendments to sections 39 and 40 of the Postal Laws and Regulations providing a fee of 3 cents to be collected for returning letters from the Division of Dead Letters or a branch thereof.

75. **Facsimile copies of typewriting** produced by a mechanical process, such as the printing press, mimeograph, multigraph, etc., and matter bearing hand-stamped imprints, which reach the office of address with postage fully prepaid at the third-class rate—1 cent for each 2 ounces or fraction thereof—shall be assumed to have been included in a minimum number of 20 identical copies mailed under the provisions of paragraph 2, section 450, Postal Laws and Regulations, and be delivered to the addressees without additional postage.

76. **Refund of excess postage.** (See sec. 461, Postal Laws and Regulations.)

### FREE MATTER.

77. **For regulations relating to franked and official matter**, including the use of penalty envelopes, see sections 490 to 501, inclusive, Postal Laws and Regulations.

78. **Places to which penalty and franked matter is transmissible.**—Any article entitled to transmission free of postage in the domestic mails of the United States, either in a "penalty" envelope or under a duly authorized "frank," shall be entitled likewise to transmission in the mails free of postage between places in any possession of the United States, from one to another of such possessions, from the United States to such possessions, and from such possessions to the United States; also from the United States to Canada, Cuba, Mexico, and the Republic of Panama.

79. **Copyright.**—Matter for copyright deposited with a postmaster for transmission to the Register of Copyrights, Washington, D. C., will be accepted for mailing free of postage; and when requested a receipt therefor will be given on a form furnished by the sender. Such matter, however, may not be sent by registered mail without prepayment of the registry fee. (Sec. 505, Postal Laws and Regulations.)

80. **For other free matter**, see sections 502 to 506, Postal Laws and Regulations.

81. **Penalty envelopes** must be used for official matter.—Postmasters are directed not to use postage stamps or stamped paper of any kind for their official correspondence. Letters upon the official business of the Post Office Department are entitled to pass through the mails free of charge in penalty envelopes, and if registration is required, they are entitled to be registered without cost to the postmaster. (See secs. 496 and 478, Postal Laws and Regulations.)

### UNMAILABLE MATTER.

82. **Definition.**—Unmailable domestic matter—that is, matter which is not admissible to the United States mails for dispatch or delivery in the United States or in any of its possessions—includes:

83. **Address defective.**—All matter illegibly, incorrectly, or insufficiently addressed.

84. **Postage not prepaid.**—First-class matter not prepaid one full rate—2 cents—and all other matter not fully prepaid.

85. **Overweight and oversize.**—All matter exceeding the limit of weight or size prescribed by law.

86. **Game killed or offered for mailing in violation of law.**

87. **Meat and meat-food products** of cattle, sheep, swine, goats, and horses, presented without the required certificate of inspection or exemption. (See art. 57, p. 16.)

88. **Plants and plant products** not accompanied with certificate required. (See art. 60, p. 16.)

89. **Poisons, liquors, live animals, fowls, etc.**—All matter harmful in its nature, as poisons; explosive or corrosive articles; matches; live animals, fowls, insects, and reptiles (except as provided in secs. 472 and 476, Postal Laws and Regulations); any articles exhaling a bad odor; and vinous, spirituous, or malt liquors. The postal laws provide a severe penalty for the mailing of harmful articles and intoxicating liquors (see sec. 472, Postal Laws and Regulations), and packages containing such matter should be held awaiting instructions from the chief inspector, who should be notified.

90. **Tinsel, glass.**—Post cards and postal cards, bearing particles of glass, metal, mica, sand, tinsel, or other similar substances, are unmailable, except when inclosed in envelopes tightly sealed to prevent the escape of such particles, or when treated in such manner as will prevent the objectionable substance from being rubbed off.

91. **Obscene and indecent.**—All obscene, lewd, or lascivious matter, and every article or thing intended, designed, or adapted for any indecent or immoral purpose, or for the prevention of conception or procuring abortion, or matter of a character tending to incite arson, murder, or assassination.

92. **Dunning postal cards.**—In view of complaints received by the Department respecting the use of postal cards importing the payment of debts, the attention of all postmasters and others is called to the provisions of section 481, Postal Laws and Regulations (sec. 212, Criminal Code, Mar. 4, 1909).

(See ruling in art. 92, p. 19, July, 1919, Postal Guide.)

93. **Objectable post cards.**—Section 547 of the Postal Laws and Regulations provides that "All matter which is manifestly obscene, lewd, or lascivious \* \* \* will, when deposited in a post office, be withdrawn from the mails and sent to the Dead Letter Office." Under this rule every post card bearing a picture or language that is obscene, indecent, or improperly suggestive, scurrilous, defamatory, or threatening, etc., should be immediately withdrawn from the mails and forwarded without delay to the First Assistant Postmaster General, Division of Dead Letters. If there is doubt as to whether a card is sufficiently objectionable to warrant its exclusion, it should be forwarded to the Solicitor for the Post Office Department for decision. Postmasters are directed to exercise all possible vigilance in the enforcement of this regulation. (See sec. 481, Postal Laws and Regulations.)

**94. Liquor advertisements.**—Under section 5 of the act of Congress approved March 3, 1917, and section 17 of Title II of the national prohibition act of October 28, 1919, advertisements of and solicitations of orders for intoxicating liquors are unmailable to all points in the United States, except liquor advertisements in newspapers published in foreign countries when mailed to this country.

**95. Lottery and fraud.**—All matter concerning any lottery, so-called gift concert, or other enterprise of chance, or concerning schemes devised for the purpose of obtaining money or property under false pretenses.

#### PREPARATION AND WRAPPING OF MAIL MATTER.

**96. For manner of preparing and wrapping mail matter** see sections 465-475, Postal Laws and Regulations.

**97. Envelopes or wrappers of weak or unsubstantial paper** should not be used. Mail is handled often and subjected to pressure and friction in the mail bags, and frequently is delivered from moving trains; hence, if not inclosed in strong envelopes or wrappers it may be damaged. It is recommended that stamped envelopes, on sale at all post offices, be used when practicable.

**98. Examination.**—Second, third, and fourth-class matter must be so wrapped or enveloped that the contents may be examined easily by postal officials. When not so wrapped, or when bearing or containing writing not authorized by law, the matter will be treated as of the first class.

**99. Nailed boxes.**—Parcel post mail may be inclosed in boxes to which the lids are nailed or screwed, provided the lids can be readily removed with a chisel or screwdriver for examination of contents.

**100. Wrapping.**—All matter should be securely wrapped so as to bear transmission without breaking or injuring mail bags, their contents, or the persons handling them. Many articles are damaged in the mails for the reason that they are not properly wrapped to withstand the necessary handling.

Containers previously used for shipping high explosives having a liquid ingredient (such as dynamite), must not be used for shipments of any article by parcel post. Containers which have been used for the shipment of other high explosives must have all marks removed before being used for shipment of articles by parcel post.

Parcels improperly or insufficiently wrapped will not be accepted for transmission in the mails.

*Umbrellas, canes, golf sticks,* and similar articles, must be reinforced by strips of wood or otherwise sufficiently wrapped to withstand handling and transportation.

*Hats* must be packed in strong boxes; if in ordinary pasteboard hat boxes, they must be properly crated.

*Shoes* must be packed in boxes of double-faced corrugated pasteboard or containers equally strong; the ordinary shoe box is not strong enough. If preferred, shoes may be wrapped in tough wrapping paper without being placed in containers.

*Cut flowers, candies, etc.,* should be inclosed in strong and suitable boxes.

*Stove castings and pieces of machinery* should be protected with excelsior or similar material and wrapped in cloth or strong paper or be properly boxed or crated.

*Mailable hides and pelts* must be thoroughly wrapped to prevent the escape of grease.

**101. Harmful articles** not absolutely excluded from the mails, but which, from their form or nature, might, unless properly secured, destroy, deface, or otherwise damage the contents of the mail bag, or harm the person of anyone engaged in the postal service, may be transmitted in the mails only when packed in accordance with the postal regulations.

*Motion picture films* must be packed in tightly closed metal cases inclosed in strong spark-proof wooden boxes or in spark-proof cases made of sheet iron not less than 0.02 inch thick and lined throughout with fiber board at least  $\frac{1}{4}$  inch thick, or some other equivalent insulating material. The covers of these cases must fit tightly and must lap over the body at least  $\frac{1}{4}$  inch on the sides, forming a tight joint. Packages must be plainly marked "Motion picture films," and have attached thereto the required diamond-shaped yellow "caution" label. This does not apply to noninflammable films made of cellulose acetate, but noninflammable films must be plainly marked "Motion picture films. Not inflammable."

*Pyroxylin plastics* (celluloid, fiberoid, pyralin, viscoloid, zylonite, etc.) in sheets, rolls, or tubes must be packed in strong spark-proof wooden boxes and to each parcel must be attached the diamond-shaped yellow caution label described in paragraph 2 (c), section 472, Postal Laws and Regulations, as amended.

As an exception to the above pyroxylin sheets in packages not exceeding one-half inch in thickness may be packed in containers made of two thicknesses of strong double-faced corrugated pasteboard, and small quantities may be shipped in strong strawboard tubes lined with single-faced corrugated pasteboard.

*Sharp-pointed or sharp-edged instruments or tools* must have their points and edges protected so that they can not cut through their covering, and be thoroughly wrapped.

*Powders and all pulverized dry substances* must be so wrapped that none of the contents of the package will sift out.

*Pastes, salves, etc.,* not easily liquefiable must be inclosed in water-tight containers and placed in strong boxes and securely wrapped.

**102. Liquids.**—Admissible liquids and oils in packages not exceeding the limit of weight of fourth-class matter shall be accepted for mailing when intended for delivery at the office of mailing or on a rural route starting therefrom when inclosed in securely closed containers, provided it is not necessary to transport them over steam or electric railways.

Admissible liquids and oils, pastes, salves, or other articles easily liquefiable shall be accepted for mailing, regardless of distance, when they conform to the following conditions:

(a) When in strong glass bottles holding 4 ounces or less, the total quantity sent in one parcel shall not exceed 24 ounces, liquid measure. Each bottle shall be wrapped in paper or other absorbent substance and then all placed in a box made of cardboard or other suitable material and packed in a container made of double-faced corrugated pasteboard of good quality. The corners of the container must fit tightly and be reinforced with tape so as to prevent the escape of any liquid if the contents should be broken, and the whole parcel shall be securely

wrapped with strong paper and tied with twine. Single bottles of liquid holding 4 ounces or less may also be packed as prescribed in the following paragraphs (b) and (c):

(b) When in glass bottles holding more than 4 and not more than 16 ounces, the bottle must be very strong and must be inclosed in a block or tube of metal, wood, or papier-mache or similar material; and there must be provided between the bottle and the block or tube a cushion of cotton, felt, or other absorbent. The block or tube, if of wood or papier-mache, must be at least one-eighth of an inch thick for bottles holding 8 ounces or less, and at least three-sixteenths of an inch thick for bottles holding more than 8 ounces. The block or tube must be rendered water-tight by an application on the inside of paraffin or other suitable substance and must be closed by a screw-top cover with sufficient screw threads to require at least one and one-half complete turns before it will come off. The cover must be provided with a washer, so that no liquid could escape if the bottle should be broken. Such bottles may also be packed in strong and tight receptacles of wood, metal, or waterproof corrugated pasteboard if surrounded with bran, sawdust, or other absorbent material in sufficient quantity to absorb all the liquid if the bottle should be broken.

(c) Mailable liquids, in quantities of more than 16 ounces, when in securely sealed glass bottles, shall be accepted for mailing when packed in strong boxes and surrounded with sawdust or other suitable substance to protect the contents from breakage. All such packages to be marked "Fragile—This Side Up" or with similar inscription, and to be transported outside of mail bags.

(d) Liquids in securely closed metal containers may be mailed when suitably boxed or crated; but, when in extra strong metal containers, such as heavy milk cans, the boxes or crating may be omitted. Liquids in "friction-top" cans are unmailable unless sent as provided in paragraph (c), or the tops are soldered on.

(e) All packages containing liquid must be marked "Fragile."

103. **Fragile articles.**—Articles easily broken must be very securely wrapped for safe transmission, and marked "Fragile." Among such articles are: Amber, cakes, cameras, candies, candlesticks, chalk, china, cigars, clocks, combs, crockery, delicate mechanisms, dolls, drawings, fans, flowers, fountain pens, glass, hats, instruments of precision, jewelry and jewel cases, maps, millinery, musical instruments, paintings, photographs and sensitive paper and films, pipes, plaster-of-paris articles, plumes, pottery, porcelain, phonographs and phonograph records, test tubes, thermos bottles and other temperature-conserving vessels; toys of a fragile nature, typewriters, watches, wax articles, etc.

*Glass, crockery, fragile toys, and other fragile articles* must also be so packed as to prevent the escape of particles or pieces from the packages if broken in transit.

*Cigars* should be in good shipping condition and be packed in a manner to prevent damage by shock or jar.

*Maps, drawings, paintings, etc.*, must be suitably protected with stout material to prevent damage. When not flat, they should be rolled around a stout stick and carefully wrapped or inclosed in a strong pasteboard tube.

All such articles must be marked "Fragile."

Eggs shall be accepted for mailing when packed in crates, boxes, baskets, or other suitable containers, so constructed as properly to protect the contents. Such packages to be transported outside of mail bags. All parcels containing eggs shall be plainly marked "Eggs." When necessary, they should be marked "This side up."

Eggs for hatching shall be accepted for mailing, when each egg is wrapped separately and surrounded with excelsior, wood-wool, or other suitable material and packed in a basket, preferably with a handle, or other suitable container, lined with paper, fiber-board or corrugated pasteboard, in such a way that nothing can escape from the package. Such parcels shall be labeled "Eggs for hatching," "Keep from heat and cold," "Please handle with care," or other suitable words, and shall be handled outside of mail sacks.

104. **Perishable articles.**—Parcels containing perishable articles shall be marked "Perishable." Articles likely to spoil within the time reasonably required for transportation and delivery shall not be accepted for mailing.

Butter, lard, and perishable articles, such as fish, fresh meats, dressed fowls, vegetables, fruits, berries, and articles of a similar nature, which decay quickly, shall be accepted for mailing to any office which in the ordinary course of mail they can reach without spoiling, when inclosed in crates, boxes, baskets, or other suitable containers, so constructed as properly to protect the contents and prevent the escape of anything therefrom. If necessary for safe shipment, such parcels shall be transported outside of mail bags. Berries, fruits, and vegetables shall not be accepted for mailing unless they are in good dry shipping condition.

105. **Parcel post mail—care in handling.**—Although cautionary notices and instructions concerning the care and handling of parcel post packages have been issued from time to time, many patrons of the postal service still complain that parcels are being received in bad condition, and investigations show that in some instances the parcels were not properly packed and in others that the trouble was due to careless and rough handling of the mails. Postmasters, clerks, carriers, railway postal clerks, and all employees of the service are hereby warned that they will be held to strict account for damage to the mails for which they are responsible.

Clerks assigned to duty at the windows should be required to familiarize themselves with amended sections 474 and 475 of the Postal Laws and Regulations, providing for the proper packing of mail matter, and instructed to accept for mailing only such parcels as are prepared in conformity with this section.

Bulky packages which can be transported in mail bags must be hand packed.

Packages which can not be safely handled in bags must be handled outside.

Heavy packages, such as castings, pieces of machinery, etc., must not be placed in bags with other mail matter which they are likely to damage on account of their weight.

Fragile parcels must be kept separate, so far as practicable, from other mail, and bags containing fragile parcels must have "Fragile" tags attached to them. Fragile tags must not be attached to bags which hold no fragile parcels, and parcels must not be marked "Fragile" if they do not contain fragile articles.

Articles of a perishable nature must not be accepted unless they are in such condition at the time of mailing as to reasonably assure their arrival at destination, and delivery in good order; this is obligatory in order to protect other mail matter and save loss to the owner.

Parcel post packages liable to damage must not be thrown from moving trains, and must not be sent by postmasters to trains which do not stop at their stations.

All parcels must be promptly handled and dispatched, and special care must be used to prevent delay to perishable articles.

Parcel post mail must not be thrown from cars, wagons, or trucks, but must be lifted therefrom, and it must be lifted into cars and wagons.

Parcel post mail must not be thrown down chutes, embankments, etc., but must be carried on trucks or otherwise from place to place. It must be piled in cars and wagons with care and so that fragile parcels will not be underneath other mail and must not be sat or stood upon.

Officers and employees are expected to pay particular attention to the way mail is handled and promptly report violations of these instructions. Employees under the jurisdiction of the postmaster who fail to use due care in the handling of parcel post mail should be disciplined by him and his action made known to the other employees through an official bulletin notice. Mail messengers and contractors and their employees, including employees of railroad companies, must handle mail with proper care. Dereliction on the part of an employee not under the direct supervision of the postmaster should be reported to the proper bureau of the Department.

### WINDOW ENVELOPES.

106. "Window" envelopes, to be mailable, must be so prepared that the "window" or transparent panel in the front through which the address on the inclosure is disclosed, shall be parallel with the length of the envelope and shall be as transparent as possible. The "window" shall not occupy any space within  $\frac{1}{8}$  inches from the top nor within  $\frac{1}{8}$  of an inch from the bottom or ends of the envelope. Such envelopes shall bear the card of the sender; that is, the name and address of the sender, which shall be placed in the upper left corner of the address side. The return card of the sender to be complete as to the address must show not only his name and the name of the post office and State, but when the post office is one having city delivery service must also show a street address or number of post office box rented by him. The mere name of a building will not suffice for a street address. No printing around the "window" is permissible, nor on any part of the envelope where it will interfere with a distinct postmark, rating indorsements, forwarding address, etc. The stationery used in "window" envelopes, or at least the portion upon which the exposed address appears, must be white, or, if colored, of a very light tint or shade. The use of dark-colored stationery in "window" envelopes is not permissible. Nothing but the name and address of the addressee should appear on that part of the inclosure visible through the "window." The inclosures must be so folded that they will not shift around in the envelopes, obscuring the address in whole or in part. The address should be written clearly and boldly, preferably in typewriting, but in any case with ink of a dense black or other strongly contrasting color. Changes in address must not be made on the "window" but on the opaque portion of the envelope. "Window" envelopes not conforming to the foregoing are unmailable.

### ADDRESSING MAIL MATTER.

107. Exercise care.—Because of carelessness in addressing and preparing matter for mailing, or failure of sender to place his name and address on it, millions of letters and other pieces of mail which can not be delivered or returned to the sender are each year sent to the Division of Dead Letters or a branch thereof. This seriously impairs the efficiency of the Postal Service and causes much additional expense. The practice of some business concerns of omitting street numbers, etc., from their stationery and advertisements results in increasing the volume of insufficiently addressed mail. The Department urgently requests the public to exercise the greatest possible care to see that mail is sufficiently and correctly addressed, in order to secure its prompt and certain delivery, thereby relieving the Postal Service of much unnecessary expense and increasing its efficiency. A fee of three cents is charged for the return of undeliverable letters to senders from the Division of Dead Letters or the branches thereof, but letters bearing the card address of the sender are returned without additional charge from the post offices addressed.

108. Write plainly the name of the person addressed, street and number, number of rural route, or post-office box, and the name of the post office and State in full. When the name of the State is abbreviated, frequently Va. and Pa., Md. and Ind., Colo. and Calif., Miss. and Minn., and others are confused and mail missent, as in many instances post-office names are repeated in several different States.

109. Do not abbreviate or use lead pencil.

110. The words "general delivery" should not be used as a part of the address when delivery by city, village, or rural carrier can be effected, but only in cases where the addressee has no permanent address and it is known that he calls at the general delivery for his mail.

111. The word "personal" does not affect the delivery of mail.

112. Directions for transmittal, delivery, forwarding, or return of mail are deemed part of address.

113. "In care of ——"—Mail addressed to one person in care of another will be delivered to the first of the two persons named who may call for it, or to the address of the person in whose care it is directed, in the absence of other instructions from the addressee.

114. Fictitious addresses.—Ordinary mail addressed to fictitious names of persons or firms, or to no particular person, will not be delivered unless directed to be delivered at a designated place, as a post-office box, street and number, or in the care of a person or firm receiving mail at the post office of address.

115. Postage stamps should be securely affixed to the upper right corner of the address side, care being taken that one does not overlap another.

116. Space must be left on the address side of all mail sufficient for a legible address and for all directions permissible thereon, for postage stamps, postmarking, rating, and any words necessary for forwarding or return. Not less than  $\frac{3}{4}$  inches of clear space should be left for such purposes at the right end of the address side of all

envelopes, folders, or wrappers of mail matter. Envelopes, window and ordinary, and folders and wrappers should not be made of such dark colored stationery or bear on the address side so much printed matter in addition to the address as to contravene the foregoing provisions. It is preferable that all envelopes be made of white paper; when paper of any other color is used for envelopes, wrappers, or folders, it should be of very light tints of pink, yellow, or manilla.

When address labels or tags are used, the lower half should be reserved for the name and address of the addressee, the sender's return card to be placed less prominently in the upper left corner. The use of address labels or tags having the sender's name and address conspicuously printed or written in the lower portion frequently results in the matter being returned to the sender instead of being transmitted to the addressee.

117. **Avoid delay** by depositing mail early and continuously throughout the day, thus insuring prompt dispatch. Much mail is deposited just at the close of the business day, and frequently such congestion follows that all of it can not be distributed in time to be given the first dispatch.

#### RETURN CARDS.

118. **The sender's name and complete address must be placed on all fourth-class or parcel-post mail, on all "window" envelopes, and on all registered mail and should be placed on all other mail, in the upper left corner of the envelope or wrapper.** This will secure the return of first-class mail when undelivered, and of mail of other classes under certain conditions. (See Undeliverable Matter.)

119. **Time specified.**—A return request should not specify a number of days fewer than three nor more than thirty. If the sender does not specify the number of days within which such mail shall be delivered, it will be returned as provided in section 633, Postal Laws and Regulations.

120. **A definite return address is required.** The placing of two or more post-office addresses in the return card is not permissible; neither is it permissible to use a so-called "uniform" return request that the matter, if undeliverable, be returned to the "office of mailing," but the sender should place on his envelopes a definite (single) post-office address. If the office is one having letter-carrier service, the sender should give his street address or post-office box number.

121. **Hotel envelopes.**—If the sender of a letter mailed in the envelope of a hotel desires to have the letter returned if not delivered, he should add to the hotel card a request to that effect, as unclaimed letters bearing the card of a hotel, club, school, college or other public institution, which has evidently been printed upon the envelopes to serve as an advertisement, will not be returned unless the sender so requests.

## DELIVERY OF MAIL.

122. **Secs. 600-620, Postal Laws and Regulations,** contain the general rules governing the delivery of ordinary mail.

123. **Methods.**—Four methods are used for the delivery of mail: (1) The general delivery; (2) through post-office boxes; (3) by carriers in cities and villages where delivery service is in operation; (4) by rural and star route carriers. If patrons so direct, all mail intended for them, however addressed, will be delivered in one of these ways, but if such directions are not given, mail will be delivered as addressed.

124. **General delivery.**—The general delivery of post offices having carrier-delivery service is intended for the use of only those patrons who are not permanently located or who can not, for good and sufficient reasons, receive mail by carrier or through a post-office box. The general delivery should not be used where it is possible to receive mail otherwise. Persons intending to remain for 30 days or more in a city having carrier service should file their names and street addresses at the post office so that their mail may be delivered by carrier. Persons applying for mail at the general delivery window, if unknown, may be required to prove their identity, and residents of cities having carrier service who call at the general delivery may be required to furnish a statement as to name and address and reason for calling at the post office for mail instead of receiving it by carrier.

125. **Post-office boxes** are provided for the convenience of the public in the delivery of mail. Box rents must be paid quarterly in advance. The use of a box is restricted to one individual, family, firm, or corporation. The renter of a box may have delivered through it mail for his family, guests, transient boarders, employees who are members of his household, and, for a period not to exceed 30 days, mail of a person addressed in his care. A box rented by a firm may be used for the delivery of its mail, and by the consent of each member of the firm, the individual mail of each, of his household, and of the firm's office employees. A box rented by a corporation, association, or society may be used for the delivery of mail addressed to it and its officials. Boxes rented by schools, colleges, or public institutions, if consistent with the rules and usage thereof, may be used for the delivery of mail addressed to officers, students, employees, and inmates.

## CITY DELIVERY SERVICE.

126. **Section 606, Postal Laws and Regulations,** which governs the delivery of mail at city delivery offices is amplified by the instructions below.

127. **Heavy or bulky packages** of mail of any class shall be delivered as addressed if delivery is practicable with the facilities available, except that second-class mail shall not be delivered to street addresses whenever the quantity for any patron, regardless of the number of packages or parcels, exceeds the weight or size limit prescribed for parcel-post mail.

128. **Parcel-post mail** for patrons who receive mail through rented boxes may be delivered by carrier upon request, if practicable, provided street address is given.

129. **Carriers' mail called for at post office.**—Postmasters are not required to withdraw mail in the course of delivery by carrier in order to deliver it to callers. (Mail is considered to be in course of delivery as soon as it has been distributed to the carriers.)

130. **Above second floor.**—Carriers shall not be required to deliver ordinary mail above the second floor of office buildings not equipped with elevators, nor to the different rooms or suites on any floor in apartment houses, whether or not they are equipped with elevators.

131. **City delivery limits may not be extended** by postmasters without specific authority from the Department. (See sec. 667, Postal Laws and Regulations.) Such authority will be given only when the territory to which it is proposed to extend service is provided with good continuous sidewalks, crosswalks, street lights, and street signs, and when the houses are numbered and provided with mail receptacles or slots in the doors for the receipt of mail. Service will not be extended to any block in which less than 50 per cent of the building lots are improved and houses occupied. When two or more building lots constitute the grounds of one residence the plot may be regarded as improved. It is preferable that the new territory be contiguous, but this is not an absolute requirement.

132. **When recommending an extension of service** the postmaster must certify that each of the foregoing requirements is met, and must show clearly the relation of the extension to the territory being served, the number of deliveries to be made daily, the distance the carrier will travel, and the time required to serve the new territory.

## VILLAGE DELIVERY SERVICE.

133. **Requirements for establishment.**—Village delivery service may be established at any village or town having a population according to the last Federal or State census of at least 1,200 residing in territory possessing the requisite civic improvements, and having gross postal receipts of at least \$5,000 for the preceding fiscal year.

134. **Supervision of carriers.**—Village carriers are under the control of the postmaster and must obey his orders, based on the Postal Laws and Regulations, regarding the discharge of their duties. He must carefully supervise their work and see that they cover their routes expeditiously and render efficient service. Derelictions or misconduct of any kind must be promptly reported to the First Assistant.

135. **Auxiliary expenditure.**—No expenditure shall be made in connection with village delivery service unless specifically authorized by the department. If an auxiliary allowance is needed, the necessity therefor must be reported to the First Assistant.

136. **Delivery limits.**—The limits of village delivery and the number of daily delivery and collection trips to be made are fixed by the department, and must not be changed except by authority of the First Assistant. Within the delivery limits a postmaster may have additional patrons served, whenever a suitable mail receptacle is provided. Residents within the corporate limits, but outside of the village delivery limits, may be served by a rural carrier if a rural route passes their residences. Attention is called to section 717 of the Postal Laws and Regulations, as amended.

137. **Extensions and changes.**—Postmasters must closely supervise the operation of the village delivery service. At any time when the delivery limits can appropriately be extended to accommodate additional patrons in territory where the necessary civic improvements, such as sidewalks, crosswalks, street signs, house numbers, and private mail receptacles have been provided, or when any other change can be made to advantage, the matter should be taken up with the First Assistant, with a definite recommendation in the premises.

138. **Delivery of mail.**—Village carriers must deliver all mail addressed to patrons if practicable. Patrons should be notified to call at the post office for packages too large to be handled by the village carriers, or which can not be delivered by a rural carrier.

139. **Receptacles.**—Patrons of the service must provide private mail receptacles. The receptacle may be either a suitable box or a slot cut in the front door. Postmasters must not commence the delivery of mail to any residence where this requirement has not been met. Business houses will not be required to provide receptacles if they are open and some one is at hand to receive mail when the carrier calls.

140. **Overtime.**—There is no provision for payment for overtime on the part of village carriers should it be necessary for them on occasions to work longer than provided for in the schedule, nor can they be allowed compensatory time. Should it be found impossible for a carrier to complete his work within eight hours, on an average, the postmaster should report the facts in detail to the First Assistant.

141. **Change of carriers.**—At third-class offices, village carriers are not classified civil service employees, and changes therein must be reported immediately by letter, the name and date of last service of the retiring carrier, and the name and date of first trip of the new carrier being specifically stated. At second-class offices, village carriers are classified, and postmasters must report changes promptly on Form 4037 to the district civil service secretary for approval and transmission to the Department. Vouchers must be made out and credit claimed on the quarterly statement to the Auditor for the Post Office Department only in accordance with appointments made by the Department.

142. **Age of carriers.**—Persons employed as temporary or regular carriers should be between the ages of 18 and 45.

143. **Hours of service.**—The hours of service of village carriers are not regulated by law, such employees being expected to continue on duty each day until their work is completed. It is not contemplated that full-time carriers shall work in excess of eight hours a day, or part-time carriers more than four hours daily, on an average, but they are not limited to that length of time if it should require a longer period on occasions to finish their duties for the day. At offices where two full-time village carriers are employed, they should be on duty approximately the same length of time each day, and should accomplish approximately the same amount of work. Postmasters are authorized to make necessary changes in the carriers' routes within the established limits so as to equalize the carriers' work and to improve the service.

144. **Leave of absence with pay.**—Village delivery carriers shall be granted 15 days' leave of absence with pay, exclusive of Sundays and holidays, each fiscal year, and sick leave with pay at the rate of 10 days a year to be cumulative for a period of three years, but no sick leave with pay in excess of 30 days shall be granted during any three consecutive years. Sick leave shall be granted only upon satisfactory evidence of illness and if for more than two days the application therefor shall be accompanied by a physician's certificate.

145. The 15 days' leave shall be credited at the rate of one and one-quarter days for each month of actual service. For regulations governing sick leave for village carriers, see the August, 1920, Supplement to the Postal Guide.

146. **Leave of absence without pay.**—If, on account of illness, it should be necessary for a carrier to be absent in excess of the period of annual leave and sick leave to which he is entitled, he may be granted leave of absence without pay for not exceeding 30 days in any fiscal year. If such leave is granted, the facts must be promptly reported to the Department.

147. **Service required on Christmas Day.**—*Village carriers shall not be granted leave of absence with pay on December 25, Christmas Day.* If on account of some emergency, a carrier is unable to serve his route on Christmas Day, or the day observed as Christmas, he must employ a substitute at his own expense to serve the route.

148. **Employment of substitutes.**—At second-class offices when substitute service becomes necessary, a substitute clerk must be called upon for service. If none is available, selection must be made from the eligible register. If no one can be secured from the register, any capable person, between the ages of 18 and 45, may be employed. At third-class offices any capable person may be employed when substitute service becomes necessary.

149. **Pay of substitutes.**—Compensation for substitute service will be made at the entrance rate of pay, which is \$1,000 for full-time carriers, or 40¢ cents per hour for actual number of hours of service performed.

150. **Leave of absence with pay for village carriers** being exclusive of Sundays and holidays, service will be suspended on such Sundays and holidays (except Christmas Day, for which see sec. 147 above) as intervene, and persons serving during the absence of carriers on annual leave will not, therefore, be paid for Sundays and holidays occurring during their period of service.

151. **Sunday and holiday service.**—At second-class post offices postmasters may, when necessary, require village carriers to make one delivery and one collection trip on holidays. No delivery or collection shall be made on Sundays. At third-class offices, when open to the public on Sundays, village carriers may be required, if conditions justify, to report at the post office for one hour in order to assist in the delivery of mail to village-delivery patrons who call for it. (See secs. 147 and 149 above.)

152. **Uniform.**—Village carriers are required to dress in uniform while on duty. The uniform should be similar to that worn by city carriers and described in section 993 of the Postal Laws and Regulations.

153. **Salary.**—The entrance salary of full-time village carriers is at the rate of \$1,000 per annum, while that of part-time carriers is at the rate of \$1,000 per annum for the actual number of hours of service performed. These salaries include the increases provided in the postal appropriation act for certain employees during the current fiscal year. Village carriers who complete one year's service, and those who complete two years' service during this fiscal year, will be granted an increase in salary to take effect at the beginning of the following quarter.

**154. Payments, vouchers, and claims for credit.**—Village carriers should be paid semimonthly—that is, in the middle and at the close of each month. Receipt should be taken semimonthly from each carrier on Form 1501, and at the close of each quarter the voucher for the quarter's salary will be detached and forwarded by the postmaster, with the quarterly postal account, to the Auditor for the Post Office Department. On one of the blank lines under the credit items of the quarterly postal account should be entered the title, "Village Delivery Service," and credit claimed opposite the same for the sum paid for carrier service. Form 1501 will be permanently preserved among the records of the post office. The reference on Form 1501 to "Overtime" does not relate to village-delivery service, and should, therefore, be disregarded by postmasters.

**155. Utilization of services of rural carriers.**—At offices where rural delivery is in operation, postmasters should utilize as fully as possible, the services of rural carriers in the delivery of parcel-post packages addressed to patrons of village delivery. Rural carriers, however, must not be required to deviate from their official line of travel, to make extra trips, or to enter buildings to make deliveries, and they must not allow the mail in their care and custody to be out of their sight at any time. This additional service should not be allowed to cause any material difference in the schedule fixed for the service of rural routes.

Any person residing on the line of travel of a rural carrier may avail himself of the services of such employee by complying with the requirement as to boxes. (See section 717, Postal Laws and Regulations as amended December 31, 1913.)

**156. Work of carriers.**—The work of village carriers shall be restricted to the collection and delivery of mail, and duties incident thereto in the post office. They must not be required or permitted to do any general utility work of a clerical nature in the post office, that is, work not directly connected with their duties as carriers.

**157. Conduct of carriers.**—In the performance of their duties carriers must be civil, prompt, and obliging. They must attend quietly and diligently to their duties, must not loiter or stop to converse on their routes, and must refrain from loud talking, profane language, and smoking in the office and on their routes. They must not borrow money or contract debts which they have no reasonable prospect of being able to pay, and are expected to settle their just debts. They must not enter any house while on their trips, except in the discharge of their official duties, and must not deviate from their respective routes. Carriers must refrain from improper conduct of any character under penalty of appropriate punishment, or, in repeated instances, of separation from the service.

**158. Care in handling mail.**—Mail matter entrusted to carriers must not be exhibited to persons other than those addressed, except on the order of the postmaster or some one authorized to act for him. Letters collected, or letters for delivery must not be carried by carriers in their pockets. Carriers must not throw away or improperly dispose of mail matter, however trifling or unimportant it may appear to them.

**159. Time cards.**—The time of reporting, leaving, returning, and ending for each trip must be recorded by the carriers on their time cards; the entries on these cards must be made at the beginning and end of each trip, and not be deferred until the close of the day.

**160. Route book.**—Every village carrier must keep a route book, which should be a complete directory of the persons served by him, and all changes of address should be posted daily.

**161. Loitering in post office.**—Carriers must not report prior to schedule time for the first trip of the day, and must not remain at their desks nor in the working room of the office when not on duty; neither shall they remain in the post office after completing the last trip of the day.

#### SPECIAL-DELIVERY SERVICE.

**162. Sections 845 to 874, Postal Laws and Regulations, govern special-delivery mail.**

**163. Special-delivery service** is the prompt delivery of mail by messenger during prescribed hours to persons who reside within the carrier limits of city or village delivery offices, or within one mile of any other post office, or to patrons of rural service who reside more than one mile from post offices but within one-half mile of rural routes.

a. The law enjoins upon postmasters the duty of delivering special-delivery mail as promptly as practicable with the facilities available and within the limit of the compensation allowed for effecting deliveries. Postmasters are not required to make an expenditure in excess of the fee allowed, but should endeavor by every proper means to give the addressee the benefit of the special-delivery feature, and to that end should communicate with him as promptly as possible by telephone or otherwise upon the arrival of a special-delivery parcel which is too heavy to be specially delivered with the facilities available. (As to fees, see par. 3 of sec. 864, Postal Laws and Regulations, as amended Mar. 23, 1920, and sec. 871, as amended Dec. 27, 1920.)

**164. How obtained.**—This service is obtained by placing on any letter or article of mail a special-delivery stamp or ten cents' worth of ordinary stamps in addition to the lawful postage. When ordinary stamps are used the words "Special Delivery" must be placed on the envelope or wrapper directly below but never on the stamps.

**165. Hours of delivery.**—From 7 a. m. to 11 p. m. at city delivery offices, and from 7 a. m. to 7 p. m. at all other offices, or until after the arrival of the last mail, provided that be not later than 9 p. m. Special-delivery matter will be delivered at post offices of the first and second classes on Sundays, and at other offices if open on Sunday. Special delivery will be made at all offices on holidays.

**166. Record forms.**—In connection with the amendments of sections 855, 856, 858, 859, 868, 869, 870, and 871, Postal Laws and Regulations (published in the supplement of January, 1921), postmasters of city delivery offices will continue to use Form 3951 (without the duplicate) in recording all specials received for delivery, and all other postmasters will continue to use Form 3953.

**167. Messengers may record specials.**—At city delivery offices this record may be made by the messenger, to whom shall be given an exact number of slips, after being dated, to correspond with the number of specials given him for delivery, the number of letters and slips so given the messenger to be first charged to him on a checking sheet. After filling out the slips the messenger will return them, together with the letters, to the clerk or official in charge, who will check the slips against the letters, verify the entries, and return the letters to the messenger for delivery, retaining the slips for the office record.

168. **Restriction of access to slips and mail.**—Messengers must not be permitted access to any slips or any mail except as delivered to them by the clerk or official in charge and must not subsequently have access to the slips filled out by them except under observation.

169. **Record at non city-delivery offices.**—At non city-delivery offices the clerk or official in charge will record special delivery matter on Form 3963, after which such matter will immediately be turned over for delivery to the messenger, clerk, or other person employed as messenger.

170. **Delivery.**—If possible delivery must be made to the addressee, or the person authorized to receive his ordinary mail. At office buildings and apartment houses an attempt will first be made to deliver to the addressee personally in his office or apartment, and when mail is necessarily placed in letter boxes of such buildings or houses, a notice to call at the box will be left under the door. This, of course, does not apply when the box is located at the door.

171. **Parcels.**—Matter too large to be placed in the regular receptacle will not be left when there is no response to the bell, and care must be exercised that mail is not left in receptacles at vacant houses or apartments, or where it appears that the occupants will be absent for an extended period. Large envelopes and flat mail must not be folded in order to insert them in a box.

172. **Undelivered pieces.**—Undelivered specials must be indorsed to show time of attempted delivery and cause of nondelivery, which information will be transferred to the office record. The office record must also show the surrender of all specials to the delivery section for delivery by regular carrier.

173. **Registered, insured, or C. O. D. pieces.**—The regulations governing the handling and delivery of all registered, insured, and C. O. D. specials will continue to be rigidly observed, the regular registry, insurance, or C. O. D. receipts to be taken in all such cases.

174. **Publicity as to delivery without receipts.**—Postmasters will give all possible publicity to the fact that special delivery mail will in the future be delivered without receipts and will be left in regular mail receptacles when personal delivery can not be effected, at the same time emphasizing the fact that the special delivery system is designed to expedite and not to safeguard mail, that the registry system is provided to insure safety, and that mail containing currency or other articles of value should invariably be registered. News notices to this effect should be carried in the local papers, if no expense is involved, and the information should be furnished chambers of commerce, boards of trade, and other business and civic organizations for dissemination among the membership.

175. **Forwarding.**—Special delivery mail may be forwarded under the same rules as ordinary mail, and when forwarded is entitled to special delivery service unless an attempt has been made to effect delivery at the office of original address. (As to endorsements see sec. 860, Postal Laws and Regulations.)

176. **Does not insure safety.**—When it is desired to send money or other valuables by special delivery the matter should also be registered or insured. A special delivery stamp does not insure safety nor personal delivery to the party addressed.

#### RURAL DELIVERY SERVICE.

177. **Mail is delivered by rural and star route carriers** to persons (except those residing within city-delivery limits) who properly place mail boxes on the lines of travel of such routes. Mail boxes on rural and star routes must conform to the prescribed specifications and be approved by the Post Office Department. Mail will be delivered only to the boxes of persons to whom it is addressed or the boxes of persons duly authorized to receive it. Rural carriers may deliver mail to patrons whom they meet on the route, provided their identity is known and such delivery does not unduly delay the carriers.

178. **Mail addressed to box and route number may be delivered.**—Mail other than registered, insured, and C. O. D. mail, for delivery by rural carriers which is addressed merely to the box and route number may be delivered to the owner of the box as long as no improper or unlawful business is conducted in this manner.

179. **Holidays to be observed by rural carriers.**—Service is not required on rural routes on New Year's Day, Washington's Birthday, Memorial or Decoration Day (May 30), Fourth of July, Labor Day (the first Monday in September), nor on such day as the President may set apart as Thanksgiving Day.

180. **When holiday falls on Sunday.**—When a holiday on which service is not required falls on Sunday, the following Monday is observed. Rural carriers are not permitted to substitute any other day therefor.

#### MISCELLANEOUS RULES OF DELIVERY.

181. **Pension checks.**—Letters bearing a printed endorsement referring to the act of August 17, 1912, must not be delivered to anyone in case the addressee has died or has reenlisted, is under guardianship or is away permanently from the delivery of the post office addressed, or, if a widow, has remarried. Such letters must not be forwarded to another post office under any circumstances nor be placed in lock or call boxes or delivered by city or rural carriers into receptacles on their routes. (See section 608, Postal Laws and Regulations, as amended Dec. 16, 1915.) These instructions do not govern the treatment of allotment checks mailed by the bureau of War Risk Insurance, Treasury Department.

182. **Prisoner's mail.**—A letter addressed to a person imprisoned to await trial, upon indictment, or pending indictment, should be delivered in accordance with the order of the person addressed. In the absence of an order, the mail may be delivered to the sheriff or officer having charge of the prisoner.

183. **Husband or wife.**—Neither husband nor wife can control the delivery of mail addressed to the other, against the wishes of the one to whom it is addressed. In the absence of instruction to the contrary, the wife's letters will be delivered with the husband's mail unless they be known to live separately.

184. **Minors.**—The delivery of mail addressed to a minor is subject to the order of the parent or guardian upon whom the minor is dependent. (See section 609, Postal Laws and Regulations.)

185. **Persons of the same name.**—Where two or more persons of the same name receive mail at the same post office, they should, where practicable, adopt some form of address or other means by which their mail may be distinguished.

186. **Officials.**—Mail addressed to a public official, or to an officer of a corporation, by his title, will be delivered to the person actually holding the office designated in the address, the assumption being that the mail is intended for the officer as such.

187. **Advertised mail.**—The addressee of an advertised letter or other piece of mail of foreign origin is required to identify it and pay a fee of one cent before receiving it. (See article 74, page 18, regarding postage due.)

188. **Wrong delivery.**—A person receiving mail not intended for him should return it promptly to the post office for proper disposition. If such mail has been opened by mistake it should be endorsed, "Opened by mistake," with the signature of the person receiving it.

189. **Delivery to sender.**—When the sender of a letter desires to recall it, his application must be submitted to the postmaster at the office of mailing. (See sections 552 and 553, Postal Laws and Regulations.)

### FORWARDING OF MAIL.

190. **Orders for.**—A person desiring to have his mail forwarded should file with the postmaster at the office of address a request signed in writing, giving his present address, the full address to which mail is to be forwarded, and specific information as to the time during which the order is to be observed. An unlimited order affecting general-delivery mail at a city-carrier post office expires at the end of 30 days unless renewed. If a person who has filed such an order at a post office returns to the delivery of that office before the expiration of the time indicated in his forwarding order he should immediately have the order canceled.

191. **For regulations governing forwarding of mail, including matter forwardable without additional postage charge,** see amended section 595, Postal Laws and Regulations, and article 38, page 95, of this Guide.

192. **Forwarding matter with postage due stamps affixed.**—For information relative to forwarding matter to which postage due stamps have been affixed, see section 599, Postal Laws and Regulations.

193. **What mail may be forwarded after delivery.**—Upon being properly readdressed and deposited in the post office originally addressed, or a street letter box of such office, mail (except pension checks) may be forwarded after delivery. This applies to mail erroneously delivered or addressed; to mail addressed in care of another; and to mail opened inadvertently upon misdelivery, in which case it should be indorsed "Opened by mistake" and signed by the person who opened it.

194. **First class.**—Only first-class mail can be forwarded from one post office to another without an additional payment of postage. This includes letters and other first-class matter prepaid one full rate (2 cents), postal cards, post cards (private mailing cards), and official matter.

195. **Drop letters.**—*Prepaid 1 cent* may be forwarded on payment of 1 cent additional postage. (See sec. 404, Postal Laws and Regulations, for exception to requirement of prepayment of additional postage.)

196. **Other classes.**—Mail of the second, third, and fourth classes is subject to postage anew every time it is forwarded, as follows: (a) Second-class matter, 1 cent for each 4 ounces or fraction thereof; (b) third-class matter, 1 cent for each 2 ounces or fraction thereof; (c) fourth-class or parcel-post matter, at the rate applicable between the forwarding office and the one to which the mail is forwarded. Perishable fourth-class mail of obvious value may be forwarded to the addressee, and mail of the second, third, and fourth classes which bears a pledge to pay the forwarding postage may be forwarded to the addressee or such other person as the sender may direct, at another post office and the forwarding postage collected on delivery. (See art. 214, pp. 28 and 29, of this Guide as to form of pledge.) Other mail of these classes may not be forwarded until the necessary postage shall first have been prepaid.

197. **Exceptions.**—A change of street number to secure delivery at the office of address is not a "forwarding" and does not subject the mail to additional postage.

Patrons of any office, who, on account of a change in the postal service, receive their mail from another post office, may have mail matter of all classes transmitted to that office without additional charge for postage, provided they first file with the postmaster at the former office a request to have their mail so sent. This is not to be construed as "forwarding" within the meaning of the law.

Mail matter of all classes addressed to persons in the service of the United States (civil, military, or naval) whose change of address is caused by official orders will be transmitted until it reaches the addressee without a new payment of postage.

198. **Hotels, clubs, etc.**—Managers of hotels and officers of clubs, boards of trade, and exchanges, should not hold unclaimed mail addressed to their care longer than ten days, except at the request of the person addressed, and should redirect it for forwarding if the present address is known; otherwise, such mail should be returned to the post office.

199. **Unnecessary inscriptions not permitted.**—Inscriptions not necessary to proper forwarding subject the matter to new prepayment of postage.

200. **Notice of postage for forwarding mail of the second, third, or fourth class which is not forwardable charged with the postage therefor, to be collected on delivery** as provided in paragraphs 2 and 3, section 595, Postal Laws and Regulations, will be sent to a person who has filed a forwarding order. After such notification the mail may be delivered to the addressee at the office from which the notice was sent, without payment of the forwarding postage, provided he shall first revoke the forwarding order, thus obviating the necessity of sending notices that are inoperative; or if he does not revoke his forwarding order, the matter may be delivered to him on payment of one cent for each notice sent him.

## UNDELIVERABLE MATTER—RETURN OF, ETC.

201. **First class.**—Letters and other mail of the first class prepaid one full rate (2 cents); official matter and reply (double) postal cards, and single postal and post cards deposited for local delivery, when undeliverable, will be returned to the sender without additional postage, provided such mail bears the name and address of the sender. Single postal cards and post cards bearing written communications not deposited for local delivery will not be returned to the sender. Such cards wholly in print may, if they bear the sender's return card and pledge to pay return postage, be returned charged with postage at the third-class rate, to be collected on delivery as provided in section 637, Postal Laws and Regulations.

Letters returned from the Division of Dead Letters or the branches thereof because the card address of the sender does not appear on the envelopes will be subject to a charge of three cents for such return.

202. **Letters bearing return cards.**—Letters in the general-delivery boxes must be looked over frequently in order that the return requests thereon may be complied with. Return requests upon letters properly placed in rented boxes need not be observed. (See sec. 632, Postal Laws and Regulations, as amended Feb. 28, 1916.)

203. **Retention in post office at addressee's request.**—Letters bearing return cards must not be held at the addressee's request, at the office of address, beyond the time indicated in the return card, unless properly delivered to a post-office box.

204. **Second-class matter mailed by publishers.**—For instructions as to treatment of undeliverable copies of second-class matter mailed by publishers, see sections 640, 641, 642, and 590, Postal Laws and Regulations, and the following additional instructions in articles 205 to 213, inclusive.

205. **The notice to the publisher on Form 3578 should show plainly and legibly:**

(a) The name of post office and State, and postmark of the office sending the notice showing date on which sent.

(b) Name and address of subscriber as it appears on undeliverable copy. If a subscription or "key" number is given, it should also be shown on Form 3578. This information is highly important to the publisher.

(c) Reason why copy is undeliverable. In case of a change of address, local or otherwise, the new address should be given, when known.

(d) The full and correct name of the publication and place where published.

206. **The retained copy of Form 3578 should be filed with care among the records of the post office that it may be available for future reference.**

207. **Notices to be inclosed in penalty envelopes, when.**—When sending at one time ten or more notices on Form 3578, regarding undeliverable copies of the same publication, the notices shall be inclosed in a penalty envelope addressed to the publisher in order to save time and labor in handling such notices while in transit and at the office of delivery. The notices so sent shall be completely filled in and postmarked with the date of dispatch the same as if they were sent in the mails openly.

208. **What undeliverable copies are to be returned.**—*Only such undeliverable copies of second-class publications are to be returned as are received after five weeks from the date of notice to the publisher on Form 3578. However, if two issues of the publication have not been published during the five weeks following the sending of the notice, only such copies as are received after two issues shall have been published are to be returned under label Form 3579.*

209. **Disposition of copies received during period of five weeks after notice.**—Copies received during the five weeks, or before two issues shall have been published following the sending of the notice, must not be returned to the publisher, but should be disposed of in accordance with the provisions of section 642, Postal Laws and Regulations.

210. **Disposition in case of change in local address.**—In case of a change of local address, the copies received during the period prescribed must be delivered to the subscriber at his new address, if known. Copies received after the expiration of such period should be returned to the publisher.

211. **Return label must not be placed over address or other inscriptions.**—When pasting or affixing label Form 3579 to an undeliverable copy of a publication or to the wrapper thereof, care should be taken that the name and address of the subscriber, as well as the subscription or "key" number, are not covered or obscured by the label. Light lines only should be drawn through the original address.

212. **Label Form 3579 must show PLAINLY the correct name and address of the publication,** the amount of postage due on the copy at the third-class rate, the postmark of the office from which returned, and in addition the date when the notice on Form 3578 was sent to the publisher. No space is provided for the latter information on the present Form 3579, and postmasters will, therefore, insert such information in the best manner possible until new forms containing this provision are furnished.

213. **When undeliverable copies may be sent to branch office.**—When the wrapper of a publication bears a request that notice concerning undeliverable copies be sent to a branch office of the publisher instead of to the post office where the publication is entered as second-class matter, such request should be complied with, and any undeliverable copies of the publication properly returnable under the law should likewise be sent to the branch office designated on the wrapper. However, postmasters must not comply with written or other requests from publishers or their agents to send the notice to a branch office, if the wrappers of the publications do not bear such request, but they should send the notices to the post office where the publication is admitted as second-class mail matter. In all cases the undeliverable copies must be sent to the same place to which the notices were sent.

214. **Undeliverable mail of the third and fourth classes, and that of the second class mailed by the public,** which bears the pledge of the sender that postage for its return will be paid, and undeliverable perishable fourth-class mail of obvious value, will be returned to the sender, and the return postage collected on delivery. When other mail of these classes which does not bear a pledge but is of obvious value is undeliverable, the postmaster will notify the sender of that fact; and such matter will be returned to the sender only upon new prepayment of postage. After notification of nondelivery such matter will be held not longer than two weeks, unless the office of mailing be so remote from the office of address that a response could not be received from the sender within that time.

No particular form of pledge is prescribed but it must be placed immediately below the sender's return card, which is required in all cases, in the upper left corner of the address side, and so worded as to show clearly that the forwarding or return postage will be paid. The following are suggested as suitable forms of pledges:

**POSTMASTER:** Return postage guaranteed.

**POSTMASTER:** If undeliverable please return after ..... days. Postage for return will be paid on delivery to sender.

**POSTMASTER:** If undeliverable at your office and addressee's new address is known, please forward, rated with postage due to cover forwarding charge. If undeliverable to addressee, return to sender. Payment of forwarding and return postage guaranteed by sender.

**POSTMASTER:** If undeliverable and not forwardable to addressee, please forward to ..... at ..... (giving name and address of person to whom matter is to be delivered) rated with postage due to cover forwarding charge, payment of which on delivery is guaranteed by sender.

For general regulations governing return or other disposition of undeliverable matter of the third and fourth classes, and second-class matter mailed by the public, see section 637, Postal Laws and Regulations. The required postage for the return of such matter must be computed on each separately addressed piece. The matter may not be returned in bulk. (See par. 4, sec. 637, Postal Laws and Regulations.)

**215. Failure to redeem pledge.**—When the sender refuses to pay the forwarding or return postage in accordance with his pledge, report of all the facts shall be made to the Third Assistant Postmaster General, Division of Classification, in the case of ordinary mail, and to the Third Assistant Postmaster General, Division of Registered Mails, in the case of insured, C. O. D., and registered matter, but acceptance of further matter bearing such pledge shall not be refused until specific instructions to do so are received.

**216. Mail without value.**—The senders of ordinary third-class matter that is obviously without value and does not bear the sender's pledge to pay return postage should not be notified of the nondelivery of such matter (See par. 2, sec. 635, Postal Laws and Regulations.)

**217. Matter bearing precanceled stamps.**—When mail of the transient second class, or of the third or fourth class, bearing precanceled postage stamps, is returned under the provisions of section 637, Postal Laws and Regulations, or remailed, postmasters shall thoroughly deface such stamps with the canceling stamps of their respective offices before its return or remailing. When such matter reaches the office of original mailing for return to the sender, the postmaster at such office shall, if the precanceled stamps have not been defaced by the postmaster at the returning office, deface such stamps with the canceling stamp of his office before delivering the matter to the sender. (See art. 69, p. 17.)

**218. Original address not to be defaced on returned matter.**—When returning to the sender undeliverable matter, the original address thereon should not be defaced or obscured in such manner as to make it impossible for the sender to read the address and correct his mailing list. Light lines only should be drawn through the original address.

## POSTAGE STAMPS, POSTAL CARDS, STAMPED ENVELOPES, NEWS-PAPER WRAPPERS, INTERNATIONAL REPLY COUPONS, WAR-SAVINGS, THRIFT, DOCUMENTARY, AND PROPRIETARY STAMPS, TREASURY SAVINGS CERTIFICATES

### STATUTES AND REGULATIONS.

**1. Information and instructions concerning stamps and other postage stamp stock, their issuance, custody, sale, and use,** will be found in sections 13, 47, 69, 72, 73, 119 to 132, 150-152, 270, 272, 273, 331 to 346, 361, 364, 391, 400, 401, 459, 463, 501, 530, 537-539, 552, 576, 597, 599, 591, 634, 637, 650, 782, 784, 785, 813, 819, 854, 912, 949-951, 1277, 1278 1317, 1607, 1615, 1683, 1684, Postal Laws and Regulations. The following information and instructions are supplementary:

### POSTAGE STAMPS.

**2. Denominations.**—Adhesive postage stamps are issued by the Department in the following denominations: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 15, 20, 30, 50, and 75 cent, \$1, \$2, and \$5; special-delivery stamps, 10 cents; stamp books, containing 24 1-cent, 96 1-cent, 12 2-cent, 24 2-cent, 48 2-cent, or 24 each 1-cent and 2-cent stamps. These booklets are interleaved with paraffin paper to protect the stamps and are sold at an advance of 1 cent each over the value of the stamps.

**3. Use of high denominations.**—As a measure of economy postmasters and post-office employees are directed to encourage the public to use stamps of the highest denomination suited to the amount of postage required on all mail. For example, a 2-cent stamp instead of two 1-cent stamps should be affixed to letters needing 2 cents postage; and a 10-cent stamp instead of five 2-cent stamps should be attached to parcels requiring 10 cents postage. Cooperation between post-office employees and the public in the sale and use of stamps of the higher denominations will effect a large saving to the Government in the cost of producing, transporting, and canceling them, and will benefit the public in minimizing the number of stamps handled and affixed to mail. This benefit will be especially important to business concerns mailing large quantities of letters and parcels, and postmasters are directed to bring the suggestion particularly to their notice.

**4. Unperforated postage stamps.**—The Department is prepared to issue 1-cent and 2-cent postage stamps without the usual perforations, when desired in that form for sale to the public for use in automatic stamp-affixing or stamp-vending machines. (Sec. 127, Postal Laws and Regulations.) The unperforated stamps are in sheets of 400 each. To secure them, requisition should be drawn on Form 3201, with the word "Unperforated" plainly

written on the face of the blank. Unperforated stamps may be sold to the public in any quantity not less than a sheet of 400; but postmasters will not be supplied with such stamps to be sold for use on mailings to be dispatched from other than their own post offices. (See sec. 332, Postal Laws and Regulations.) Postmasters will notify purchasers that the unperforated stamps should be cut apart accurately. (See par. 3, sec. 537, Postal Laws and Regulations.)

5. **Stamps in coils.**—The Department issues postage stamps in coils of 500 and of 1,000, with coiling charges of 3 cents per coil of 500 and of 6 cents per coil of 1,000. (Sec. 120, Postal Laws and Regulations.) The stamps are coiled on paper cores one-half inch in diameter. To secure stamps in this form central-accounting and direct-accounting postmasters will draw requisition on Form 3301, and give the following information on the blank:

(a) Whether the stamps are desired in coils of 500 or 1,000 stamps each.

(b) Whether the strips should be arranged with the stamps endwise or sidewise.

6. **Coiled stamps available.**—The following denominations of stamps are available in coils:

One-cent, 2-cent, and 3-cent, coiled endwise or sidewise.

Four-cent and 5-cent, coiled sidewise only.

7. **Invalid stamps; perforating of stamps for identification.**—For regulations governing invalid stamps, the perforating of postage stamps for identification, etc., see section 537, Postal Laws and Regulations.

8. **Use of ordinary, airplane, and parcel-post stamps.**—Ordinary postage stamps, including commemorative issues, shall be valid for postage and for insurance and collect-on-delivery fees on fourth-class mail, and distinctive parcel-post and airplane stamps shall be valid for all purposes for which ordinary stamps are valid. The regular issue of due stamps and distinctive parcel-post due stamps shall be valid for the collection of unpaid and short-paid postage on all classes of mail.

9. **Stamps not kept in post-office stock.**—Postage stamps, postal cards, and stamped envelopes of varieties for which there is comparatively little public demand are not ordinarily kept on sale in post offices, but postmasters will always, upon request, provide themselves with listed varieties not usually carried in stock. Such requests should be made in time to enable postmasters to obtain the stamps upon requisition.

10. **Redemption of postage stamps, stamped envelopes, and postal cards.**—Adhesive postage stamps held by the public are not redeemed nor exchanged unless an error has been made in the denomination, in which case application for exchange should be made at the post office within two business days by the original purchaser. Stamped envelopes spoiled in addressing are redeemable at postage value if presented at the post office in a substantially whole condition, and unutilized postal cards are redeemable at 75 per cent of face value; provided, that stamped envelopes or postal cards bearing printed addresses are redeemable from original purchasers only. When redemption is desired of specially large quantities of stamped envelopes or postal cards, postmasters are required to submit the application to the Post Office Department for special ruling. Redemptions are made in postage stamps, stamped envelopes, or postal cards, as preferred by the owner, but not in cash. (See sec. 344, Postal Laws and Regulations.)

11. **Good for postage.**—All postage stamps, stamped envelopes, and postal cards issued by the United States since 1880 are good for postage in the United States, Guam, Hawaii, Porto Rico, Shanghai (China), Tutuila, and the Virgin Islands of the United States, but not in the Canal Zone or the Philippine Islands, except that embossed stamped envelopes, single domestic postal cards, and the reply half of double domestic postal cards of the United States are valid for postage in the Philippine Islands when addressed to the United States. Postage stamps of the Canal Zone or Philippine Islands are not good for postage in the United States, except that embossed stamped envelopes, single postal cards, and the reply half of double postal cards of the Philippine Islands are valid for postage in the United States when addressed to the Philippine Islands.

12. **Not good for postage.**—Postage-due and special-delivery stamps, mutilated or defaced stamps, internal-revenue, war-savings, and thrift stamps, and stamps cut from embossed stamped envelopes, newspaper wrappers, or postal cards are not good for postage.

13. **Remittances.**—Postage stamps should not be used in making remittances. Ample registry and money-order facilities are provided for the safe transmission of money by mail.

14. **Currency.**—Postmasters are not required to accept in payment for postage stamps, etc., any currency which is so mutilated as to be uncurrent or as to render its genuineness doubtful; nor are they required to receive more than 25 cents in copper or nickel coins in any one payment. Postmasters are expected to make change whenever possible. They are not permitted to give credit for postage.

#### POSTAGE STAMPS SURCHARGED SHANGHAI, CHINA.

15. **Denominations.**—Postage stamps have been issued to the United States postal agency, Shanghai, China, in denominations of 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 12, 15, 20, 30, 50 cent, and \$1, surcharged "Shanghai, China," at double their face value; that is to say, the 1-cent stamp is surcharged "2 cents," the 2-cent stamp is surcharged "4 cents," and so on through the list. The surcharge is printed in black letters on all denominations except 7-cent and \$1, which are surcharged with red ink. For example, the 1-cent stamp is surcharged as follows:

SHANGHAI  
2-cent  
CHINA

16. **Purpose of issue.**—These stamps are intended for sale by the postal agency at Shanghai at their surcharged value in local currency, and will be valid to the amount of their original values for the prepayment of postage on mail dispatched from the United States postal agency at Shanghai to addresses in the United States.

17. **Not sold by United States postmasters.**—The surcharged stamps will not be placed on sale in United States post offices, for the reason that they are to be sold only for the local money current in Shanghai, known as "Mexican."

18. **Suspension of sale.**—Owing to the low rate of exchange for Mexican money current in Shanghai, the sale of surcharged stamps has been suspended. Postmasters will be advised when their sale is resumed. Collectors should be advised accordingly.

### POSTAL CARDS.

19. **Varieties issued.**—The following varieties of postal cards are issued: No. 5 1-cent domestic single, 3 by 5 inches; No. 8 1-cent domestic single, 3½ by 5½ inches; No. 6 1-cent domestic reply, 3½ by 5½ inches (each half); No. 7 2-cent foreign single, 3½ by 5½ inches; "F" 2-cent foreign reply, 3½ by 5½ inches (each half).

20. **Sheets of postal cards.**—When so desired for printing purposes, postal cards are furnished in sheets as follows:

Designation.	Cards per sheet.	Width of sheet.	Length of sheet.	Packed in cases of—
		<i>Cards.</i>	<i>Cards.</i>	
No. 5 1-cent single.....	18	2	9	4,500

No. 8 1-cent single.....	48	4	12	12,000

21. **Cutting of sheet cards.**—To be valid for postage, the sheet cards shall be cut to regulation size stated in section 19. Requisitions should be marked plainly "sheets."

### STAMPED ENVELOPES AND NEWSPAPER WRAPPERS.

22. **Price list.**—A copy of the current price schedule of stamped envelopes and newspaper wrappers must be kept posted conspicuously in the post office where the public can read it. If the postmaster has none, application should be made to the Fourth Assistant Postmaster General, Division of Equipment and Supplies, for copies of the latest schedule (Form 3200). The prices include delivery of the envelopes at the purchaser's post office.

23. **Prices of stamped envelopes.**—Current prices are published in the December, 1920, Supplement to the Postal Guide, page 17.

24. **Sizes most used.**—Nos. 5, 8, and 13 envelopes are the sizes in most common use. No. 5 2-cent standard quality should be secured if only a single variety is kept for sale in post-office stock.

25. **Change in designation and colors of envelopes.**—Stamped envelopes formerly known as "first" and "second" qualities have been changed to "standard" quality. Standard quality envelopes are issued in white and blue paper only. Unless otherwise requested by postmasters, their requisitions for standard quality are filled with white envelopes. Production of amber and buff envelopes has been discontinued. Extra quality envelopes are furnished in white paper only.

26. **Discontinuance of certain sizes.**—The Department has discontinued the manufacture of Nos. 2, 4, 10, 14, and of No. 3 5-cent envelopes.

27. **Change in No. 6 envelopes.**—Envelopes formerly listed as No. 6 1-cent white have been changed to No. 5 1-cent standard quality, lowback; and the No. 6 1-cent manila to No. 5 1-cent manila.

28. **Ungummed envelopes.**—Nos. 5, 8, and 13 1-cent envelopes are issued with ungummed flaps for mailing of third-class matter when so requested.

29. **Care in drawing requisitions.**—Care should be taken not to draw requisitions for envelopes of an unsalable size, quality, or denomination. The postmaster will be held responsible for errors of this kind, and credit at postage value only will be allowed by the Department in redemption.

### PRINTED ("SPECIAL-REQUEST") STAMPED ENVELOPES.

30. When so ordered in lots of 500 or a multiple of 500 of a given size, quality, and denomination, the Department prints the purchaser's return-card on stamped envelopes. The return-card consists of a request to return after a given number of days, the name of the purchaser, and his street number, post-office box, or other local address, post office, county, and State. The Department is prohibited by law from printing advertisements on stamped envelopes. The printing of return cards is done on special orders which should be placed at the purchaser's post office. Two kinds of type are used—a large type for short names and a condensed type for long names. The styles of return cards are as follows:

For envelopes intended to  
inclose letters.—  
After 5 days, return to  
JOHN DOE,  
1234 5th St.,  
NEW YORK, N. Y.

For envelopes intended to inclose  
third-class mail.—  
After 5 days, return to  
RICHARD ROE,  
678 9th Av.,  
CHICAGO, ILL.  
Return Postage Guaranteed.

31. **Value of return cards.**—The use of return-card stamped envelopes is of much mutual advantage to the public and to the Postal Service, causing undeliverable letters to be returned to the sender.

32. **Local addresses to be included in return cards.**—The delivery and redelivery of letters is frequently delayed and often made impossible by the omission of an important part of the address or return card, such as the street number, room number in an office building, or location at street intersections. The great increase of indefinite addressing has become a source of serious embarrassment to the Postal Service and affects the efficiency of service to the public adversely. To facilitate prompt return of undeliverable letters to senders, and as an example to the

public with reference to the use of definite locations in return cards and original addresses, paragraph 2, section 340, Postal Laws and Regulations, is construed to require the name of street and number to be included in return cards, printed by the Department for post offices having city-delivery service; or in lieu thereof (except as to window envelopes, as to which see section 40, this page), the name of a building and room number therein if the building is sufficiently well known to be listed in the city directory; or the names of intersecting streets with the exact location (for example, "Northwest corner First and A Streets," "Southwest corner Second and B Streets," etc.): or a post-office box number.

#### OFFICE-REQUEST STAMPED ENVELOPES.

**33. Stamped envelopes, blank return card.**—Stamped envelopes with blank return cards, known as "office-request" envelopes, are kept on sale in post offices. The return card includes blank lines on which the user's name and local address or post-office box may be written with pen, and names of post office and State, for example:

After ..... days, return to

.....

.....

AARON, GA.

For rural delivery patrons:

After ..... days, return to

.....

R. R. No. 1,

AARON, GA.

**34. Advantages.**—The use of "office-request" stamped envelopes by patrons of the Postal Service should be encouraged by postmasters. The presence of the blank return card is of much mutual benefit to the public and the Postal Service; when purchasers of these envelopes complete the card by writing their names and local addresses on the blank lines, it provides prompt return of undeliverable letters to the senders, lessens the work of the Division of Dead Letters, and tends to encourage the use of return cards on other mail.

**35. Stamped envelopes, unprinted.**—Stamped envelopes without individual or blank return cards are kept on sale for purchasers who prefer to print their own return cards in special styles.

**36. Newspaper wrappers.**—Stamped newspaper wrappers are furnished in 1-cent denomination, size  $5\frac{1}{4}$  by 10 $\frac{1}{4}$  inches, and 2-cent, size 8 by 12 inches.

#### WINDOW STAMPED ENVELOPES.

**37. Advantages.**—These envelopes are of decided advantage to business houses, because they are ready for use without either stamping or addressing, and thus constitute an important labor-saving device. Letters are made ready for mailing earlier. Errors of misdirection are minimized. The rules in section 106, page 21, will govern their use.

**38. Size and position of window.**—The "windows" are  $4\frac{1}{4}$  inches long and  $1\frac{1}{4}$  inches high. In the Nos. 5 and 13 envelopes the "window" is located about five-eighths inch from the left edge and seven-sixteenths inch from the bottom. In the No. 8 the "window" is about thirteen-sixteenths inch from the left edge and one-half inch from the bottom. This information is given so that inquirers may determine whether the addresses on their inclosures will fit the "window."

**39. Printed or plain.**—Window stamped envelopes are furnished either with or without printed return cards. They are sold plain to purchasers who desire to print their return cards in special forms not provided by the Department, and subject to the conditions of section 106, page 21, of this Guide.

#### RETURN CARD ON WINDOW ENVELOPES.

**40. Return cards on all window envelopes, including window stamped envelopes, must include the following:**

(a) Name of sender.

(b) Street address, when the post office is one having city delivery service, or number of post office box in lieu thereof. (The mere name of a building will not suffice for the street address, but may be printed in addition to street address.)

(c) Post office and State.

Window envelopes not conforming to the foregoing, as well as to the other requirements prescribed by section 106, page 21, of this Guide, are unavailable.

**41. Requisitions of district postmasters.**—Central-accounting postmasters shall not forward to the Department requisitions of district postmasters for special-request window envelopes which omit any part of the return card specified in (a) and (c) of section 40, but shall return such incomplete requisitions to the district postmasters and refer them to the requirements of section 206, page 21, of this Guide.

#### EXTRA QUALITY STAMPED ENVELOPES.

**42. Superiority.**—Extra-quality envelopes are made from a superior grade of white paper suited to fine stationery. The sizes are Nos. 5, 8, and 13.

#### INTERNATIONAL REPLY COUPONS.

**43. International reply coupons, of the denomination of 6 cents each, are issued for the purpose of sending to correspondents abroad for return postage. The foreign correspondent may exchange each coupon for postage stamps of the country in which he is located, equal in value to 5 cents in United States money, using the stamps for postage on his reply. The countries in which the reply coupon is valid are as follows:**

Argentine Republic.  
Austria.  
Belgium.

Brazil.  
Bulgaria.  
Chile.

China.  
 Colombia (Republic of).  
 Corea.

 Rumania.

 Siam.  
 Spain.  
 Sweden.  
 Switzerland.  
 Tunis.  
 Turkey.

44. The countries of Austria, France, Greece, Italy, Rumania, Czechoslovakia, and Tunis do not issue coupons, but will redeem those issued in other countries.

45. Owing to an increase of the postage rate in certain foreign countries, it may be necessary in some instances to transmit two coupons instead of one as heretofore, and the table of postage rates on pages 145-148 should therefore be consulted to determine whether one or two coupons must be secured.

46. **Value.**—International reply coupons issued by certain countries bear the printed denomination "30 cts." This means 30 centimes French, and not 30 cents American. Postmasters must be careful not to redeem such reply coupons at more than 5 cents each, the rate fixed by section 345, Postal Laws and Regulations.

#### Requisitions for stamp stock.

47. **Requisition blanks.**—Postage stamps and other stamped paper must be secured by central-accounting and direct-accounting postmasters from the Third Assistant Postmaster General, Division of Stamps, by requisition on the following blank forms:

For ordinary and special-delivery stamps, books of stamps, postage-due stamps, postal cards, unprinted stamped envelopes and newspaper wrappers, postal-saving cards and stamps, and international reply coupons, No. 3201.

For special-request and office-request stamped envelopes, No. 3202.

For documentary revenue stamps, No. 3203.

For \$5 war-savings, 25-cent thrift stamps, \$1 Treasury savings stamps, and \$25 and \$100 Treasury savings certificates, No. 3204.

For proprietary revenue stamps, No. 3205.

48. **District postmasters** shall obtain special-request and office-request stamped envelopes by requisition through their central-accounting postmasters on Form 3202-d, and all other stamp stock by requisition on Form 3338.

49. **Requisitions must not be delayed.**—Many postmasters neglect to draw requisition for postage stamps and other stamp stock until their stock is nearly exhausted. Paragraph 2, section 334, Postal Laws and Regulations, requires requisitions to be drawn well in advance of the postmaster's needs; and sufficient time should also be allowed to return the requisition for any necessary correction, or for correspondence concerning it. (See sec. 66, p. 35.)

50. **Frequent requisitions to be avoided.**—Frequent requisitions (except for special-request envelopes) must be avoided. Postmasters at central-accounting and direct-accounting offices must carefully estimate their probable needs, and draw requisition for 3 to 12 months' supply of stamps, stamp books, cards, envelopes, etc., at the same time, but not exceeding the amount that can be given adequate protection. (See secs. 361 and 364, Postal Laws and Regulations, as to care of stock.) Large requisitions greatly facilitate and simplify the Department's

work, minimize accounting in post offices, and enable postmasters to give better and more prompt service to the public. (See secs. 62 to 65 below.)

**51. Amount of requisitions.**—On account of the frequency of burglaries of post offices, postmasters are directed to draw requisition about one month in advance of their needs for not exceeding three months' supply of postage stamps at a time if they can not protect a larger quantity.

**52. Indorsement as to protection.**—To indicate that special provision is made to safeguard the property of the Government, in accordance with sections 361 and 364, Postal Laws and Regulations, postmasters shall indorse the face of all requisitions, "These stamps can be protected." Postmasters who occupy Government buildings shall indorse their requisitions "Federal building."

**53. If stamps can not be protected.**—If the surplus stamps can not be given reasonable protection, requisitions should be indorsed "See letter," and a letter briefly explaining the conditions should be mailed to the Third Assistant Postmaster General, Division of Stamps.

**54. Protection of stamps of high denominations.**—The attention of postmasters is directed to the necessity of giving the best available protection to war-savings stamps and to postage and revenue stamps of high denominations. Where the storage facilities at hand offer different degrees of security, the stamps of higher denominations should be kept in the safest place. This point should be observed particularly by postmasters at offices in Federal buildings where the vaults are provided with safes consisting of a burglar-proof upper chamber and a lower part not so well protected. So far as practicable, all stamps of high denominations should be kept in these burglar-proof compartments.

**55. Removal to more secure place than post office.**—Postmasters should confer with the local police authorities, acquaint them with the prevalence of burglaries by skilled safe blowers, and request that special watch be kept of the post office at night. If the post office is not sufficiently safe, the funds and money-order blanks, as well as the postage, revenue, and war-savings stamps, above one week's average supply, should be removed to a more secure place, in accordance with sections 361 and 364, Postal Laws and Regulations. Immediate action can not be too strongly urged, because post offices in different parts of the country are being attacked by burglars every night. Postmasters are held personally responsible for the loss of Government stamps and funds which have not been given the best available protection.

**56. Post-office safes.**—Ordinary iron safes with combination locks are not burglar proof; they are easily opened with explosives. Post-office safes should therefore not be relied upon for protection unless rated by the manufacturer as burglar proof.

**57. Storage of cards and envelopes.**—Postal cards and stamped envelopes need not be removed to a more secure place than the post office, as they are rarely taken by burglars because of their weight and bulk.

**58. Care of stamp books in post offices.**—In adjusting claims of postmasters for credit on account of loss of stamp books resulting from burglary, fire, or other unavoidable casualty, it is sometimes found that stamp books are kept with the postmaster's stock of stamped envelopes and postal cards in unlocked closets or on shelves without special protection. Stamp books should not be stored unprotected with stamped envelopes and postal cards, but should be given the same special protection required by section 361, Postal Laws and Regulations, to be given adhesive stamps in sheet form.

**59. Information on requisition.**—The following information must be given on all requisitions for postage stamps, postal cards, plain stamped envelopes, or newspaper wrappers:

- (a) Stock on hand of all varieties ordered.
- (b) Stock on hand of 1, 2, 5, and 10 cent stamps, whether these denominations are ordered or not.
- (c) Total sales reported in item 1 of postage-stamp account for previous quarter.
- (d) Whether stamps ordered can be protected against burglary.

**60. Requisitions must be prepared properly.**—The Department, with a limited clerical force, fills an average of more than 3,000 requisitions daily. It is desired to impress upon postmasters that careful compliance with the published instructions in preparing their requisitions helps the Department to act upon them promptly and intelligently. Failure to do so greatly hinders the Department in filling requisitions promptly. The cooperation of postmasters in this respect is earnestly solicited. If it becomes necessary to return a requisition for correction or completion, responsibility for the attending delay will rest with the postmaster. Postmasters whose requisitions are prepared by their assistants or other employees should require them to familiarize themselves with these rules.

#### QUANTITIES OF STAMPED PAPER SUPPLIED.

**61. Stamped paper is issued by the Department to postmasters in the following minimum quantities or multiples thereof:**

Ordinary stamps, 10,000 of either 1 or 2 cent; 100 of 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 15, 20, or 30 cent; 10 of 50-cent, 75-cent, \$1, \$2, or \$5.

Special-delivery stamps, 10.

Stamp books, 10 of a single denomination and size. See sec. 64.

Due stamps, 100 of either 1, 2, 3, or 5 cent; 50 of 10-cent; 10 of either 30 or 50 cent.

Postal cards, 500 of either No. 5 or No. 8 domestic single; 250 of No. 6 domestic reply; 100 of either No. 7 foreign single or of "F" foreign reply.

Plain stamped envelopes or newspaper wrappers, 250 of a given size, quality, and denomination.

Special-request or office-request stamped envelopes, 500 of a given size, quality, denomination, and return-card.

Postal-saving stamps, 100.

**62. Stock packing of adhesive postage stamps.**—Requisition should be drawn for stock packages containing 10,000, 50,000, or 200,000 stamps of each denomination, or for multiples of these quantities, provided the stamps will be needed within a reasonable time; that is, 10,000 2-cent rather than 7,000, 50,000 rather than 40,000,

200,000 rather than 150,000. Special delivery stamps are put up in packages of 5,000, 25,000, and 100,000. For convenience in handling, postage stamps are put up in sealed packages of 10,000 with the margins of the sheets stitched together. The issuing of stamps in this form is of advantage to postmasters as well as to the Department. Postmasters whose sales amount within 12 months to 10,000 or more stamps of any denomination should make requisition for stock packages of 10,000 or multiples of 10,000, provided they can be protected. (See secs. 50 to 60, pp. 33 and 34.)

63. **Stock packing of postal cards.**—The cut postal cards are issued as follows: Nos. 5 and 8 in packages of 500, 1,000, 2,000, 5,000, or multiples of 5,000; the No. 6 in packages of 250, 500, 2,000, 5,000, or multiples of 5,000; No. 7 and "F" cards in packages of 100, 250, 500, 1,000, 2,000, 5,000, or multiples of 5,000. The No. 81 cent postal cards are banded in fifties; all other cards are banded in twenty-fives.

64. **Stock packing of envelopes and wrappers.**—Stamped envelopes and newspaper wrappers are packed in boxes of 250, 500, 1,000, 2,000, and 5,000 of the Nos. 7, 8, 9, and 12-a sizes; and in boxes of 500, 1,000, 2,000, 5,000 and 10,000 of the other sizes.

65. **Stock packing of stamp books.**—Stamp books are issued to postmasters in stock packages containing 10, 60, 180, 540, or 2,160 books.

#### TIME REQUIRED FOR FILLING REQUISITIONS.

66. The time usually required for shipment of stamps, stamp books, and international reply coupons after the postmaster's requisition is received at the Department is four business days; for postal cards or plain stamped envelopes, three to eight days; for special-request and office-request envelopes, eight days. By adding the length of time required for requisitions to reach the Department and for delivery from the respective distributing agencies, the postmaster can determine about the date shipments should reach him. This schedule is not guaranteed, as conditions are sometimes such that longer time is required to fill requisitions. (See sec. 49.)

67. **When requisitions are not filled.**—If stamp stock is not received in due course, a copy of the requisition, bearing at the top the word "Duplicate" and the date of the original requisition, should be sent to the Third Assistant Postmaster General.

68. **When invoice or stamp stock not received.**—The Third Assistant Postmaster General should be notified of the registry number of a shipment of stamp stock received without invoice. If the invoice is received, and not the supplies, the date of invoice should be given. Shipments are sometimes divided and forwarded in separate mails from the distributing agencies. Postmasters should wait a reasonable time before reporting nonreceipt of stock invoiced them.

69. **Special requisitions.**—Requests for expediting requisitions for stamp stock have become so numerous as to be a burden to the Department because of the extra work involved. Requisitions are filled promptly, and paragraphs 2 and 3, section 334, Postal Laws and Regulations, require requisitions to be drawn well in advance so that stock will not become exhausted, and for a sufficient quantity to avoid frequent requisitions. See also sections 49 and 50, page — of this Guide. Telegraphic requisitions, and requests for expediting of such common varieties as 1-cent and 2-cent stamps, 1-cent postal cards, or No. 5 2-cent plain or "office request" stamped envelopes, are especially objectionable, as postmasters can foresee their needs of the common varieties. It is also objectionable for a postmaster to ask that a requisition be made special which is defective in failing to comply with instructions. When application is received from the public for immediate delivery of stamp stock in quantities which a postmaster is unable to supply, he may purchase temporary supplies from neighboring post offices (par. 7, sec. 334, Postal Laws and Regulations), but this method must not be made a practice (sec. 335, Postal Laws and Regulations). Postmasters who sell stamp stock to other postmasters under this authorization must report the sales to the First Assistant Postmaster General, Division of *Post Office Service*, under the provisions of section 270, Postal Laws and Regulations. Postmasters should, however, request that requisitions be expedited and telegraph the Third Assistant Postmaster General if necessary when stamps or other stamp supplies are needed to meet an unexpected demand which could not with reasonable foresight be provided for without expediting. The reason for asking that shipments be expedited must always be explained by the postmaster. The Department desires to give good service and provide every reasonable facility to the public for the purchase of stamps and other stamped paper, and to that end postmasters are expected to carry ample stocks and to draw special requisitions upon the Department when the circumstances clearly justify it (see secs. 9, 49, and 50, pp. 30 and 33.).

70. **Care in handling shipments of postage stamps.**—Post-office and railway-mail clerks are cautioned to exercise care in handling registered packages and boxes of stamps, postal cards, and stamped envelopes which pass through their hands in transit to postmasters from the Department and the several distributing subagencies. So far as possible the Department is using fiber shipping boxes for postal cards and stamped envelopes. This is in the interest of postal employees, as the fiber boxes are of lighter weight than wooden cases and eliminate the danger of injury from splinters, binding wire, and nails which exists when wooden cases are used. All employees should handle these shipments with sufficient care to avoid damage. (See secs. 900, 901, and 1646 (par. 4), Postal Laws and Regulations.)

71. **Postmasters to sell old stock of stamped paper.**—In withdrawing stamps, postal cards, stamped envelopes, and newspaper wrappers from stock for sale to the public, postmasters should select the oldest on hand provided they are in perfect condition. This will lessen the chances for stock to become shopworn and damaged, and tend to keep it fresh. Damaged or soiled stamps or other stamped paper should never be offered for sale.

#### WAR-SAVINGS AND THRIFT STAMPS.

72. **General instructions.**—Postmasters at all money-order offices are required to keep on hand for sale to the public United States war-savings certificate stamps of the maturity value of \$5 and United States Government thrift stamps of the value of 25 cents. Regulations governing the sale, accounting for, registration, and repayment of these stamps were issued November 13, 1917, as an amendment to the Postal Laws and Regulations by the

addition of section 3414. These regulations with detailed instructions for the several branches of the postal service concerned were published in Form 3343, which was supplied to the postmasters at all money-order offices. A compilation of the law, regulations, instructions, and important rulings was issued January 18, 1918, as Form 3348. Regulations of the Treasury Department "further defining rights of holders of United States war-savings certificates," with instructions of the Post Office Department to postmasters and postal employees, were published March 7, 1918, in Form 3349. Instructions for the sale of the war-savings stamps of the 1921 series were issued in the December, 1920, Postal Guide. The following paragraphs outline the requirements and contain additional rulings and instructions, most of which have appeared from time to time in the Postal Bulletin and monthly Postal Guide.

73. **Duty to sell the stamps.**—Employees of the Post Office Department and the postal service are charged by law with the duty of selling war-savings and thrift stamps. The Postmaster General has urged postmasters to take active personal charge of the war-savings work at their respective offices and to endeavor to stimulate the interest of all employees for an energetic, systematic, continuous campaign. Employees are expected to cooperate fully and work in harmony with State and local committees or other representatives of the Treasury Department.

74. **Fixed credits to carriers.**—Postmasters are authorized to furnish war-savings and thrift stamps to city, village, and rural carriers on fixed credit, for sale to the public, under the provisions of section 11, page 9, Form 3343. Such credits should be limited for ordinary service to 10 war-savings stamps and 50 thrift stamps, unless exceptional conditions require a greater amount. Special credits, to be closed the same day, may be granted to carriers to meet large orders, when the postmaster has satisfied himself by careful inquiry as to the necessity thereof.

75. **Post cards.**—Post cards used by the war-savings committees in soliciting orders, addressed "The local postmaster" and requiring no postage, should be preserved by postmasters after the orders are filled, and turned over from time to time as requested to the local war-savings committee. They should not be delivered to the purchasers with the stamps.

76. **Statistical reports of sales.**—The Treasury Department has requested that postmasters render to the proper officer of the Government savings organizations a report of the weekly sales of war-savings stamps. Penalty cards for this purpose will be furnished by the Treasury Department and postmasters are instructed to comply with this request.

77. **Reports of small sales at district offices.**—Central-accounting postmasters shall report to the Third Assistant Postmaster General, Division of Stamps, any failure on the part of district postmasters at money-order offices to cooperate fully in supplying the demands of their patrons for war-savings stamps.

78. **War-savings stamps and certificates.**—The price of war-savings stamps of the 1921 series in January, 1921, was \$4.12 and it increases 1 cent each month thereafter. Except when sold for resale, war-savings stamps should be affixed at the time of purchase to a war-savings certificate and the name and address of the owner should be entered by the postmaster in the space provided on the certificate. The signature of the owner should not be placed on a certificate until it is presented for payment. The department does not encourage the writing of the names of owners across the face of war-savings stamps, as it takes up space necessary for entries required on registration. Such writing, however, does not invalidate the stamps nor prevent registration.

79. **War-savings stamps must be affixed to certificates of same series.**—War-savings stamps, series of 1921, shall not be affixed to war-savings certificates, series of 1918, 1919, or 1920, nor shall war-savings stamps of any series be affixed to war-savings certificates of any other series. Such stamps affixed to war-savings certificates of another series will not add to the value thereof. The several series mature in different years and have different current values. It is most important that the public shall thoroughly understand this, and postmasters shall warn all purchasers not to affix stamps of the 1921 series to a certificate of any previous annual issue. The owners of loose war-savings stamps not of the current series should not be advised to apply to the department for a blank certificate but should file a request with the postmaster who will forward it to the Department with his recommendation.

80. **All letters and forms to indicate series.**—Every letter or form relating to an individual war-saving certificate must show whether it is of the 1918, 1919, 1920, or 1921 series. Suitable corrections for this purpose shall be made with pen in printed forms.

81. **Limitation of holding.**—It is not lawful for any one person at any one time to hold war-savings certificates (including Treasury savings certificates) of any one series to an aggregate amount exceeding \$1,000 (maturity value). Postmasters are authorized to sell for cash to any person or corporation any amount of war-savings stamps to be used as gifts, provided certificate blanks giving names of intended donees are filed with the postmaster at the time of the purchase, no donee to receive more than \$1,000 (maturity value) in all. Postmasters will supply such purchasers certificate blanks on request.

82. **Who may purchase.**—War-savings certificates may be issued to any individual, or to two persons in the alternative (for example, "John Jones or Mary Jones"); in the name of an association, society, lodge, firm, corporation, etc.; or in the name of an infant. The limitation of \$1,000 (maturity value) of any series applies to all such holdings. A person may not have an interest in more than \$1,000 worth of war-savings stamps of any series, either individually or in the alternative, but members of a partnership may hold stamps up to \$1,000 of any series without regard to holdings of the firm as such.

83. **Sales agents.**—Authorized agents for the sale of war-savings and thrift stamps (outside of the Postal Service) are designated by the Federal reserve banks under the direction of the Secretary of the Treasury. Postmasters are not authorized to sell war-savings and thrift stamps to such agents for resale, except as provided in the next paragraph.

84. **Sales stations.**—The Treasury Department regulations provide that any person, firm, association, or corporation, whether or not an authorized agent, may establish a sales station to resell war-savings stamps, and postmasters are authorized to sell war-savings stamps to the establisher of such a sales station in any amounts,

provided the amount held is not in excess of \$1,000 (maturity value), and provided a "sales station identification card" is presented in each case, signed by the director of the Government savings organization for the Federal reserve district. Postmasters may furnish blank war-savings certificates and thrift cards in proper quantity to sales stations.

85. **When supply is insufficient.**—When war-savings stamps on hand are insufficient to fill an order the postmaster may accept payment and issue to the purchaser an interim receipt on Form W. S. 3370, taking it up when the stamps are delivered.

#### REGISTRATION OF WAR-SAVINGS STAMPS.

86. **What offices may register.**—War-savings certificates may be registered at any post office of the presidential grade and at fourth-class money-order offices specially authorized for that purpose. Postmasters desiring to obtain such special authority should apply to the Third Assistant Postmaster General, Division of Stamps.

87. **Registration of 1921 certificates.**—War-savings certificates, series of 1921, may be registered at any post office authorized to register certificates of the previous series. When a 1918 war-savings certificate is registered in 1921, the words "Series of 1918" at the top of the registration card, Form W. S. 110, shall be underscored with pen. When a 1919, 1920, or 1921 war-savings certificate is registered, "1918" shall be stricken out and "1919," "1920," or "1921" written in. The registration numbers shall run consecutively, regardless of the series; that is to say, postmasters shall not repeat the registration numbers in registering war-savings certificates in 1921.

88. **Application for registration.**—An applicant for registration should fill out and sign a card, Form W. S. 110, for each certificate to be registered. The postmaster will number each card consecutively, write or stamp the number of his post office and the registration number in the space provided on the certificate and across the face of each stamp affixed thereto, and enter the date of registration and his initials in each numbered space on the back of the card, Form W. S. 110, corresponding to the numbered spaces on the certificate to which the registered stamps are affixed. When an additional stamp is affixed to a registered certificate the certificate may be presented for further registration, which the postmaster will effect by noting the date and his initials in the proper space on the back of the card, Form W. S. 110, already on file, and entering the post office and registration numbers on the additional stamps. A single entry for a full certificate is not authorized. If additional stamps affixed to a registered certificate are registered it must be done at the same post office where the certificate was first registered, but any owner of two or more certificates may have them registered at different offices. The registration card must be filled out by the applicant himself, except in case of a child who can not write, when the name shall be signed by a parent or guardian or by the person with whom the child resides; for example, "Mary Smith, by John Smith, her father." When an applicant can not appear in person the registration card may be sent to him for completion and signature and returned with the certificate for registration.

89. **Rubber stamps for registering.**—Rubber stamps specially provided by the Department shall be used for registering war-savings stamps. The rubber-stamp canceling ink furnished to postmasters for postmarking shall be used for stamping the office number on registered war-savings stamps. Steel-stamp canceling ink should be used only with steel stamps and in no circumstances should ordinary rubber-stamp ink be used for such entries. The registration number shall be entered on the stamps with pen and ordinary black writing ink. Great care should be used to make the office numbers and registration numbers on war-savings stamps clear and distinct.

90. **File of registration cards.**—The cards, Form W. S. 110, are the only record of registration, and postmasters should therefore use the utmost care to comply with all the requirements and to preserve the cards carefully in the permanent files of the post office. *This is very important.* (See sec. 114.)

91. **No transfer of registration cards.**—Registration cards, Form W. S. 110, can not be transferred from one post office to another. The Postal Laws and Regulations provide that registered war-savings certificates are payable only at the office of registration. (See secs. 109-112, p. 39, as to payment by money order.)

#### PAYMENT OF WAR-SAVINGS CERTIFICATES.

92. **When unregistered.**—A war-savings certificate if not registered is payable at any money-order post office. Payment should be made only to the original owner whose name appears on the certificate, but the Department assumes no responsibility for the correct payment of an unregistered certificate.

93. **When registered.**—A registered war-savings certificate is payable only at the post office where registered and to the person in whose name it is registered, whose identity shall be established by means of the information recorded on the registration card, Form W. S. 110.

94. **Ten days' notice.**—The 10 days' notice required by the regulations should be addressed to the postmaster at the office where payment will be made, and payment should not be made until the 10 days' period has elapsed.

95. **Signature of the owner.**—The signature in the receipt form on a paid war-savings certificate should correspond in form and spelling with the name of the owner as entered at the top of the certificate. When the owner does not sign his name as it appears above, a corrected signature should be obtained if possible. In case of slight discrepancies in form and spelling between the name of the owner and the signature, if a corrected signature can not be obtained the postmaster may certify on the certificate that the signature is that of the original owner, if he is satisfied of the fact. Signatures by mark should be witnessed by at least one witness.

96. **Date and rate.**—The paying postmaster should use great care to see that the correct date and amount of payment, corresponding with the number of stamps affixed, are entered in the receipt form on the certificate. Under no circumstances should the date or amount be altered by any postmaster after the receipt has been signed, unless the corrections are attested at the same time by a new signature of the payee. In that case the old signature should be stricken out. When corrections were made before the receipt was signed the postmaster may certify to that fact. When a certificate has been receipted as of a date prior to its surrender for payment, or when a certificate is returned to the paying postmaster on account of any irregularity, and payment has not yet been made, the date and amount should be made current and a new signature obtained.

97. **Defects in registration.**—The postmaster at the office where a war-savings certificate is registered should see, before forwarding it for credit, that the office number and registration number are clearly entered on the certificate and on each registered stamp. Erasures and alterations should be avoided so far as possible. If there is any erasure or alteration of an office number or registration number the postmaster should certify to the facts on the margin of the certificate, after satisfying himself that each such erasure or alteration represents a correction of an error made in his office, and that the stamp in question has not been detached from any other registered certificate. Unregistered stamps may be affixed to a registered certificate. All postmasters should use the utmost care not to accept for payment any stamp bearing entries or signs of entries indicating registration on another certificate than the one to which it is affixed.

98. **Unauthorized traffic in war-savings stamps.**—The following is quoted from a notice issued by the Secretary of the Treasury:

"My attention has been directed to numerous offers made by unscrupulous persons through advertisements and in other ways to buy war-savings certificate stamps and, as a result of such offers, I am informed that owners of such securities have suffered material losses which could have been avoided by redemption of the war-savings certificate stamps at post offices, as provided by law.

"In order that the interests of owners of war-savings certificate stamps of either series may be safeguarded, I hereby notify all persons to refrain from offers to buy war-savings stamps or accept the same in trade."

99. **Refusal of payment to traffickers.**—Postmasters shall refuse payment of any war-savings certificates presented by persons or firms known to be buying or publicly offering to buy war-savings stamps or certificates from the owners unless positive evidence is submitted that the certificates were originally issued to the persons or firms presenting them for payment.

100. **Certificates bearing erasures.**—The postmaster should not pay a war-savings certificate unless the name of the owner appears on it, and if there is any erasure or alteration in the name of the owner as entered it is necessary that the original ownership be established before payment is made. When the postmaster is satisfied beyond a reasonable doubt, upon competent evidence, that the person presenting a certificate bearing an erasure in the name of the owner, or on which the name of the owner has not been inscribed, is the original owner of the certificate presented, payment may be made to him; but in every such case the postmaster shall write on the paid certificate, or affix securely thereto, a statement or notation over his signature setting forth the name of the original owner and the fact that payment was made to him and briefly stating upon what evidence payment was made. If necessary the postmaster, to satisfy himself of the facts, may request that affidavits be submitted showing the original ownership and explaining the erasures or alterations; any affidavits so submitted should be attached to the certificate. An erasure or alteration in the address of the owner or in his signature in the receipt form is not of itself proper ground for refusing or delaying payment unless the postmaster has reason to believe that the person presenting the certificate for payment is not the original owner thereof or his representative.

101. **When payment is refused.**—When a postmaster refuses payment because he is not satisfied as to the original ownership of a certificate showing an erasure in the name, or because the person or firm presenting a certificate is known to be buying or publicly offering to buy war-savings certificates or stamps from the owners, he shall, on surrender of the certificate by the holder, forward it, together with such affidavits or other evidence as may be presented, to the Third Assistant Postmaster General, Division of Stamps, with a statement of the facts and recommendation, for submission to the Treasury Department. In such cases a receipt should be given to the holder of the certificate. Postmasters shall not refer such cases directly to the Treasury Department, nor advise the holder of the certificate to do so unless surrender of the certificate is refused by the holder.

102. **Refusal noted on certificates.**—In any such case when payment of an unregistered war-savings certificate is refused and the person presenting it demands its return, the postmaster shall, before returning the certificate, stamp or write on the certificate and on each stamp affixed thereto the words "Payment refused for cause." The holder should then be advised to take up any question of adjustment with the Secretary of the Treasury, Division of Loans and Currency, Washington, D. C. Rubber stamps for making the prescribed notation will be furnished by the Fourth Assistant Postmaster General, Division of Equipment and Supplies, on requisition, to the postmaster at any office where there is frequent need for the use of such a stamp. Postmasters at all money-order offices are cautioned not to pay any war-savings certificates or stamps bearing the words "Payment refused for cause," except on receipt of special authority to do so in each case.

103. **Registered stamps to be retained.**—When a registered war-savings certificate or a certificate bearing any registered stamps is presented for payment by any person other than the registered owner or his representative, the postmaster shall not return such certificate to the person presenting it for payment, but shall forward it to the Third Assistant Postmaster General, Division of Stamps, with a full report of the facts. A receipt should be given to the holder. The person presenting such a certificate should be informed that registered war-savings stamps are payable only to the registered owners, except in case of death or disability, and advised to submit a written statement to be forwarded with the certificate explaining fully how the registered certificate or stamps came into his possession.

104. **Certificates issued to two persons.**—Under a ruling of the Treasury Department a war-savings certificate erroneously issued to two persons in the form "John and Mary Jones," contrary to the provisions of Section VI, Form 3349, is payable on the signature of either person named thereon, in the same manner as if it had been properly issued in the alternative, in the form "John Jones or Mary Jones."

105. **Certificates held in excess of the lawful limit.**—Postmasters are cautioned not to pay war-savings certificates to any person who holds such certificates of any series in excess of \$1,000 maturity value except in pursuance of Section XIV, Form 3349. Before paying any certificate in pursuance of the first sentence of that section the postmaster shall forward to the Third Assistant Postmaster General, Division of Stamps, a full statement of the facts and await instructions. When the first sentence of Section XIV is not applicable, the postmaster should

forward the surrendered excess certificates, with affidavits by the owner and other persons having knowledge of the facts, showing the circumstances, including the places, dates, and prices of the excess purchases. When the excess certificates have been so surrendered without payment, the remaining certificates to the amount of \$1,000 maturity value may be paid if desired by the owner.

**106. Payment of damaged stamps.**—In paying damaged war-savings stamps or exchanging damaged thrift stamps for war-savings stamps, postmasters will be guided by the following rulings of the Treasury Department:

"(a) Portions of war-savings certificate stamps that are manifestly more than one-half of such stamps shall be redeemed at the full redemption value upon any given date of a full stamp, and no payment whatever shall be made upon a portion of a war-savings certificate stamp which is not manifestly more than one-half of a whole stamp.

"(b) Portions of United States Government thrift stamps which are manifestly more than one-half of such stamps shall be received for credit at the full face value of such thrift stamps, and no credit whatever shall be made on a portion of a United States thrift stamp which is not manifestly more than one-half of a whole stamp."

**107. Stamps not affixed to certificates or cards.**—Postmasters should understand that the foregoing rulings do not authorize them to pay or replace damaged or mutilated war-savings stamps not affixed to war-savings certificates, or thrift stamps not affixed to thrift cards. Stamps which have become detached from certificates and damaged, or which are so badly damaged by fire or otherwise that the certificates to which they are affixed can not be presented at post offices for payment in the usual manner, may be sent by the owners to the Secretary of the Treasury, Division of Loans and Currency, with a sworn statement of the facts and a request for new stamps.

**108. Payment of war-savings certificates registered in the names of corporations, etc.**—If a war-savings certificate has been registered in the name of a corporation, partnership, association, or joint-stock company, in accordance with Section IV of the regulations further defining rights of holders of war-savings certificates, Form 3349, the postmaster at the office of registration, before making payment, shall satisfy himself as to the identity of the officer or agent applying for payment as the one designated on the registration card and as to the continued existence of his authority. The postmaster shall in each such case make a signed notation on the certificate to the effect that the officer or agent receiving payment is designated on the registration card to receive payment.

When payment of a certificate registered in the name of a corporation, partnership, association, or joint-stock company is demanded by a person not designated on the registration card as the officer or agent to receive payment, a complete statement of the facts should be forwarded by the postmaster at the office of registration to the Third Assistant Postmaster General, Division of Stamps, and payment should be withheld pending the receipt of instructions.

**109. Payment of registered war-savings certificates by mail.**—A registered war-savings certificate may be paid by the postmaster at the office of registration by postal money order for the amount due, less the usual money-order fee, on receipt of the certificate receipted by the registered owner and accompanied with a proper application on Form W. S. 3371.

**110. Applying for payment by mail.**—The application should be completed and signed in duplicate by the owner of the certificate in the presence of a postmaster or his authorized representative, who shall sign both copies as witness, date them with the office stamp, forward one copy with the receipted certificate to the postmaster at the office of registration by official registered mail, and deliver the other copy to the applicant as a receipt.

**111. How postmaster shall make payment by mail.**—The postmaster at the office of registration, if satisfied of the identity of the applicant as the registered owner, shall make payment at the rate for the month in which the receipt on the certificate is dated. The postal money order shall be issued in the name of the registered owner and mailed to him at the address given in the application not less than 10 days after the date of the application or of previous written notice, if one was given.

**112. Providing Form W. S. 3371.**—When a registered owner applies to the post office of registration for payment by mail, two copies of Form W. S. 3371 should be sent to him with suitable instructions. When the owner applies at a post office other than the one where his certificate is registered, the postmaster shall advise him that payment can be made only by the post office of registration, and shall furnish him two copies of Form W. S. 3371, obtaining them if necessary from the central-accounting postmaster.

**113. Payment to representative.**—Provision is made for payment to a duly authorized representative of an owner of a war-savings certificate who is unable to appear in person through the use of Form 3357.

**114. Registration cards for paid war-savings certificates.**—Postmasters should write or stamp the word "Paid" with the date across the face of the registration card, Form W. S. 110, immediately on redeeming any registered war-savings certificate. The initial of the postmaster or clerk making payment should be added. The cards bearing this notation should be removed and placed in a file separate from the cards representing unpaid certificates. *This is most important.* (See sec. 90.)

**115. Funds used for payment.**—War-savings certificates are paid with surplus postal funds and remitted to the central-accounting postmaster or State depository postmaster, as the case may be, in lieu of a like amount of cash. If such funds are not available, an interim receipt on Form W. S. 3370 shall be given to the owner and the certificate sent to the postmaster to whom postal funds are remitted, who will return cash or a bank draft therefor.

**116. Entry of name of paying office.**—Postmasters paying war-savings certificates should stamp or write the word "Paid," with the name of the post office, on each paid certificate. Certificates forwarded with a request for return of funds should be marked "For payment," with the name of the forwarding office. A postmaster who returns funds for payment of such a certificate should note on it "Funds returned," with the name of his post office.

**117. Prompt handling.**—Paid war-savings certificates should be remitted with postal funds as promptly as possible in accordance with the regulations. The promptest possible attention should be given to the return and correction of defective war-savings certificates which have been forwarded for return of cash, in order that payment may not be unnecessarily delayed.

118. **Redemption of thrift stamps.**—Thrift stamps shall not be cashed, but when 16 thrift stamps are affixed to a thrift card they may be accepted as a payment of \$4, with the difference in cash, for a war-savings stamp. There is only one issue of thrift stamps.

119. **Loss of war-savings and thrift stamps.**—In case of loss or destruction of a registered war-savings certificate the owner may apply on Form 3353 for reissue or repayment. The postmaster will forward the application with the registration card to the Third Assistant Postmaster General, Division of Stamps. No reimbursement is made in case of the loss or destruction of unregistered war-savings stamps or of thrift stamps.

#### TREASURY SAVINGS CERTIFICATES.

120. **Sale of certificates.**—The Treasury Department offers for sale registered war-savings certificates in denominations of \$25, \$100, and \$1,000 (maturity value), to be known as "Treasury savings certificates." The \$1,000 certificates will be sold only through banks and trust companies which are cash and collateral agents for the sale of war-savings certificates. The \$25 and \$100 certificates will be sold by such agents and also at post offices of the first and second classes and at post offices of the third class in the grades exceeding \$1,000, and at the largest third-class office in counties having no first or second class offices. They will not be sold at the remaining third-class post offices or at fourth-class post offices. The postmaster at an office authorized to sell them will send a Treasury savings certificate to the purchaser by official registered mail on receipt of the purchase price if so requested. It is unlawful for any person to hold at any one time Treasury savings certificates and war-savings stamp certificates of the same annual series to a total amount in excess of \$1,000 maturity value. The price of a \$100 Treasury savings certificate is the same as that of a war-savings certificate of the same series with 20 stamps affixed.

121. **Issuance.**—The postmaster shall write on every Treasury savings certificate at the time of sale the name and address of the owner thereof. The postmaster shall also write the name and address of the owner on the registration stub attached to the certificate, and, by carbon process, on the duplicate stub. The name of the post office and the date shall be written or stamped in the space provided, and the signature of the postmaster shall be added. The postmarking or money-order office date stamp shall be impressed on the back of each Treasury savings certificate issued immediately below the table of redemption values. Erasures or alterations should not be made on Treasury savings certificates or the registration stubs thereof. If an error is made in inscribing the name and address, the certificate should be canceled and treated as spoiled in accordance with section 137.

122. **Payment of certificates.**—Treasury savings certificates are not payable at or through post offices, but only upon presentation and surrender thereof by mail or otherwise at the office of the Secretary of the Treasury, Division of Loans and Currency, Washington, D. C., at maturity, or 10 days after presentation prior to the date of maturity: *Provided*, That in no event shall such demand be made prior to the second calendar month following the calendar month in which the certificate is issued: *And provided further*, That the form of demand for payment appearing on the back of the certificate shall be properly signed by the owner in the presence of, and duly certified by, a United States postmaster, an executive officer of an incorporated bank or trust company, or any other person duly designated by the Secretary of the Treasury for that purpose. Correspondence concerning payment of Treasury savings certificates should be between the owner and the Secretary of the Treasury, Division of Loans and Currency.

123. **Exchange for stamp certificate of the current series.**—War-savings stamp certificates of the current series will be received by postmasters at post offices selling Treasury savings certificates in exchange for \$25 or \$100 Treasury savings certificates of the current series and equal value. Registered war-savings certificates will be received for exchange only at the post office of registration, and in the case of certificates registered at a post office of the third or fourth class the postmaster at the office of registration will arrange the exchange through his central-accounting postmaster. When war-savings stamp certificates of the current series (1921) are exchanged for Treasury savings certificates, no form of request for exchange is necessary, and the Treasury savings certificates will be issued only in the same name as the surrendered war-savings certificate.

124. **Exchange for stamp certificate of prior issues.**—Holders of unregistered war-savings certificates, not of the current annual issue, who desire to exchange them for Treasury savings certificates should be advised to forward them by registered mail to the nearest Federal reserve bank or direct to the Secretary of the Treasury, Division of Loans and Currency, with a request for exchange (Form 1021). Such certificate should, however, be signed by the owner in the same manner as if payment were made in cash before forwarding them for exchange. Holders of registered war-savings certificates, not of the current annual issue, who desire to exchange them for Treasury savings certificates should surrender them, duly signed in the receipt form, to the postmaster at the office of registration, who will forward them by official registered mail to the Third Assistant Postmaster General, Division of Stamps, for submission to the Treasury Department. The registration cards and the owner's request for exchange (Form 1020) shall accompany such certificates. The Treasury savings certificates issued in exchange for certificates not of the current annual issue will be inscribed in the same name as the war-savings certificate, unless another name and address be indicated in the owner's request for exchange.

125. **Treasury savings stamps.**—Post offices selling Treasury savings certificates shall also keep for sale \$1 Treasury savings stamps, one or more of which, when affixed to a Treasury savings card, will be accepted in part payment on the purchase price of war-savings stamps or Treasury savings certificates.

126. **Procedure.**—Detailed instructions for the issuance, sale, and payment of \$25 and \$100 Treasury savings certificates were published in the Postal Guide for January, 1921. Copies of these instructions will be furnished postmasters on request by the Third Assistant Postmaster General, Division of Stamps.

#### WAR-SAVINGS SUPPLIES.

127. **Requisitions for stamps.**—War-savings, thrift, and \$1 Treasury savings stamps and \$25 and \$100 Treasury savings certificates are furnished to accounting postmasters upon requisition on Form 3204 addressed to the Third Assistant Postmaster General, Division of Stamps. Central-accounting postmasters furnish stamps

to district offices on fixed credit. These stamps and certificates are invoiced and accounted for by quantity, not by value, owing to the changing price of war-savings stamps.

**128. Keeping up supplies.**—Central-accounting postmasters shall see that their district postmasters are kept fully and promptly supplied with war-savings and thrift stamps and that the fixed credits of district money-order offices are increased when necessary. Accounting postmasters shall keep themselves amply supplied by timely requisitions upon the Department.

**129. Supplies other than stamps.**—Postmasters should obtain thrift cards, blank war-savings certificates, envelopes, and registration cards by requisition on the Fourth Assistant Postmaster General, Division of Equipment and Supplies. District postmasters may obtain such forms in emergencies from their central-accounting postmaster, and accounting postmasters may obtain them in emergencies from the nearest office in the list given in Forms 3343 and 3348.

**130. Protection of stamps.**—The instructions for the protection of stamp stock against loss by burglary, published in sections 50 to 56, pages 33 and 34, this Guide, should be applied by postmasters to war-savings and thrift stamps.

**131. Discontinuance of direct transfers.**—Section 4, page 6, Form 3343, entitled "United States War-Savings Certificate Stamps—United States Thrift Stamps," providing for the transfer of war-savings and thrift stamps by requisition of central-accounting and direct-accounting postmasters upon the postmasters at certain centrally located post offices in each State, has been rescinded. When an unexpected demand arises for stamps for quick delivery, postmasters shall state the facts briefly on the requisition, and also state when delivery is needed; or, if the demand is immediate, the postmaster may telegraph to the Department for stamps. The Department will then, if the conditions appear to warrant such action, either expedite shipment from Washington or telegraph the postmaster at the nearest distributing office to supply the stamps. Postmasters must not make this method a practice, however, but must restrict it to emergency requirements which could not with reasonable foresight have been met by timely requisition and shipment in regular course.

#### DAMAGED WAR-SAVINGS SECURITIES AND INTERNAL-REVENUE STAMPS.

**132. Time of shipment for district offices.**—Postmasters at district offices shall, between the 1st and 10th of January, April, July, and October of each year, transmit imperfectly printed or damaged and unsalable war-savings, thrift, and internal-revenue stamps to their respective central-accounting postmasters with a request for sufficient salable stock to equal the damaged stock returned.

**133. Time of shipment and credit-accounting offices.**—Central-accounting and direct-accounting postmasters shall, between the 10th and 15th of January, April, July, and October, send by official registered mail to the Third Assistant Postmaster General, Division of Stamps, for redemption, all imperfectly printed or damaged and unsalable war-savings, thrift, and internal-revenue stamps on hand at their respective offices and claim credit therefor in item 7 of the current monthly war-stamp account, Form 3344. The date and registry number of the shipment containing the damaged stock shall be entered in the blank space between items 7 and 8.

**134. List.**—There shall be forwarded under separate cover an itemized list, signed by the postmaster and witnessed, showing the number of war-savings and thrift stamps and the number of each denomination and value of both documentary and proprietary stamps separately of each shipment. The Department will not send a formal notice of credit to the postmaster unless a difference is found in the stamps invoiced by him and the stamps found by count in the Department.

**135. Not to be shipped with postage-stamp stock.**—Damaged war-savings, thrift, and internal-revenue stamps must not be inclosed in the same package with damaged postage-stamp stock.

**136. Not to be redeemed from public.**—Damaged and unsalable war-savings, thrift, and internal-revenue stamps must not be redeemed by postmasters from the public.

**137. Damaged or spoiled Treasury savings certificates.**—When \$25 or \$100 Treasury savings certificates are spoiled or damaged in the custody of postmasters, such certificates, with the corresponding original registration stubs, shall at the close of each month's business be sent by official registered mail to the Third Assistant Postmaster General, Division of Stamps, with no other inclosure except the letter of transmittal.

**138. Credit for damaged or spoiled certificates.**—Credit for the damaged or spoiled certificates shall be claimed by postmasters in item 7 of the current account, Form 3344, after which shall also be written in ink the date and number of registered letter in which the certificates are sent to the Department.

**139. Certificates not to be shipped with other stock or reports.**—Monthly war-stamp accounts, damaged postage-stamp stock, damaged war-savings stamps, thrift stamps, and revenue stamps must not be inclosed with registered letter in which damaged Treasury savings certificates are inclosed.

#### WAR-SAVINGS AND INTERNAL-REVENUE STAMP ACCOUNTS AND REMITTANCES.

**140. War-stamp accounts.**—A war-stamp account on Form 3344 must be forwarded for each month, whether any business is transacted or not, by every accounting postmaster by ordinary mail in a penalty envelope addressed: "Third Assistant Postmaster General, Division of Stamps, Washington, D. C.," and bearing the words "War-stamp account" in large, plain letters in the lower left corner. The accounts of central-accounting postmasters shall include sales to district postmasters as well as to their own patrons.

**141. Direct-accounting postmasters.**—Direct-accounting postmasters shall prepare and submit this report not later than the fifth business day of each month for the business of the preceding month. The report shall be postmarked above the signature of the postmaster and immediately mailed to the Third Assistant Postmaster General, Division of Stamps.

**142. Central-accounting postmasters.**—Central-accounting postmasters shall close the account at the close of business on the fifth business day of each month for the business of the preceding month. The monthly

report shall be prepared and submitted to the Department not later than the seventh business day of the month and shall be postmarked above the postmaster's signature and mailed to the Third Assistant Postmaster General, Division of Stamps.

**143. Cash remittances.**—On the day the report is mailed remittance shall be made to the designated depository of all war-savings and internal revenue cash and of exchanged thrift stamps on hand pertaining to the business of the preceding month. Remittance shall also be made promptly during the month whenever the sales amount to \$100 or more. Withholding of any amounts due the Government on account of the sales of these stamps will not be permitted.

**144. Internal-revenue remittances.**—Cash received from sales of documentary and proprietary stamps shall be combined and remitted with a single letter of transmittal (Form 3044-c) to the designated depository.

**145. Certificates of deposit.**—State depository postmasters shall issue a single certificate of deposit (Form 1566-c) for such combined remittances of documentary and proprietary stamp funds, and shall deposit such combined revenue-stamp funds to the credit of the Treasurer of the United States on account of Post Office Department internal-revenue collections. (See sec. 161.)

**146. Letters of transmittal.**—Every letter of transmittal (Forms 3044-b and 3044-c) shall indicate the month for which the remittance is made in the space provided therefor.

**147. Remittance by district postmasters.**—District postmasters are required to remit war-savings and internal-revenue cash to the central-accounting postmaster whenever during the month the same amounts to \$25 or more, and promptly at the close of each month they shall remit all cash on hand from the previous month's sales. A requisition for a new supply to restore the fixed credit must accompany each remittance; otherwise the central-accounting postmaster shall send the district postmaster as many war-savings stamps as the remittance will cover, and the remainder, if any, in thrift stamps and cash. Form 3369 shall be used by district postmasters for remittance and requisition for war-savings and thrift stamps, and Form 3338 for documentary and proprietary stamps.

**148. Delayed remittances.**—When a remittance is received by a central-accounting postmaster after the close of business on the fifth day of the succeeding month, it is prima facie evidence that the district postmaster has not complied with section 147, and his remittance must be accepted at the current month's price for war-savings stamps, and he should be immediately notified by the central-accounting postmaster to remit the balance due to pay for war-savings stamps at the current price.

**149. Enforcement of rule.**—Central accounting postmasters will be held accountable to the Department for proper enforcement of section 147. Any district postmaster failing or refusing to pay the difference in price should be immediately reported to the Department, with a complete statement of the facts in the case.

**150. Delay in transit.**—Where remittances from district postmasters are delayed in transit, war-savings securities may be furnished to the district postmaster at the price for which they were actually sold by him, and credit for the difference in price will be allowed in item 18 of the central-accounting postmaster's monthly account, Form 3344, upon a signed statement of the central-accounting postmaster that the remittance was actually made by the district postmaster on the first business-day of the month and was unavoidably delayed in transit, stating the cause of delay.

**151. When certificate of deposit has not been received.**—Where a certificate of deposit has not been received by an accounting postmaster for the last remittance made to close the account, the date and amount of the remittance shall be entered under item 24a of Form 3344.

#### ADHESIVE DOCUMENTARY AND PROPRIETARY INTERNAL-REVENUE STAMPS.

**152. Uses.**—The act of Congress approved February 24, 1919, known as the revenue act of 1918, requires that internal-revenue documentary and proprietary stamps shall be kept on sale by postmasters. These stamps are not good for postage. The documentary stamps are to be used for stamp taxes upon parcel-post packages on which the postage is 25 cents or more (see sec. 154), and upon promissory notes, conveyance, and other business and legal documents as set forth in the law (see sec. 170, p. 143). The proprietary stamps are to be used for stamp taxes upon proprietary medicinal and toilet preparations, etc. (see sec. 171, p. 44).

**153. Law.**—The Commissioner of Internal Revenue shall furnish to the Postmaster General without prepayment a suitable quantity of adhesive stamps to be distributed to and kept on sale by the various postmasters in the United States. The Postmaster General may require each such postmaster to give additional or increased bond as postmaster for the value of the stamps so furnished, and each such postmaster shall deposit the receipts from the sale of such stamps to the credit of and render accounts to the Postmaster General at such times and in such form as he may by regulations prescribe. The Postmaster General shall at least once monthly transfer all collections from this source to the Treasury as internal-revenue collections. (Revenue act of 1918, sec. 1106.)

**154. Parcel-post packages.**—Upon every parcel or package transported from one point in the United States to another by parcel post on which the postage amounts to 25 cents or more, a tax of 1 cent for each 25 cents or fractional part thereof charged for such transportation, to be paid by the consignor. No such parcel or package shall be transported until a stamp or stamps representing the tax due shall have been affixed thereto. (Revenue act of 1918, sec. 1107, par. 14.) (NOTE.—Documentary stamps, and not proprietary nor postage stamps, must be used for internal-revenue tax on parcels transported by mail.)

**155. To be kept on sale in post offices.**—Internal-revenue documentary and proprietary stamps shall be kept for sale at all post offices: *Provided*, That proprietary stamps need not be kept for sale at post offices having no public demand therefor.

**156. Supplied to accounting postmasters.**—The stamps shall be issued by the Third Assistant Postmaster General, Division of Stamps, to postmasters at all direct-accounting and central-accounting offices.

**157. To district postmasters.**—Postmasters at central-accounting offices shall supply stamps to postmasters at district post offices in their respective territories.

**158. Fixed credits.**—A fixed credit shall be allowed by central-accounting postmasters to district postmasters for documentary and proprietary stamps sufficient to meet the public demand.

**159. Remittances by district postmasters.**—District postmasters shall remit to their central-accounting postmasters the entire proceeds of sales of documentary and proprietary stamps promptly at the close of each month, or whenever during the month the same amount to \$25. Central-accounting postmasters shall furnish new supplies of stamps to district postmasters to the amount of the remittances.

**160. Accounts.**—Accounting postmasters shall keep accounts of their transactions in documentary and proprietary stamps. Promptly at the close of each month they shall render to the Third Assistant Postmaster General, Division of Stamps, an account of sales thereof.

**161. Remittances by accounting postmasters.**—Accounting postmasters shall remit to their designated depository the entire proceeds of sales of documentary and proprietary revenue stamps promptly at the close of each month, or whenever during the month the same amount to \$100. The State depository postmaster shall issue a certificate of deposit, which shall be a voucher to the monthly account of the accounting postmaster. The certificate of deposit given by designated State depository postmasters to accounting postmasters shall be issued in triplicate; the original to be sent to the Third Assistant Postmaster General, Division of Stamps, with the depository postmaster's monthly transcript, Form 3347; the duplicate copy to be sent to the accounting postmaster and retained by him as an office record, and the triplicate copy to be retained by the depository postmaster as an office record.

**162. Deposits by State depository postmasters.**—State depository postmasters shall deposit daily the entire cash proceeds of sales of documentary and proprietary revenue stamps at their own offices, together with the entire amount of internal revenue cash received from accounting postmasters, in local active United States depositories to the credit of the Treasurer of the United States on account of Post Office Department internal-revenue collections. Certificates of deposit shall be obtained therefor and forwarded as vouchers to Form 3344-A.

**163. Denominations.**—The denominations of documentary stamps are as follows: 1, 2, 3, 4, 5, 8, 10, 25, 40, 50, 80 cent; 1, 2, 3, 5, 10, 30, 60, 100, 500, 1,000 dollar. The denominations of proprietary stamps are 1, 2, 3, 4, 5, 8, 10, 20, 40 cent.

**164. Emergency supplies.**—If new supplies of internal-revenue stamps are needed before delivery can be made from the Department in Washington, direct-accounting and central-accounting postmasters may purchase them from other postmasters or from the nearest collector or stamp deputy collector of internal revenue under the provisions of paragraphs 6 and 7, section 334, Postal Laws and Regulations, using internal-revenue funds for the purpose.

**165. Initial supply to district postmasters.**—The first supply of documentary and proprietary stamps shall be issued to district postmasters on fixed credit. An itemized statement of the stamps so issued shall be prepared by the central-accounting postmaster on Form 3338 and shall be mailed with the shipment to the district postmaster, who shall keep it as an office record. The central-accounting postmaster shall prepare a fixed credit receipt on Form 3367, to be sent with the stamps to the district postmaster, who shall sign, postmark, and return it promptly to the central-accounting postmaster. The latter shall keep the receipt as an office record.

**166. Changes of fixed credits.**—Fixed credits for internal-revenue stamps may be increased or decreased by central-accounting postmasters when in their judgment a greater or less stock is needed by a district postmaster to supply the public demand. When the amount of a fixed credit is changed, a new receipt on Form 3367 shall be given by the district postmaster, and his old receipt shall be returned to him. The receipt shall also be returned when a fixed credit is closed.

**167. Shipments and remittances to be registered.**—All shipments of internal-revenue stamps and remittances of cash shall be made by official registered mail, and the correctness of each shipment and remittance shall be attested on each requisition and invoice by a witness at both the central-accounting and the district post office.

**168. Requisitions of district postmasters.**—To obtain new supplies of internal-revenue stamps, district postmasters shall send to their central-accounting postmaster a requisition on Form 3338, suitably altered with pen, and shall remit the cash proceeds of previous sales. The cash remittance and the requisition shall be for the same amount; this will maintain the fixed credit. An invoice on Form 3338, suitably altered with pen, shall be sent with each shipment by the central-accounting postmaster. Separate requisitions and invoices shall be prepared for documentary and for proprietary stamps.

**169. Not redeemable by postmasters.**—Revenue stamps are not redeemable from the public by postmasters. District postmasters shall draw requisitions for special-request stamped envelopes through the central-accounting postmaster on Form 3202-d promptly on receipt of order from purchaser. The central-accounting postmaster shall record the requisition and forward it immediately to the Department. The envelopes when received by him shall be forwarded at once by registered mail, with an invoice on Form 3338, to the district postmaster, who shall promptly remit the amount of the invoice to the central-accounting postmaster.

184. **Count of stamps by central-accounting postmaster.**—Stamp stock issued to district postmasters shall be counted by the central-accounting postmaster or by a designated employee of his office, in the presence of a witness, both of whom shall sign the requisition to attest the correctness of the count.

185. **Shipment.**—The central-accounting postmaster shall ship stamp stock to district postmasters by free official registered mail, and shall write the registry numbers of all shipments upon the filed requisitions.

186. **Invoice.**—Shipments of stamp stock shall be accompanied with an invoice on Form 3338, which shall be itemized as to quantities and denominations issued, and shall show the total value of the stamp stock invoiced.

187. **Opening of package by district postmaster.**—The district postmaster shall open all registered shipments of stamp stock immediately upon receipt from the central-accounting postmaster by cutting the ends of the envelopes or wrappers thereof in the same manner as required in opening registry jackets. Care must be taken to preserve seals intact. This shall be done in the presence of a witness. The district postmaster and the witness shall sign the invoice with ink and note thereon the registry numbers and date of receipt. The invoice shall then be filed as a permanent record by the district postmaster.

188. **Discrepancies.**—If stamp stock received by a district postmaster is found not to correspond with the invoice, he shall immediately report the facts to the central-accounting postmaster, meantime holding intact the stamp stock and all packing material in which it was received. The central-accounting postmaster shall investigate the report carefully, and shall recall any excess or supply any shortage in the stamp stock issued to the district

postmaster. If he can not verify a reported shortage, the central-accounting postmaster shall notify the nearest post office inspector, and shall request the district postmaster to hold the stamp stock and packing material intact pending investigation by the inspector. Meantime the district postmaster shall draw requisition upon the central-accounting postmaster for a new supply of stamp stock if needed, and his fixed credit shall be temporarily increased by the amount of such requisition.

**189. Damaged postage stamps in district offices.**—Stamp stock redeemed by district postmasters or damaged in their possession shall be sorted and packed as directed in section 345, Postal Laws and Regulations, and in sections 200 to 205, page 50 of this Guide, and shall be sent by registered mail to the central-accounting postmaster, who shall send the district postmaster by registered mail such other stamp stock in exchange as may be requested.

**190. Treatment of damaged postage stamps by central-accounting postmaster.**—The central-accounting postmaster shall label and send all stamp stock redeemed from district postmasters, by registered mail, not oftener than once a quarter, to the Third Assistant Postmaster General, Division of Stamps, for credit in his account. He shall also include with the shipment any stamp stock redeemed by or damaged in his own post office. The shipment shall be sorted, packed, and listed as directed in section 345, Postal Laws and Regulations, and in sections 200 to 205, page 50 of this Guide.

**191. Accounts of central-accounting postmaster.**—Postmasters at central-accounting offices shall render to the Third Assistant Postmaster General, Division of Stamps, a quarterly stamp account, and to the Auditor for the Post Office Department a quarterly postal account.

**192. Stamps sold to district postmasters excluded from gross receipts of central-accounting postmasters.**—Stamp stock issued and sold by central-accounting postmasters to district postmasters shall be reported, and shall not be included in gross receipts for the purpose of fixing salaries of postmasters at central-accounting offices under section 270, Postal Laws and Regulations.

**193. Receipt for cash.**—Whenever the surplus postal funds at a district office are insufficient to meet the expense of the office and cash is advanced by the central-accounting postmaster on application, he will accompany the remittance with Form 3368 properly filled in. District postmasters are required to promptly sign, postmark, and return it to the central-accounting postmaster. These receipts, arranged in alphabetical order, shall be filed by the central-accounting postmaster with his retained copy of Form 1545-c, "Quarterly report of stamp and cash transactions with district offices," and must agree with the amounts listed in columns 3 and 4 of that report. Receipts are not necessary and shall not be taken by central-accounting postmasters when stamp stock is sold to district postmasters for surplus postal cash.

**194. Records of war-savings, thrift, documentary, and proprietary stamps.**—Central-accounting and direct-accounting postmasters shall keep separate records on insert Form 3342 of war-savings, thrift, Treasury savings, documentary, and proprietary stamps received, sold, and on hand. This insert form shall be pasted in the postmaster's account and record book at the statement of postage stamps, etc., received and sold in the corresponding month. The documentary stamps shall be recorded opposite the printed caption "War-tax revenue stamps," and the proprietary stamps shall be recorded on the blank lines on the lower half of the blank.

## DIRECTIONS FOR RETURNING POSTAGE-STAMP STOCK FOR CREDIT.

197. **Unsalable and undamaged postage-stamp stock.**—Unsalable and undamaged postage stamps, stamp books, stamped envelopes, postal cards, and newspaper wrappers must NOT be returned without first obtaining permission.

198. **Preparation of redemption shipments.**—Stamped envelopes, stamp books, postal cards, and other stamped paper returned to the Department must be securely wrapped and sealed, and sent by registered mail, or by freight when so authorized, addressed to the Third Assistant Postmaster General (Division of Stamps) and when practicable should be forwarded in a single package. The postmark of the forwarding office should be legibly stamped on the package. Each shipment must be accompanied with a letter containing a statement showing the number of pieces of each denomination and the value of the stock sent, with the reason for its return. The postmaster must also certify in his letter that none of the postage stamps have been redeemed from the public, and that all envelopes and postal cards bearing printed return cards or addresses have been redeemed from original purchasers. (Secs. 344 and 346, Postal Laws and Regulations.) Redeemable stamp stock held by district postmasters shall be sent to their central-accounting postmaster, with a requisition for new stock desired in exchange. The stock returned must be counted, prepared for shipment, and dispatched in the presence of a disinterested witness.

200. **Postmark and signature.**—The postmark should be plainly stamped at the head of the letter, and the postmaster's name and title must be signed to it legibly.

201. **Packages.**—Each kind and denomination of stamp stock, except adhesive stamps, must be separated into packages of 25, 50, or 100, and the stamps impressed thereon arranged to uniformly cover one another. Postage stamps of different denominations must not be mixed.

202. **Full sheets.**—Postmasters should not tear stamps apart, but should, so far as practicable, forward them to the Department in full sheets.

203. **Mutilated stamps.**—More than one-half a stamp must be returned or no credit will be allowed therefor.

204. **Treatment of stuck stamps.**—Stamps not in original banded packages that are stuck together should be separated by soaking in hot water.

205. **Treatment of separated stamps.**—When stamps are in less than full sheets they should be pasted carefully on sheets of paper, 100 stamps to a sheet, in 10 regularly arranged rows of 10 stamps each. Any stamps over the full sheets of 100 should be pasted on a separate sheet of paper in regularly arranged rows of 10 stamps each. More than one denomination should not be pasted on a sheet.

206. **Time of shipment.**—Shipments should not be made to the Department oftener than once a quarter, and should be made at least 30 days prior to the end of the quarter, so that the credit may be included in the same quarter. Large shipments should be made in cases or boxes, but not in mail pouches or sacks. Those received too late will be credited in the next quarter.

207. **Credits.**—Central-accounting and direct-accounting postmasters shall claim credit for the value of postage-stamp stock returned to the Department for redemption, as shown in the list required by section 199, in item D of their quarterly stamp account on Form 3325 for the quarter in which the stock was sent to the Department.

208. **To replace redeemed stamped paper.**—Stamped paper will not be sent in exchange for that which is returned. Requisition must be made on the proper form for stock desired to replace that sent to the Department for credit.

## POSTAL FUNDS.

### CARE OF PUBLIC FUNDS AND PROPERTY.

1. **Must not loan or improperly deposit.**—Postmasters shall keep safely, without loaning, using, depositing in an unauthorized bank or exchanging for other funds, all the public money collected by them, or which may come into their possession, until it is ordered by the Postmaster General to be transferred or paid out. The regulations relative to the care of public funds apply to money order and key deposit funds as well as postal funds.

2. **Funds and stamps to be kept in secure place.**—If the post office is not such a reasonably safe place as to warrant the postmaster in leaving his own funds in it at night, or if the building is unoccupied, all moneys and postage stamps should be removed to a place of greater security. During business hours money and postage stamps should be kept in places inaccessible to the public and concealed from view. When funds or postage stamps are left at night in offices unprovided with iron safes, they must be kept in strong drawers or other fixed receptacles which must be securely fastened with good locks. The doors and windows of the office should be made as secure as possible. (See secs. 360 and 361, Postal Laws and Regulations.)

3. **Cash funds kept separate.**—Postmasters must keep their various cash funds entirely separate from each other. (See sec. 1228, Postal Laws and Regulations.)

4. **Cashing Government paper.**—Postmasters may cash with postal funds, Government paper of any kind (disbursing officers' checks, which includes disbursing postmasters' checks in payment for rural delivery service, pension checks, Post Office Department warrants, Postal Savings System checks and drafts, etc.), provided they are received from responsible persons whose endorsement thereon the postmaster guarantees and provided such paper will be accepted at par by the depository to which the postmaster must remit it as surplus postal funds (See sec. 372, Postal Laws and Regulations.) When the payee of a check or warrant is not personally known, he should be required to establish his identity to the satisfaction of the postmaster.

5. **Coupons of Liberty loan bonds.**—Under the regulations referred to in paragraph 4, postmasters should use postal funds to cash coupons of the Liberty loan bonds of the United States upon presentation at their offices. Postmasters may deposit such coupons in bank to their official credit or may include them in their regular remittances to accounting offices or depositories in settlement of *postal* balances due. When included in such remittances they should be forwarded by official registered mail. It is not contemplated, however, that postmasters shall take over accumulations of such coupons from banks and other corporations or firms having ample facilities for their collection. Care also must be exercised to avoid the cashing of coupons that are not due.

6. **Foreign or mutilated coin.**—Postmasters should not accept foreign gold or silver coins as they are not legal tender in the United States; or perforated, mutilated, or abraded coins; or mutilated paper currency; except fractional silver coins, worn by abrasion, which must be received so long as the superscription thereon can be distinguished. (Sec. 333, Postal Laws and Regulations.)

7. **Legal tender of small coins.**—Five and 1 cent pieces, are legal tender to the amount of 25 cents and fractional silver up to \$10. (Sec. 333, Postal Laws and Regulations.)

8. **Making change.**—Postmasters should provide themselves with a sufficient amount of minor coins and bills of small denomination to enable them to make change for purchases of stamped paper. When a postmaster is unable to make change, the purchaser must tender the exact amount of the purchase. (See sec. 333, Postal Laws and Regulations.)

9. **Key deposit funds.**—For information concerning the key deposit fund see sections 357, 358, 359, and 366, Postal Laws and Regulations.

### CANCELLATION OF STAMPS IN RELATION TO THE COMPENSATION OF FOURTH-CLASS POSTMASTERS.

10. **When credit for cancellation is not allowed.**—Postmasters will not be allowed credit for the cancellation of stamps on matter not actually mailed at their offices, nor for the cancellation of stamps on matter diverted from other post offices, nor for the cancellation of stamps not defaced at the mailing office, nor for the cancellation of internal-revenue stamps or special delivery stamps, nor for the cancellation of ordinary stamps when affixed to mail matter for the purpose of effecting special delivery, nor for the cancellation of the penalty clause on official envelopes. (Secs. 272 and 273 as amended, and 531 and 538, Postal Laws and Regulations.)

11. **Third-class mailings.**—For instruction in regard to claiming credit for the cancellation of stamps on deposits made to cover the mailing of third-class matter see section 422, Postal Laws and Regulations.

12. **Boxes at railway stations.**—Postmasters may for the convenience of the public erect boxes at railway stations for the reception of mail matter and cancel the stamps on said matter at the stations either personally or by sworn employee. (See sec. 530, Postal Laws and Regulations.)

13. **Late mailings.**—When any mail matter is received too late to be put in the lock pouch, the postmaster or sworn assistant or clerk may, after postmarking and canceling the same, deliver it in person to the railway postal clerk. (See sec. 568, Postal Laws and Regulations.)

14. **Diversion of mail.**—Postmasters must not solicit the mailing of matter at their offices by persons living or doing business within the delivery of another post office. Postmasters at post offices of the fourth class are hereby instructed not to claim credit for the cancellation of postage stamps on matter diverted from other post offices to their post offices for mailing, and they will report to the Department (Office of the Third Assistant Postmaster General) all such cases coming to their knowledge. The report should show the amount of postage stamps canceled on such diverted matter and the names and addresses of the senders thereof. Violation of this regulation will be regarded as cause for removal. (See sec. 531, Postal Laws and Regulations.)

15. **Solicitation.**—The penalty for soliciting the diversion of mail matter from an office where it should properly be dispatched to another, for the purpose of increasing the emoluments of the latter office, is a fine of not more than \$500 or imprisonment for not more than two years or both. (See sec. 1681, Postal Laws and Regulations.)

16. **False returns.**—In any case where the Postmaster General shall be satisfied that a postmaster has made a false return of business it shall be within his discretion to withhold commissions on such returns and to allow any compensation that under the circumstances he may deem reasonable. (See sec. 145, Postal Laws and Regulations.)

17. **Cooperation of central accounting offices.**—It is very important that postmasters at central accounting offices cooperate with the Department by reporting to the Third Assistant Postmaster General, Division of Finance, all suspected cases of diversion of mail and false returns of cancellations.

#### FAILURE TO CANCEL POSTAGE STAMPS

18. **Faulty cancellation.**—Postage stamps affixed to mail matter or the stamped envelopes in which mail is inclosed must be canceled by the postmaster at the mailing office with black canceling ink in such way that defacement of the stamps is complete, to prevent the cleaning and reuse of the canceled stamps. The postmaster at the office of delivery should be careful to cancel with the postmarking stamp of his office all stamps which have escaped cancellation at the office of mailing. He should obtain from the addressees when possible the envelope bearing such stamps together with the names of the offices of dispatch and transmit them to the Third Assistant Postmaster General, Division of Finance, with his report. (See secs. 538 and 539, Postal Laws and Regulations.)

19. **Only canceling ink furnished by the Department to be used.**—The failure to cancel postage stamps properly, whether due to carelessness on the part of a postmaster, or to the use of inferior canceling ink, results in serious losses to the Government. The revenues of the postal service must be protected by the proper cancellation of stamps with canceling ink furnished by the Department. No other ink for that purpose must be used. (See secs. 70, 539 and 542, Postal Laws and Regulations.)

#### DISBURSEMENT OF POSTAL FUNDS.

20. **Expenditures by postmaster.**—The salary of a postmaster, and such other expenses of the postal service authorized by law as may be incurred by him and for which appropriations have been made, may be deducted from the receipts of his office, under the direction of the Postmaster General.

21. **Salary payments and transfer of funds at direct accounting offices.**—Postmasters must be prepared to pay salaries semimonthly within three days (including Sundays and holidays) after the expiration of the fifteenth and last days of the month, except when both a Sunday and a holiday fall within said three days, in which event the period within which payments shall be made may be extended one day. Whenever the postal funds at an accounting office are not sufficient to make such payments transfers should be made from the money order to the postal account. If the available postal and money order funds combined are insufficient for this purpose application for funds should be made on Form 3011 to the Third Assistant Postmaster General, who will cause an accountable warrant to be issued for the sum needed. Form 3011 is furnished to disbursing postmasters only, and may be obtained upon requisition to the Third Assistant Postmaster General. (See secs. 384 as amended and 1232 Postal Laws and Regulations.)

22. **Deceased employees.**—For instructions relative to making payments to representatives of deceased employees, in settlement of balances due as salary or otherwise, see section 389, Postal Laws and Regulations.

23. **Payments during quarter.**—All authorized payments of whatever kind should be made in the quarter in which the expense occurs and the vouchers for such expenditures forwarded to the auditor with the postal accounts for that quarter. (See sec. 390, Postal Laws and Regulations.)

24. **Warrant payments.**—All payments for carrying the mails on star, steamboat, railroad, electric car, pneumatic tube, and special office routes, and for any temporary service that may be employed in connection with said routes, are made by warrants drawn on the United States Treasury. Postmasters should not pay for such service, and must not expect the Department to refund any money they may have erroneously paid for the carriage of the mails. The Department can not pay postmasters for carrying the mails, neither can it allow postmasters credit in their quarterly accounts for money paid by them for such service. Payments will be made by warrant on the Treasury direct from the Department after the expiration of each month and as soon as accounts can be settled, if required evidence of service has been received. (See sec. 1440, Postal Laws and Regulations.)

#### RULE FOR COMPUTING SALARIES OF EMPLOYEES IN THE POSTAL SERVICE.

25. **How calculated, salary tables.**—Section 4 of the act of Congress, approved March 4, 1911, provides as follows:

"That after June thirtieth, nineteen hundred and eleven, where the salary or compensation of any employee in the postal service is at an annual or monthly rate, the following rules shall be followed in computing the amount due: An annual salary or compensation shall be divided into twelve equal installments, one of which shall be the pay for each calendar month; and in making payment for a fractional part of any calendar month there shall be paid such proportion of one of such installments, or of the amount of the monthly salary or compensation, as the number of days in the fractional part of that month bears to the actual number of days in that month." (See sec. 202, Postal Laws and Regulations.)

In computing salaries based on annual rates of pay the following method will be observed:

To obtain the monthly rate of pay, divide the annual rate by 12. If the monthly rate contains a fraction of one-third of a cent, it will be reckoned as a cent in paying salaries for the months of March, June, September, and December, and disregarded for all other months. If the monthly rate contains a fraction of two-thirds of a cent, it will be reckoned as a cent in paying salaries for the months of February, March, May, June, August, September, November, and December, and disregarded for all other months.

To obtain the daily rate of pay, first divide the annual rate by 12. Then divide the resulting sum, including the fraction of the cent when it appears in the quotient, by the number of days in the month for which the salary is being paid. If the fraction in the last resulting sum amounts to a half-cent, or less, it will be disregarded. If the fraction is more than a half-cent, it will be reckoned as a cent.

**27. When to deposit.**—For information in regard to the time and place for making regular deposits of surplus postal funds. (See sec. 368, Postal Laws and Regulations as amended.)

**28. Drafts permitted.**—Postmasters are permitted to remit their surplus postal funds by means of bank drafts, provided they can make satisfactory arrangements with their depositaries to accept them and that it be done at the risk and expense of remitting postmasters. (See sec. 372, Postal Laws and Regulations.) Drafts should not be sent by registered mail.

**29. Private checks not accepted.**—The use of personal checks and the drafts of private banks, postage stamps, foreign coins or notes and mutilated coins for remitting postal funds is not permitted. (See sec. 372, Postal Laws and Regulations.)

**30. Quarterly postal accounts.**—Accounting postmasters should take credit in their quarterly accounts for postal deposits. Postal accounts must be rendered to the Auditor for the Post Office Department promptly at the close of each quarter. Certificates of deposit must be examined on receipt, and if any error is found therein, immediate notice should be sent to the depositary postmasters in order that the necessary correction may be made, (See sec. 373, Postal Laws and Regulations.)

**31. Temporary deposits in banks.**—Any postmaster having public money belonging to the Government. at an office within a city or town where there is no Treasurer or Assistant Treasurer of the United States, or designated depositary, may deposit the same temporarily, at his own risk and in his official capacity, in any national or State bank in the State in which the said postmaster resides, or in which his office is located, or within a reasonable radius of his post office in an adjacent State, but no authority or permission is or shall be given for the payment to or receipt by a postmaster or any other person, of interest, directly or indirectly, on any deposit made as herein described. (See sec. 363, Postal Laws and Regulations.)

**32. Deposits for safe-keeping only.**—Any postmaster may, at his own risk and expense, place any public funds and property in his custody in any bank located in the town, city, or county in which the postmaster resides, for *safe-keeping*; that is to say, such funds and property may be kept in a receptacle under the depositing postmaster's exclusive control, and the receptacle placed in a safe deposit vault of such bank, or otherwise entrusted to it for *safe-keeping*, at the risk and expense of the depositing postmaster. Under no circumstances may such funds or property specially deposited in any bank for safe-keeping be used by the bank or become a part of its assets, or be mingled with its regular deposits. Nothing in this section shall be so construed as to affect the claim of any postmaster to credit or reimbursement on account of loss resulting from burglary, fire, or other unavoidable casualty. (See sec. 364, Postal Laws and Regulations.)

**33. Deposits not to be sent to Department nor to auditor.**—Postal funds must not be sent to the Department nor to the auditor. Neither the Post Office Department nor the Auditor for the Post Office Department is a depositary for postal funds, and remittances so sent may be returned at the postmaster's risk of loss. (See sec. 369, Postal Laws and Regulations.)

34. **War-savings stamps—War-revenue (internal revenue) stamps.**—In making remittances of funds derived from the sale of war savings, Treasury savings, and thrift stamps, and war revenue stamps, care must be taken to designate the class of remittance, so that the depository postmaster may give the proper receipt.

35. **Currency and coin.**—Remittances of surplus postal funds when in the form of currency, coin, paid war-savings stamps and Liberty loan coupons, should be sent by official registered mail, addressed to the postmaster designated as the depository. (See sec. 371, Postal Laws and Regulations.)

36. **Preparation of remittances.**—For instruction concerning the preparation, witnessing, description and registration of remittances, see sections 371 and 915, Postal Laws and Regulations.

37. **Designation on envelope.**—When remitting postal funds to their depositories postmasters are directed to mark on the envelope inclosing the same "Postal funds" in order to distinguish them from all other funds, and to facilitate the handling of such remittances at the depository offices.

38. **Counterfeit money.**—When any notes or coin included in a remittance are returned by the depository, branded or marked as counterfeit, the postmaster will take credit for only the amount named in the certificate of deposit and immediately make an additional remittance to cover the amount due. No reimbursement will be made to postmasters for losses occasioned by the acceptance of counterfeit money. (See sec. 117, Postal Laws and Regulations.)

#### BOX RENTS AND KEY DEPOSITS.

39. **Schedule.**—To provide an equitable rule for the collection of box rents the following schedule, based upon the kind and capacity of boxes and the gross receipts at post offices, has been adopted by the Department in the establishment and maintenance of box delivery service. Postmasters must not increase rates until authorized to do so by the Third Assistant Postmaster General. (See sec. 352, Postal Laws and Regulations.)

#### ACCOUNT OF RECEIPTS FROM BOX RENTS.

40. **Must account to auditor.**—Postmasters at all offices, even where the box equipment is furnished by them, must account to the Auditor for the Post Office Department at the end of each quarter for the box rents collected for boxes assigned for that quarter, as part of the receipts of the office, and in case of retirement from office during a quarter, the exact amount of box rents collected only will be reported. Where different postmasters serve in the same quarter, the division between them of the box rents, which are a part of the compensation of the office, will be adjusted by the auditor, and proper credits authorized. (See sec. 354, Postal Laws and Regulations.)

#### FORFEITED KEY DEPOSITS.

41. **Use of key fund.**—Postmasters are instructed to replace, by expenditure from forfeiture funds, such a number of the keys found to be lost or withheld from delivery boxes, at a cost not to exceed 20 cents a key, as may be needed to keep the equipment serviceable and to furnish box renters with the number of keys for which they may apply, not to exceed three keys a box, and to record such expenditures promptly in the Box and Key Register (Form 1091). The key redemption funds must not be used in replacing missing keys nor must any keys be replaced from forfeiture funds unless they are represented by forfeited key deposits in the custody of the postmaster. (See sec. 358, Postal Laws and Regulations.)

42. **Expenditures.**—No postmaster will be permitted to expend from key funds any amount in payment of bills demanded for keys unless an itemized statement is presented with each bill, showing the number and kind of keys for which payment is demanded. (See sec. 359, Postal Laws and Regulations.)

#### QUARTERLY NEWSPAPER AND PERIODICAL REPORTS.

43. **Statements to be sent to Third Assistant, Division of Classification.**—Postmasters should not send to the Auditor for the Post Office Department, with their quarterly postal accounts, the statement of postage at the pound rates collected in money on second-class matter mailed by publishers and news agents (Form 3551, Presidential, and Form 3551-a, fourth-class). These statements, together with the manifold copies of receipts

Remit all surplus funds to your designated depository and postmark and sign the account before mailing.
- (b) A *semimonthly list of international and domestic-international money orders paid*, Form 6014, shall be forwarded with the paid orders in a separate envelope No. 44 or No. 80 marked "INTERNATIONAL," immediately after the close of business on the 15th and last days of each month. The total of the domestic-internationals shall be included in the monthly recapitulation under the heading "Domestic Money Orders Paid," while the total of the internationals shall be recapitulated under "International Money Orders Paid." Postmasters at the largest offices transmit daily or quarter-monthly lists of domestic paid money orders in accordance with special instructions.

- A *monthly money order account*, Form 6010, shall be forwarded with all paid money orders and spoiled forms in envelope No. 44 or No. 80 immediately after the close of each month. Enter the amount of the authorized reserve, funds in transit, etc., in the spaces provided therefor. Place all vouchers and abstracts pertaining to the city delivery service in a special envelope, No. 79, marking thereon "City Delivery Service." Follow the same procedure with respect to abstracts, vouchers, and pay rolls pertaining to the railway mail service, rural delivery service, and clerks and employees in post offices. Forward the account and supporting documents in one package.

## 52. Third and fourth class post offices:

A *quarterly postal account*, Form 1545a, third class, or Form 1553, fourth class, shall be forwarded, with all supporting vouchers, to the central accounting postmaster immediately after the close of the quarters ending March 31, June 30, September 30, and December 31. Postmasters in Alaska, Guam, Samoa, and the Virgin Islands render their accounts direct to the Auditor for the Post Office Department.

**53. Money order reserve and funds in transit.**—All surplus money order funds in excess of the amount authorized to be retained shall be deposited each day, or as soon as the amount reaches \$50.00. When an excessive balance results through the receipt of money order funds after the remittance for the last day of the month has been made the accumulated excess must be dispatched to the depository by the first mail on the next business day. The amount thus remitted shall be entered on the account of the preceding day as funds in transit, indicating the date on which the funds were actually forwarded, as "July 1," "Aug. 1," "Sept. 1," etc. It is imperative that money order accounts be rendered immediately after the close of each month and all surplus funds deposited as indicated above. Postmasters having funds in transit at the close of a quarter shall hold their last money order account until the certificates of deposit are received in order that credit may be claimed in the same quarter in which the certificates are issued and dated. An account shall not be held for that purpose for more than three days, and under no circumstances shall credit be taken in an account for a certificate issued in a subsequent quarter. Accounts shall not be held where it is manifest that the certificates to be issued will bear dates of a subsequent quarter. In such instances the amounts of the remittances shall be noted as funds in transit and included in the balance due the United States as cash on hand. In claiming credit for a money order remittance the date to be entered in the cash book shall be that on which the certificate is received except at the close of the quarter, when credit shall be claimed under date of the certificate itself. In the few cases where a certificate of deposit is received after the account has gone forward bearing date of the quarter just closed, credit shall be taken in the next monthly money order account.

## APPOINTMENTS, BONDS, AND COMPENSATION.

### POST OFFICE EMPLOYEES.

**1. Acting postmasters.**—In accordance with the act approved April 24, 1920, making appropriations for the postal service for the next fiscal year, the Postmaster General will on and after July 1, 1920, appoint acting postmasters instead of having acting postmasters designated as heretofore by the sureties on postmasters' bonds. Each acting postmaster so appointed will be required to furnish a bond effective from the date he assumes charge of the office. The bond must be furnished without delay.

**2. Civil service examination; preparation of applicants.**—Under Executive order dated October 13, 1905, no Government employee shall be concerned in any manner in the instruction of applicants for examination before the Civil Service Commission, under penalty of dismissal from the service.

**3. Probationary appointments of post office employees.**—The civil service act provides that there shall be a period of probation before any absolute appointment, and civil service Rule VII fixes the probationary period at six months.

(a) If and when, after full and fair trial, during this period, the conduct and capacity of the probationer be not satisfactory to the appointing officer, the probationer shall be so notified in writing, with a full statement of reasons, and this notice shall terminate his services. His retention in the service beyond the probationary period confirms his absolute appointment. A carbon of the statement of reasons furnished the employee must be transmitted to the Department with the report on proper form of his separation from the service.

**4. Probationary period begins.**—The six months' probationary period for every person appointed in the post office service shall begin on the date of appointment as a regular employee and not on the date of appointment as substitute.

### BONDS OF ASSISTANT POSTMASTERS, EMPLOYEES, AND CITY LETTER CARRIERS.

**5. Use of proper form.**—Form 1117 should be substituted for bonds of assistant postmasters, city letter carriers, and other employees in post offices as soon as the present supply of Forms 1536, 1537, 1652, 1654, and 1906 has been exhausted.

**6. In the original bond furnished the effective date and roster title inserted must in every instance agree with the date and title previously reported to the Department.**

The Department is now compelled to perform a large amount of clerical work which would be unnecessary if assistant postmasters and other postal employees were more careful in executing their bonds. In order to reduce this work to the minimum postmasters are instructed to carefully examine bonds of their employees to see that they are executed in accordance with the instructions printed on the bonds and in the Postal Guide. Compliance with instructions will make it unnecessary to return bonds to principals for correction.

Blanks for executing bonds of assistant postmasters, employees, and carriers should not be supplied to surety companies or their representatives, and when such bonds are to be executed the necessary blank will be furnished the principal by the postmaster, who should obtain the necessary supply from the Fourth Assistant (Division of Equipment and Supplies).

**7. In force until renewed.**—Bonds executed on the forms above mentioned, when accepted by the Department, will, unless the employee is transferred to another branch of the service, remain in force until another bond is furnished by direction of the Department or at the request of the clerk or carrier concerned or of the surety.

**8. Amount of bond.**—The bonds of assistant postmasters and cashiers may be fixed in any sum sufficient to protect the Government against loss, but in no case will a bond for a sum less than \$1,000 be accepted. Carriers' and substitute carriers' bonds must be executed in the sum of \$1,000. The amount of bond of other employees in first and second class offices may be fixed by the postmaster in accordance with the financial responsibility of the employee, but in no case will a bond for less than \$1,000 be accepted.

**9. Rural service.**—For bonds of rural carriers and substitute rural carriers see section 723, Postal Laws and Regulations.

**AUTHORITY FOR EXPENDITURES FOR CLERICAL AND CARRIER SERVICE.**

11. **Authorized expenditures.**—Postmasters may not expend money for clerk or carrier hire without obtaining in advance specific authority from the department, except—

(a) For substitute service for clerks and carriers absent without pay. (See p. 60.)

(b) For substitutes for clerks and city carriers absent with pay on civil-service duty or in attendance as witnesses for the Government before a United States court and for substitute service in place of clerical employees, city carriers, watchmen, messengers, and laborers absent with pay on account of illness (act of June 5, 1920), for which purpose expenditures may be made at the rate of 60 cents an hour, chargeable to the appropriations for auxiliary and temporary clerk and carrier hire, to the extent absolutely necessary, the amounts so expended to be reported to the First Assistant Postmaster General, Division of Post Office Service, promptly at the end of each quarter on Form 1525 for clerk hire, and Form 1809 for city delivery service, in order that allowances to cover such expenditures may be certified to the auditor. In rendering accounts to the auditor these payments must be reported on Form 1592 for substitute clerks and Form 1593 for substitute carriers, and the individual payments listed on Form 1500 (for clerks) and Form 1501 (for carriers), "Abstract of payments."

(c) For overtime of regular employees. (See p. 59.)

12. **Unauthorized expenditures.**—Great care should be exercised to make no expenditure without authority, as credit for unauthorized expenditures will not be allowed by the auditor. In cases of emergency, allowances may be requested by telegraph.

13. **Vouchers and abstracts.**—Receipts of assistant postmasters and other supervisory employees and regular clerks must be taken on Form 1590; receipts of regular city carriers on Form 1591; receipts of substitute clerks on Form 1592; and receipts of substitute city carriers on Form 1593. Each individual payment must be carefully listed on Form 1500 for clerical employees and Form 1501 for carrier employees, abstracts of payments. Great care should be exercised to show each expenditure under the proper heading on Forms 1500 and 1501. When it is necessary to submit amended vouchers to the auditor a corrected abstract of payments or a specific statement showing the kind of service performed must accompany the voucher in order that the expenditure may be charged to the proper appropriation. The explicit instructions for claiming credit contained in every allowance letter must be exactly followed.

14. **Quarterly report of expenditures.**—On July 1, October 1, January 1, and April 1, of each year, post masters should forward to the Division of Post Office Service, a report on Form 1525 of expenditures during the preceding three months for clerical service, and on Form 1809, a similar report for carrier service. These reports should always include the business of the entire quarter, even though a change of postmasters occurred during that period, and must agree in every respect with the account as rendered to the auditor.

**PAYMENT OF SALARIES.**

15. **Salary receipts.**—Receipts for payments of salary to post office employees must not be taken before the payments are actually made. The pay rolls or other receipt forms must be fully made out in ink before they are signed, and the exact amount paid to each employee must be entered thereon. This applies to semimonthly rolls as well as to quarterly vouchers submitted to the auditor.

16. **Semimonthly payments.**—Paragraph 8 of section 384, Postal Laws and Regulations, reads as follows: "8. Postmasters shall be prepared to pay salaries semimonthly within three days (including Sundays and holi-

days) after the expiration of the fifteenth and last days of the month, except when both a Sunday and a holiday fall within said three days, in which event the period within which payments shall be made may be extended one day. When the postal funds of the office are not sufficient to make such payments, transfers should be made from the money-order to the postal account. If the available postal and money-order funds combined are insufficient for this purpose, application should be made on Form 3011 to the Third Assistant Postmaster General, who will cause an accountable warrant to be issued for the sum needed. Form 3011 may be obtained upon requisition to the Third Assistant Postmaster General." (See sec. 382, Postal Laws and Regulations.—Note.)

#### COMPENSATION OF REGULAR CLERKS AND CITY CARRIERS.

17. **Salary tables.**—All payments of salaries to regular clerks, city carriers, and other postal employees receiving salary or compensation at an annual or monthly rate shall be computed in accordance with the rule stated in paragraph 25 on page 52. Salary tables prepared in accordance with this rule may be secured in pamphlet form upon application to the Fourth Assistant Postmaster General (Division of Equipment and Supplies).

18. **Full service.**—For each full calendar month's service a clerk or carrier is entitled to one-twelfth of his annual salary. For absence without pay during any full calendar month he loses one-twelfth of his annual salary. When a clerk or carrier is absent during an entire month that fact should be stated in the quarterly voucher.

19. **Part service.**—A clerk or a carrier appointed to or separated from the service during a month is entitled for each day's service to one-twenty-eighth, one-twenty-ninth, one-thirtieth, or one-thirty-first of the monthly compensation according to the number of days in the month in which the work is performed.

20. **Deductions for absence.**—For each day's absence without pay on the part of a regular clerk or carrier a deduction of one-twenty-eighth, one-twenty-ninth, one-thirtieth, or one-thirty-first should be made from the monthly compensation according to the number of days in the month in which the absence occurs. (See par. 54, p. 63.)

21. **Absent part of a day.**—Absence without pay of regular clerks and carriers for part of a day should be recorded in hours and fractions thereof, an hour being equivalent to one-eighth of a day. At the end of the pay period the recorded absences should be added and deduction made for the nearest whole number of hours, 30 minutes or more being regarded as one hour and less than 30 minutes being ignored. Clerks should not be excused for fractions of an hour unless absolutely necessary.

22. **8-10-hour law; overtime; compensatory time.**—Sections 311 and 700 of the Postal Laws and Regulations embody the law limiting the hours of service of special clerks, clerks, watchmen, messengers, laborers, and city letter carriers at first and second class post offices; payments for overtime made to special clerks, clerks, watchmen, messengers, laborers, and city letter carriers at first and second class post offices; and compensatory time for service rendered on Sundays and the holidays enumerated therein by foremen, special clerks, clerks, watchmen, messengers, laborers, and city letter carriers at first and second class post offices.

(a) Special clerks, clerks, watchmen, messengers, laborers, and city letter carriers are not entitled to pay for overtime unless they actually perform service in excess of eight hours on any one day, regardless of the period covered by the service performed. For example, a clerk who works eight hours on any one day is not entitled to additional pay even though a part of these eight hours of service is performed after the expiration of a period of 10 consecutive hours. However, postmasters are enjoined and expected to observe the law strictly and to arrange and maintain schedules of eight hours within a period of not exceeding ten consecutive hours for the employee enumerated. Schedules should be so arranged that each employee will have an intermission of not less than 30 minutes for lunch or rest, this period being exclusive of his eight hours of service, and when it is necessary to have a clerk scheduled for early and late service on account of the arrangement of train schedules he should be given a swing between his morning and afternoon tour, provided his eight hours of service shall still be within a period of 10 consecutive hours.

(b) If a special clerk, clerk, watchman, messenger, laborer, or city letter carrier covers his regular tour of duty and performs the service required of him, he is entitled to a full day's pay even though he may have been engaged less than eight hours on his work, and for all service in excess of eight hours a day he is entitled to extra pay in proportion to his salary, one-eighth of a day's pay being allowed for each hour of overtime. The law requires that whenever practicable to secure the service of substitutes postmasters are prohibited from employing regular clerks and carriers overtime.

(c) Overtime must be reported at the end of each quarter to the Department, Division of Post Office Service, on Form 1525 for clerical service and Form 1509 for carrier service. Payments for overtime on Form 1525 should be divided as follows: (1) The amount paid special clerks and regular clerks, (2) the amount paid watchmen, messengers and laborers. Payments for such service must be reported to the Auditor on Form 1590 for special clerks, regular clerks, watchmen, messengers and laborers, and Form 1591 for city letter carriers. The number of days and eighths of days made during each month of the quarter must be entered in the overtime column on the voucher. Postmasters are not required to secure allowances from the Department to cover overtime payments.

(d) Special clerks, clerks, watchmen, messengers, laborers and city carriers must not be employed overtime in place of regular employees absent without pay or on leave of absence with pay. Substitutes should be utilized for such service. When there are no regular substitutes available and no eligibles on the register who will accept appointment for the service required, postmasters are authorized to nominate any suitable person between the ages of 18 and 45 years, for appointment as temporary substitute clerks or temporary substitute carriers, such nominations to be submitted on Form 1531 (in triplicate) indorsed by the district civil service secretary.

(e) Compensatory time must be granted to foremen, special clerks, clerks, watchmen, messengers, laborers and city letter carriers for all service performed by them on Sundays and the holidays enumerated in sections 311 and 700, Postal Laws and Regulations. Compensatory time for Sunday service must be allowed on one of the six following weekdays and compensatory time for service on holidays on one of the thirty days following. Compensatory time should not be distributed over two or more days.

(f) The provisions and restrictions of the law as outlined above do not apply to substitutes, as they are paid by the hour for the time actually employed. When substitute clerks are not available, substitute carriers may be utilized for service as substitute clerks and similarly substitute clerks may be utilized for service as substitute carriers, but payment for each kind of service must be made from a specific allowance granted for that purpose.

#### COMPENSATION FOR TEMPORARY AND SUBSTITUTE SERVICE.

23. All service performed by substitute clerks and carriers for auxiliary purposes, in place of carriers, assistant postmasters, supervisory officials, special clerks, regular clerks, and laborers, shall be paid for at the rate of 60 cents an hour. A substitute serving for a clerk or carrier injured while in the performance of duty shall be paid at the rate of 60 cents an hour for actual service performed during the first three days of the injured employee's absence, the payment to be charged to the lapsed salary of the injured employee; thereafter, during the period of injury, the substitute shall be paid at the rate of 60 cents an hour and payment charged to an allowance for temporary service, which will be granted upon receipt of request from the postmaster. In making payments observe carefully the following instructions:

24. **Computing time.**—Enter in each substitute's service record (Form 1592 or 1593) the exact length of time, in hours and minutes, during which he actually serves every day, whether Sunday, holiday, or working day. At the end of each half month find, by adding such entries, his total time of service during that period, and pay him for the nearest whole number of hours, counting a fraction of an hour amounting to 30 minutes or more as one hour and ignoring a fraction amounting to less than 30 minutes. Thus, for 29 hours and 30 minutes, pay for 30 hours; for 29 hours and 29 minutes, pay for 29 hours. Substitute clerks should not be employed for fractions of hours unless absolutely necessary. A specific allowance to cover such service must be secured in advance.

#### SUBSTITUTES FOR POSTMASTERS AND ASSISTANT POSTMASTERS

25. A substitute for a postmaster while absent with or without pay must be paid at the rate of 60 cents an hour out of the appropriation for auxiliary clerk hire. Postmasters must secure a specific allowance in advance of expenditures for that purpose.

(a) A substitute for an assistant postmaster who is absent without pay can not be paid from the lapsed salary of the assistant postmaster, such salary reverting to the Department. When necessary, the Department will authorize the employment of a substitute clerk at the rate of 60 cents an hour in place of an assistant postmaster while absent without pay and postmasters are required to secure a specific allowance out of the appropriation for auxiliary clerk hire in advance of expenditures for such service. Payments for that purpose must be entered in the space for temporary clerk hire on Form 1500.

#### SUBSTITUTES FOR EMPLOYEES ABSENT WITHOUT PAY.

26. **Use of lapsed salaries.**—Without specific authority from the Department postmasters may utilize the amounts deducted during each quarter from the salaries of regular clerks absent without pay for the employment of substitutes for such clerks, at the rate of 60 cents an hour. The same procedure is authorized in the case of city letter carriers. If the amount of the deductions is not sufficient to cover the cost of employment of substitutes at 60 cents an hour during any quarter, the postmaster may utilize any unexpended balance in the lapsed salary fund that may have accrued during previous quarters of the same fiscal year. However, this course is permissible only for the purpose of employing substitutes for employees absent without pay and is intended to provide for a contingency in which the lapsed salary of the absent employee is not sufficient to cover the cost of employing a substitute in his place. Lapsed salaries of regular clerks and carriers must not be used in payment for auxiliary or temporary service nor for the employment of substitutes for clerks or carriers on leave with pay. When an interval occurs between the separation of a clerk or carrier and the appointment of a successor the salary for the position reverts to the Department and can not be used for substitute service. When an employee is granted indefinite leave of absence without pay on account of military service the salary for the position reverts to the Department until the employee returns to duty and can not be used to employ a substitute pending the appointment of an additional clerk in his place. A specific allowance must be secured for temporary service at 60 cents an hour to cover such service.

27. **Supplemental allowances.**—If the reports required by paragraph 14 show that the amount deducted in any quarter from the salaries of regular clerks or carriers plus any unexpended balance brought forward from the preceding quarters of the same fiscal year prove insufficient to pay for necessary substitute service at the rate of 60 cents an hour, the difference will be authorized so that the auditor may pass the accounts. It is not necessary to ask by letter for such allowances but the reports on Form 1525 and Form 1809 must be made as required by instructions in paragraph 14.

28. **Expenditures to be charged to proper allowance.**—It should be borne in mind that allowances for clerical service and allowances for city delivery service are granted out of separate appropriations and each allowance authorized must be used for the purpose for which it is granted.

#### SUBSTITUTES FOR LABORERS ABSENT WITHOUT PAY.

29. **Method of employment.**—If a regular laborer is absent without pay and it is necessary to fill the vacancy, the postmaster is authorized to select any one eligible for appointment to serve at the same salary as the regular laborer during such laborer's absence. The name of the substitute, the number of days he served, and the name and salary of the employee for whom he served should be reported at the end of the quarter to the auditor, who will be authorized to allow credit for his salary for the time during which he served. He should sign the regular voucher (Form 1590).

## PROMOTIONS, REDUCTIONS, AND TRANSFERS.

**30. Recommendations.**—Thirty days before the end of each quarter recommendations should be submitted either for or against the promotion of every clerk, carrier, or skilled laborer (mechanics, printers, etc.) who at the end of the quarter will have completed a year's service in any of the grades from \$1,400 to \$1,700, inclusive. Likewise recommendations should be submitted for or against the promotion of every watchman, messenger, and laborer in the \$1,350 grade. Recommendations covering all automatic promotions should be submitted on Form 1530, in triplicate. Recommendations that promotion be withheld from employees in the automatic grades should be submitted on Form 1534, in duplicate. Separate sets of forms should be used for each class of employees.

**31. When absent without pay.**—The automatic promotion of employees, first and second class post offices, will not be withheld or deferred for absence on account of illness. However, absence without pay for any cause other than the personal illness of the employee concerned will continue to affect adversely his efficiency record, and will result in deferring his promotion. When absent for 90 days or more during the year following his appointment or his last promotion, he should not be recommended for further promotion until the completion of another quarter's service; after he has been absent 180 days or more, he should not be recommended for promotion until the completion of two more quarters' service; after 270 days or more, not until the completion of three more quarters' service.

**32. When reduced or promotion is withheld.**—An employee failing of promotion must remain in the same grade for two quarters (six months) longer before becoming eligible for promotion. An employee who is reduced to a lower grade may be restored to his former salary (or partially restored if he has been reduced more than one grade) at the beginning of the next quarter or of any quarter thereafter.

**33. Seeking outside influence is forbidden.**—No recommendation for the promotion of any employee in the classified service shall be considered, except it be made by the officer or officers under whose supervision or control such employee is serving; and such recommendation by any other person with the knowledge and consent of the employee shall be sufficient cause for debarring him from the promotion proposed, and a repetition of the offense shall be sufficient cause for removing him from the service.

**34. Transfers between clerical and carrier force.**—Transfers from the clerical to the carrier force and the reverse, and from one office to another, are made only on the recommendation of the postmasters affected. All questions of transfer should therefore be taken up directly with such postmasters.

**35. Time credits on transfers.**—An employee transferred from clerk to carrier, or vice versa, or from one office to another, should receive full credit for his service before the transfer.

**36. Mutual exchange.**—A carrier must pass a case examination to be eligible for transfer to clerk. Recommendations for the transfer of a clerk to the carrier force and the reverse should include a statement as to whether each applicant is physically able and otherwise qualified to perform the duties of the position to which he is to be assigned and whether the carrier has passed a creditable case examination on general scheme within the year next preceding the date of application for transfer, giving the date on which the examination was taken and the rating attained. Recommendations for transfers and mutual exchanges should be submitted to the First Assistant Postmaster General on the proper form in quadruplicate, accompanied by the written application of each employee affected. For mutual exchanges use Form 1533 in quadruplicate; for transfer from the clerical to the carrier force and for transfer from the carrier to the clerical force use Form 1532 (in quadruplicate).

**37. Transfer of regular to substitute.**—The ruling of the Civil Service Commission regarding transfers between the substitute clerk and the substitute carrier force is as follows:

"Transfers [of regular employees] to the substitute force of a post office . . . may be made to any position on the substitute list. A substitute transferred from one post office to another shall go to the foot of the substitute list."

**38. Transfer of substitutes.**—"The transfer of a substitute within a post office from the clerk to the carrier substitute force, or vice versa, may not be made except to the foot of the substitute roll: *Provided*, That a mutual exchange of positions between a substitute clerk and a substitute carrier may be made, but not to any higher position on the substitute roll than that to which each would have been entitled if his original appointment had been to the roll to which transferred: *And provided further*, That when a substitute is transferred from the clerk to the carrier roll, or vice versa, and afterwards retransferred to the roll upon which his name originally appeared, then his name shall be entered upon such roll in the order of his original appointment."

**39. Substitute appointed regular.**—A substitute clerk can not be appointed directly to the position of regular carrier nor a substitute carrier directly to the position of regular clerk.

**40. Transfers of substitutes—Forms to use.**—Transfers from substitute clerk to substitute carrier or vice versa, and the mutual exchange of positions between these employees, should be reported on Form 1533, in quadruplicate, accompanied by the written request of each for such transfer or exchange.

**41. Unlawful to give consideration for an exchange of position.**—Clerks, letter carriers, and employees of post offices are warned that it is unlawful to give or receive payment, directly or indirectly, to effect an exchange of positions in the same or different post offices, or any place in the public service, the offense being punishable by fine and imprisonment in accordance with the provisions of section 112 of the Penal Code, which reads:

"Whoever, being elected or appointed a Member of or Delegate to Congress, or a Resident Commissioner, shall, after his election or appointment and either before or after he has qualified, and during his continuance in office, or being an officer or agent of the United States, shall directly or indirectly take, receive, or agree to receive, from any person, any money, property, or other valuable consideration whatever, for procuring, or aiding to procure, any contract, appointive office, or place, from the United States or from any officer or department thereof, for any person whatever, or for giving any such contract, appointive office, or place to any person whomsoever; or who-ever, directly or indirectly, shall offer, or agree to give, or shall give, or bestow, any money, property, or other valuable consideration whatever, for the procuring, or aiding to procure, any such contract, appointive office, or place, shall be fined not more than ten thousand dollars and imprisoned not more than two years; and shall, moreover, be disqualified from holding any office of honor, profit, or trust under the Government of the United States. Any such contract or agreement may, at the option of the President, be declared void."

**FILLING OF VACANCIES IN CLERICAL AND CITY CARRIER FORCES.**

**42. Changes may be recommended.**—When a vacancy occurs in the post-office force, whether caused by an employee's separation from the service, promotion, or reduction, changes may be recommended as follows:

**43. Vacancies in positions above the highest grade of clerks.**—When a vacancy occurs in a position above the highest grade of clerks (that is, a position paying more than \$1,800 a year), the postmaster may recommend the promotion to such position of an employee occupying any other position above the highest grade of clerks (that is, the \$1,800 grade), or the promotion of a clerk of the highest grade in the office concerned, provided that such clerk has served satisfactorily during the preceding year. Such changes may take effect on any day following the date on which the vacancy occurs, and should be submitted on Form 1532 (in triplicate).

**44. Vacancies in clerk and carrier grades.**—A vacancy in the clerical or carrier grades (that is, \$1,400 to \$1,800) may be filled by the appointment of a clerk or carrier at \$1,400 plus credit for services actually performed as a classified substitute, except when the Department authorizes the postmaster to fill it by reinstatement or transfer. Appointments may take effect on the day following the date on which the vacancy occurs, and should be reported on Form 1532 (in triplicate).

(a) All newly appointed clerks (including carriers transferred to clerks) are first to be assigned to the Division of Mails, and the assignments from the Mailing Division to what may be considered as preferred clerical positions should be based on seniority and fitness for the positions.

**45. Vacancies in mechanical and subclerical positions.**—A vacancy in the mechanical or subclerical position (mechanics, printers, laborer, etc.) may be filled, as heretofore, by promotion or by appointment, the changes to take effect on any day following the date on which the vacancy occurs, and reported on Form 1532 (in triplicate).

**46. Forms to be used.**—In reporting the choice of substitute clerks and substitute carriers from the Civil Service register use Form 1531. In recommending the promotion of employees in the higher positions (above \$1,800), the appointment of additional regular employees transfers to the clerical or carrier force, and mutual exchange in, positions between clerks and carriers, use Form 1533. All recommendations should be submitted in triplicate, except recommendations for transfers between the clerical and carrier forces, which should be in quadruplicate. Do not use the forms above mentioned in recommending the promotion of employees in the grades from \$1,400 to \$1,700. (See par. 30.)

**TRANSFERS FROM OTHER SERVICES AND REINSTATEMENTS.**

**47. Form of recommendation.**—Recommendations for reinstatement must be made by letter prior to the expiration of the year of eligibility and should be accompanied by a statement showing that the person whose reinstatement is sought has not two or more members of his family already in the competitive classified service, the reasons for resigning from the service, and whether he intends to remain in the service if reinstated. In every case where the applicant for reinstatement has had 15 or more years of service, or is within 10 years of retirement age, recommendation for reinstatement should be accompanied by a physician's certificate stating the applicant's physical condition, and whether, in the judgment of the physician, he is fully able to perform his official duties. Persons who are eligible for reinstatement by reason of their military service within five years from the date of their honorable discharge must furnish the Department with a certified copy, or a photostat, of their honorable discharge when the application for reinstatement has been filed after the employee has been separated from the service for more than one year.

(a) Recommendations for transfers from other branches of the service and for reinstatement should be submitted to the Department as far as possible in advance of the date on which it is desired that they shall become effective in order that the matter may be taken up with the other bureaus concerned and with the Civil Service Commission, and this bureau be in a position to advise you of the final approval of such reinstatement or transfer on or before that date, or as soon thereafter as practicable. Under no circumstances, however, must such changes be put into effect prior to the receipt of specific authorization. If such authorization is not received on or before the date it was originally desired to effect the change, service must be maintained by the employment of regular or temporary substitutes pending final action.

**LEAVE OF ABSENCE FOR EMPLOYEES IN FIRST AND SECOND CLASS OFFICES.**

**48. Vacation.**—Post-office employees are entitled to 15 days vacation with pay, exclusive of Sundays and holidays, during each fiscal year, such leave to be credited at the rate of 14 days for each month of actual service. Until they have been in the service for one year, they should not be granted vacation in excess of that accumulated to their credit on the basis of the service performed. After an employee has served one full year he may be granted the full vacation to which he is entitled for the fiscal year at any time prior to the following June 30. Vacation is always for the fiscal year in which taken and any vacation to which an employee may be entitled for one fiscal year must be taken before the expiration of that year. Employees who have been absent from duty for 60 days or more consecutively immediately preceding the beginning of the fiscal year will not be granted leave of absence until 30 days after their return to work. An employee who is removed from the service for cause forfeits all right to any vacation to which he would otherwise have been entitled at the time.

**49. Sundays and holidays occurring during vacation.**—Postmasters are not authorized to require employees to return to work on Sundays and holidays during their vacations and should not endeavor to assign vacations so as to exclude Sundays and holidays, but should give as many of their employees as possible the full benefit of the act of Congress providing that Sundays and holidays shall not be included in leave of absence with pay. The privilege of taking vacations that include holidays should be given to different employees in rotation so as to avoid any complaint of injustice.

**50. Sick leave with pay.**—The law governing sick leave with pay provides that 10 days sick leave may be granted to employees of the Postal Service each fiscal year, to be cumulative for a period of three years, not more than 30 days sick leave with pay to be granted during any three consecutive years. In accordance with this provision, not to exceed 20 days sick leave, less any granted during the previous fiscal year, may be lawfully allowed during the fiscal year beginning July 1, 1921.

Sick leave will not be granted in fractional parts of a day. Applications for sick leave are to be made on form 3956, which may be obtained from the Fourth Assistant, Division of Equipment and Supplies. Postmasters may, without specific authority from the Department in each case, grant sick leave with pay to the employees of their offices, whenever they have satisfied themselves that the applicants for sick leave were physically incapacitated for the proper performance of their duties, the applications to be retained in the files of the post office and not transmitted to the Department. If the period of sick leave is more than two days, physicians certificate must accompany the application. The Department reserves the right to have any employee who is reported sick examined by a physician at the expense of the employee. In cases where the postmaster is in doubt as to the justice of granting sick leave, he should submit a full statement of the facts in the case to the Department. Any employee guilty of applying for sick leave when he is not incapacitated will be subject to disciplinary action.

Sick leave is to be granted in all cases where an employee is physically incapacitated for the proper performance of his duties, regardless of whether the disability is due to accident or illness. Whether or not the disability is incurred in line of duty is immaterial.

Substitute and temporary employees are not entitled to sick leave with pay.

**51. Sundays or holidays—When counted as sick leave.**—Sundays or holidays occurring at the end of a period of sick leave with pay and those occurring within a period of sick leave with pay will be considered a part of the sick leave. However, Sundays or holidays occurring at the beginning of a period of sick leave will not be charged against an employee's sick leave unless he was scheduled to perform service on those dates.

**52. Leave without pay.**—In accordance with the act approved July 28, 1916 (Post Office appropriation act, fiscal year 1917), the services of postal employees can not be discontinued for absence on account of illness for a period less than one year. Postmasters may, without specific approval from the Department, upon written application from an employee of their office, accompanied by proper physician's certificate, grant leave without pay on account of personal illness of the employee concerned in 30-day periods for a total of not to exceed one year's continuous absence. In view of the foregoing, it has been decided to discontinue the use of Form 1590 for reporting the absence without pay on account of illness or injury. When an employee has been continuously absent for three months or longer his return to duty for a period of less than 30 days will not be considered as breaking the period of his continuous absence. Each new application should be accompanied by physician's certificate. At the expiration of one year's continuous absence the employee should be dropped without prejudice and a report of his separation forwarded on Form 1532, in triplicate. However, an employee who has been absent for one year on account of illness and has enough service to his credit to entitle him to retirement under section 5 of the act of May 22, 1920, should not be separated from the service until he has been given an opportunity to retire.

(a) Postmasters may also grant clerks and employees leave without pay for a day or two at a time on account of the serious illness of some member of their families and for urgent business or personal reasons, but for a total of not to exceed 30 days in the case of any employee during any fiscal year. Applications for leave in excess of this amount should be referred to the Department with a full statement of the facts. Under no circumstances must an employee be allowed to start on his leave until formal approval has been received from this bureau.

**53. Sundays or holidays at beginning or end of period of leave without pay.**—Post-office employees will be paid for Sundays or holidays occurring *at the beginning or end* of a period of absence without pay unless scheduled to work on such days; but not for Sundays and holidays occurring *within* the period of absence, whether scheduled to work on such days or not.

**54. Service in National Guard.**—In order that the Department's attitude toward the enlistment of postal employees in the National Guard may be definitely understood, the following order has been issued:

*"Ordered, That leaves of absence without pay, in addition to the leave of absence with pay authorized by law, will be granted to postal employees who are members of the National Guard when called upon to perform military duty by competent authority."*

The Department believes that the National Guard should be encouraged in every way and that it is feasible for postmasters to arrange the duties of employees so that leaves of absence to perform military duty may be granted without detriment to the service. In cases of emergency, where the entire guard is called out and to grant leaves of absence to all of the employees of the post office who are members of the National Guard would seriously embarrass the Postal Service, it is believed that, upon proper representations by the postmasters, commanding officers will relieve from duty those employees whose services are imperatively needed in post-office work. However, all employees who are members of National Guard units which have received Federal recognition must be allowed leave with pay in addition to their military pay when called out on orders from the War Department for field or coast defense training, in accordance with the provisions of section 80 of the national defense act of June 3, 1916, which reads as follows:

*"SEC. 80. LEAVES OF ABSENCE FOR CERTAIN GOVERNMENT EMPLOYEES.*—All officers and employees of the United States and of the District of Columbia who shall be members of the National Guard shall be entitled to leave of absence from their respective duties, without loss of pay, time, or efficiency rating, on all days during which they shall be engaged in field or coast-defense training ordered or authorized under the provisions of this act."

A new form No. 3957-A, "Certificate of National Guard Service" has been printed and may be secured, as needed, upon requisition on the Fourth Assistant, Division of Equipment and Supplies. This form is to be furnished employees going on national guard duty and is to be filled out and signed by the Commanding Officer of the camp to which they are attached. It is to be returned to the postmaster and by him forwarded to the Department. If it is found that the military service was in accordance with the above mentioned act, leave with pay will be authorized. Such leave to be in addition to annual vacation to which postal employees are entitled each fiscal year.

## EFFICIENCY AND DISCIPLINE OF POST OFFICE EMPLOYEES IN FIRST AND SECOND CLASS OFFICES.

**55. Record of efficiency.**—Postmasters at first and second class offices are required to keep a record of the efficiency of their employees in accordance with the instructions issued by the Department under date of September 26, 1914, on Form 3992, "Employee's personal record," and the follow sheet, Form 3992j. Copies of the pamphlet of instructions referred to and these forms may be obtained from the Fourth Assistant Postmaster General, Division of Equipment and Supplies. Failure to keep this record will be noted as an irregularity against the record of the postmaster.

**56. Case examinations.**—Clerks in first-class post offices who at any time are required to make up mail for dispatch, as well as clerks whose time is principally devoted to such work, shall pass a case examination on general scheme at least once each year, attaining a rating of not less than 95 per cent, and throwing correctly not less than 16 cards per minute. All clerks and the assistant postmaster in second-class offices shall pass a case examination on general scheme at least one each year, attaining a rating of not less than 95 per cent and throwing correctly not less than 16 cards per minute. In offices having a superintendent of mails the examination will be given by that officer; at other offices the postmaster should arrange for these examinations with the superintendent, Railway Mail Service, of the division in which the post office is located. (See sec. 309, Postal Laws and Regulations, as amended.)

(a) Clerks whose duties require them to distribute incoming mail shall take examinations on schemes of local distribution, prepared under the direction of the postmaster. A sample of such a scheme may be secured by postmasters upon application to the First Assistant Postmaster General, Division of Post Office Service.

(b) Clerks handling mail will not be promoted unless they have successfully passed the required examination. They should also be frequently questioned concerning the proper route on which mails are dispatched from their office and the orders given for making up mail.

**57. Removals and reductions.**—The practice of fining or temporarily suspending post-office employees without pay for purposes of discipline has been discontinued. However, in the event that an employee has been guilty of a criminal act, or any act of such a serious nature as to render immediate suspension imperative, he may be suspended from duty without pay pending final action in the case. Authority for such suspension must be requested by telegram, to be followed promptly by a letter stating the facts in detail. (See secs. 305 and 704, Postal Laws and Regulations.)

(a) When a clerk or carrier is guilty of serious misconduct or his low efficiency rating requires it, he may be reduced in salary one or more grades.

(b) Reductions or removals may be made only after written charges have been preferred in accordance with the requirements of section 6 of the act approved August 24, 1912, which reads:

"SEC. 6. That no person in the classified civil service of the United States shall be removed therefrom except for such cause as will promote the efficiency of said service and for reasons given in writing, and the person whose removal is sought shall have notice of the same and of any charges preferred against him, and be furnished with a copy thereof, and also be allowed a reasonable time for personally answering the same in writing; and affidavits in support thereof; but no examination of witnesses or any trial or hearing shall be required except in the discretion of the officer making the removal; and copies of charges, notice of hearing, answer, reasons for removal, and of the order of removal shall be made a part of the records of the proper department or office, as shall also the reasons for reduction in rank or compensation; and copies of the same shall be furnished to the person affected upon request, and the Civil Service Commission also shall, upon request, be furnished copies of the same: *Provided, however,* That membership in any society, association, club, or other form of organization of postal employees not affiliated with any outside organization imposing an obligation or duty upon them to engage in any strike, or proposing to assist them in any strike, against the United States, having for its objects, among other things, improvements in the condition of labor or its members, including hours of labor and compensation therefor and leave of absence, by any person or groups of persons in said Postal Service, or the presenting by any such person or groups of persons of any grievance or grievances to the Congress or any Member thereof shall not constitute or be cause for reduction in rank or compensation or removal of such person or groups of persons from said service. The right of persons employed in the civil service of the United States, either individually or collectively, to petition Congress, or any Member thereof, or to furnish information to either House of Congress, or to any committee or Member thereof, shall not be denied or interfered with. (See sec. 29, Postal Laws and Regulations.)

## RETIREMENT.

**58. Retirement age.**—In accordance with the provisions of section 6 of the retirement act of May 22, 1920, employees whose names have not been certified to the Civil Service Commission for retention must retire the day preceding the birthday on which they reach retirement age; clerks (including special clerks) city letter carriers and skilled laborers (printers, mechanics, etc.) being eligible at the age of 65; assistant postmaster, supervisory employees, watchmen, messengers and regular classified laborers at the age of 70.

**59. Unclassified employees.**—The provisions of the retirement act are not applicable to unclassified employees. Such employees, therefore, are not to be separated from the service merely because of reaching the retirement age, and no deductions are to be made from their salaries for retirement fund.

### 60. Forms to be used.—

Form 3-R1, Application for annuity.

Form 3-R4, Application for retirement on account of total disability.

Form 3-R6, Application for refund.

Form 3-R15, Application for payment of accumulated deductions.

These forms must be obtained from the Bureau of Pensions, as the Department does not furnish them.

**61. Retirement because of age.**—Application for annuity (Form 3-R1) when properly filled out, certified to by the postmaster, and sworn to before a notary public, should be transmitted direct to this bureau. The certificate on page 4 will then be indorsed and the form transmitted to the Commissioner of Pensions.

**62. Disability.**—Application for annuity because of disability (Form 3-R4) when properly filled out, certified to by the postmaster, and sworn to before a notary public, should be transmitted direct to this bureau, accom-

passed by a certificate from the applicant's attending or family physician, and a statement from his superior officer, fully describing all existing disabilities and setting forth the degree to which the applicant is disabled for useful and efficient service. Employees who have not had a total Government service of 15 years or more are not eligible for retirement because of disability.

63. *Retention.*—To receive consideration, the applications of employees who desire to be retained in the service for a period not exceeding two years, in accordance with section 6, must be transmitted to the Department by the postmaster on Form 2324 together with his recommendation. These papers must reach the Department so that certification can be made to the Civil Service Commission within the period prescribed by law. Form 2324 may be secured as necessary from the Fourth Assistant, Division of Equipment and Supplies.

64. *Reemployment.*—Employees separated from the service under the retirement act can not, under the law, be reemployed for any service whatsoever. This is in accordance with a decision of the Comptroller of the Treasury rendered December 8, 1920. Employees separated from the service under the retirement act are not eligible for reinstatement.

65. *Refund.*—This bureau has no jurisdiction whatever over the question of refund of money deducted from the salaries of employees for the retirement fund in the event of the separation from the service of such employees. Application for refund (Form 3-R6) has been prepared for this purpose by the Commissioner of Pensions, which is to be furnished to each employee upon his separation from the service in order that he may make application direct, if he so desires, for refund of the amount deducted from his salary under the provisions of the retirement act. This application is addressed to the Commissioner of Pensions through the Civil Service Commission, and should, therefore, be forwarded by the postmaster direct to the Civil Service Commission.

(a) In accordance with section 11 of the retirement act in case of the death of an employee without having reached the retirement age, or without having established a valid claim for annuity, the total amount of deductions with accrued interest shall be paid to the legal representatives of such employees, provided the amount of deductions to be paid does not exceed \$300, and there has been no demand upon the Commissioner of Pensions by duly appointed executor or administrator. The payment may be made after the expiration of three months from the date of death, and application therefor should be made on form 3-R15.

#### INJURED EMPLOYEES.

66. The United States Employees' Compensation Commission, 1730 D Street NW., Washington, D. C., is charged with the handling of all claims for compensation by employees injured in the line of duty under the act of September 7, 1916. Therefore, all requests for information and communications of any kind relative to this matter should be addressed to that commission.

On March 20, 1920, the Comptroller of the Treasury rendered a decision in which he stated that "an employee who is injured in the performance of his duties and is paid compensation under the act of September 7, 1916, continues to be an employee of the United States." Such employee is not to be separated from the service, but is to be continued on the rolls of the office without pay until the employees' compensation commission discontinues his compensation on account of injury. If at the end of this period the employee is not able to return to duty and has sufficient service to his credit to entitle him to retirement he should not be separated from the service until he has been given an opportunity to retire in accordance with the act of May 22, 1920.

#### GOVERNMENT EMPLOYEES GUILTY OF EXTORTION.

67. *Punishment for.*—" \* \* Every officer, clerk, agent, or employee of the United States, and every person representing himself to be or assuming to act as such officer, clerk, agent, or employee, who is guilty of extortion under color of his office, clerkship, agency, or employment, and every person who shall attempt any act which if performed would make him guilty of such extortion, shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than one year, or by both such fine and imprisonment, except those officers or agents of the United States otherwise differently and specially provided for in the subsequent sections of this chapter." (Act of Congress approved June 28, 1906.)

#### COMPENSATION OF NOTARIES PUBLIC WHO ARE GOVERNMENT EMPLOYEES.

68. *Notarial service during office hours.*—No officer, clerk, or employee in the Executive service of the Government, who is also a notary public, shall charge or receive any compensation whatever for performing any notarial act for an officer, clerk, or employee of the Government in his official capacity, or for any person when, in the case of such person, the act is performed during the hours of such notary's service to the Government. Disobedience of this order shall be ground for immediate dismissal from the service. The order does not apply to oaths of disinterestedness or other oaths required to be made by law, provided that the work in connection therewith is not performed during office hours. (See secs. 154-156 and 292, Postal Laws and Regulations.)

#### RURAL CARRIERS.

##### ANNUAL LEAVE AND COMPUTATION OF PAY.

1. *Leave with pay.*—Rural carriers shall be granted 15 days' leave of absence with pay, exclusive of Sundays and holidays, the 15 days' leave to be credited at the rate of 1½ days for each month of actual service. Any unused portion of annual leave can not be allowed during any subsequent fiscal year.

2. *Leave with pay on triweekly routes.*—Carriers on one triweekly route will be charged in multiples of two days for each service day they are absent from duty. Example: If absent Monday, Wednesday, and Friday,

the days on which the route is to be served, a total of 6 days will be charged against carrier and substitute paid accordingly.

If a carrier on one triweekly route takes his full quota of 15 days' leave all at one period, then he will be charged with 15 days and substitute paid accordingly.

**NOTE.**—In cases like the above, the 15 days are not to be construed as consisting only of service days, but both service days and intervening days, exclusive of Sundays and holidays.

**3. Services required on Christmas.**—Rural carriers shall not be granted annual leave of absence on December 25, Christmas Day. (See sec. 735, Postal Laws and Regulations.)

If on account of sickness, or other valid reason, a carrier is unable to serve his route on Christmas Day, or the day observed as Christmas, a report of the facts should be made to the Department.

**4. Sunday service not required of substitutes.**—Substitute carriers serving for rural carriers who are on annual leave with pay will not be required to report at offices on Sundays and holidays and will not be paid for such days; but if it is essential during such annual leave period that any service be performed on Sundays and those holidays on which service is suspended then it must be done by a regular carrier.

**5. Substitute may serve on any route.**—Where there are two or more rural routes from the same office, any properly bonded substitute may serve during the carrier's absence; that is, the substitute for carrier on route No. 1 may serve during the absence of carriers on routes Nos. 2 and 3, if the latter have no substitute available.

**6. Names of regular and substitute to be entered in substitute vouchers.**—In the preparation of voucher for the payment of substitute rural carriers, the names of both the regular and substitute carriers must be written in the voucher. In the absence of the postmaster, the assistant postmaster may certify to regular, temporary, or substitute rural carrier's vouchers, giving names and titles. Example:

"John W. Smith, Postmaster,  
"By William L. Jones, Asst Postmaster."

#### SICK LEAVE.

**7. Rural carriers may be granted sick leave with pay at the rate of 10 days a year, to be cumulative for a period of three years.** Sick leave, however, will be granted only upon satisfactory evidence of illness, and if more than 3 days' sick leave is applied for, the application must be accompanied by a physician's certificate, when submitted to the paying postmaster.

**8. Basis of pay for part of a month.**—On and after July 1, 1911, regular or temporary carriers appointed to or separated from the service during a month will be paid for each day's service, including intervening Sundays and holidays, performed by them on the basis of one twenty-eighth, one twenty-ninth, one thirtieth, or one thirty-first of the month's compensation, according to the number of days in the particular month in which service is rendered. Use column in salary tables headed by number of days in month in which the service was performed.

#### DEDUCTIONS FROM REGULAR OR TEMPORARY CARRIERS' PAY.

**9. Suspension from duty and leave without pay.**—When a carrier is suspended from duty or has been granted leave of absence without pay and a temporary carrier is appointed in his stead, the deduction from the salary of the regular carrier and payment to the temporary carrier should be made on the basis of one twenty-eighth, one twenty-ninth, one-thirtieth, or one thirty-first of the month's compensation for each day's absence or service, including intervening Sundays and holidays, according to the number of days in the particular month in which the suspension occurs. Use column in salary tables headed by number of days in month in which the suspension occurred. If the carrier is absent a full calendar month, then he loses one-twelfth of his annual rate of pay. Leave without pay should be reported promptly on Form 4080.

**10. Total failure of service.**—Whenever total failure of service occurs on a rural route on a day other than Sunday or one of the authorized holidays indicated in section 735, Postal Laws and Regulations, a deduction of one day's pay must be made from the salary of the carrier for each day on which no service was performed on the route. The fact that the carrier reported at the post office does not entitle him to pay, if he fails to serve the route. (See sec. 758, Postal Laws and Regulations, and sec. 727 as amended Nov. 25, 1916.)

**11. Partial failure of service.**—When only partial service is rendered the postmaster will review carefully the statement made by each carrier who has failed to serve his entire route, and when it is ascertained that the carrier made every reasonable endeavor with suitable equipment to render complete service and was prevented from so doing by impassable roads or other reasons not personal to the carrier, deduction shall not be made from the carrier's salary, but the circumstances should be fully explained in the monthly report.

Whenever the route is only partly served and the partial failure may be attributed to the condition of the carrier's stock or equipment, or is due to his failure, whether in stormy weather or in time of high water or bad roads, to use every endeavor to serve his entire route by traveling every road available; whenever the partial failure is due to lack of interest in the service or misconduct on the part of the carrier, sickness, or any reason of a personal nature to the carrier, a deduction shall be made from his salary as directed in the "Rule for deductions" on the inside of the front cover to the Rural Delivery Salary Tables.

Upon reaching an obstructed point, a stream which is unfordable or a bridge which can not be crossed, the carrier should make such deviation from the official line of travel as to avoid the obstruction. If this is not possible he must return immediately to the post office and start out on the return portion of the route. Whenever, after leaving the post office, the carrier finds that he can not reach his route, he must travel some other roads, although they may be covered by another carrier, and make every endeavor to serve the patrons. The excuse that the roads are slippery or only difficult to travel will not be considered, as each carrier must be equipped to perform complete and uninterrupted service under adverse weather or road conditions.

12. **Trip reports of rural carrier.**—Correct entries must be made each day on Forms 4240 and 4241 by all rural carriers in the service. At the end of the month the postmaster should satisfy himself that all blanks are filled out and entries properly made, and irregularities noted in the column for "Remarks" with reasons for failures, and promptly forward report on Form 4241 to the Fourth Assistant Postmaster General, Division of Rural Mails, Washington, D. C.

False entries on a trip report will be considered sufficient cause for removal of the carrier.

Rural carriers are required to count all mail delivered and collected on their routes during the first month of each quarter. When the number is less than 5,000 pieces, the carrier shall count every month until such minimum is attained. Trip reports on Forms 4240 and 4241 are required, however, for each month of the quarter.

Postmasters will be given special instruction to weigh all mails handled on rural routes from their offices during one month of each year (such month to be specifically designated by the Department) and to submit a detailed report on Form No. 4241, showing by classes and totals the number of pieces, weight of, and postage on all mail delivered and collected by each carrier.

#### PAY OF TEMPORARY SUBSTITUTE CARRIERS.

13. **When temporary carriers are on leave without pay.**—Whenever, during the absence of a temporary carrier, a substitute is employed, such substitute shall be paid by such temporary carrier for each day's service on the basis of one twenty-eighth, one twenty-ninth, one-thirtieth, or one thirty-first of the month's compensation allowed the temporary carrier, according to the number of days in the particular month in which the absence occurs. If, during the temporary carrier's absence without pay, it is necessary for the substitute to report at the office on Sundays or holidays, in accordance with the provisions of section 774 of the Postal Laws and Regulations, the substitute shall be paid for these days. *Use column in salary tables headed by number of days in month in which service was performed.* If the substitute serves the whole of any calendar month, he is entitled to and shall be paid by the temporary carrier one-twelfth of the annual salary paid the temporary carrier.

#### TRIWEEKLY SERVICE.

14. **Suspension of service on triweekly routes.**—The preceding instructions apply equally to a temporary carrier on one triweekly route except that for each and every service day he does not serve his route he will be charged two days, and the substitute carrier paid, or deductions made, accordingly. Likewise, a regular carrier absent on annual or sick leave with pay will be charged two days for each service day he does not serve the route.

#### VOUCHERS.

15. **Vouchers to be prepared and mailed promptly.**—On completion of service by the carriers on the 15th and the last day of each month, or earlier in the month in case of discontinuance of carrier, the postmaster will see that a correct voucher is prepared in favor of each regular or temporary carrier; that it is properly signed by the carrier and postmaster and that it is mailed to the disbursing postmaster on the same day.

16. **Use of semi-monthly and quarterly vouchers.**—In all regular cases Form 4251 is to be used for certification on the 15th day of each month and on the last day of the first two months of a quarter and Form 4252 on the last day of the quarter. If carrier is separated from the service during a quarter his last voucher must be on Form 4252, even if it be for but part of a month. Similarly, if a regular or temporary carrier performs service during only a portion of a quarter, his last voucher must be on Form 4252. Form 4252 is in duplicate and always must include all payments previously made to the same carrier during the same quarter.

When certifying to vouchers in favor of rural carriers postmasters should see that the proper deduction of  $2\frac{1}{2}$  per cent of the earnings of the carrier on account of the Retirement Act has been made. Deductions on account of the Retirement Act should not be made from vouchers of temporary carriers.

Future requisitions on the Division of Supplies for rural delivery letter carriers' vouchers should be made for a sufficient number of Form 4251 for use during eight months of the year and enough of Form 4252 for four quarters.

17. **Amounts in vouchers to be according to salary tables.**—*Postmasters, before filling in salary vouchers and pay rolls, must compute the amount due in accordance with the instructions herein contained and the official salary tables.*

#### SALARY TABLES.

18. **Base of computation.**—The official salary tables for payment of rural carriers are computed in accordance with the provisions of section 4 of the act of Congress approved March 4, 1911, making appropriations for the service of the Post Office Department, for the fiscal year ended June 30, 1912, and may be obtained from the Fourth Assistant Postmaster General, Division of Rural Mails.

#### CASHING OF RURAL CARRIERS' CHECKS.

19. **Use of disbursing checks.**—Disbursing postmaster's checks drawn in payment of rural letter carriers' salaries may be cashed from Government funds as follows:

From postal funds; when they are received from responsible persons and the postmaster is willing to guarantee the indorsements thereon, and provided such checks will be received at par by the depositary to which the postmaster must remit them as postal funds. (Sec. 372, Postal Laws and Regulations.)

From money-order funds; when they are received from responsible persons whose indorsement thereon the postmaster is willing to guarantee and provided such checks will be received at par by the depositary to which the postmaster remits surplus money-order funds. (Sec. 1124, Postal Laws and Regulations.)

## SCHEDULE OF RURAL CARRIERS' ANNUAL SALARIES.

20. Effective July 1, 1920, the salaries of rural carriers will be as follows:

For serving a route—

6 miles and less than 8 miles.....	\$792
8 miles and less than 10 miles.....	964
10 miles and less than 12 miles.....	936
12 miles and less than 14 miles.....	1,008
14 miles and less than 16 miles.....	1,080

For serving a route—Continued.

18 miles and less than 20 miles.....	1,440
20 miles and less than 22 miles.....	1,620
22 miles and less than 24 miles.....	1,728
24 miles and not more than 24½ miles.....	1,800

A rural letter carrier serving one triweekly route shall be paid on the basis for a route one-half the length of the route served by him, and a carrier serving two triweekly routes shall be paid on the basis for a route one-half of the combined length of the two routes.

Each rural carrier assigned to a horse-drawn vehicle route on which daily service is performed shall receive \$30 per mile per annum for each mile said route is in excess of 24 miles or major fraction thereof, based on actual mileage, and each rural carrier assigned to a horse-drawn vehicle route on which triweekly service is performed shall receive \$15 per mile for each mile said route is in excess of 24 miles or major fraction thereof, based on actual mileage. Motor carriers serving routes not less than 50 miles in length will be paid a salary not exceeding \$2,600 per annum.

## PUBLIC ROADS AND POSTAL SERVICE THEREON.

21. In cases where local authorities discontinue or permit the fencing up of a road in use as a post route so as to prevent performance of postal service, the discontinuance of such service is the Department's only alternative, and for any increase of distance or additional expense caused by the action of the local authorities in discontinuing or changing a road in use as a post route no additional pay can be allowed the contractor or subcontractor for service on the route. Mail carriers have no authority to trespass upon private property, and the postal laws give them no special rights or privileges as to the use of public roads. The law prohibits any willful interference with the performance of postal service, but such prohibition does not authorize mail carriers to disregard State law or municipal ordinances in relation to the use of public roads, nor authorize them willfully to interfere with the rightful use of public roads by other parties. There is no provision of law exempting mail carriers from the payment of toll or ferriage, and toll-gate keepers and ferrymen can rightfully refuse passage or ferriage to a mail carrier who refuses to pay the legal rate of toll or ferriage, but upon the tender of the lawful fee therefor a mail carrier must be promptly granted passage or ferriage, and a refusal thereof, in order to enforce payment of an indebtedness previously incurred, or for any other reason (except it be that ferriage be impossible or dangerous to life), would constitute a willful obstruction of the mail, as prohibited by law.

## STAR-ROUTE SERVICE.

22. Schedules.—Service on star routes must be performed on all schedule days regardless of holidays, except that where a star route is dependent upon a rural route for its mail supply, service need not be performed on holidays when the rural carrier is not required to perform service. The contractor agrees in his contract that deduction shall be made from his pay for all service not performed as required.

Contractors and carriers on star routes are not prohibited from transporting, outside of the mail, packages of merchandise, etc., even though such packages may be mailable, but if such packages are presented as mail with stamps affixed, they must then be transported as mail matter, and the contractor or carrier can not make any charge therefor.

Postmasters should advise the Department whenever a change of schedule becomes necessary on a star route by reason of a change of the running time of trains on any railroad with which such star route connects, in order that proper action may be taken to have mails received and dispatched in such manner as will render the most expeditious service to the persons dependent upon the route for their mail supply; but changes of schedule entirely in the interests of the contractor or carrier should not be recommended.

23. Report cases where mail boxes on star routes are injured or destroyed maliciously.—Postmasters are expected to report promptly to the Fourth Assistant Postmaster General, Division of Rural Mails, every instance coming to their notice in which boxes erected for the reception of mail, along roads traveled by star-route carriers, are maliciously pulled down or injured.

## COLLECTION AND DELIVERY OF MAIL ON STAR ROUTES.

24. On star routes where box delivery is required, such service may be had from the post office on either or on both sides of a box, but postmasters must not send mail matter for box delivery by carriers upon a verbal request; a written request for such delivery must be filed in the post office and mail must not be given a carrier under any circumstances, for delivery outside of the regular lock pouch, before it has reached the post office to which it is addressed. Effective July 1, 1917, any person desiring to avail himself of the box delivery and collection service on a star route must provide an approved box, as a box of any other type, or sack, may not be placed in use after that date. This, however, does not apply to boxes or sacks in use prior to July 1, 1917.

25. Persons residing on roads traveled by both star-route and rural carriers may receive an additional and supplemental box delivery by star carriers.

## FORWARDING STAR-ROUTE TRIP REPORTS.

26. The practice of postmasters sending trip reports of star-route service (Form 4155) direct to the Department has been changed so as to require all trip reports on a star route to be transmitted by the postmaster at the

head of the route. Postmasters at the foot of the route, and such intermediate offices as are required to furnish trip reports, will forward their trip reports to the postmaster at the head of the route immediately after the last trip for the month. The postmaster at the head of the route will examine and compare such reports with his own report, and will adjust with postmasters concerned all conflicting statements and inaccuracies, after which he will promptly mail all reports for the route in one envelope, without including any other mail matter, to the Fourth Assistant Postmaster General, Division of Rural Mails. The same procedure applies to weight reports (Form 4156) of parcel-post mail carried on star routes under contract at the pound rate.

3. **Complete requisitions before submitting to Department.**—It is important that each requisition be properly filled in to include particulars and information called for on requisition form, and that postmarking stamp be clearly impressed in space provided. Postmasters must not, when submitting requisitions on regular forms, supplement them with letters requesting supplies which should have been included in the requisition proper.

## OFFICIAL AND REGISTRY ENVELOPES.

4. **Time for submitting requisitions.**—Postmasters at first, second, third, and fourth class offices and post office inspectors should order official and registry envelopes on Form 1579 and the Divisions of Railway Mail Service on Form 5205 (at least three months in advance of their actual need) from the Fourth Assistant Postmaster

1 Postmasters at third and fourth class offices in these States will order general stock supplies from their respective distributing offices in accordance with instructions issued by the Department and during the months designated by the distributing postmasters.

General. Postmasters at third and fourth class offices in States listed below will order official and registry envelopes from their respective distributing offices in accordance with instructions issued by the Department and during the months designated by the distributing postmasters:

California.	Kansas.	Missouri.	North Dakota.	Porto Rico.
Colorado.	Kentucky.	Montana.	Oklahoma.	South Carolina.
Florida.	Louisiana.	Nevada.	Oregon.	Washington.
Hawaii.	Michigan.	New Hampshire.	Pennsylvania.	Wyoming.
Idaho.	Minnesota.			

First-class offices, Inspectors, and Railway Mail Service should order stock for *six months*, and second, third, and fourth class offices for *one year*. The return card will not be printed on orders for less than 10,000 of any stock form. **SPECIAL PRINTS** will be allowed only where the service uses them in large quantities.

5. **Changes in supply.**—Envelopes No. 12, used exclusively by the Railway Mail Service; Nos. 16, 20, 56, 57, 58, 79 and registry jacket No. 91, have been discontinued. Nos. 13 or 54 should be used in lieu of Nos. 20 and 58 and Nos. 14 and 55 in lieu of Nos. 16 and 56. Nos. 5, 40, and 65 will be furnished only to offices of the first and second classes.

#### REPAIRS TO OFFICE APPLIANCES.

6. **Allowance to be based on competitive bids.**—Requests for allowances for the repair of time recorders, typewriters, adding machines, scales, trucks, baskets, etc., except numbering machines, should be accompanied with competitive proposals from not less than three separate individuals or firms doing repair work. When typewriters and adding machines are to be repaired, their serial number *must* be given. The cost of new ribbons should not be included in any case.

Emergency repairs may be made without such estimates being submitted, in the case of typewriters in a sum not to exceed \$3.50, and in the case of adding machines, in a sum not to exceed \$10. Exchanging of platens or cylinders will not be considered "emergency repairs." The bills for such repairs must be submitted to the Department in order that a formal allowance may be granted, without which credit will be disallowed by the auditor. Postal employees must clean, oil, and place new ribbons in adding machines and typewriters operated by them without expense to the Department.

When necessary to send typewriters and adding machines to another city for repairs, shipment must be made by registered mail and machines must be returned in the same manner.

7. **Repairs to numbering machines.**—Postmasters should not request allowances for the local repair of numbering machines. When a machine becomes unfit for further use, it should be forwarded by mail to the Fourth Assistant Postmaster General, Division of Equipment and Supplies, with a letter of transmittal. It will be repaired and the same machine or its equivalent returned to the postmaster as quickly as possible, if desired. Postmasters should plainly state when turning in these defective machines whether their return is actually necessary and they should not be turned in until further use is impracticable. Care should be exercised to the end that numbering machines are kept clean and are not subjected to rough or careless usage.

8. **Authority for purchases in open market, or obligations for repairing office equipment.**—Authority must be obtained from the Fourth Assistant, Division of Equipment and Supplies, before making purchases of miscellaneous supplies in the open market, or assuming obligations for repairing office equipment, except in cases of extreme emergency, or when delay will seriously interfere with the proper conduct of the postal service. Bills contracted in emergency cases must be submitted to the Department and authority obtained for their payment before vouchers for expenditures made are reported to the Auditor for the Post Office Department, with quarterly accounts; otherwise credit will be disallowed.

9. **Disposition of worn or damaged parts removed from Government-owned canceling machines.**—All worn or damaged parts removed from Government-owned canceling machines must be returned to the Fourth Assistant Postmaster General, Washington, D. C.

10. **Repairs to electric motors.**—Postmasters are instructed to have no extensive repairs made to electric motors operating canceling machines or other mechanical equipment without the authority of the Department. In cases of extreme emergency telegraph for authorization to Fourth Assistant, Division of Equipment and Supplies, stating probable cost of repairs.

11. **Defects in waste-paper baling machines.**—Postmasters are instructed to notify the Fourth Assistant Postmaster General, Division of Equipment and Supplies, in all cases where breakages occur or weak parts develop in the waste-paper baling machines installed in their offices, in order that the matter may be taken up with the contractor. No repairs should be undertaken by postmasters without instructions from this office.

#### REQUEST FOR SCALE EQUIPMENT.

12. All requests for scales should be made by letter, stating the necessity for additional equipment of this character.

Request for new scales to replace defective equipment should be accompanied by a statement of explanation.

Instructions covering disposition of old, inaccurate, and damaged scales will be forwarded upon request to the Fourth Assistant Postmaster General, Division of Equipment and Supplies.

Scales are not furnished for use of rural carriers. Parcels offered rural carriers for dispatch should be handled in accordance with section 780, Postal Laws and Regulations.

#### SUPPLIES FOR DUPLICATING MACHINES, TYPEWRITERS, ETC.

13. **Requisitions to show make, etc., of machine.**—When ordering supplies for duplicating machines, canceling machines, typewriter and adding-machine ribbons, postmasters and other requisitioning officers must give the make and model number of the machine for which supplies are desired.

#### POSTMARKING EQUIPMENT.

14. **Rubber canceling stamps.**—Circular rubber dating stamps, showing office name and words "Parcel Post," will be supplied to first, second, and third class offices and to those fourth-class offices where steel stamps

are in use. The rubberstamps in use at other fourth-class offices and at numbered stations of the large offices should be used to cancel postage on parcel-post packages.

Numbered stations are supplied with a uniform rubber dating stamp, which may be used for all purposes, including money order, registry, and parcel-post business.

15. Excess rubber stamps in serviceable condition should be sent to the Division of Equipment and Supplies by ordinary mail for stock.

#### FACING SLIPS.

16. **Manner of ordering printed slips.**—The Fourth Assistant Postmaster General, Division of Equipment and Supplies, will honor requisitions for printed facing slips when made for sufficient quantities and titles to meet demands for a period of SIX MONTHS, by first and second class post offices on Form 1581, and by railway postal clerks (through their chief clerks or division superintendents) on Form 5364. Requests should be made for not less than 1,000 slips of any one title, and when more than 1,000 are desired order in multiples of 1,000. Please note that on a basis of six months 1,000 slips permit of the use of an average of 5 slips per day; 2,000 of 11 per day; 3,000 of 16 per day; 4,000 of 22 per day; 5,000 of 28 per day, etc. Requisitions should be submitted 60 days in advance of time supply on hand will become exhausted. Shipments will be made direct from the plant of the contractor. Postmasters should address inquiries to this bureau. Do not correspond with the contractor.

All postmasters and railway postal clerks who use labels for shipping empty mail bags and pouches to depository or repair shop should send request for this particular kind of label to the superintendent, Railway Mail Service, of the division in which their offices are located.

Slips for use at third and fourth class offices, and for railway postal clerks, may be obtained at the expense of the purchaser, at the rate of 20 cents for 500 in lots of 500 to a form, or 30 cents per 1,000 in lots of 1,000 or more to a form, from the Amsterdam Printing Co., Amsterdam, N. Y. Do not order less than 500 slips of any one form. Transportation charges must be paid by requisitioning officials.

17. **Slips for publishers.**—Where separations of mail matter are made by the publishers at their offices, postmasters should furnish to such publishers, without expense, the necessary printed facing slips. These slips should be ordered by the postmaster on requisition Form 1581.

18. **Plain slips.**—Plain facing slips are furnished to all post offices, as well as division superintendents of the Railway Mail Service, on requisition therefor.

#### REQUISITIONS FOR MONEY-ORDER FORMS.

19. **Time to submit requisitions for money-order forms.**—Requisitions for blank money-order forms should be submitted on Form 6053C to the Fourth Assistant Postmaster General, Division of Equipment and Supplies, 60 days in advance of the time the supply on hand will become exhausted. *This is important.*

#### STANDARD DESIGNS OF MAIL BOXES FOR RURAL AND STAR ROUTES.

20. In accordance with Postmaster General's Order No. 9277, dated November 10, 1915, all mail boxes erected on rural and star routes on and after July 1, 1916, must conform to the Department's specifications in every respect and be officially approved.

Two sizes have been designed and adopted:

No. 1—18½ inches long, 6½ inches wide, 7½ inches high; for letters and ordinary mail.

No. 2—23½ inches long, 11 inches wide, 14 inches high; for all mail, including parcel post.

Order No. 543, dated July 25, 1917, provides for a letter slot in the standard No. 1 rural mail box, in accordance with the following specifications:

### MISCELLANEOUS RULES OF SERVICE.

**1. Mails arriving after business hours.**—Postmasters of offices of the third and fourth classes are not required by the regulations to open, assort, and deliver on the same evening mail that arrives after the close of local business hours; but there is nothing to prohibit their doing so. In case the public convenience requires such service.

**2. Employees' hours of service.**—The hours during which clerks in post offices are required to be on duty are regulated by the postmasters in whose offices they are employed; but the hours of service of employees in offices of the first and second classes are subject to approval by the Department. (See secs. 282-284 and 311, Postal Laws and Regulations, as to post office hours, and §29 as to dispatching of mails.)

3. **Night service.**—Postmasters will not be permitted to place in operation "night service" at post offices or stations where such service will involve any additional expense for clerk hire, or for fuel or light, without first submitting the matter for consideration by the First Assistant Postmaster General, Division of Post Office Service.

4. **Furnishing information to representatives of other Departments or Governments.**—Section 356 and paragraph 1 of section 523, Postal Laws and Regulations, are not intended to prevent the furnishing of information for official use by a representative of another executive department or by a foreign government's recognized representative in the United States, and postmasters may, when it is practicable, furnish addresses or information concerning ordinary mail matter upon the official request of such a representative provided the labor involved is not such as to interfere with postal business. In any instance where a postmaster is in doubt as to the expediency of complying with such a request he should write to the First Assistant for instructions, and in all cases involving registered or insured mail to the Third Assistant, Division of Registered Mails.

5. **List of names or other information.**—Postmasters and all others in the postal service are forbidden to furnish lists of names of persons receiving mail at their offices or to give information as to the post office addresses of former patrons, except as indicated in section 523, Postal Laws and Regulations. It is not the practice of the Department to furnish such information. Form 08 may be used in acknowledging such inquiries from the general public.

6. **Official endorsements or testimonials.**—No postmaster or other postal officer or employee in his official capacity is permitted, without special authority from the Postmaster General, to give any endorsement to a private enterprise or business institution, and no postmaster is permitted to give official endorsements of patrons of his office, or testimonials, or guarantees as to their honesty, reliability, etc.

7. **Telephoned inquiries.**—In answering telephoned inquiries concerning mail matter postmasters should be careful not to give information to any person whose voice is not recognized as that of some one authorized to receive such information.

8. **Recruits for Army, Navy, and Marine Corps.**—Postmasters are directed to aid recruiting officers of the United States Army and Navy so far as possible by displaying recruiting posters in conspicuous places in the post office lobbies and by distributing to young men who may be interested in the subject any printed matter relative to enlistment in the Army, Navy, or Marine Corps that is sent to them for that purpose from the War and Navy Departments. (See sec. 161, as amended Aug. 6, 1918, and sec. 281, Postal Laws and Regulations.)

9. **Agents for publications.**—Postmasters of all classes and employees at post offices of the third and fourth classes who accept subscriptions for newspapers and periodicals during their hours of service to the Government, must not permit this business to interfere with the proper performance of their official duties, and must not retain commissions thereon unless they have agreements to that effect with the publishers. No postmaster or employee may undertake or agree to act as agent for one publication to the exclusion of others. (As to classified clerks and carriers, see secs. 171 and 703, Postal Laws and Regulations.)

10. **Sale of postmarking supplies.**—Postmasters are directed to forward to the Fourth Assistant Postmaster General, Division of Equipment and Supplies, all circulars and communications received by them from firms or corporations advertising the sale of postmarking supplies.

11. **Advertising on postmarking stamps forbidden.**—Postmarking dies shall not be used for advertising purposes, except by special permission from the department and permission will not be granted for such advertising of expositions, fairs, or celebrations unless they are of such national interest as to have been recognized or appropriated for by Congress. (See sec. 538, Postal Laws and Regulations.)

12. **Dispatch of fictitiously addressed mail.**—Although fictitiously addressed mail is *undeliverable* under section 504, Postal Laws and Regulations, such mail should not be withheld from *dispatch* if otherwise mailable and properly prepaid.

13. **Mutilations of mail by canceling machines.**—Postmasters should issue necessary instructions to their employees enjoining care in postmarking mail by canceling machines. Letters containing bulky inclosures should not be run through the canceling machine, but, instead, should be hand stamped.

14. **Changes in names or boundaries of counties.**—When a post office is changed from one county to another by reason of change of county boundaries or the creation of new county, the postmaster should promptly notify the Fourth Assistant, Topography Branch, Division of Equipment and Supplies.

15. **Mails for Alaska.**—All mails for Alaska are dispatched from Seattle, Wash. During the season of navigation all classes of mail are dispatched. During the winter season (from about October 1 to June 1) on account of the difficulty of transportation, the dispatch of mail for Alaska, except for offices on the southern coast, is limited, preference being given, first, to letters in their usual and ordinary form and postal cards; second, to single newspapers and magazines addressed to public libraries, newspaper publishers, and to individuals. Books, catalogues, newspapers and periodicals sent to dealers for purpose of trade or otherwise, and merchandise (parcel-post matter), can not be forwarded to interior offices during the winter season. But, as an exception to the foregoing, when the weight limit of mail for dispatch will permit, packages of seeds, not exceeding 1 pound per package, and articles of merchandise, not exceeding a few ounces each, as the proper officers of the service have reason to believe contain articles of urgent necessity, such as eyeglasses, medicines, etc., for individual use, but not intended primarily for trade, may be inclosed in the mails for dispatch. Offices in Alaska to which only a limited amount of mail may be sent in winter are designated "R" in the State list of post offices.

16. **United States possessions and overseas territory, dispatch of mails for.**—Mails for the Philippine Islands, Hawaii, Samoa, and Guam are dispatched from Pacific coast ports at the first available opportunity to secure the earliest arrival at destination. Mails for Porto Rico and the Virgin Islands of the United States are dispatched by steamers from New York, N. Y. Mails for the Canal Zone are dispatched principally from New York, N. Y.; and when the mails can be advanced, by steamers from New Orleans, La., and San Francisco, Calif.

17. **Posting letters at railway post offices.**—The privilege of posting letters in mail cars and in letter boxes at railroad stations collected from by railway postal clerks is intended only as an accommodation to travelers and

to permit the mailing of a few late letters which can not be deposited in post offices in time for their intended dispatch. Fourth-class matter and matter to be registered is not mailable at mail cars.

18. **Penalty for illegal transportation of mail.**—Whoever, being concerned in carrying the mail, shall collect, receive, or carry any letter or packet, or cause or procure the same to be done, contrary to law shall be fined not more than \$50 or imprisoned not more than 30 days, or both. (See sec. 1296, Postal Laws and Regulations.)

19. **Pensioner's oaths.**—Fourth-class postmasters and rural carriers are required to administer oaths to pensioners and witnesses in the execution of pension vouchers, and have authority to receive from the pensioner for each voucher a sum not exceeding 25 cents. Rural carriers are not required to deviate from their routes to execute vouchers.

#### DUTIES OF POSTMASTERS AS TO REPORTING ARRIVALS AND DEPARTURES OF MAIL, ETC.

20. **Use correct route numbers and termini.**—All communications to the Department relative to mail routes should embrace the correct number and terminal points of such routes.

21. **Postmasters at terminal offices and at other intermediate schedule points** are directed to exercise especial care in making out monthly reports of performance of service or registers of arrivals and departures of mails at their respective offices, to avoid the use of the route number given in the general advertisements, usually issued in September of one year for service from July 1 of the next year, when referring to service contracted for under a previous advertisement.

22. **Blank Form 4155 (Monthly Report of the Performance of Star Route Service)** should never be used for reporting service to post offices not regularly established on a mail route and known as "Special Offices."

23. **In forwarding monthly reports or registers of arrivals and departures of mails, or complaints on rural, or star routes (except those in Alaska), postmasters should be careful to address the Fourth Assistant Postmaster-General, Division of Rural Mails.** For steam and electric railroad routes, steamboat and Alaska star routes, address Second Assistant Postmaster-General, Division of Railway Adjustments. For mail messenger and screen wagon routes, address First Assistant Postmaster-General, Division of Post Office Service.

#### EMPLOYMENT OF TEMPORARY MAIL CARRIERS.

24. **Postmasters should not employ any person to act in place of the regular mail carrier without first receiving authority from the Department to employ such temporary carrier, unless such employment is clearly justified by that section of the Postal Laws and Regulations which relates to temporary service under the class of service which it is proposed to replace.** (Railroad service, sec. 1356; electric car service; sec. 1362, mail messenger service, sec. 1385; star and steamboat service, sec. 1451.)

#### LOSS, DAMAGE, OR DELAY.

25. **Loss, damage, or delay of mail matter.**—Postmasters and other postal officers must report, in the manner outlined in section 487 of the Postal Laws and Regulations, every complaint made to them or which comes to their knowledge of the loss, rifling, damage, delay, wrong delivery, or other improper treatment by postal employees of mail matter. For losses by burglary, fire, etc., see section 150, Postal Laws and Regulations. For instructions regarding lost warrants or drafts see section 147, Postal Laws and Regulations.

26. **Loss of or damage to ordinary mail.**—There is no provision for the payment of indemnity for the loss of or damage to mail not insured or registered.

27. **Rewards.**—Rewards will be paid for the detection, arrest, and conviction of post-office burglars, robbers, and highway mail robbers. The Postmaster General's Notice of Reward, Order No. 5773, is published in the daily Postal Bulletin for May 4, 1921. Under the provisions of paragraph 1 thereof postal employees (except post-office inspectors), as well as other persons, may be paid not exceeding \$5,000 for causing the arrest and conviction of any person charged with violation, or attempted violation, of section 197 of the United States Penal Code. Applications and inquiries in connection with rewards should be addressed to the Chief Inspector, Post Office Department.

28. **Letter boxes.**—The willful injury or destruction of any letter box or other receptacle authorized by the Postmaster General for the receipt or delivery of mail matter, or the willful theft, destruction, or defacement of any matter contained in such box or receptacle, is a penal offense, for which the offender is liable to a fine of not more than \$1,000, or imprisonment for not more than three years.

#### USE OF MAILS FOR FRAUDULENT PURPOSES, AND THE TRANSMISSION OF OBSCENE MATTERS.

29. **Fraudulent schemes and obscene matters.**—Complaints relative to the alleged use of the mails for fraudulent purposes, and the mailing of obscene matters, should be addressed to the Chief Inspector, Post Office Department, Washington, D. C.

When the attention of a postmaster is called to a complaint concerning a scheme to defraud, the complainant should be requested to submit a detailed statement of the facts, and all correspondence, advertising literature, etc., which he possesses, accompanied with the envelopes in which such evidence was transmitted through the mails, properly marked for identification. The department can not undertake investigations for the purpose of securing the return of money remitted. Complaints due to misunderstandings arising in the ordinary course of business, when no violation of law is involved, are not proper subjects for investigation by the Post Office Department.

#### LOTTERY SCHEMES; ENDLESS CHAIN ENTERPRISES, ETC.

30. **The attention of postmasters and railway postal clerks is directed to section 482 of the Postal Laws and Regulations, by the provisions of which newspapers or other publications of any kind, circulars and pamphlets, con-**

teining advertisements of lotteries, gift enterprises or similar schemes offering prizes dependent in whole or in part upon lot or chance, or lists of the prizes awarded in pursuance of such schemes, and all other matter relating to them, are declared to be unmailable. The terms "lottery, gift enterprise, or similar scheme offering prizes dependent in whole or in part upon lot or chance," as used in that section, include "guessing" or "estimating" contests for prizes, as well as drawings and raffles of every kind, whether general or local, whether for private gain or in aid of charitable, educational or religious objects, and whether the consideration for chances be money or other thing of value. Enterprises in which prizes are distributed among purchasers of merchandise in stated amounts, or among subscribers for publications, or for shares of corporate stock, through the medium of drawings or guessing contests, are lotteries within the meaning of that section. Publications, circulars, cards or pamphlets containing advertisements of such enterprises, or notices or other information of any kind relating to them, should be withdrawn from the mails and treated in accordance with sections 547, 574, and 593 of the Postal Laws and Regulations.

"Endless chain" enterprises designed for the sale or disposition of merchandise or other things of value through the circulation or distribution of "coupons," "tickets," "certificates," "introductions," and the like, are held to embrace the elements of a lottery, and also to be fraudulent. Matter of every kind relating to such enterprises should be excluded or withdrawn from the mails, and treated in accordance with sections 547, 574, and 593 of the Postal Laws and Regulations.

Where there is doubt whether the scheme advertised or referred to is a lottery, or similar enterprise, as defined by section 482, the matter in question should be submitted to the Solicitor for the Post Office Department for advice as to its admissibility. Communications to postmasters from the Solicitor, embracing opinions or rulings in respect of matter so submitted, are to be regarded as records of the post office and retained among its official files for purposes of reference. The substance only of such communications should be conveyed to interested persons, and in no case should exact copies be supplied to them; the ruling or opinion being intended for the guidance of the postmaster, and not for the use of those interested in the enterprise passed upon.

The Post Office Department is endeavoring to enforce the antilottery statutes strictly and with thoroughness. Postmasters, railway postal clerks, and all other officers and employees charged with the handling of mail matter are therefore expected to examine such matter, especially publications, with the greatest care consistent with prompt transmission and delivery, and to withdraw or exclude all such as is ascertained to relate to lotteries or like enterprises. Many postmasters have been found negligent in this regard.

#### "SPANISH SWINDLE."

The attention of postmasters is directed to the scheme set forth below, followed by swindlers operating in various towns and cities in Spain, who make a practice of writing to persons in the United States. The scheme has also been operated in Mexico. It is desired that this information be communicated to the public through the medium of the press if it is possible to do so without cost; or, if this can not be done, that such other steps as it may be practicable to take without cost, be taken to disseminate the information.

The scheme consists in sending letters to certain persons, who have previously been selected by confederates. The foundation of the plot varies somewhat. In some instances the writer represents himself as a dying prisoner in a military fortress. He has a fortune on deposit in the United States, but the certificates of stock are concealed in a secret receptacle of his valise, which has been seized by the Spanish Court, and will be held until the prisoner, or his representative, has satisfied the cost of the trial. He claims distant relationship with the addressee. If the first letter bears fruit, it is quickly followed by others in which the prisoner's daughter plays a prominent part. She is in Spain without a protector. A proposal is made to send her, accompanied by a priest, to the newly found relative for protection, if enough money is sent to release the valise containing the secret receptacle and the certificate of deposit. If the relative will accept the trust he is to receive one-fourth of the prisoner's entire fortune of about 120,000 pounds. Of course, the "relative" never hears from the swindlers after he has sent the money requested.

Under the Spanish laws a felony must be consummated before the police may act, and a mere attempt to obtain money by false pretenses does not appear to warrant arrest. The money must be actually paid over, and the prosecuting witness must be present in person to testify; otherwise prosecution would be useless.

The swindle was abandoned during the war, but has recently been revived; most of the letters so far observed bear the postmark of Madrid and Barcelona, and postmasters should watch for letters addressed to their patrons mailed at that place.

#### PROCURING COPIES OF DEPARTMENT FILES.

31. Copies of papers in the files of the Department, or records in post offices, or copies thereof will not be furnished on the application of individuals, except in cases where a suit has been commenced and is pending involving the substance of the paper, document, or record itself, and then only upon the proper subpoena duces tecum issued by a court of record. But in no case shall copies be furnished of the official bonds of officers connected with the service, except under suits relating to said bonds or the execution thereof, or criminal prosecutions thereunder.

10. **Loss of certificates.**—If a postal savings certificate is lost, stolen, destroyed, or improperly withheld, the depositor may obtain a duplicate through the depository postmaster by complying with necessary requirements.

11. **Postmasters not to hold certificates for depositors.**—Postmasters are not permitted to receive issued postal savings certificates for safe-keeping.

12. **Postal savings cards and stamps.**—Amounts less than \$1 may be saved by purchasing 10-cent postal savings stamps. A savings card, furnished free, with 10 postal savings stamps affixed will be accepted as a deposit of \$1 either in opening an account or in adding to an existing account, or it may be redeemed in cash.

13. **Not equivalent to postage stamps.**—Postal savings stamps are not valid for postage, and postmasters will not give them in exchange for postage stamps nor give postage stamps in exchange for postal savings stamps.

14. **Interest on deposits.**—Simple interest at the rate of 2 per cent per annum will be allowed. Deposits commence to earn interest on the first day of the month next following the day on which the deposit is made. Interest will not be allowed for any fraction of a year.

15. **No time limit on accrual of annual interest.**—Interest will continue to accrue annually on a postal savings certificate so long as it remains outstanding, certificates being valid until paid without limitation as to time.

16. **Interest not compounded.**—Compound interest is not allowed on an outstanding certificate, but a depositor may withdraw interest accrued and make a new deposit.

17. **Withdrawals paid on demand.**—A depositor may at any time withdraw the whole or any part of the deposits to his credit, with any interest payable thereon, by surrendering postal savings certificates, properly indorsed, for the amount to be withdrawn.

18. **Identification of the depositor.**—Unless personally known to the postmaster or clerk, the depositor shall be required to answer satisfactorily the test questions shown on the application to open the account before either the principal or interest on certificates is paid. Postmasters and clerks are held responsible in the event of wrong payment if the regulations are not followed in the matter of identification.

19. **How to withdraw deposits.**—A depositor may at any time withdraw all or any part of his deposits, upon demand, from the post office where the deposits were made. Withdrawals may be made in person, through a representative, or by mail through any other depository post office.

20. **Part payment of a certificate.**—When a depositor desires to withdraw only a part of the amount represented by a certificate, the depository postmaster will cancel the certificate, after paying any interest that may be due thereon, and issue a new certificate or certificates covering the amount remaining on deposit. The new certificates will bear the date on which they are issued and will bear interest from the first day of the following month.

21. **Withdrawal of interest.**—When a depositor desires to withdraw the interest payable on any certificate, without surrendering it, he will be required to give his receipt for the amount of the interest paid. The postmaster will enter on the back of the certificate the date of the interest payment.

22. **Death of a depositor.**—In case of the death of a depositor the Director, Postal Savings System, will authorize payment of the amount standing to his credit to the executor or administrator of his estate upon compliance with certain requirements. In case of the death of a depositor intestate, and the amount on deposit is small (\$250 or less, except where the laws of the State in which the money is deposited provide otherwise), the Director, Postal Savings System, may authorize the payment of the amount on deposit to the persons entitled to receive it under the laws of the State in which the money is deposited.

23. **Postal savings bonds.**—A depositor may exchange the whole or any part of his deposits for registered or coupon United States postal savings bonds, issued in denominations of \$20, \$100, and \$500, bearing interest at the rate of 2½ per cent per annum, payable semiannually, redeemable at the pleasure of the United States after one year from date of issue, and payable 20 years from such date. Both principal and interest is payable in United States gold coin. The exchange may be made as of January 1 and July 1 of each year.

**24. How to apply for bonds.**—A depositor desiring to convert his postal savings deposits into bonds on January 1 and July 1 of any year should make application to the depository postmaster at least one month previously on a form which will be supplied for the purpose. At the time of making application the depositor shall indorse and surrender postal savings certificates covering the amount of the bonds desired and the postmaster will give him a receipt for the certificates. The bonds will be issued by the Secretary of the Treasury, who will forward them direct to the depositor. The exchange is considered as taking effect on the date when the bonds begin to bear interest (January 1 or July 1), and any interest due on this date on the certificates surrendered will be paid by the depository postmaster.

**25. A person may hold any amount of bonds.**—Postal savings deposits which have been exchanged for bonds are not counted as a part of the maximum balance of \$2,500 allowed one depositor, and there is no limitation upon the amount of postal savings bonds which may be owned by a depositor.

**26. Bonds exempt from taxes.**—Postal savings bonds are exempt from all taxes or duties of the United States as well as from taxation in any form by or under State, municipal, or local authority.

**27. Bonds are transferable.**—Postal savings bonds can be obtained only by the surrender of postal savings deposits and will not be issued to persons who are not depositors, but whether in registered or coupon form they may, after receipt by the depositor, be sold or disposed of by him at any time and to any one whomsoever. A leaflet containing additional information concerning postal savings bonds may be obtained from any depository postmaster.

**28. How to address communications.**—All communications to the Department in regard to postal savings business should be addressed to the Director Postal Savings System, Washington, D. C.

## THE POSTAL MONEY ORDER SYSTEM.

**1. Establishment of money order service.**—In 1864 the need for some safe method by which small sums of money could be sent by mail became so pressing that Congress passed the act authorizing a Postal Money Order System. The postal money order service thus established was the pioneer in the money-order field in the United States. The fact that absolute safety is thereby assured at a nominal cost accounts for the remarkable growth and popularity of this postal facility.

**2. Advantages.**—The practice of forwarding currency in ordinary mail is an incitement to theft. In case of train wreck also, or of other casualty incident to transportation, money may be destroyed or otherwise lost. But a money order, though lost, may be duplicated from the record of its issue. The public therefore is urged to use the postal money order system, which offers a safe, cheap, and convenient method of making remittances to all parts of the United States and its possessions, and to foreign countries as well. Postal money orders, in short, should be used whenever available instead of cash for remittances by mail; and when such orders can not be obtained the letter containing the money should always be registered.

**3. Use of money orders in C. O. D. parcel post service.**—Postal money orders are the only means by which sums collected on packages sent by C. O. D. parcel post are remitted to the senders of the parcels.

### USE OF MONEY ORDER, REGISTRY, INSURANCE, AND C. O. D. SERVICES TO BE ENCOURAGED.

**4. Encourage use of money-order, registry, insurance, and C. O. D. service.**—It is enjoined upon postmasters and post-office employees to encourage the use of the money-order, registry, insurance, and C. O. D. services. They should recommend to the public that postal money orders be used, whenever available, instead of cash, for remittances by mail; or, when postal money orders are not available, that money be sent by registered mail; also that all valuable mail matter other than that of the fourth class be registered, and that valuable fourth-class (domestic parcel post) mail be insured to obtain the indemnity afforded against loss in the mails.

**5. Penalty incurred by disparagement of service.**—Disregard of these instructions, or any disparagement of the registry, money-order, insurance, or C. O. D. services, whether by making unfavorable comparison with other means of transportation or otherwise, will interfere with the policy of the department and be deemed sufficient ground for the removal of the offender.

### MONEY-ORDER POST OFFICES.

**6. Register and list of money-order offices.**—A separate Register of Money-Order Post Offices is published annually. All such offices, including branch offices and stations authorized to transact money-order business, are embraced in the "State List, Post Offices, Branch Post Offices, and Stations," in this edition of the United States Official Postal Guide, and are indicated by distinctive signs or symbols (\* or †) as explained at the head of such list, which will be subject to amendment announced from time to time in monthly supplements.

**7. Important notice—Name and number of post office.**—The postmaster receiving this copy of the Guide, if his office is a money-order office, will be careful to observe whether the name of the office as printed herein is precisely in accordance with the spelling of the name on money-order forms supplied for issue thereat, and on the M. O. B. stamp furnished for his use; also whether the office number as printed herein is the same as the office number printed on the money-order forms. In case the slightest discrepancy in this respect is noted, the postmaster, in order that proper steps may be taken by the department to minimize the consequences of the error, must promptly report the fact to the Third Assistant Postmaster General (Division of Money Orders) by letter, to which he should affix an imprint of the M. O. B. stamp.

**8. Navy money-order offices.**—Money-order offices established on vessels of the Navy are listed as branches of the post office at New York, N. Y.; and postmasters should address to the postmaster at New York all inquiries they may have to make regarding money orders issued by or drawn on these naval offices.

9. **Foreign offices, lists of.**—Lists of post offices in the several foreign countries with which the United States transacts money-order business on the domestic basis (see Tables No. 1 and No. 4), and on which money orders may be drawn on the domestic form by any United States money-order post office, will be found in the Register of Money-Order Post Offices. Pending receipt of a copy of the register for July, 1921, the 1920 edition may be consulted in drawing orders on those countries.

10. **Classification of money-order offices.**—Money-order offices are of two kinds, "Domestic" and "International."

11. **Domestic offices.**—Domestic offices are authorized to issue money orders payable only in the United States or its possessions, or at the United States Postal Agency in Shanghai, China, or in certain foreign countries with which the United States transacts money-order business on the domestic basis and which are hereinafter enumerated in Table No. 1, page 82, and to pay only orders drawn by postmasters at offices in the United States or its possessions, or the United States postal agent at Shanghai, or by postmasters in the foreign countries thus enumerated. They should decline to issue money orders for payment in Mexico or any country of Europe.

12. **International offices.**—International offices not only issue and pay such money orders as do domestic offices, but in addition thereto issue orders on, and pay orders drawn by, certain foreign countries, between which and the United States conventions for direct exchange of money orders are in operation; and also issue and pay money orders which are sent to or received from various other parts of the world through the intermediary of the postal administration of one or another of those countries.

13. **Army postal service.**—Inquiries and complaints regarding payment of orders drawn by or on United States Army postal service should be addressed to United States postal agent, care of Second Assistant Postmaster General, Washington, D. C., the headquarters of that service having been transferred from Paris to Washington in December, 1919.

### ISSUE AND PAYMENT OF DOMESTIC MONEY ORDERS.

14. **Maximum amount.**—The maximum amount for which a single money order may be issued is, by law, \$100; but there is no restriction as to the number of domestic money orders which may be issued in one day to the same remitter.

15. **Application for money order.**—A money order will be issued upon the filing of an application therefor on Form 6001 or 6701 as prescribed in the Postal Laws and Regulations. Before proceeding to issue the order the postmaster will make such examination of the application as may be requisite to ascertain whether all the necessary particulars appear therein. He should see that the name of the payee is legibly written; and that his address is given in full (showing street and number), if practicable, when the order is payable in a city.

16. **Application forms may be furnished business houses.**—Postmasters will be permitted to furnish, from their own supplies, free of charge, quantities of the regular form to business men who may desire to have them overprinted at their own expense, or send them unchanged, with advertising matter, to their customers. If they are to be overprinted, the postmaster may obtain a supply of such forms loose, i. e., not put up in pads, by making special requisition on the Fourth Assistant Postmaster General, Division of Equipment and Supplies, and stating the purpose for which they are desired.

17. **Funds improperly deposited in rural mail boxes.**—A few patrons on rural routes deposit money in their mail boxes for the purchase of money orders, instead of applying personally to the carrier, and obtaining from him at the same time the receipt provided for in section 1259, of the Postal Laws and Regulations. The practice is conducive to theft and should be abandoned. If, in spite of warning to the contrary, a deposit of that kind is made, the carrier should collect the money and present it at the post office with a written application on Form 6001 for the desired money order.

18. **Orders for sums collected on C. O. D. parcels.**—Postmasters will bear in mind that section 1264 of the Postal Laws and Regulations is *not applicable to money orders representing collections made by rural carriers on C. O. D. parcels*. In the coupon of a money order issued for the purpose of forwarding the amount due the sender of a C. O. D. parcel the name of the addressee of the parcel is given as that of remitter simply in order that the sender of the parcel may know whom to credit with the amount of the remittance. Although he is named as remitter, the money order issued for such purpose is not to be delivered to the addressee of the parcel, but is to be mailed by the issuing official in a penalty envelope bearing the name and address of the payee (sender of the parcel) as given on the tag. The receipt in such a case is to be detached from the coupon of the order at the issuing post office and there filed in the manner prescribed in article numbered 68 on page 108 of this Guide.

19. **Erasures and alterations in money orders.**—Any erasure, alteration, or change whatever of the particulars written in a money order is forbidden. (See secs. 1135 and 1144 of the Postal Laws and Regulations.)

20. **Payment.**—A money order will be paid to the person named therein, or his indorsee, or his agent or attorney, upon his written order, on due presentation thereof at any time within one year from the last day of the month of its issue. A money order drawn in favor of a person residing on a rural route may be paid through the carrier if intrusted to him for collection, accompanied by a written request addressed to the postmaster that payment be so made. A money order is drawn on a designated money-order post office and should be paid at the office on which drawn when received by the owner residing at the office so designated and not forwarded to another office as a matter of convenience or used as exchange.

21. **Repayment.**—A domestic order may be repaid at the office of issue within one year from the last day of the month of its issue. For repayment of international money orders see paragraph 7 on page 86.

22. **Identification.**—The person who presents an order for payment must be identified if unknown to the postmaster. Possession of letters, receipted bills, a bank deposit book, or jewelry bearing the name of the rightful owner is not conclusive evidence of identity; such things are sometimes stolen with the orders. Thieves even employ photographs, pocket cardcases, and printed business cards bearing fictitious names corresponding with

forged orders made out on regular money order forms stolen from post offices. The postmaster who pays a money order upon indorsement to an unknown or irresponsible person without knowing that the signature to the indorsement is the genuine signature of the payee, or without obtaining the signature thereto of some reliable person expressly guaranteeing the indorsement, does so at his own risk. When the payee of a money order is not a resident of the place where payment is to be made, a useful aid to correct identification of the owner may be supplied by a specimen of the payee's signature mailed in advance, under cover of an official penalty envelope, by the issuing to the paying postmaster. That expedient has proved of great value for commercial travelers, actors, etc., but it does not relieve the paying official from exercising additional precautions against wrong payment. (See sec. 1127, Postal Laws and Regulations, as amended.)

**23. Indorsements.**—More than one indorsement on a money order is prohibited by law; but there is no objection to signatures affixed thereto by other parties in token of identification or in guaranteeing signature of payee or indorsee; and postmasters are encouraged to secure written guarantees of this kind when in doubt as to the identity of the applicant for payment. Even if an order bears two or more indorsements it may yet be paid to the first indorsee on due presentation thereof properly receipted by him, provided it is regular in all other respects. The indorsements inconsistent with such payment may thereupon be stricken out.

**24. Bank stamps.**—The stamp impressions which banks ordinarily place upon orders left with or sent to them for collection are not regarded as indorsements transferring ownership of the orders, or within the meaning of the statute which forbids more than one indorsement.

**25. Payments to banks.**—When an order purporting to have been received by the payee, or indorsee, is deposited in a bank for collection, the postmaster at the office drawn upon may effect payment to the bank, provided there be a guaranty on the part of the bank that the latter will refund the amount if it afterwards appear that the depositor was not the owner of the order. An order thus paid should bear upon its back the impression of the stamp of the bank.

#### MONEY ORDERS PAYABLE AT ANY MONEY-ORDER OFFICE.

**26. Payable at any money-order office within 30 days after issue.**—Original domestic money orders issued at and drawn on offices in the continental United States, exclusive of Alaska, are payable on proper presentation at any money-order post office in the continental United States, exclusive of Alaska, within 30 days from date of issue, after which time such orders may be paid only at the offices therein designated. As a matter of convenience to the traveling public, money orders may be paid at any money-order office upon proper identification. It is not the purpose of the law nor the intention of the Department, however, that money orders drawn on one office should be forwarded to another office through banking circles or otherwise as a matter of convenience or used as exchange.

**27. Identity and right of claimant.**—Before paying a money order drawn upon an office other than his own the postmaster must be satisfied that the claimant is the person he represents himself to be and the rightful owner of the order. (See pars. 3 and 5, sec. 1149, P. L. & R.)

**28. Procedure after payment of order drawn on another office.**—Immediately after paying within 30 days from date of issue a money order drawn upon an office other than his own, the postmaster, as provided in the amended section 1149, P. L. & R., will send to the issuing post office a notice thereof on Form 6126 which shall describe the order by its serial number, the amount and the dates of issue and payment. On the back of the order and that of the coupon he will stamp the date on which it was cashed, and make note of the dispatch of Form 6126 to the issuing postmaster, and pending receipt of response to such notice will carry the order as cash on hand. Appended to the Form 6126 there is a detachable printed coupon for use by the issuing postmaster in making acknowledgment of receipt of notice given on that form. When 10 or more money orders drawn on the same office are presented for payment at an office other than that designated in the money orders the postmaster cashing same may forward them with a request for reimbursement by use of Form 6588 to the post office on which they are drawn.

**29. Action required of issuing postmaster.**—The issuing postmaster upon receipt of notice on Form 6126 will immediately examine his records for the purpose of ascertaining whether or not an application for a duplicate of the order has been certified. If no such application has been received, he will at once fill out, sign, detach, and mail to the office at which the order has been paid the required acknowledgment of receipt of notice of the payment. He will at the same time make a note in his register of orders issued, giving the name of the office at which the order has been paid and the date of its payment, and will then file the notice with the application on which the order was issued. At offices having the filing system the same action should be noted in the press copy book of the money-order accounts to the auditor which takes the place of the register of orders issued.

**30. Order stamped and credit taken.**—Upon receipt of such acknowledgment with statement to the effect that no application for a duplicate of the order has been received, the postmaster who cashed the order will stamp it on the face as paid, take credit in cash book for payment thereof, and make note of the same in his register of orders paid, treating the order in all respects as a voucher pertaining to the money-order account next to be rendered by him to the auditor. The acknowledgment is to be attached to and filed with the coupon of the order.

**31. Failure to respond to notice given as to cashing of money order.**—If after lapse of time sufficient for exchange of correspondence between them the postmaster sending notice on Form 6126 shall not have received an acknowledgment of receipt thereof, he will mail to the issuing postmaster another such notice, marking the same "Second notice"; and if after lapse of another such period no response thereto shall have been received he will make report of the fact to the Third Assistant Postmaster General (Division of Money Orders), giving on a copy of the same form a description of the order, with date of payment, and the dates on which the notices were sent.

**32. Prevention of double payment.**—If upon receipt of notice on Form 6126 of payment of a money order the issuing postmaster finds that he has already certified an application for a duplicate of the order, he will promptly forward such notice to the Third Assistant Postmaster General (Division of Money Orders) with a statement of the date on which such application was certified and forwarded. In such case, also, if the duplicate was to be

drawn upon the office on which the original was drawn, the issuing postmaster will promptly notify the postmaster at that office for the purpose of preventing payment of the duplicate if issued.

35. **Treatment of application for duplicate when original has been cashed.**—In the event that after receipt of notice that the original has been paid elsewhere an application for a duplicate order is received by the issuing postmaster from the office on which the original was drawn, he will return the application to the postmaster drawn upon with a statement of the fact of payment, naming place and date thereof. The latter then, if the circumstances call for investigation, may refer the matter to the Third Assistant Postmaster General (Division of Money Orders).

36. **Accounting for amount of cashed order before taking credit.**—In the money-order accounts to be rendered to the Auditor the amount of any money orders which are being carried as cash pending acknowledgment of receipt of notice sent on Form 6126 to the issuing postmaster must be accounted for on the lower margin of the summary in this wise: "Paid money orders drawn on other offices held for Forms 6126 and 6006 \$——." A similar entry should be made in the money-order cash book.

37. **Exceptions.**—Domestic money orders issued in Alaska, Guam, Hawaii, Porto Rico, Tutuila (Samoa), the Virgin Islands of the United States (late Danish West Indies), or at the United States Postal Agency at Shanghai, China, may be treated as paid only at the office drawn upon, or repaid at the office of issue. Although drawn on the domestic form, postal money orders issued in the United States for payment in the Canal Zone or Philippine Islands, or for payment in any of the foreign countries with which business is transacted on the domestic basis, may not be paid or repaid at any office in the United States other than that of issue. Nor may orders issued in the Canal Zone or Philippine Islands, or in any foreign country, be paid at any office in the United States other than the one therein designated, except under special authorization from the Department. A money order bearing marks of alteration of date, name, or amount should not be paid at any office other than the one drawn upon or the office of issue. A duplicate money order may be paid only at the office on which the original was drawn or at the office at which the original was issued.

#### **MONEY ORDERS CASHED AFTER 30 DAYS AT OFFICE OTHER THAN THAT ON WHICH DRAWN.**

38. United States domestic money orders not presented until after 30 days from date of issue may be treated as paid only at the office on which drawn, or as repaid at the office of issue. On due presentation thereof at any time within one year from the last day of the month of their issue such orders may be paid or repaid, if application for duplicate has not been certified.

When a mistake has evidently been made by the issuing official in naming the place of payment, such orders may be cashed, at any time within the period of their validity, at offices other than those therein designated. Whether issued in continental United States or in Guam, Hawaii, Porto Rico, Tutuila (Samoa), or the Virgin Islands of the United States (late Danish West Indies), or at the United States Postal Agency at Shanghai, China, they should, when so cashed, be sent to the office of issue or to the office therein named with Form 6588, bearing request for reimbursement. This method may be followed in the case of any valid domestic order drawn upon a money-order office located in Alaska, Hawaii, Porto Rico, or Virgin Islands of the United States, but cashed under this rule at another money-order office in the same territory either before or after expiration of 30 days from date of issue—the order in such case may be sent with Form 6588 to the office drawn on, to be there treated as paid.

39. **Order to be stamped and notice sent office drawn on.**—In each case where an order has been cashed at an office other than one therein designated and cannot be treated as paid at the cashing office under the amended section 1148, an impression of the M. O. B. stamp of the cashing office should be placed on the back of the order and that of the coupon; record of the transaction, on Form 6513, should be there filed, and notice thereof on Form 6542 should be at once mailed to the office drawn on, if it be a money-order office—otherwise to the office of issue.

#### **DUPLICATE MONEY ORDERS.**

40. **Lost orders.**—When a domestic money order has been lost, the owner, by making application through the postmaster at any money-order office, within one year from the last day of the month of its issue, may obtain a duplicate in its stead payable within that period. By similar procedure in the case of a money order which has been more than once indorsed the second or any subsequent indorsee may obtain payment.

41. **Bonds of indemnity for the issue of duplicate money orders.**—A duplicate money order will be issued without regard to the 30-day period, provided the applicant executes a bond of indemnity on Form 6116. If the application is made at the office drawn upon, the bond may be executed there by the applicant (payee, indorsee, or remitter) and forwarded with the application to the issuing office, or it may be executed at the issuing office by the remitter, payee, or indorsee. In either case it should be sent to the Department with the application, on which a notation should be made to the effect that it is accompanied by a bond. Postmasters should not exact bonds for the issue of duplicates in any other cases, except when specifically directed to do so by the Department.

42. **Application for duplicate—when received.**—Where bonds of indemnity will not be given, an application for a duplicate of an order alleged to have been lost or destroyed may be received by the postmaster at any time from the remitter, payee, or indorsee, but it shall not be certified or forwarded by the issuing postmaster from his office until 36 days after the issue of the original order, the period within which he will in all probability receive notice on Form 6126 if payment of the original has been made at an office other than the one on which drawn. (See amended sec. 1148.)

43. **Invalid orders.**—A domestic order which has not been paid within one year from the last day of the month of its issue is invalid, but the owner may secure payment of the amount by making application to the Post Office Department through the postmaster at any money order office.

## MISCELLANEOUS.

**42. Use of Form 6193.**—Complaint is made that many postmasters follow a practice of sending inquiries as to payment of domestic money orders on Form 6193 almost immediately after the issue of the orders. As the majority of money orders are promptly paid a great number of these inquiries are quite useless and cause unnecessary labor. It should be distinctly understood that Form 6193 is not to be used until sufficient time has elapsed to permit the order to be paid or the remitter to be notified of its nonpayment.

**43. Alleged wrong payment of money orders.**—When a postmaster is notified that wrong payment of a money order has been made at his office, the matter should be brought promptly to the attention of the Third Assistant Postmaster General and the order and coupon forwarded to him with a statement of the facts in the case. If the order has been dispatched to the auditor, the coupon should be forwarded and, if the office which made the payment is one of the first or second class, the postmaster should give the "file number" or the number of the sheet, column, and running number of the account in which credit therefor was taken, with a view to locating the order in the auditor's files.

**44. Destruction of money-order records.**—In case of the destruction of his money order records by fire, burglary, or otherwise, a postmaster should ascertain as soon as possible whether any orders were issued but not dispatched and presumably were destroyed. The complete particulars of any such orders should be determined, if necessary the remitters being consulted, and applications for duplicates submitted promptly at the expiration of 36 days from date of issue.

Likewise if C. O. D. parcels have been delivered and the funds and tags destroyed before the issue of the money orders therefor, the postmaster should ascertain the particulars thereof, issue the orders, and submit to the Solicitor for the Post Office Department a claim for the sum destroyed. Pending settlement of the claim the postmaster should carry the amount in his money-order records and accounts as cash on hand.

**45. Philippine money orders.**—The attention of postmasters is called to the discontinuance on March 1, 1921, of the separate advice (Form 6006) formerly used in connection with the exchange of money orders between the United States and the Philippine Islands, and to the adoption of a new money-order form by that country. This does not relieve postmasters from exercising all usual precautions before effecting payment. Care should be used to see that orders are correctly drawn and that the holders are properly identified. The coupon must be detached from the order at the time of payment, retained in the files of the paying office, and under no circumstances sent to the auditor. Should an order show any irregularity or discrepancy in the amount, the postmaster should withhold payment and immediately apply to the Third Assistant Postmaster General, Division of Money Orders, for instructions. The discontinuance of advices applies only to the exchange of money orders between the United States and the Philippine Islands and to United States money orders drawn for payment to Canal Zone, and postmasters should continue to follow previous instructions and regulations in connection with money orders issued in, or drawn on, all other countries named in Table 4.

## FEES FOR MONEY ORDERS.

TABLE NO. 1.

**46. Fees charged for money orders issued on domestic form.**—Payable in the United States including Hawaii, Porto Rico, and Virgin Islands, U. S. (late Danish West Indies), or in its possessions, embracing the Canal Zone, Guam, the Philippine Islands, and Tutuila (Samoa), at the United States Postal Agency at Shanghai (China); also for orders payable in Bermuda, British Guiana, British Honduras, Canada, Cuba, and Newfoundland, and in the following islands in the West Indies: Antigua, Bahamas, Barbados, Dominica, Grenada, Jamaica, Martinique, Montserrat, Nevis, St. Kitts, St. Lucia, St. Vincent, Trinidad and Tobago, and Virgin Islands (British).

For orders from \$2.51 to \$5.00.....	5 cents.	For orders from \$40.01 to \$50.00.....	18 cents.
For orders from \$5.01 to \$10.00.....	8 cents.	For orders from \$50.01 to \$60.00.....	20 cents.

For orders from \$20.01 to \$30.00.....	12 cents.	For orders from \$75.01 to \$100.00.....	30 cents.

**47. Caution.**—Postmasters at domestic money-order offices are not authorized to issue money orders for payment in any foreign country other than those enumerated in the above Table No. 1. When an intending remitter applies at a domestic office for a money order payable in any other foreign country the postmaster should direct him to the nearest international money-order office. Particular care should be taken not to draw orders upon places on the Isthmus of Panama outside the Canal Zone; but orders on domestic form for persons residing at Colon, Republic of Panama, may be drawn on Cristobal, Canal Zone, which adjoins Colon; while orders on like form for residents of the city of Panama, Republic of Panama, may be drawn on adjoining town of Ancon, Canal Zone.

TABLE NO. 2.

**48. <sup>1</sup> NOTE.—The French colony of Martinique has temporarily suspended the issue of money orders payable in the United States. Therefore, until otherwise instructed, postmasters should decline to pay money orders issued in Martinique. They should, however, continue to draw orders on Martinique as heretofore.

With the exception of Cuba and Martinique, the English language is commonly spoken or understood in all countries in this group.

\*Honolulu is the exchange office for Hawaii, and Pago Pago for Tutuila (Samoa). Seattle is exchange office for orders on Japan, issued in Alaska, Idaho, Minnesota, Montana, North Dakota, Oregon, and Washington. Honolulu is the exchange office for Hawaii for certification of orders on or from Japan or the States comprising the Commonwealth of Australia, or the British colony of Hongkong, China.

†Amount also expressed in figures in currencies of both countries.

52. **Exchange offices.**—Where dissimilarity of language and monetary systems, or of organization and methods necessitates that course, money orders are exchanged with countries abroad through the intervention of Exchange Offices, one, as a rule, acting for each country. To these offices all advices of issued orders are first sent for verification, and for correction of errors. The particulars of the advices are then entered on descriptive lists in duplicate—one for each country—which form the basis of accounts. The lists are numbered consecutively, and each entry therein is preceded by two numbers, the serial number of the Issuing office and that of the exchange office, the latter being technically known as the international number. That expedient facilitates definite identification of any particular remittance referred to in subsequent correspondence or in corrections affecting the accounts.

\* Draw orders on domestic money-order form.

## SEMI-DOMESTIC MONEY-ORDER BUSINESS.

54. **International exchanges conducted on the domestic basis.**—In 1901 a new system of exchange was inaugurated with Canada by which money orders and advices are transmitted directly to their destination without the intervention of exchange offices. This plan has since been extended to 21 other countries. Among that group may be found the Isthmian Canal Zone and the Philippine Islands; although these are United States possessions, they enjoy quasi-independent governments with entirely separate postal organizations. Under this system, which is in operation at every money-order office, remittances are made by means of domestic money orders, the amounts of which are expressed in United States money. These money orders are payable only at the offices therein designated. Being made out on the domestic form and payable in any one of the countries named in Table No. 4, they should not be paid at offices in the United States. The countries on which domestic money orders may thus be drawn are listed in Table No. 1 and in Table No. 4. It will be observed that nearly all are English-speaking countries, exceptions being Cuba and Martinique.

55. **Consult tables before issuing orders.**—Numerous errors are made in drawing domestic money orders on foreign countries which refuse to accept them, and the mistakes cause serious inconvenience to remitters and payees. When a patron applies for a money order payable abroad, the postmaster should first consult Tables Nos. 4, 5, and 6 to ascertain to which of the three groups the country named belongs. If it be found in Table No. 4, the order should be issued on the *domestic form*, and delivered to the applicant with instructions to mail it to the intended payee. *In every such case, except the Philippines and the Canal Zone, a separate advice on Form No. 6008 must be forwarded immediately to the postmaster at the office drawn upon.* In the case of Newfoundland, however, all advices are sent to the office at Sydney, Nova Scotia, and not to St. John's, Newfoundland.

56. **Second requests on Form 6036 need not be sent to semi-domestic countries.**—The attention of postmasters is called to section 1220, paragraph 2, of the Postal Laws and Regulations, which governs the use of departmental Form 6036, as applied to the countries enumerated in Table 4. Second requests on Form 6036 need not be sent, but if postmasters fail to secure the return of the original advice or certificate of nonpayment thereof within a reasonable time in reply to their *first request on said form*, they may immediately claim credit for the repayment and thus close the case. The records should show in all cases, however, that Form 6036 has been sent.

57. **No separate advices are required when money orders are drawn for payment in Hawaii, Porto Rico, Guam, Tutuila (Samoa) or Virgin Islands of the United States, money-order business with those island territories being conducted in the same manner as at post offices in continental United States.**

58. **Do not draw money orders on Santo Domingo and Haiti.**—Postmasters should not accept applications for the issue of money orders on the Republics of Santo Domingo and Haiti, as no arrangements exist for the payment of United States money orders in those countries. Postmasters, however, should not confuse Santo Domingo with Dominica, West Indies, upon which British colony United States orders may be drawn in accord ance with the provisions of Table 4. *Postmasters must positively consult Table 4 before issuing foreign money orders where the domestic form is used.*

59. **Money orders on Mexico should not be drawn on the domestic form.**—When an intending remitter applies at a domestic office for an order payable in Mexico, he should be directed to the nearest *international office*, where he may obtain an order drawn on the *international form*, at the same rate of fees and in the same manner as orders payable in other foreign countries named in Table No. 2. The postmaster will not designate the office of payment, but be careful to obtain on remitter's application the full address of the payee, including the name of the State in which he lives and copy it accurately in the advice. The receipt form will be handed to the remitter; the order will be marked "Canceled" and sent with the advice and coupon to the exchange office at Laredo, Tex. Payment will be made on an order of different form issued at the exchange office in Mexico.

**Payment.**—Payment of orders purchased in Mexico will be made in this country on orders reissued at Laredo, Tex., from descriptive advice lists received there from the Mexican exchange office. The orders will be mailed from Laredo, Tex., to the payees; the advices to the paying offices. There is no fixed rate of exchange between the Mexican peso and the United States dollar, the value of the former fluctuating from day to day. Conversion of amounts in both directions is made by the Mexican exchange office at Nuevo Laredo, according to the prevailing rate of exchange.

## INTERNATIONAL BUSINESS—DIRECT EXCHANGE.

60. **When order on international form should be delivered to applicant.**—When the paying country is found in Table No. 5, the order should be issued on the *international form* and handed to the applicant for transmission to the payee with instructions to present it for payment at the office drawn upon. At the same time the advice and coupon, carefully filled out but not separated, should be dispatched to the proper exchange office. With the exception of France and her colonies, Algeria and Tunis, all the countries in this group are English speaking.

61. **When order should be sent with advice and coupon to exchange office.**—When the paying country is listed in Table No. 6, the *international form* should be used, but the order should be marked "Canceled" and sent with the advice and coupon to the exchange office. Payment is made on a new order issued by the exchange office of the paying country.

62. **Importance of correct addresses.**—The applicant for an international order should be asked to furnish a full and accurate address of the payee, and great care should be used in copying it in the advice. The omission of something seemingly unimportant may result in loss to the issuing postmaster, if it cause a wrong payment. The simplest and safest rule for the postmaster's guidance is that the payee's address in the application and advice should be exactly the same as that on the letter conveying the order or notice of its issue to the payee. Remitters should be required to furnish the street address of payees residing in cities.

63. **Supplemental advice.**—If the address furnished by the applicant is not intelligible to the issuing postmaster, the remitter's statement should be obtained in writing on Form 6083 and attached to the advice. Form 6083 should invariably be used with the *Advices of Orders payable in Japan*, or at Japanese post offices in China or Korea, whenever the remitter and payee are Japanese, Chinese, or Korean. (Sec. 1195, Postal Laws and Regulations.)

64. **Hongkong, China, a British Colony.**—Many errors result from the failure of postmasters to understand that Hongkong, China, is a British colony and that there are British postal agencies at the Chinese "treaty ports" of Amoy, Canton, Chefoo, etc., on which orders may be drawn "through" Hongkong. (See "International List.") Payment is made at all of these offices on the original order issued in the United States, which must therefore be delivered to the remitter for transmission to the payee.

65. **Transposed advices.**—The transposition of advices is a frequent cause of complaint. Errors of that kind, which cause serious losses to the issuing officials, will be avoided if the "application" is numbered *before the order is issued*, and if *before being dispatched to the exchange office, the advice and coupon are compared with the "application."*

66. **Care necessary to prevent double payments.**—In no case should an international order be treated as "Not issued" after either the order, advice, or receipt has passed beyond the control of the issuing postmaster. Great care is necessary to prevent double payments. (See sec. 1201, Postal Laws and Regulations.)

67. **International money orders payable only at the office designated therein.**—Postmasters at international offices must not pay international money orders drawn on offices other than their own, and postmasters at domestic offices must not cash international orders even though drawn in error on their own offices. Such erroneous payments may result in the postmaster at fault being personally charged with the amount. When such orders are presented they should be forwarded to the Third Assistant Postmaster General (Division of Money Orders), with request for correction.

68. **Stamping date of payment on international money orders.**—The attention of postmasters at international offices is called to paragraph 2, section No. 1211, Postal Laws and Regulations, directing that the date of payment must be stamped on both order and advice.

69. **Invalid advices.**—"Invalid advices" of orders issued in countries with which the United States transacts money-order business by use of domestic forms, i. e., advices of orders which have remained unpaid for more than one year from date of issue as well as advices of invalid international orders, should be forwarded to the Third Assistant Postmaster General (Division of Money Orders) conformably to section 1219 of the Postal Laws and Regulations.

70. **Duplicates of lost or invalid orders.**—Postmasters may receive, on Form 6002, and transmit directly to the Department applications for duplicates of lost or invalid orders issued or payable in the foreign countries named in Tables No. 1 and No. 4 with which money-order business is conducted on the domestic basis. Applications for duplicates of lost orders payable in the United States which originated in any country named in Tables No. 5 and No. 6, France included, should be forwarded on Form 6753 to the Third Assistant Postmaster General, Division of Money Orders. In the case of an order which has become invalid by reason of age, the order (and the advice also if it is in the postmaster's possession) should be attached to the application and mailed to the Third Assistant Postmaster General (Division of Money Orders).

71. **Repayment of international money orders.**—Repayment of the amount of an international money order of United States issue may not be effected until after the consent of the country on which it is drawn shall have been obtained, and should never be made upon the mere presentation of the original order at the issuing office. While domestic money orders may be repaid upon presentation, this is not permissible with international money orders. Postmasters, especially in the States bordering on Mexico, must positively not repay such orders when presented by remitters; instead they must be taken up and attached to an application for repayment, Form 6750, which should be mailed to the exchange office to which the advice was sent for certification and not to this bureau. Failure to observe this section and the payment of money to the remitter before a formal authorization is received from the Department is likely to cause personal loss to postmasters.

72. **Canadian postal notes not payable in United States.**—If, hereafter, any such postal note is presented at any post office in this country, the postmaster thereof should decline to pay it and should advise the holder to return it to the sender for redemption or exchange for a money order.

73. **British postal orders.**—British "postal orders," which are issued in fixed denominations up to 20 shillings and correspond to what are usually called "postal notes," are not negotiable at United States post offices and should not be paid. The orders should be returned by their holders with request that the money be sent to the payees in this country by means of international money orders.

#### INTERNATIONAL BUSINESS—INDIRECT EXCHANGE.

74. **Indirect exchange, how effected.**—In addition to the countries with which the United States maintains a direct exchange of money orders there are, as indicated in paragraph 13, a number of places and countries with which an "indirect" exchange is carried on, through the intermediary agency of a foreign Post Office Department. For instance, Hongkong, China, is a British colony, and there are British postal agencies at the Chinese "treaty ports" of Amoy, Canton, Chefoo, etc., on which orders may be drawn "through" Hongkong.

75. **Indirect orders, how treated.**—"Indirect orders" are drawn on the country which is named as the agent, and are treated in every respect as if payable in that country. Such orders and their advices are not headed "India," or "Korea," but the nationality is designated according to the country through whose agency payment is to be effected—"Great Britain" or "Japan," as the case may be.

76. **List of countries and localities reached by indirect exchange.**—Names of countries and localities to which remittances may be made by "indirect exchange" are given in a separate volume entitled "International List" which is supplied to postmasters at all international money-order offices.

**77. Delivery of order when France is intermediary.**—In all cases where France acts as intermediary for the United States in forwarding a remittance to a third country, payment is made upon the original order, which should, therefore, be carefully made out and delivered to the remitter for transmission to the payee.

**78. When Hongkong is intermediary.**—At all of the places named on page 137 of the International List, edition of 1921, for which Hongkong is the intermediary, payment is made on the original order, the advice and coupon of which should be transmitted to the exchange office at San Francisco for certification or to the exchange office at Honolulu, or the exchange office at Pago Pago, as the case may be, if the order is of Hawaiian or Samoan origin.

**79. Order canceled when sent to exchange office.**—Postmasters must not deliver the international money-order form to the remitter except when it is drawn on France, Great Britain or a British Colony. In all other cases the order form must be marked "canceled" and sent to the exchange office with the advice and coupon.

Failure to observe these instructions results in inconvenience to the public and entails unnecessary correspondence on the Department.

**80. Interruption of money-order business with certain countries.**—Exchange of money orders with the following named countries has been suspended, namely:

Austria, Egypt, Germany, Greece, Hungary, Liberia, Luxemburg, Portugal, and Russia.

The postal administration of France has made arrangements for the payment of money orders in the Provinces of Alsace and Lorraine. Hence the applications of intending remitters may be accepted and money orders issued to them for payment at any locality in Alsace or in Lorraine in accordance with the rules governing the issue of money orders payable in any other portion of France.

**81. Money orders payable in Mesopotamia, Palestine, and Syria.**—International money orders may now be sent through the intermediary of Great Britain for payment to civilians, but not for soldiers, in any part of Palestine or Mesopotamia. Such orders in favor of civilians may also be issued for payment at Beyrout and Damascus, but not at other places in Syria. Postmasters should deliver the receipt form only to the remitter; the order itself is to be marked canceled and sent with the advice and coupon to the New York exchange office. For the intermediary service rendered the London office will deduct a fee from the face value of the original order.

**82. Unfounded reports of resumption of business with certain countries.**—Misleading reports are being disseminated in publications printed in foreign languages regarding the resumption or extension of money-order business with Austria, Hungary, Poland, and with new states now in process of formation. These rumors probably have their origin in the fact that mail communication with certain portions of Central Europe which was discontinued or interrupted by the war is being gradually restored. But in so far as money-order business is concerned, they are unfounded. The department, through the Postal Bulletin and Supplements to the Official Postal Guide, will give prompt notice to postmasters and the public regarding renewal of interrupted exchanges of international money orders or the execution of new treaties.

Until otherwise instructed, postmasters should decline to issue orders drawn on any European country, except those enumerated in Tables 5 and 6, pages 83 and 84 of this issue of the Guide.

**83. Business with Finland resumed.**—Because of conditions incident to the war, the exchange of money orders with Finland, formerly conducted through the intermediary of Sweden, was discontinued on October 28, 1918. The Swedish office has, however, recently signified its willingness to serve again as intermediary and notice is hereby given that applications of intending remitters for money orders to Finland may now be accepted.

Orders will as hitherto be drawn in all respects as "Swedish" international money orders.

#### FUNDS FURNISHED POSTMASTERS FOR PAYMENT OF MONEY ORDERS.

**84. How to apply for draft.**—Postmasters should use every effort to effect prompt payment of money orders, and when the available funds in his possession are not sufficient for the purpose, he should make application on Form 683 to the Third Assistant Postmaster General, Division of Money Orders, for a special draft on the Treasurer of the United States for the additional amount needed. In making such application the postmaster should be careful to state whether or not he will be able to negotiate the draft in his vicinity without cost to the Department. (See sec. 1234, Postal Laws and Regulations.)

**85. Credit on money-order account against which checks may be drawn.**—When the funds on hand at an office are constantly insufficient to meet the payments of money orders, the Third Assistant Postmaster General will grant the postmaster a credit for a specific amount against which checks may be drawn on the Treasurer of the United States. A supply of checks bound in book form will be furnished the postmaster for use in drawing against such credit. (See in this connection secs. 1235 and 1236, Postal Laws and Regulations.) Postmasters should not, however, make up for deficiencies in postal receipts by drawing checks against such credit and transferring the proceeds to the postal account.

**86. Transfer of postal or money-order funds.**—When funds are transferred from the money-order to the postal or from the postal to the money-order account, notification thereof on Form 6024 must be sent immediately to the Third Assistant Postmaster General, Division of Money Orders, instead of to the auditor. In this connection, postmasters at district offices (which forward accounts to central accounting offices) are cautioned that transfers of money-order funds to postal funds must not be made, but funds may be transferred from the postal to the money-order account when needed to pay money orders. Postmasters at central or direct accounting offices, however, may transfer funds from the money-order to the postal account when needed at the time the transfer is made.

#### SURPLUS MONEY-ORDER FUNDS AND RESERVES.

**87. Failure to remit or account properly for surplus funds.**—In many instances postmasters do not remit surplus money-order funds as instructed in sections 1240 and 1245, inclusive, of the Postal Laws and Regulations, while others fail to report in spaces provided for that purpose on the account sheets the dates and amounts of remittances in transit for which no certificates of deposit have been received or the dates and amounts of remittances that

will be made of funds already on hand. Some postmasters at offices where money-order reserves have been granted fail to enter the amount thereof in the space provided on the lower right-hand corner of money-order account summaries, while others claim reserves when none have been authorized by the department. Such carelessness or willful omission of entries materially affects the efficiency rating of postmasters. Printed instructions on money-order account blanks are for the guidance of postmasters, and should be observed in rendering semimonthly or monthly accounts of money-order business.

88. **Reserves to be retained only as needed.**—Some postmasters retain the entire money-order reserve when but a portion is needed to insure the prompt payment of orders. The necessity for remitting all funds not required in the actual transaction of money-order business is readily apparent, and postmasters should retain on hand only such part of the reserve as is necessary to insure the immediate payment of money orders. (See sec. 1245, Postal Laws and Regulations.)

89. **Surplus money-order funds to be remitted daily.**—It is constantly coming to the attention of the department that many postmasters do not remit their surplus money-order funds promptly as required by the regulations and they are cautioned that failure to do so may result in loss by fire, burglary, or otherwise of funds for which the postmaster or his bondsmen are responsible, they having been retained unlawfully. It should also be stated that as there are no appropriations made by Congress for the purpose of paying money orders, it is necessary that surplus funds be forwarded promptly to depository offices to the end that they may be available to reimburse the Treasurer of the United States for payment of checks drawn against money-order credits.

## REGISTRY SYSTEM.

1. This system provides special safeguards for the transmission of money and other valuable mail to domestic and foreign destinations.

The per cent of loss of registered mail is very small.

The indemnity paid by the department is limited, but private insurance companies are willing to place additional insurance on registered mail if the sender desires to more fully protect his interests.

### ADVANTAGES OF THE SYSTEM.

(A) Matter acceptable for registration may be registered at any post office or station.

(B) City carriers in residential districts register articles which are not cumbersome on account of size, shape, or weight.

(C) Rural carriers accept mail for registration.

(D) A receipt is given the sender for each article registered.

(E) A receipt showing delivery is furnished the sender if he marks the envelope or wrapper "Return receipt desired."

(F) Manifold mailing records are furnished, without charge, to firms or individuals who frequently present three or more articles for registration at one time.

(G) Firm delivery records are also used where an addressee frequently receives an average of eight or more registered articles at one time.

These manifold mailing and delivery sheets furnish a convenient and compact office record of matter registered and registered mail received, and permit of the speedy acceptance of mail for registration and the receipting for registered mail received. (Postmasters should suggest the use of these records to any firms or individuals who register sufficient mail or receive a sufficient number of registered articles to warrant their use.)

(H) Indemnity is paid to the sender, or, at his request, to the addressee, or to such other person as may justly be entitled thereto, as explained below:

**Domestic.**—For the loss, rifling, or damage of first-class domestic registered mail, value up to \$50; for domestic third-class registered mail, for value up to \$25. No indemnity is paid in connection with second-class registered mail nor for any matter on which both postage and fee are not fully paid.

(The limited indemnity in case of domestic registered mail is paid for the market value of merchandise lost, and for the actual, usual, direct, and essential expenses incurred in the duplication of valuable papers, or the original cost of such papers, within the maximum amount payable, when they are not duplicated.)

**Foreign.**—For the total loss (as distinguished from loss of contents) of Postal Union registered articles (that is, letters, prints, commercial papers, and samples of merchandise) in any amount claimed up to 50 francs, provided the loss is not due to force majeure (circumstances beyond control, such as acts of war, earthquakes, tempests, etc., or such other causes as are considered in the nature of force majeure, or beyond control, by the country in whose service the loss occurred). However, under a mutual arrangement with Canada indemnity is paid for losses of registered mail exchanged between the two countries, even when due to force majeure. Indemnity is not paid for the loss through force majeure in a foreign postal service of Postal Union registered articles exchanged with any other foreign country, unless the foreign country interested has reciprocally assumed liability for losses occurring through force majeure. The United States will also pay indemnity in any amount claimed up to 50 francs for the loss or rifling of such Postal Union registered mail for foreign countries as originates in this country and is lost or rifled in the Postal Service of this country, irrespective of the cause of the loss. No indemnity in connection with foreign registered mail may be paid where, through circumstances considered in the nature of force majeure, the registry records of the country addressed have been destroyed, thereby making it impossible for that country to prove delivery.

(Indemnity may not be paid for the loss of registered articles in the postal service of any foreign country which had not, up to date of mailing of the registered article, either adhered to the Universal Postal Union or had otherwise agreed to make reimbursement for the loss.)

No indemnity is ordinarily paid for damage to, or the partial or complete loss or rifling of the contents of, any registered article for foreign destination, unless it was mailed in the United States, and the damage, partial loss,

or rifling occurred while the article was in the custody of the Postal Service of the United States, and then for the actual value of the articles lost only, not exceeding 50 francs, and, in case of damage, only under the conditions specified for the payment of indemnity for complete damage or loss in the domestic registered mails, although indemnity may be allowed for the actual loss sustained, within the limit of 50 francs, on account of the complete damage, partial loss, or rifling of any registered article in the *Postal Union* mails, regardless of where it occurred, or where the article was mailed, provided the foreign countries interested have agreed with the United States reciprocally to pay indemnity in such cases.

Indemnity for actual value up to 50 francs is paid for the loss, theft, or damage of international parcel post registered articles exchanged between the United States and Chile, Denmark, Kingdom of Serbs, Croats and Slovenes, Mexico, Norway, and Salvador, unless the loss is due to force majeure. Indemnity is not paid in connection with such mail exchanged with any other foreign country.

No indemnity is paid for the injury or loss of any registered matter exchanged between post offices in the United States and post offices in the Philippine Islands, unless the matter was lost in the Postal Service of the United States.

No indemnity is paid: (1) For injury to registered mail due to insecure or insufficient preparation and wrapping; (2) for the injury or loss of any domestic registered article without intrinsic value; (3) unless inquiry or a claim regarding the article was made or filed within one year from date of loss; (4) for the loss of official registered mail unless both postage and fee were paid; (5) for the loss, rifling, or damage of an article outside the Postal Service, including cases where loss, rifling, or damage occurs before acceptance for registration or after proper delivery in accordance with the regulation governing the delivery of registered mail. (See article 31.)

The postal convention between Spain, the United States of America, and certain Central and South American countries, concluded at Madrid in November, 1920, provides that registry indemnity for registered articles mailed on or after February 1, 1921, will be paid for value up to 50 francs gold (approximately \$9.85), for the total loss (envelope or wrapper and contents) of letters, printed matter, commercial papers, and samples of merchandise, and for the total loss of post cards on which full letter rate has been paid, addressed for delivery in Bolivia, Colombia, Honduras, Nicaragua, Peru, Salvador, and Cuba, instead of indemnity being paid up to 50 francs regardless of the value of the article. No indemnity is paid for the loss of periodicals or other matter corresponding to domestic second-class mail, nor for losses occurring in cases of force majeure (beyond control). Postmasters should advise patrons accordingly.

The postal administration of Austria advises that by reason of the fluctuations in the value of exchange of foreign moneys it must suspend temporarily the payment of indemnity in connection with registered articles. Postmasters will therefore advise persons presenting for registration mail intended for delivery in Austria that no indemnity can be paid should the articles be lost, rifled, or damaged.

Payment of indemnity in connection with registered articles destined for places in Turkey other than Constantinople has been suspended.

**Indemnity applications.**—Reports of losses and application for indemnity should be made by the public to the postmaster at the office of mailing, or of address, with particulars of registration and a description of the contents of the article, and, in cases of partial loss or rifling, with the envelope or wrapper. Claims for damage should show in detail how the article was enveloped or wrapped. The reports are investigated by post-office inspectors as promptly as possible, and claims are acted upon as soon as the investigations develop an actual loss in the Postal Service. In case of domestic mail this requires from one to several months, according to circumstances in each instance. More time is usually required in international cases, because of necessity of awaiting the result of investigations by the foreign countries. Claims for duplication of valuable papers should be supported with receipted bills for any actual necessary and direct expense in connection therewith.

**Recovery of lost articles.**—Offices of mailing and of address shall keep a record of each registered article reported lost, and if article is found will immediately notify the chief inspector.

**2. Fee.**—The fee on registered matter, domestic or foreign, is 10 cents, in addition to the postage, for each letter or parcel inclosed in a separate envelope or wrapper. Two or more articles can not—unless inclosed under one envelope or wrapper—be fastened together and registered as one.

**3. Matter admissible.**—Mailable first, second, and third class matter for domestic destinations may be registered, if the rate of postage applicable to such classes, in addition to the registry fee of 10 cents, is paid. Mailable domestic parcel post (fourth-class matter) may also be registered if it is sealed and postage at the first-class rate, in addition to the registry fee, is paid. Composite domestic packages containing both third and fourth class matter can not be registered unless they are sealed and the first-class rate of postage is paid.

Mailable *Postal Union* articles addressed to foreign countries may be registered if postage is paid at the proper foreign rate in addition to the registry fee.

International parcel-post articles can be registered unless the contrary is indicated in the *international parcel-post table* on pages 149 to 153 of this Guide, or in information published in subsequent monthly guides.

Fourth-class parcels for Canada, Cuba, Mexico, and the Republic of Panama can be registered but not insured (see article 5, page 101). Fourth-class matter for Guam, Hawaii; United States Postal Agency at Shanghai, China; United States Naval Hospital, Yokohama, Japan; Philippine Islands; Virgin Islands of the United States; Porto Rico; and the Canal Zone, may be insured but can not be registered unless sealed and the first-class rate of postage is paid.

**4. Airplane registry service.**—Sealed first-class mail (except that supposed to contain registered matter of large value, such as securities, coin or currency in large amounts, and the like), including sealed parcels not exceeding 30 inches in length and girth combined, for dispatch by airplane service, will be accepted for registration upon the prepayment, by postage stamps affixed, of a registry fee of 10 cents in addition to the airplane postage. (See secs. 399½ and 877, Postal Laws and Regulations.)

5. **Mails which should be registered:** (a) Money. (However, money should be sent by postal money orders when they are available. See art. 2, p. 78, and arts. 4 and 5, p. 78.)

(b) Valuable papers, such as deeds, specifications, etc.

(c) Goods of unusual value.

(d) Articles for which the sender wishes a return receipt showing delivery—such articles should be plainly indorsed "Receipt desired" on the address side.

(e) Letters which sender desires delivered to addressee in person—these should be plainly indorsed "Deliver to addressee only" on the address side.

(f) Any articles for which the sender desires indemnity in case of loss if such indemnity is provided.

6. **Coin, currency, jewelry.**—Postmasters to advise senders to seal and have such matter registered.—Because of the additional safeguards which are provided for registered mail, by the system of records and receipts and special modes of transmission, postmasters should advise patrons to send, as sealed first-class registered mail, valuable articles of fourth-class matter, such as packages of currency, sacks of coin, jewelry, precious stones, and articles of similar nature, the transmission of which as unsealed fourth-class parcel-post matter would induce or facilitate theft or depredation without means of fixing responsibility therefor.

7. **By whom registered.**—Application for the registration of mail should be made at a post office, station, or branch, or to a carrier.

Mail intended for registration should never be placed in a street letter box or in the ordinary mail drop; it must be presented for registration and receipt obtained at the time.

8. **Registry service for American Forces in Europe.**—All available first, second, or third class domestic mail for or from members of the American Army of Occupation in Germany may be accepted for registration, but the public should be warned that it is not safe to inclose currency in letters for such forces under any circumstances, and that money orders should be used instead. Registered mail for members of this army is delivered to orderlies appointed by the military authorities to receive mail of the organization and the responsibility of the Postal Service ceases upon delivery to the military authorities or their authorized representatives.

9. **Knowledge of registry regulations.**—Postal employees who are not familiar with the Registered Mail Service should read the following Sections of the Regulations to obtain a general understanding of treatment of such mail under normal conditions:

(a) Acceptance and dispatch. Sections 879, 881, 882, 886, 890, 891, 896, and 903. Registrations by rural carrier. Sections 1070 to 1076. Foreign. Sections 1039, 1043 amended, and 993.

(b) Handling in transit. Sections 916, 917, 921, and 988 amended.

(c) At offices of delivery. Sections 927, 931, 933, and 935 (pars. 1 to 3). Delivery by carriers. Sections 1032, 1033, and 1094. Foreign. Sections 1046, 1047 amended, 1048, and 1050.

(d) Forwarding and return of undeliverable. Sections 633, 942 to 944, 956. Foreign. Sections 1047 amended, 1048, 1052, and 1055.

(e) Indemnity for loss. Sections 971 to 974.

10. **Preparation for mailing.**—Mail for registration must:

(a) Bear the name and address of sender and be legibly addressed. Mail for members of military organizations should show the official designation of the unit and organization to which the addressee belongs.

(b) Have postage and fee fully prepaid at time of registration. (See secs. 406, 496 and 878, Postal Laws and Regulations.)

(c) Be securely sealed if sent as first-class matter.

(d) Be inclosed in envelopes or wrappers of sufficient strength to withstand customary treatment in transmission. The "extra quality" 2-cent stamped envelope is especially recommended as a cover for registered mail, particularly for coin, currency, or similar objects. Postmasters must decline to accept articles for registration when inclosed in flimsy envelopes or not wrapped so that they will carry safely with ordinary handling. They will bring to the attention of banks and financial institutions at their offices the necessity of adequately and effectively preparing and wrapping money packages, suggesting that it would be advisable to inclose paper money in canvas sacks closed with lead seals or ties and placed within an outer wrapper, strong enough to protect the inclosure and to withstand handling itself, or that it be inclosed in cloth or linen lined envelopes. Sheets of currency should be made into a compact package. The contents of a package must not be so bulky or ill-fitting that the outer cover will be broken through or cracked by protruding corners or edges. Letters or parcels not prepared in this way must have a piece of cardboard or the like placed on top and underneath of each package of money before being placed in the outside cover; these packages must be wrapped at least three times with a heavy grade of paper, and securely sealed with mullage or glue in addition to wax which, if used, is frequently knocked off or broken in handling.

(e) In some instances the tags attached to lead-seal sacks containing coin or currency are simply tied to the sack after it has been lead sealed, in such a manner as to permit the string to become untied and the tag lost off. To avoid this, the senders of registered sacks containing coin or currency should be requested to securely attach the lead seal to the neck of the sack in such a way that the tag bearing the name and address of the addressee will be securely attached between the neck and the lead seal, immediately under the lead seal. This can be accomplished by passing the cord through the eyelet of the tag, the cord being drawn taut and the seal compressed with the tag in this position; or, if the lead seal is equipped with steel pin, the pin should be passed through the eyelet of the tag, before the cord is drawn taut, while the tag rests flat on the neck of the sack, between the sack and the head of the seal. The sealing of the ends of the cord with wax is not alone a sufficient safeguard, as the wax is liable to become broken.

(f) Be addressed with ink if for foreign countries. The address on matter for Mexico must include the Mexican State or Territory, and that for Canada the province, county, or district of the office of address.

11. **Inclosure and sealing of registered mail.**—Before accepting letters or sealed parcels for registration, the receiving postal employees should exercise care to see that the article is securely sealed in every part and that it is inclosed in a cover of sufficient strength to withstand transmission in the mails. See art. 10 (4.)

12. **Postmarking of registered mail.**—Postmasters must see that registered articles are invariably postmarked (at the time the article is accepted for registration and in the presence of the sender when practicable) in a legible manner, as required by section 890, Postal Laws and Regulations. (See also sec. 541.)

13. **Free registration of official mail:** (a) Aside from mail on official business of the Post Office Department, that relating to the census and the few other exceptions mentioned in section 878, Postal Laws and Regulations, no mail of any executive department or branch of the Federal Government outside of Washington, D. C., is entitled to free registration, irrespective of whether it is entitled to free postage. Free registration is not accorded the legislative or judicial departments nor any State or other Government or any of its branches. In case of doubt a postmaster should require payment of the fee and report the matter to the Third Assistant Postmaster General, Division of Registered Mails, for decision.

(b) Postal employees must be careful not to register unnecessarily post-office official matter. Apart from registrations required by the regulations (see especially secs. 346, 371, 646, 664, and 1241) or by specific instructions, official matter should not be registered unless (1) proof of delivery is essential; (2) it contains inclosures of intrinsic value, such as money or stamped paper; (3) the inclosure is of such importance that its duplication in case of loss would be necessary and entail material expense. Free registration is an expense to the service which should be minimized as much as possible.

14. **Rates of postage to be designated in records.**—The class of each domestic or foreign article accepted for registration shall be noted on the registration receipt and on the mailing-office record. The following abbreviations will be used in recording mail accepted for registration addressed to foreign countries:

Classification.	Abbreviation.	Classification.	Abbreviation.
Letters.....	L.	Printed matter.....	Pts.
Postal cards.....	P. C.	Samples of merchandise.....	Smple.
Commercial papers.....	Com. P.	Parcel post.....	P. P.

Registration records must distinguish especially international "parcel-post" registered mail from the other classes addressed to foreign countries.

15. **Important instructions published in the Monthly Postal Guides during the years 1917, 1918, 1919, 1920, 1921.**—Particular attention is directed to the following important notices concerning registered mail, published as indicated below, which are not reprinted in this Guide because of lack of space:

16. **Tracers for domestic registered mail.**—Postmasters will discontinue sending registry tracers, Form 3836, except in special instances where they may be instructed to do so by the department.

See section 911, Postal Laws and Regulations, and note that postmasters must restrict their tracing of registered mail to inquiries of a post office of address by means of inquiry Form 1516. If the postmaster at the office of address reports that he has no record of having received the registered article, and that the addressee claims its non-receipt either as ordinary or registered mail, the matter is to be promptly reported to the chief inspector for investigation as a possible loss. (See section 487, Postal Laws and Regulations.) Prompt attention must be given registry inquiries. (See section 287, Postal Laws and Regulations.)

17. **Defective pouches, sacks, or locks must not be used in dispatching registered mail.**—Reports indicate that postal employees frequently use defective equipment in dispatching registered mail. The use of such equipment is likely to result in the loss of registered articles (possibly of considerable value) for which the postal employee using the defective equipment may be held responsible. It is therefore manifestly to the interest of all concerned to carefully examine all pouches, sacks, and locks before use and while being handled in transit, in order to make sure that the equipment is free of defects and in first-class condition. If a pouch or sack received in transit is found to be so worn that the contents are endangered, the dispatch should be reinclosed in another container. It is desired and expected that each postal employee concerned shall give careful heed to these instructions.

18. **Equipment for registered mail.**—Postmasters and other postal employees concerned are informed that the following-described pouches should be used in dispatching registered mail:

Nos. 1 and 2 through registered pouches equipped with strap and staple-closing device.

Nos. 2, 3, 4, and 5 ordinary pouches equipped with attached collar fastener closing device.

Nos. 2 and 3 inner registered sacks.

Ordinary mail sacks together with detachable collar fastener must not be used in dispatching registered mail except in *extreme* emergency.

These instructions do not contemplate a discontinuance of lead-sealed sacks in dispatching registered mail to foreign destinations.

19. **Care in billing and checking registered mail.**—Postal employees are cautioned to see that cards and manifold bills, describing registered matter are correctly and legibly written, and to exercise the greatest care in recording letter, jacket, and lock numbers; that receipts obtained are for the identical articles billed; that matter received checks up with the card or bill; and that discrepancies are reported for prompt investigation. As close observation as is practicable should be made of the condition of registered matter received and delivered, and appropriate action taken when an article is in bad condition or poorly sealed.

20. **Iron-lock pouch dispatches.**—Division superintendents of the Railway Mail Service will make certain preliminary installations of exceptional dispatches of registered mail in iron-lock pouches, their action in each case to be reported to the Third Assistant Postmaster General, Division of Registered Mails, for approval, disapproval, or modification, such installation to remain in force *unless formal notice of its modification or revocation is received*. Postmasters may continue to communicate direct to the Third Assistant Postmaster General their opinions with reference to exceptional dispatches in which their offices are concerned, and are expected to do this when they consider that a dispatch frequently containing valuable mail is unsafe. (See art. 21.)

21. **Registered articles known or presumed to contain large values, such as coin, currency, securities, etc., to be made the object of special care, in so far as practicable, both at post offices and while in transit.**—Such articles, as far as practicable, should be given proper vault or safe protection, handled under the supervision of responsible supervisory officials or employees, and such receipts should be taken, and care exercised in billing and checking as will make it possible to place responsibility in cases of loss or depredation. At massing points in large offices or large R. P. O.'s, where the ordinary run of registered mail is, in special cases, transferred by bulk, exception should be made, in so far as practicable, to articles apparently of large value and detailed receipt obtained for such mail. Day R. P. O. dispatches of registered mail of large value are preferable to night dispatches and in so far as practicable postmasters should advise the senders of such matter to present, if possible, in time for inclosure in authorized day R. P. O. dispatches.

Prompt report should be made to the Department, through proper channels, of any instance noted where it is believed that registered mail—particularly that known to be of more than nominal value—is not given adequate safeguards either in transit or in post offices.

22. **Special arrangements intended to facilitate the handling of registered mail, especially at, or between, the larger offices.**

(e) *Number only system of delivering registered mail.*—This system is installed, upon request, at practically all larger offices where postmasters consider it advantageous. The principal advantage of this method of delivering registered mail is to avoid re-entry of the original number and name of the post office and State of origin of registered articles received for delivery, the incoming pouch bills being utilized as the office record of these two particulars. Under this system the registered matter may be delivered under the original number or the articles may be given inward numbers. In some instances the delivery of the matter under original numbers may be preferable, unless the conditions are such that the inward number is found advantageous in connection with the transfer of registered articles by "number to number inclusive" within a post office, after its removal from the pouch, or in cases where the inward numbers are useful in connection with checking or balancing. When this system is installed, arrangements are made upon request for the use of manifold bills by postmasters or railway postal clerks who dispatch an average of three or more registered articles to the post office at one time. In the exceptional cases where manifold bills do not accompany the registered articles such bills are supplied by the post offices to which the registered articles are addressed.

(b) *Quick registration receipts, Forms 3806 and 3897.*—The principal advantage of the quick registration receipts is that it enables the receiving postal employee to quickly issue a registration receipt and saves the time of the sender, by enabling him to quickly obtain a receipt for the article registered. The quick receipts also obviate the necessity of using carbon paper. The office record of articles for which the quick receipts, Forms 3806 and 3897, are issued is kept on the 60-line nonmanifold record known as Form 3807. It is desired that the quick office receipt, Form 3806 in connection with Form 3807, be installed at all post offices where its use would be of advantage to either the public or the post-office employees because of the facility with which the receipt can be issued, and where the conditions are such that delay or inconvenience would be caused either the sender or the postal employee issuing the receipt if the more detailed registration receipt, Form 3806, written up with the use of carbon paper, was used. The carrier's quick receipt, Form 3897, should be used by rural carriers, instead of the carrier's manifold registration book, Form 3896, at any post office where the office record, Form 3807, is used in issuing receipts for mail registered at the post office or at a station or branch thereof or by city carriers.

(c) *Firm registration records.*—These are furnished in bound or loose sheet form and in sizes providing for 5, 15, and 30 entries. They are supplied, without charge, to any firm or individual willing to use them, who frequently presents an average of three or more articles for registration at one time. One copy of the mailing sheet is kept by the sender, the other is delivered to the post office for use as the office record of the matter.

(d) *Manifold firm delivery books.*—These are furnished in bound books, Form 3883, 10 line, Form 3883-a, 20 line. They are authorized, when desired by the addressee, for use at post offices in recording registered mail for firms or individuals that receive an average of six or more registered articles at one time by carrier delivery. Where desk delivery is made, a separate delivery book, Form 3850, or sheet, Form 3867, may be assigned to each firm or individual receiving an average of six or more registered articles at one time, or the manifold firm book may be used without carbon process; unless the addressee insists upon receiving a list of the registered articles delivered.

(e) *Manifold dispatch books, Forms 3851, 3852, 3853, and 3854.*—These books are used in listing registered articles when an average of three or more articles are dispatched at one time to the same destination; also in transferring registered mail between registry and mailing clerks at post offices when such clerks occupy separate inclosures or are removed from each other, or for some other reason receipting for the articles is necessary. These books may be used in duplicate or triplicate, as occasion may require, and their proper use will oftentimes save the reentry of registered articles. The most economical size book should always be used.

(f) *Jackets or rotary locked sacks or pouches to be made up when necessary.*—Such dispatches must be made up when the quantity, bulk, or value of the mail makes their use advantageous by saving the handling of single registered pieces within post offices or in transit, or in providing additional safeguards for the matter.

(g) *Numbering of registration receipts in advance of the time they are issued to the senders of the registered articles they describe.*—This is found advisable at many offices.

23. *Rotary-lock dispatches.*—All postmasters and employees of the Railway Mail Service in possession of ordinary rotary-lock keys are authorized to make and receive dispatches of registered mail in pouches or sacks closed with rotary locks whenever the quantity or bulk of registered mail involved justifies and at least one handling in transit of the mail inclosed is saved thereby, and it is known that the receiving post office or R. P. O. has a rotary key. Five or more pieces of ordinary size or two bulky pieces which will well fill a pouch or sack will justify the use of a sack or pouch closed with a rotary-lock. Unless a postal employee making up a rotary-lock pouch has knowledge that hand-to-hand delivery of the pouch can be made over the entire route, the pouch as made up should not be so large that it can not be inclosed within a large size outer ordinary mail pouch should occasion require. All post offices of the first and second classes, railway post offices in full postal cars, railway post offices in the more important apartment car lines, and certain transfer clerks designated in the schedules of the Railway Mail Service and the post offices of the third and fourth classes, branch post offices and named stations mentioned in the list in article 28, pages 103 to 105 of the July, 1919, Guide and in the supplemental lists published in the monthly Guides since that date are in possession of rotary-lock keys and therefore authorized to make and receive dispatches of registered mail in pouches and sacks closed with rotary-locks. The list of "Post offices of the third and fourth classes, branch post offices, and named stations in possession of rotary-lock keys," published on pages 103 to 105 of the July, 1919, Postal Guide, is not repeated in the July, 1920-1921, Guide.

Postmasters having occasion to use this list will preserve pages 103 to 105 of the July, 1919, Guide and annex to them the additions to the list which have been, or will be, printed in the monthly guides published subsequent to July, 1919. Or, if preferred, a complete typewritten list may be prepared and pasted to sheets of cardboard and subsequently kept corrected to date. In case of doubt whether any railway post office train is supplied with a rotary-lock key, obtain the necessary information from the local superintendent or chief clerk of the Railway Mail Service. (See secs. 983 to 1014, Postal Laws and Regulations.) Any postmaster or employee of the Railway Mail

Service who believes that he should be furnished with a rotary-lock key should make application therefor, stating reasons.

**24. Reuse of penalty envelopes for pouch-bill coupons.**—Postmasters and others who dispatch registered mail under coupon bills will save and reuse, until they become unserviceable, the return addressed penalty envelopes in which coupon receipts are returned to them.

To permit this economy, the envelopes should not be sealed or postmarked by the returning employees or others.

**25. Post offices having separate stations for handling transit registered matter.**—Council Bluffs, Iowa; Omaha, Nebr.; Philadelphia, Pa.; St. Louis, Mo.; Seattle, Wash.; Washington, D. C.; and Los Angeles, Calif. (the latter from Dec. 13 to 31, inclusive, each year.) (See sec. 995, Postal Laws and Regulations.)

**26. Independent branch post offices and stations.**—Independent branch post offices and independent stations indicated in the alphabetical list of post offices receive and dispatch registered mail direct, and registered jackets, sacks, and pouches containing mail for delivery therefrom must be addressed thereto. The name of the post office to which such branch or station is attached need not appear, except in cases where an independent station is designated by a letter only, when postmasters will add the name of the post office to which the lettered station is attached. If such matter addressed to any independent branch or station is received at the main office or at any other branch office or station, it will be treated as transit matter.

**27. Improper treatment of registered mail as ordinary mail.**—In opening and working mixed mails, postal employees must check and receipt for the registered mail before making disposition of the ordinary mail. Ordinary mail should also be carefully scrutinized to ascertain whether any registered mail has inadvertently been placed therein. (See sections 884, 895, and 927, Postal Laws and Regulations.)

**28. Delivery by carrier.**—City and rural letter carriers deliver registered mail. If the residence or place of business of the addressee is more than one-half mile from a rural route, the carrier is not required to make delivery thereat, but will leave a notice in the rural mail box so that the addressee can be at the box the next trip, or call for the mail at the post office.

#### **CARE TO BE EXERCISED IN THE DELIVERY OF REGISTERED MAIL.**

**29. Many complaints have been received indicating failure of postmasters to comply strictly with the indorsement on registered mail "Deliver to addressee only," or similar restrictions.** In delivering a registered article it should be closely examined to determine whether the sender has restricted delivery. If he has, such instructions should be carefully observed. All postal employees delivering registered mail should thoroughly familiarize themselves with section 935, Postal Laws and Regulations, and the note following that section.

Especial care should be exercised by postmasters to effect proper delivery of registered, insured, or C. O. D. mail, which may be indefinitely addressed because of the failure of the sender to add a street address or to write the full name of the addressee, or because there may be in the city or town addressed more than one person of the same name.

In case of doubt inquiry should be made of the supposed addressee to ascertain from whom the article was expected, and such other inquiries made as will tend to indicate whether he is the correct addressee. Should doubt then exist, the postmaster must communicate with the mailing postmaster to ascertain for whom the sender intended the article.

It is also noted that losses of registered matter often occur through its having been remailed, after proper delivery, as ordinary mail. This frequently occurs in cases where a registered article is delivered at the proper address after the addressee has left. It is believed that the number of such cases can be reduced, and interests of the public thereby better safeguarded, if the delivering postal employee will, as far as practicable, ascertain whether the addressee is still at the address borne by the article, and, if not, whether a person authorized to receive the article there under sections 935 to 939 is still entitled to receive and care for mail of the addressee. It should be explained to such person, in so far as practicable, that if he accepts the article it can not be remailed as registered matter without payment of additional registry fee, but that if the addressee's present address is known and written order for the forwarding of the letter is given by the person authorized to so act for the addressee, under sections 935 and 942 (par. 1), Postal Laws and Regulations, without taking the article from the custody of the Postal Service, the article can be forwarded as registered mail without additional fee. If the addressee is no longer at the place of address of a registered article, carrier should endeavor to determine whether the occupant of the address is still entitled to receive the addressee's registered mail, and to refrain from delivering it if the occupant is not then so entitled.

**30. Senders' return receipts.**—Numerous complaints are received to the effect that return receipts for registered mail are not obtained when requested by the sender. Return receipt cards for registered articles that bear the indorsement "Receipt desired" or words of similar import shall be prepared at mailing offices. When an article bearing such indorsement is received for registration, the registration record shall be similarly indorsed. The card receipts must be securely fastened at the mailing office to the pieces to which they relate. Postmasters will see that these receipts are obtained and promptly returned to the senders in every instance where they are requested by indorsement upon the article; also in cases where, in the absence of this indorsement, the articles are accompanied by return receipts. The receipts should invariably be obtained, even though the articles are not accompanied by the prescribed form (3811), if the article bears a notation indicating that sender desires a return receipt.

Failure to provide return receipts which have been requested is a delinquency which will not be tolerated by the department.

**31. Delivery of registered mail.**—Registered mail, the delivery of which has not been restricted by the sender or the addressee, is deliverable, without a written order from the addressee, to any responsible person to whom the addressee's mail is customarily delivered. (See sec. 935, Postal Laws and Regulations, and note following that section.) Patrons may obtain from local post office more detailed information as to the rules governing the delivery of registered mail.

**32. Delivery restricted by sender.**—The sender may restrict by indorsing the address side "Deliver to addressee only," or, after mailing and before delivery has been effected, by a written order sent through the mailing postmaster.

**33. Delivery restricted by addressee.**—The addressee may restrict delivery by giving the postmaster at the delivery office a specific, or standing, written order stating to whom delivery shall be made.

**34. Observance of restrictive indorsements.**—The delivery records of the post office, and the senders' return receipt when required, for registered mail delivered to other than the addressee should show both the name of the addressee and that of the person receipting for the article. Proper receipts must be taken in every instance and the senders' return receipts dated and postmarked to show the actual dates of delivery. (See sec. 931, Postal Laws and Regulations.) Matter which can not be delivered as restricted must be returned to the sender indorsed "Can not deliver as restricted." Unknown signatures on written orders for the delivery of registered mail must be verified.

**35. Identification.**—Persons applying or inquiring for registered mail, as senders or addressees, or their authorized representatives, will if unknown be required to establish their identity satisfactorily before registered mail or information concerning it is given them.

**36. Treatment of registered articles received in bad order.**—Registered articles in bad order must be marked to that effect by the first postal employee noting such condition. If it is evident that any of the contents are missing, note to this effect should be made upon the article.

When articles are repaired with official sealing stamps, the postmark and full name of the postal employee repairing the article must be placed thereon in such manner that an impression of the stamp and the writing of the name will appear partly upon the sealing stamp and partly upon the wrapper of the article. Postal employees at delivering offices will require addressees or their authorized representatives to open bad-order registered articles in the presence of the delivering employee and report any shortage of contents, regardless of whether the damaged article had been repaired with sealing stamps or reenclosed in a penalty or bad-order envelope. Examination of the contents of a damaged registered article at the office of delivery in the presence of the delivering postal employee will not include the counting of the contents of registered articles addressed to banks and other large financial institutions, in cases where the article is so slightly damaged as to make it apparent that none of the inclosures could have been taken out or lost from the article. The additional instructions contained in section 932 of the Postal Laws and Regulations regarding the treatment of "bad-order" registered mail should also be strictly observed.

#### RECALL, FORWARDING, AND RETURN TO SENDER.

**37. Recall before delivery.**—When the sender of registered mail desires to reclaim or recall it at any time before delivery, application must be made to the mailing postmaster. (See sec. 942, Postal Laws and Regulations.)

**38. Forwarding.**—Registered mail may be forwarded before it has been once properly delivered without additional charge for registry fee upon the written request of the addressee, of the sender through the mailing postmaster, or of any person to whom the addressee's mail is deliverable—first-class matter without extra charge; other matter, upon prepayment of postage chargeable by law for forwarding. (See art. 33, p. 122, and art. 211, p. 185, as to forwarding of mail of foreign origin.)

**39. Method of dispatch.**—In forwarding or returning registered mail which can not be delivered, all postmasters shall dispatch the mail under the original registration number and the office of origin. (See sec. 943, Postal Laws and Regulations.) Such mail must not be reregistered in the window registration book, but the required notation should be made on the delivery or transit record and each article recorded and dispatched as other outgoing or transit registered mail. At offices using inward numbers the original number may, if necessary, be noted on such record, as may be most advantageous to facilitate connection between inward and original numbers in case of inquiry.

**40. Undeliverable.**—Undeliverable registered mail of the first class and Postal Union mail is returned to sender without additional charge at the expiration of the proper period. Additional postage, but not fee, is required for the return of registered second and third class matter. Secs. 956-1057, P. L. & R.

# INTERNATIONAL REGISTERED MAIL, ALSO THAT FOR ALASKA AND ISLAND POSSESSIONS OF THE UNITED STATES.

42. Owing to geographical changes and other conditions resulting from the war it is very important that postmasters should, before accepting for registration articles addressed to foreign countries, carefully consult the instructions and information in connection with Postal Union and international parcel post mail for foreign countries, printed on pages 117 to 186 of this Guide, and in the monthly postal guides published since July, 1920; also the "General foreign separating scheme," published on pages 140 and 142; for the purpose of ascertaining whether mail is now transmissible to the country addressed; whether any exceptions are made in the case of registered mail; and in order to ascertain the correct United States exchange offices toward which the registered article should be dispatched.

43. **Make-up and dispatch.**—Registered mail for foreign countries should be dispatched as directed by sections 1043, 1047 amended, and 1017, Postal Laws and Regulations. See also the "General foreign separating scheme," pages 140 and 142.

44. **Preparation for dispatch to the New York, N. Y., exchange office.**—To permit expeditious handling registered mail proper for dispatch to Canal Zone or to foreign countries (except Canada, Cuba, or Mexico) via New York should, when the quantity warrants, be dispatched in a single inclosure (a registered jacket, sack, or pouch), addressed direct to the "Foreign Branch, New York, N. Y." Such single inclosures should then be dispatched with other registered mail for New York in registered pouches or sacks labeled to New York, N. Y., when possible. (See art. 30, Jan., 1921, Guide.)

45. **Specially addressed.**—Directions given by the sender in the address of registered matter, as to the route by which it shall be sent, must be complied with whenever practicable, but should not be followed in cases of specially addressed mail for the Philippine Islands unless postage on such matter has been paid at the Postal Union rate. (See secs. 653, par. 15, 1043, 1044 and 1045, Postal Laws and Regulations. Registered mail for trans-Pacific destinations which the sender has specially addressed "via Vancouver, B. C.," or "via Victoria, B. C.," will be sent to Seattle, Wash., as the United States exchange office.

46. **Parcel-post registered mail.**—Postal employees will avoid dispatching parcel-post registered mail to any United States exchange office which is not authorized to exchange parcel-post matter with the country of destination as shown by list on pages 149 to 153.

47. **Registry return receipts.**—Whenever the sender requests a return receipt for a registered article addressed to a foreign destination, Form 3870 shall be supplied at all first and second class offices, but in case of other offices it will be supplied at the United States exchange office of dispatch, unless the mailing office has been specially authorized otherwise. These receipts must be legibly postmarked and have the correct registration number and the other particulars required entered thereon and be securely attached to the matter they describe.

48. **Registry return receipts for mail addressed to Canada.**—When a return receipt is requested for a registered article addressed for delivery in Canada, the mailing postmaster will prepare and send the domestic form of return receipt (Form 3811) with the article unless he has Form 3870. (See art. 54, p. 97, of this Guide relative to "Registered Jacket envelopes for and from Canada.") Domestic return receipt (Form 3811) will be used when return receipt is requested for registered mail deliverable in the Canal Zone, Guam, Philippine Islands, Porto Rico, Hawaii, the Virgin Islands of the United States, through the United States Postal Agency at Shanghai, China, or the United States Naval Hospital at Yokohama, Japan, or on board United States naval vessels.

49. **Delivery in foreign countries.**—Delivery of registered mail addressed to foreign countries is made according to rules of the country which makes delivery.

50. **Trans-Pacific, Australia, New Zealand, and Samoa.**—No article for delivery in Santa Cruz Islands, can be registered. Parcel-post packages for Australia and the Friendly (Tonga) Islands can not be registered. Registered articles other than parcel post for Australia, West Australia, and New Zealand should be sent to San Francisco, Calif., or Seattle, Wash., as the proper exchange office, unless they are specially addressed to be dispatched by some other route. Registered parcel-post packages for New Zealand should be sent to San Francisco as the exchange office; and all registered mail for Samoa should be sent to San Francisco as the exchange office. As San Francisco is the only post office authorized to exchange parcel-post mail with offices in Australia, West Australia, and New Zealand, postal employees, in dispatching parcel-post registered mail addressed for delivery in those countries, will be careful not to include it in jackets, pouches, or sacks containing other than parcel-post matter and addressed simply to the foreign country of destination of their contents, as such jackets, sacks, or pouches are liable to be diverted in transit to some exchange office other than San Francisco if it is found that a quicker dispatch can thereby be obtained. When there is sufficient parcel-post registered matter for Australia, West Australia, or New Zealand to warrant the make-up of a registered package jacket, inner registered sack, or through registered pouch, such sack, jacket, or pouch should be labeled to indicate that it contains only parcel-post registered mail for the country addressed. (See sec. 1044, Postal Laws and Regulations.)

51. **China, Japan, Hongkong, Philippine Islands, and the United States Naval Hospital at Yokohama, Japan.**—Registered matter addressed for these destinations will be sent toward San Francisco, Calif., or Seattle, Wash., according to which of these offices will afford it the earliest dispatch to destination.

52. (a) **Alaska, Yukon, and Atlin Territories—Restrictions.**—From June 1, of each year, until the closing of the open (summer) season first, second, and third class matter may be registered, and fourth-class (parcel post) matter insured or sent C. O. D. to any part of Alaska. During the winter months (from about Oct. 1 to June 1) the articles transmissible in mails for offices designated "R" under "Alaska" in the State list of post offices are restricted to:

(b) Letters (in their usual and ordinary form); post cards; singly wrapped newspapers and periodicals from office of publication, addressed to public libraries, to newspaper publishers, and to individual subscribers; transient newspapers and third-class matter of all kinds, except books, trade catalogues, circulars, patterns, and samples of merchandise,

(c) The articles excluded are newspapers and periodicals sent to dealers for purposes of trade (in bulk or otherwise); sample copies of newspapers and periodicals; books; trade catalogues; circulars, patterns, samples of merchandise, and fourth-class matter (merchandise).

(d) *Exceptions.*—In making up the mail for dispatch on any trip preference will be given to letters in their usual and ordinary form. Of the available excess between the weight of the letters and the maximum weight allowed by the contract, not exceeding 10 per cent may be devoted to carrying (1) packages of seeds, not exceeding 1 pound per package, and (2) such small packages of merchandise, not exceeding a few ounces each, as the proper officers of the service have reason to believe contain articles of urgent necessity, such as eyeglasses, medicines, etc., for individual use, but not intended primarily for trade. No such limited dispatch or mail shall include more than one package of seeds or merchandise to any one individual, firm, or corporation. The remainder of the available weight will be devoted to carrying separately wrapped and addressed copies of newspapers and magazines, not including newsdealers' packages.

(e) Steamer carrying mails for Nome, Alaska, and the post offices in the Seward Peninsula, Alaska, served through the Nome office, usually leaves Seattle, Wash., about May 10; therefore all classes of mailable matter for those destinations may be accepted on and after May 1.

(f) *Delays.*—The senders of registered matter for Alaska, other than letters in their usual and ordinary form, should be informed that such matter is liable to be delayed in transit if the letter mail available for dispatch entirely exhausts the limit of weight of matter which the contractor is required to transport on each trip.

(g) *Yukon district of Canada.*—All classes of mail matter are accepted for transmission to the Yukon district as freely in winter as in summer. The weight of mails carried to and from Dawson by the Eagle-Dawson route during the winter season is limited, and consequently it is necessary to continue the restrictions on mail matter for transmission by that route during the winter season.

#### MAIL FOR CANADA (INCLUDING NEWFOUNDLAND AND ST. PIERRE-MIQUELON), CUBA, AND MEXICO.

53. *Use of bills and coupons in dispatches to and from Canada.*—Postal employees authorized to make dispatches of registered mail direct to Canadian post offices and railway post offices should use the manifold dispatch bill, Form 3851-2-3-4, when the use of that form is more economical than that of Form 3834, Postal Union registry bill. Unless specially instructed to the contrary, the coupons of bills received in registered pouches, sacks, or jacket envelopes from Canada need not be returned unless there is a discrepancy in contents. The Canadian postal service will follow the same arrangement in case of registered mail for Canada. If there is a discrepancy, notation should be made on the coupon, which must be sent to the office of dispatch.

54. *Registered jacket envelopes for and from Canada.*—Registered jacket envelopes should be used in dispatching registered mail to post offices or railway post offices in Canada under the provisions of sections 1015 to 1023, inclusive, Postal Laws and Regulations, a bill describing contents being inclosed in each jacket (sec. 1058). Where the sender requests a return receipt for registered mail dispatched in jacket envelopes, the mailing office will prepare and attach to the article the international receipt (Form 3870) if available, otherwise the domestic receipt. Postmasters and railway mail employees of the Canadian postal service will make up registered jackets only for post offices where United States customs officers are located and for United States railway post offices. Railway postal clerks receiving from Canada registered jackets addressed to them will treat the contents which are liable or supposed liable to customs duty in the manner required by section 664, Postal Laws and Regulations. If a registered article is received from Canada without a receipt form, but indorsed to indicate that the sender desires a return receipt, the post office making delivery shall supply Form 3870 if available, otherwise the domestic form. Form 3870 after being signed, dated, and postmarked, must be inclosed in a penalty envelope directed to the postmaster at the office of address of the sender. Offices where customs officers are not located receiving registered jacket envelopes from Canada addressed thereto will observe the requirements of section 664, paragraphs 12, 14, and 24, Postal Laws and Regulations, and also report to the Third Assistant Postmaster-General, Division of Registered Mails.

55. *Scheme for dispatch of registered mail to Canada, Mexico, and Cuba.*—Postal employees handling registered matter addressed for delivery in Canada or Mexico will ascertain, by comparison of the addresses with the following list, the name of the exchange office to which, or in the direction of which, the matter should be sent, and dispatch it toward the office which will give it the greatest expedition. Directions given in the address on registered matter as to the route by which it shall be sent must be complied with whenever practicable. United States postmasters at border registry exchange offices will make up local registered mails so as to give the quickest authorized dispatch from the standpoint of their offices.

#### CANADA.

60. Indefinitely addressed ordinary and registered mail to, and from, Mexico.—Postal employees who receive, for dispatch to Mexico, ordinary or registered mail bearing the name of some station, camp, ranch, or locality where no post office is known to exist but which may possibly be delivered to the addressee through a near-by post office will dispatch such mail to the Mexican service for determination as to whether delivery of the matter can be effected. Similar procedure will be observed by postal employees of the Mexican service in connection with indefinitely addressed articles for the United States. When such articles are received, the United States postal employees will if possible transmit them to post offices from which delivery can be effected; otherwise the articles will be appropriately indorsed and returned to Mexico.

\*CUBA.

\*(Carefully read important exceptions in footnote below).

Mail for Cuba and Mexico, originating in New York, New Jersey (except registers for Cuba from southern portion), Pennsylvania (except registers for Cuba from eastern portion), and the New England States will be forwarded to the Pennsylvania Terminal R. P. O., New York City, and consideration will then be given to the advisability of dispatching the same from New York City by sea when such dispatches appear to be advantageous. Registers for Cuba from the southern portion of New Jersey and the eastern portion of Pennsylvania should be sent to Philadelphia, Pa., as the proper exchange office.

61. Exchange offices which dispatch registered mail to Cuba are: Chicago, Ill., Jacksonville, Fla., Key West, Fla., Mobile, Ala., New Orleans, La. (for the States of Arizona, Arkansas, California, Hawaii, Louisiana, Mississippi, New Mexico, Oklahoma, and Texas), Philadelphia, Pa., New York, N. Y., St. Louis, Mo., and Tampa, Fla. Unless an office is close to one of the exchange offices named, single pieces should be dispatched toward Florida.

62. Special instructions.—These general instructions concerning the dispatch of registered mail to foreign countries may be modified by special instructions published from time to time by the Department. See "General Foreign Separating Scheme" on pages 140 and 142 and "International Parcel Post," pages 149 to 153 of this Guide.

63. Recording of registered mail of foreign origin.—Postal employees recording registered mail from foreign countries are instructed to record and list such matter under the original number and the post office and country of origin. If in any case the original number does not appear on both the registered article and the foreign bill or list, or has been crossed off, the postmaster or R. P. O. clerk first receiving the article direct from the foreign country will list the article by the number under which it was billed to him, and the use of that number will be continued in the subsequent transmission of the article and in its final delivery to the addressee, but in such cases

\* The channels through which registered mail is dispatched to Mexico may be frequently changed. Officials of the Railway Mail Service will notify postmasters and R. P. O. clerks of temporary modifications of dispatches which may vary from the above list, which is not intended to supersede instructions that may have been, or may in the future be, given specifically to particular offices or to railway postal clerks.

notes should also be made, when practicable, on the records of the final office of delivery, showing the original number, if this appears upon the article, in addition to the one under which the article was dispatched from the first United States post office or R. P. O. of receipt.

64. **Customs duties.**—Sealed packages from foreign countries indorsed "Supposed liable to customs duty," must be opened by the addressee in the presence of the postmaster. If they contain only written communications, money, or genuine postage stamps (not prohibited facsimiles) they will be delivered at once; otherwise the package and entire contents must be submitted to a customs officer for assessment of any duty found to be chargeable before final delivery to the addressee. Postmasters should read and comply strictly with Sec. 664, Postal Laws and Regulations. All foreign mail shall be carefully examined to ascertain whether it is marked "Supposed liable to customs duties," or with words of similar import. Whenever the failure of any postmaster to treat dutiable matter properly results in the loss of customs revenue, he will be held liable under his official bond for the loss. (See section 1050, P. L. & R.) Dutiable mail for appraisal is to be addressed to *postmasters* at places where customs officials are located (see following list) and not direct to the customs officials. Read paragraph 12, Section 664, and indicate on the label the name of the post office to which such mail has been sent for submission by the postmaster to customs officials, promptly transmitting the coupon to the Auditor for the Treasury Department, Washington, D. C.

## INSURED AND C. O. D. MAIL—GENERAL INSTRUCTIONS.

1. **Insurance fees, conditions, and indemnity.**—Fourth-class or domestic parcel post mail (pages 11 to 17 of this Guide), except as noted in paragraphs 3, 4, and 5 following, may be insured against loss, rifling, or damage in an amount equivalent to its actual value up to \$5 for a fee of 3 cents; \$25 for 5 cents; \$50 for 10 cents, or \$100 for 25 cents, in addition to the postage. Both postage and fee must be paid by postage stamps affixed to the parcel. Such mail may be insured at any post office or station thereof, or by rural carriers, but must not be deposited in street mail boxes or in mail drops at post offices. The amount of the insurance fee and the amount of postage shall be stated separately on the receipt given the sender and on the record retained at the mailing office. (See amended sec. 488, Postal Laws and Regulations.)

2. **C. O. D. fees, conditions, and indemnity.**—Fourth-class or domestic parcel-post mail (except as noted in pars. 3, 4, and 5 following), may be sent C. O. D.; that is, the price of the article and the charges thereon (including, if desired, the postage and fee prepaid) will be collected from the addressee, not to exceed \$50, on payment of

a fee of 10 cents (in stamps affixed to the parcel) in addition to postage; and not to exceed \$100 or ~~the amount of~~ a fee of 25 cents. Such parcels are insured for not exceeding \$50 and \$100, respectively, according to whether a 10 or 25 cent fee was paid, against the nonreceipt of returns therefor if delivered and collection is effected; and against loss, rifting, or damage in an amount equivalent to the actual value. The department will not assume responsibility for errors made by senders in stating the collection charges, or for any misunderstanding between senders and addressees regarding the price, character, or contents of parcels. The sender of a C. O. D. parcel will not be permitted to pay a fee of only 10 cents thereon when the amount to be remitted is greater than \$50, even though he should be willing to accept indemnity only for \$50 in case of loss; but when the value of a parcel exceeds \$50 and the remittance to be made to the sender is \$50 or less, the parcel may, if the sender so desires, have a 25-cent fee paid thereon, entitling him to indemnity for any loss or damage sustained, not in excess of \$100. A parcel on which the remittance is \$50, but on which, because of the money-order fee, the collection from the addressee will be in excess of that amount, will require only a 10-cent fee. The amount of C. O. D. fee and the amount of postage shall be stated separately on the receipt given the sender and on the record retained at the mailing office. (See amended sec. 489, Postal Laws and Regulations.)

3. **Live day-old chicks, honey bees, and harmless live animals,** mailed under the conditions set forth in amended section 476, Postal Laws and Regulations, may be accepted for insurance and collection on delivery, but indemnity will be paid on account of the outright loss thereof only.

4. **Island possessions and territories of the United States.**—In addition to domestic destinations, parcels may be insured (or sent C. O. D. when mailed at and addressed to money-order offices and United States naval vessels having money-order service in operation) when they are addressed to Alaska; Canal Zone; Guam; Hawaii; Philippine Islands; Porto Rico; Pago Pago, Samoa; the United States Postal Agency at Shanghai, China; United States naval vessels; and the Virgin Islands of the United States. Parcels may be insured but not sent C. O. D. to the United States Naval Hospital at Yokohama, Japan, and to members of the American forces in Europe. In case of the loss of insured mail addressed to the Philippine Islands, indemnity is payable only when the loss (or damage) occurred in the postal service of the United States and not that of the Philippines. C. O. D. parcels addressed to the Philippine Islands may bear charges not exceeding \$100, according to the fee paid, but *indemnity will not be paid in any one case in excess of \$50 on account of injury or loss thereof.*

5. **Foreign countries.**—Parcels must not be accepted for insurance or collection-on-delivery to foreign countries (including Canada, Cuba, and Mexico). Postal employees violating these instructions will be held responsible for any loss sustained.

6. **Patrons to be informed regarding schedule of fees.**—Postal employees must acquaint patrons with the schedule of insurance and C. O. D. fees and must insure for the amount desired within the limit fixed by law (\$100).

(e) When parcels containing used, damaged, or defective automobile tires are presented, postal employees will carefully examine the tires before accepting and make appropriate notation on the mailing office stub.

7. **Return to senders of improperly accepted parcels.**—Insured or C. O. D. parcels addressed to foreign countries, received in transit, must be conspicuously indorsed "Returned, insured contrary to instructions," or "Returned, sent C. O. D. contrary to instructions," as may be proper, and returned to the mailing office. Report these irregularities to the Third Assistant Postmaster General, Division of Registered Mails.

8. **Correspondence to furnish certain information.**—In all correspondence with the department and with other offices concerning insured and C. O. D. parcels, and in all inquiries, traosers and notices sent out by postmasters relative thereto, the number; date of mailing; names and addresses of the sender and addressee of the parcel; the shipper's file or invoice number, if any, appearing upon the wrapper, or as much of this information as is practicable, together with a statement or notation showing whether the article in question was insured or sent C. O. D., must be given. When using forms where no provision is made for these particulars, they should be written on the margin.

#### AT POST OFFICES OF MAILING.

9. **Presentation for mailing.**—Postal employees, before accepting parcels for insurance or transmission C. O. D., shall require them to be legibly and correctly addressed, to bear the name and address of the sender, the necessary stamps to pay postage and fee, and, if a return receipt is requested, the words "Receipt desired." Matter indefinitely addressed or addressed to fictitious names, to initials, or to box numbers simply, shall not be accepted. This applies to the names and addresses of senders as well as addressees. *The value of insured parcels should not be placed on the wrappers or on labels affixed to the parcels.*

10. **Fragile articles.**—All articles easily breakable must be marked "Fragile." (See article 10, page 20, and Public Notice, Form 3841.) Senders of all insured and C. O. D. parcels must state what articles are contained therein. See that the special indorsements "Fragile," "Perishable," or "Eggs," required to be placed on certain parcels appear thereon, and on the sender's receipt and the stub retained by the mailing office. All matter of perishable nature must be marked "Perishable." Parcels containing eggs must be packed and indorsed as required by paragraph 3 and 4 of amended section 475, Postal Laws and Regulations.

11. **Packing and wrapping.**—All parcels must be securely packed and wrapped to withstand transmission without breaking or injuring mail bags, their contents, or the persons handling them. Parcels known to be improperly or insufficiently packed or wrapped must not be accepted. (See arts. 96 to 105, pages 19 to 21.) When inquiry is made of senders as to the articles contained in parcels presented for insurance or collection on delivery, they should be asked to describe in detail the packing thereof, and any parcel which is not packed in accordance with the Postal Laws and Regulations, or instructions contained in Public Notice, Form 3841, or which is not sufficiently prepared to withstand reasonable handling in transit, must be refused.

12. **Indorsement and packing separate and distinct items.**—It is not sufficient merely to inquire whether a parcel contains fragile or perishable matter, to accept the statement of the sender that it contains "merchandise;"

nor to accept general statements that the packing is proper or secure. Ascertain in each instance what articles the parcels contain, and have the packing described in detail. Unless there is doubt, however, as to the adequacy of the packing, or as to the actual inclosures, parcels need not be opened and examined. The question of whether the parcel, if accepted, shall be indorsed is to be determined by the postal employee to whom it is presented, and not left to the discretion of the sender. "Fragile" or "Perishable" parcels must be appropriately indorsed, even though they may be packed most securely. Specific instructions covering the packing and indorsement of various articles are to be found in Circular III of the Third Assistant Postmaster General, in Public Notice, Form 3841, copies of which have been sent to all post offices, and pages 19 to 21 of this guide. Postal employees will be held personally responsible for damage resulting from their failure to observe the foregoing instructions.

13. **Patrons to be informed regarding packing and indorsements.**—Firms and other patrons customarily shipping insured and C. O. D. parcels in quantity must be thoroughly instructed regarding the proper packing and indorsement of all articles mailed by them. A list should be kept of the firms and patrons so instructed and the dates on which such instructions were given, and, if firm mailing books are used, they must be instructed to place such indorsements on both the original and duplicate bills of the firm mailing book.

(a) The packing and indorsement must conform to the instructions contained in Public Notice, Form 3841. If the method of packing used by a patron is unsatisfactory and the postmaster is in doubt as to what change therein he should require, a detailed description of the packing should be submitted to the Third Assistant, Division of Registered Mails.

14. **Acceptance for insurance.**—When a parcel is accepted for insurance, a coupon receipt shall be issued to the sender showing the number of the parcel, the amount of fee paid, and separately the amount of postage paid (exclusive of postage war tax) and any special indorsements, such as "Fragile," "Perishable," etc., appearing on the wrapper, and any restrictions in delivery which may be imposed by the sender. This receipt shall be postmarked with the name of the mailing post office and date of acceptance, and shall be signed with the initials of the employee accepting the article. The stub of the receipt, to be retained at the mailing office, shall be filled out by the accepting employee and shall show the number of the parcel, date of mailing, insurance fee paid, the name and address of the addressee, and any indorsements or restriction in delivery which may appear upon the face of the parcel. Great care must be exercised to enter the correct and same fee on the stub as is shown on the receipt given the sender. Particular attention is invited to the necessity of care in stamping the parcel "Insured" and in the preparation of the stubs which constitute the mailing office records, as, should these be incompletely or incorrectly filled out, the department would be without record of a parcel in the event of an alleged loss. Postmasters will see that these records are at all times properly prepared. Laxity in the keeping thereof will not be tolerated. Postmasters having contract stations must see that the regulations governing the acceptance of parcels for insurance are thoroughly understood and carefully observed thereat. (See article (6a) regarding the acceptance of used, damaged, or defective automobile tires.)

15. **Record to be made of postage paid on insured and C. O. D. parcels.**—Postmasters will make record of the amount of postage as well as fee paid on each insured or C. O. D. parcel accepted for mailing. *Neither the fee nor war tax on postage must be included in the amount recorded as postage.*

(a) The postage item will be entered on both the mailing office stub and coupon receipt in some unused space when Form 3813 is used; where Form 3816 is used, the entry will be made on the back of the sender's receipt and mailing office portion; where the firm mailing book is used, the amount of postage will be entered in the column headed "Delivery restricted."

(b) Firms and other patrons who rate up and affix postage to their parcels before presentation for mailing, should be instructed to properly record the amount of postage, *which of course must not include the fee or war tax*. Postal employees accepting such parcels will verify the entries made by patrons.

(c) Claims for indemnity filed for the outright loss of insured and C. O. D. parcels, mailed on or after April 1, 1920, may include the amount of postage, *but not fee or war tax stamps paid on the parcels.*

16. **Return receipts.**—Parcels accepted for insurance for which return receipts are desired, should have the words "Receipt desired" *conspicuously and legibly* stamped or written directly above the name of the addressee. Firms should be requested to keep careful record of the return of such receipts to avoid subsequent unnecessary inquiries and complaints.

17. **Suit cases, hand bags, automobile tires, machinery, etc.**—Suit cases, hand bags, automobile tires, machinery, and machine parts, addressed by means of tag only, should not be accepted. Suit cases and hand bags must not be locked or otherwise fastened against inspection, and should have fully addressed labels affixed in such a manner that they will not become detached in transit. This may be done by affixing gum labels to the body of the suit case on the outside and inside in addition to the tag attached. Automobile tires, machinery, and machine parts should have the names and addresses of both sender and addressee written on the parcel itself, and where practicable, the same addresses should be inclosed within the parcel.

18. **Parcels to remain in custody of postal service.**—Insured or C. O. D. parcels should not be handed back to the sender after acceptance and issuance of receipt, to be placed in the ordinary mail drop or delivered by him to another window, but must be held in custody of postal employees for dispatch.

19. **Wrappers of parcels to show full information.**—Insured and C. O. D. parcels should be carefully examined before dispatch to make sure that the name and address of the sender is plainly indicated on the wrapper; that the wrapper of the parcel bears the "Insured" or "C. O. D." stamp as may be proper and the correct parcel number; and in case of C. O. D. parcels that the tag is securely attached and the items on the tag correspond with those on the parcel.

20. **Firm mailing books.**—The attention of patrons of the insurance and C. O. D. services who customarily dispatch an average of three or more parcels at one mailing should be called to the firm mailing book. Entries are made therein in duplicate, a complete descriptive record is provided for the senders of such articles, and the filling

out of mailing office records and sender's receipts for insured and C. O. D. mail is unnecessary. Loose leaves, containing the same matter as the books, are also provided. Special authorization is not necessary to use these books. Users of these firm books must be required to fill in all items applicable to each parcel described the same as when individual receipts are given. Postmasters who have patrons desiring them should make requisition therefor upon the Fourth Assistant Postmaster General, Division of Equipment and Supplies. Further information will be furnished by the Third Assistant Postmaster General, Division of Registered Mails.

**21. Acceptance of insured and C. O. D. parcels by rural carriers.**—Postmasters at all rural delivery offices shall see that rural carriers are instructed to accept parcels from patrons on rural routes for insurance or collection on delivery, are equipped with zone keys and guides, and furnished with a supply of insurance receipts and C. O. D. tags.

(a) A carrier shall be assigned one series of numbers for insured mail and another series of numbers for C. O. D. mail, in addition to the series assigned for registered mail, and such series of numbers shall be assigned in conformity with the scheme laid down in section 1072, Postal Laws and Regulations, for numbering registered mail. Carriers must keep a memorandum of the last number used, so that every number in each series may be accounted for. When a patron desires to insure a parcel, the carrier shall issue a receipt therefor, properly numbered and otherwise completed, make appropriate entries on the stub of such receipt, and indorse the wrapper of the parcel with its number. If it is desired that a parcel be sent collect on delivery, the carrier shall indorse the C. O. D. number on the wrapper and furnish the patron with a correspondingly numbered C. O. D. tag after making appropriate entries on the two coupons, and the patrons must fill in (if practicable, with ink or indelible pencil) the amount of charges and the names and addresses of the sender and addressee. The receipt for insured mail, and the sender's receipt on the tag, if C. O. D., shall also be dated, signed with the carrier's initials and route number, and notation included thereon of any special indorsement appearing on the parcel. The stubs and mailing-office coupons, respectively, for all insured and C. O. D. parcels accepted on rural routes must be kept in a numerical file at the post office.

(b) Inquiry as to the manner of packing and the articles inclosed should be made by carriers when parcels are tendered by patrons, and parcels must not be accepted unless they are properly packed and indorsed as prescribed in public notice, Form 3841. (See secs. 474 and 475, Postal Laws and Regulations, as amended.)

(c) The required amount of postage and fee shall be affixed in stamps to the parcel, and it shall be delivered at the post office (the tag filled out and attached when the parcel is C. O. D.). If perishable or fragile articles are inclosed, a notation should be made by the carrier so that the parcel, and the tag coupons also if C. O. D., may be properly impressed with the regulation "Perishable" or "Fragile" stamp at the post office.

(d) Insured and C. O. D. parcels accepted by rural carriers must be carefully examined at the post office before dispatch to ascertain that appropriate indorsements are thereon, the required postage and fee are fully prepaid, and the articles are packed in accordance with the regulations; also that the tags of C. O. D. parcels are uniformly and correctly filled out.

(e) A patron need not necessarily present a parcel for insurance or collection on delivery direct to the carrier, but may be permitted to leave it in the mail box for subsequent collection by the carrier. In such cases a sufficient amount in stamps must be affixed to the parcels to pay the postage and requisite fee, the parcel must be properly packed and marked "Insured" or "C. O. D." as may be, the C. O. D. tag properly filled in attached if for collection on delivery, and the patron must leave a note for the carrier describing the contents of the parcel and stating what part of the stamps affixed represents the fee. When a patron so desires, a blank C. O. D. tag may be left in the mail box by the carrier to be filled out and attached to a parcel for collection on a succeeding trip.

(f) Whenever a carrier collects a parcel at a box to be sent insured or collect on delivery, he must note the fact on the stub of the insurance coupon or the mailing office portion of the C. O. D. tag, and if the patron has not attached stamps but left money therefor, enter the amount of money found with the parcel to cover postage and insurance or C. O. D. fee. This does not apply where the carrier issues an official receipt direct to the sender.

#### AT POST OFFICES OF ADDRESS.

**22. Incoming mail to be examined.**—All parcels received for delivery must be carefully scrutinized to see if insured or C. O. D. and examined to see if they bear any restrictions in delivery or, if insured, requests for return receipts, and such receipts must be furnished in every case where desired.

**23. Collection of deficiencies.**—The collection of deficiencies in postage on insured and C. O. D. parcels shall be made in accordance with the instructions applicable to short paid ordinary parcels of the fourth class.

**24. Delivery.**—Insured and C. O. D. mail shall be promptly delivered under the rules and regulations governing the delivery of registered mail (see secs. 933 to 939, inclusive, Postal Laws and Regulations), except that no receipt shall be taken from the person to whom delivery of insured mail is made to serve as a record for the office of address. Insured and C. O. D. parcels must not be delivered by being placed in post-office boxes.

(a) Under no circumstances should insured parcels be delivered by being left on doorsteps, in hallways, or otherwise exposed to depredation and loss.

**25. Delivery of insured and C. O. D. mail at offices not having carrier service.**—Postmasters at offices not having carrier service are expected to use every means practicable, not involving expense to the Department to notify addressees that insured and C. O. D. parcels are on hand for delivery, and delivery notices (Form 3949) must in each case be placed in the general delivery or in the post-office box if one is rented by the addressee.

(a) Numerous complaints reach the department of instances where parcels have been held by postmasters, and senders finally notified to send postage for return without any effort whatever having been made to notify the addressee of the arrival of the parcel. Carelessness of this character brings needless criticism of the service and should be guarded against.

**26. Damaged parcels, delivery of.**—If addressees refuse damaged parcels, it should be made clear to them that acceptance of the parcel will not impair any claim for indemnity that might otherwise be payable, but that on the other hand refusal of the article will necessitate the payment by the senders of the same amount of postage required for its original transmission, in order that the parcel may be returned to them to determine the extent of damage and to file the claim; and that the acceptance of parcels makes possible the earlier filing, and hence the earlier adjustment, of claims. For delivery of C. O. D. mail, see article 50, page 106, of this Guide.

**27. Patrons to keep accurate record of returns of C. O. D. collections and of insured and C. O. D. parcels received by or returned to them.**—Postmasters are directed to seek the cooperation of patrons of the insurance and C. O. D. services, particularly firms, with a view to having them keep accurate record of the receipt of money orders covering C. O. D. returns, and of all insured and C. O. D. parcels, either addressed to them or originally mailed out by them and returned as undeliverable.

(a) Accurate records of the character assist in the equitable and prompt adjustment of indemnity claims and save much unnecessary correspondence on the part of patrons, the post offices, and the department.

(b) Numerous instances have come to light where patrons have either kept no records whatever or very inaccurate ones, which indicate the necessity for vigorous effort on the part of postmasters.

**28. Postmaster not to act as agent of sender.**—Postmasters frequently receive communications asking them virtually to act as agents of the senders of insured and C. O. D. parcels in dispatching them to new addressees, and in attempting to coerce the addressees to accept delivery or to effect a sale of the contents of the parcels to other persons. Postmasters are not expected nor permitted to act in this manner, in their official capacity, otherwise than is required and allowed by the Postal Laws and Regulations, and instructions emanating from the department.

**29. Return to postal service after delivery.**—Postmasters at offices of address, after effecting delivery of insured and C. O. D. parcels, must not permit them to be returned to the post office by the addressees on account of alleged damage or otherwise, unless authorized to do so by the department. After delivery has been effected, insured or C. O. D. parcels may not be returned to senders or remailed to new addressees except under new numbers, or by ordinary mail. In such cases postage and, if insured or C. O. D., a new fee must be prepaid.

**30. Delivery on rural routes.**—When insured and C. O. D. parcels are received for delivery to patrons of rural routes, they must be assigned to the rural carriers and delivery effected in accordance with the regulations governing the delivery of registered mail in so far as they are applicable. The carriers will return any receipts requested, the charges collected on C. O. D. parcels, and receipted tags for C. O. D. parcels to the post office for appropriate disposition. Such parcels must not be placed in rural mail boxes. If the residence is more than one-half mile from a rural route, the carrier is not required or expected to make delivery thereat. In the latter case the carrier should leave a notice in the rural mail box so that the addressee can be at the box on the next trip, or call for the mail at the post office.

**31. Forwarding or return to sender.**—Insured or C. O. D. mail may be forwarded or returned to the sender (see amended secs. 595 and 637, Postal Laws and Regulations) without the payment of an additional insurance or C. O. D. fee. In forwarding or returning a C. O. D. parcel, the original tag must be left attached, the parcel and tag appropriately marked to show that it is returned to sender or forwarded, and a duplicate tag describing the parcel under the original number made out, indorsed to show disposition made of the parcel, and filed alphabetically by the name of the addressee. When an insured parcel is forwarded or returned to the sender, a record shall be made to show the number of the parcel, the name of the mailing office and date of mailing, the name of the person to whom forwarded, and the office to which the parcel is to be forwarded or returned, together with the date of such action. No special form will be provided for this purpose, and any blanks or forms available may be utilized for such record. These records are to be kept for one year from the date of forwarding or return, after which they may be destroyed in the manner contemplated by section 362 of the Postal Laws and Regulations.

**32. Handling of insured and C. O. D. mail bearing "return postage pledge."**—Insured and C. O. D. parcels which bear the pledge of the sender to pay the postage for forwarding or return may be forwarded to the addressee, or returned to the sender charged with either the forwarding or return postage, or both as the case may be, to be collected on delivery. Undeliverable insured or C. O. D. parcels, containing perishable matter, either with or without such pledge, may be forwarded to the addressee or returned to sender charged with the postage therefor, such postage to be collected on delivery.

(a) Particular care must be exercised to see that undeliverable insured and C. O. D. parcels bearing return postage pledges are returned to sender at the expiration of the period stated in the return request.

**33. Return of insured mail, which does not bear pledge to pay return postage, to senders.**—Postmasters must effect the most expeditious delivery possible of insured parcels. When such parcels, which do not bear pledge to pay return postage, are refused, or are undeliverable for other reason, the sender must be immediately notified to furnish return postage or to direct disposition of the article, as provided by section 637, paragraph 1, Postal Laws and Regulations. Insured parcels may be held for 60 days by direction of either the sender or addressee. After senders are notified to furnish return postage or to direct disposition of insured parcels, they should be held as provided in section 637, paragraph 8, Postal Laws and Regulations, but senders should be given not less than two weeks in which to make response.

**34. Holding of C. O. D. parcels which do not bear pledge to pay return postage.**—Postmasters must effect the most expeditious delivery possible of C. O. D. parcels. When such parcels which do not bear pledge to pay return postage are refused, sender must be immediately notified to furnish return postage, or to direct disposition of the article, as provided by section 637, paragraph 1, Postal Laws and Regulations.

(a) When such parcels are undeliverable for any other reason, the sender should be notified at the expiration of the period, not in excess of 30 days, named on the return request, or, if no period is stated, not later than 30 days. Particular attention must be paid to the return request of senders appearing on C. O. D. parcels. If C. O. D. parcels are not accepted in the time stated therein, senders must be immediately notified, regardless of the wishes of the addressees. Postmasters are enjoined to take steps to see that these instructions are rigidly adhered to at all times. C. O. D. parcels

may be held upon request of the addressee, who may not be in a position to accept delivery when first presented, for a period not in excess of that stated in sender's return request, when that is not over 30 days, or, when no period is stated therein, for 30 days. C. O. D. parcels may be held for 30 days at the request of the sender. Requests of senders that C. O. D. parcels be held in excess of 30 days must be disregarded.

35. *Notices must be sent to senders of undeliverable matter.*—Postmasters must see that notices are actually sent to senders of undeliverable insured and C. O. D. parcels. Numerous complaints have been received by the department that senders failed to receive such notices. After senders are notified to furnish return postage or to direct disposition of parcels, they must be held as provided by section 637, paragraph 8, Postal Laws and Regulations, but senders should be given not less than two weeks in which to make response.

36. *Forwarding to foreign countries.*—Insured or C. O. D. parcels must not be forwarded to foreign countries even though the domestic rates of postage apply. If desired that an insured parcel be forwarded to Canada, Cuba, or Mexico, the parcel may be sent as an international registered piece, if admissible to the international mails, upon the sender or addressee furnishing the registry fee and postage, or, when otherwise admissible, may be sent as ordinary international parcel-post mail upon payment of postage and receipt of the written authorization of the sender cancelling the insurance. C. O. D. parcels must not be so forwarded except upon authority from the sender and the cancellation of all charges thereon. Insured or C. O. D. mail may be forwarded to the Philippine Islands.

37. *Registered, insured, and C. O. D. mail not to be delivered to mail orderlies without written orders from the senders or addressees.*—Postmasters receiving registered, insured, or C. O. D. mail addressed to a member of a military camp, post, or station in the United States or any possession of the United States will hereafter hold the article at the post office or proper post-office station for delivery, and promptly issue a notice to the addressee on Form 3849. Such mail may, however, be delivered to the mail orderly in any instance where the addressee so directs in a written order filed with the postmaster, but none may be so delivered which has been marked by the sender "Deliver to addressee only," or with words of similar import.

(a) These instructions apply only to registered, insured, and C. O. D. mail addressed to military camps, posts, or stations in the United States or in its possessions, and do not affect mail addressed to persons connected with military organizations or institutions in cities or other places not under military control, nor mail addressed to military forces in foreign territory. Neither do the instructions contemplate that special delivery registered, insured, or C. O. D. mail shall be held at the post office and a notice issued when it would otherwise be sent out by special delivery messengers, but they do contemplate that unless the addressee has filed an individual or standing order authorizing delivery of his registered, insured, or C. O. D. mail to the mail orderly the article is to be held at the post office or station and the delivery notice, Form 3849, sent to the addressee by the mail orderly or delivered to the addressee upon application for his mail at the post office or station.

(b) Navy mails not affected by this notice.

38. *Return receipts for insured mail.*—All insured parcels shall be carefully examined as soon as received for delivery to see whether they bear a request for a sender's return receipt. Delivery employees must be furnished with Forms 3811, instructed to examine each parcel before delivery, and to obtain a return receipt in each instance where the parcel is so indorsed. Postmasters will give the matter personal attention with the view to having receipts properly filled out, signed by the person to whom the parcel is delivered, and transmitted to the senders in every instance where requested. The number of the parcel, name, and address of the sender, postmark of delivery office, signature of addressee, and date of delivery must appear on each receipt. All instances of failure to receive a number of return receipts from any particular office indicating that such office is not giving proper attention to this matter must be reported to the Third Assistant Postmaster General, Division of Registered Mails.

39. *Record to be kept of requests for postage.*—A record must be kept by postmasters in their offices of those parcels for which postage for forwarding or return is requested by them, which record shall show the office of mailing and the number of the parcel, the date of each request for postage, and the amount requested, and to whom this request was sent. This record must not be indorsed on the face of the parcel, but should be available for reference any time within one year from the date of the entries.

## C. O. D. MAIL.

### AT POST OFFICES OF MAILING.

40. *Mailable to money-order offices only.*—Parcels must not be accepted for collection on delivery unless addressed to post offices or United States naval vessels which transact money-order business. Firms and other individuals patronizing the C. O. D. service should be advised accordingly.

(a) Postal employees accepting C. O. D. parcels addressed to non money-order post offices will be required to pay the necessary postage for the return of such parcels. (See sec. 489, pars. 3 and 4, of the Postal Laws and Regulations.)

41. *To be based upon bona fide orders for contents.*—C. O. D. shipments should in all cases be based upon bona fide orders for the contents of the parcels. To send articles C. O. D. which have not been ordered or requested by the addressee is not in conformity with the C. O. D. service and may be construed as an attempt to defraud and as a violation of the law.

42. *Acceptance.*—The necessary particulars on C. O. D. tags should be filled in by senders in a clear, legible manner with typewriter, ink, or indelible pencil. Ordinary lead pencil should not be used. C. O. D. parcels should not be accepted unless the tags are properly filled out. Postal employees at mailing offices shall review and, if necessary, correct the amount stated by the sender to cover the money-order fee and any other amount affected thereby. Postal employees accepting C. O. D. parcels shall compare the names and addresses of the sender and addressee as shown on the coupons of the tag with the parcel and see that all particulars, including the amount

to be collected, the fee, and the amount to be remitted, wherever they appear, are uniform and correct. The number of the parcel, the amount to be remitted to sender, the money-order fee, and the total amount to be collected must be placed on the parcel within the impression of the C. O. D. stamp, which must be on the *face* of the parcel in the spaces provided therefor. It is particularly important that these parcels be indorsed conspicuously with the regulation C. O. D. stamp or, if necessary, C. O. D. gummed label (Form 3816-c) stuck on to prevent delivery as ordinary mail in the event that the C. O. D. tags become detached in transit; and employees who accept C. O. D. parcels for mailing and fail to see that this indorsement is affixed will be held personally responsible if improper delivery results because of their negligence. Postal employees should refuse to accept shipments for dispatch collect on delivery if they are indorsed in such manner that the addressees may receive the impression that the contents may be examined before acceptance.

**43. Return requests and pledges to pay return postage.**—Senders of insured and C. O. D. parcels should be requested to place return requests and pledges to pay return postage on all insured and C. O. D. parcels. Return requests should specify the maximum time the parcels should be held at offices of address. If desired, senders may request that C. O. D. parcels be held not to exceed 30 days.

**44. Exhibitors not to be permitted to send parcels containing moving-picture films to film manufacturers, distributors, or exchanges collect on delivery.**—Postmasters will not hereafter permit exhibitors to send parcels containing moving-picture films to moving-picture film manufacturers, distributors, or exchanges collect on delivery. Such parcels may be sent as insured mail, or, if sealed, by first-class registered mail. Parcels containing films presented for mailing collect on delivery by moving-picture manufacturers, distributors, or exchanges should be accepted as usual.

**45. Contract stations.**—In a very large number of cases it has been noted that failure to observe the instructions contained in the preceding articles is chargeable to clerks at contract stations. Postmasters are therefore enjoined to see that proper supervision is given the acceptance of C. O. D. parcels at such stations in order that the clerks thereat may become thoroughly familiar with the instructions.

**46. Remittance to other than mailing office.**—When it is desired to have a money order in payment of charges on a C. O. D. parcel made payable to other than the actual sender, the name and address of the party to whom the charges are to be remitted should be given in the proper spaces on the *face side* of the C. O. D. tag, and the name and address of the actual sender of the parcel should be placed on the *reverse side* (back) of the tag. The name and address of the party to whom the charges are to be paid should be shown as *sender* on the C. O. D. parcel itself, together with directions as to return, if undeliverable. Such instructions must be clear and unmistakable in order to insure proper handling of the parcels. For example:

FROM DOE AUTO CO.,  
New York, N. Y.

If undeliverable and not forwardable to addressee, please forward to Roe Auto Co., Philadelphia, Pa., rated with postage due, payment of which on delivery is guaranteed by sender. C. O. D. charges released.

**a.** When the sender named on the parcel and tag is known by the postmaster at the office of mailing to be other than the person or firm actually sending the article, the name of the actual mailer must be placed on the mailing office coupon of the tag, in addition to the other data thereon.

**b.** Before requesting post office to send tracer for such parcels, senders should be certain that money order was not received or parcel returned.

**47. Charges altered.**—If the sender directs, the amount originally stated as due him on delivery of a C. O. D. parcel may be increased (not to exceed \$100), decreased, or canceled. Such directions should be filed with the postmaster at the office of mailing who will connect the letter of authorization with the coupon covering the parcel on file in his office, and then notify the postmaster at office of address.

**48. Tags printed by senders.**—Senders may, after obtaining the approval of the Third Assistant Postmaster General, Division of Registered Mails, of a proof submitted for that purpose, print their own C. O. D. tags, provided they are in all respects substantially like those furnished by the department. These tags may have an extra coupon placed next to the delivery-office portion, on which the senders may indorse their own file or account numbers. The postmaster who makes delivery of the C. O. D. parcel will return such extra coupon with the money order.

#### AT POST OFFICES OF ADDRESS.

**49. Incoming mail to be examined.**—All parcels received for delivery must be examined to see if any C. O. D. packages from which tags have been detached are among the other mail matter. Tags must be filled out and marked "Duplicate" for all parcels from which they become detached. The fact that tags become detached in transit does not excuse postmasters from permitting addressees to receive C. O. D. mail without receipting for it and paying the C. O. D. charges. Postal employees will be held personally responsible when loss is sustained because of their failure to observe this instruction.

**50. Delivery.**—C. O. D. mail shall be delivered under the rules and regulations governing the delivery of registered mail. (See secs. 933 to 939, Postal Laws and Regulations.) The employee making the delivery of C. O. D. matter must place his name or initials, and if a carrier, his cap, or route number, on the receipted tag, which must be postmarked to show the date of delivery. When delivered by carrier, the coupon of the tag attached to the parcel is to be returned to the post office when signed by the addressee or agent, for postmark and filing. The postmark shall be affixed at the time the tag is surrendered by the carrier.

**51. Erroneous money order fee.**—The postmaster at the office of address, in case the money-order fee is incorrectly stated, shall collect the proper fee, make correction on the tag, and report the error to the Third Assistant Postmaster-General, Division of Registered Mails.

**52. Issuance of money orders.**—Money orders must be issued on the same day that C. O. D. parcels are delivered, if possible. If not, they should be issued without fail on the business day following. Delay in the issu-

ance of money orders after C. O. D. parcels have been delivered will not be tolerated. The name of the sender of C. O. D. parcel must appear as the payee on money orders issued for C. O. D. parcels, and the name of the addressee (not the name of the postmaster nor the name of the person accepting delivery for addressee) as the remitter of the money order; and such money orders must in each case be mailed in a penalty envelope addressed to the person named as the sender of the parcel, who is the payee of the order. (See Sec. 489, par. 8, Postal Laws and Regulations, as to method of remittance.) The letters "C. O. D." must be stamped on the coupon portion of the money order. *The number of each C. O. D. parcel must be placed on the money order issued in payment of the charges thereon. This number should be entered after and on the same line on which the name of the remitter (the addressee) is written. The receipt detached from the money order should be filed in numerical sequence and preserved for three years. If an extra coupon is attached to the C. O. D. tag to be returned to the sender with the money order, it must be inclosed with the remittance. A separate money order must be issued for the charges on each C. O. D. parcel, regardless of the amount involved.*

**53. Delivery withheld at request of addressee.**—When a parcel is held at a post office by request of the addressee after an attempt to deliver it to him, he should be informed that delivery must be accepted at the earliest practicable date and at offices where there is carrier delivery service that the parcel will not be again taken out by carrier until notice is given that the parcel can be delivered on a certain trip.

**54. Examination of contents prohibited.**—Exceptions must not be made to the requirement of section 489, paragraph 9, Postal Laws and Regulations, prohibiting examination of C. O. D. parcels before delivery because of request or representations of senders or addressees. Any postmaster permitting such examination will be held personally responsible in case of financial loss to senders.

**55. Alteration of charges.**—When a request for change or cancellation of charges is received by a postmaster at office of address direct from the sender, the postmaster may, if satisfied of its authenticity, comply with such request, and duly notify the postmaster at the mailing office. Delivering postmasters will be held responsible for the genuineness of such requests, and in case of doubt must submit them for verification to the postmasters at mailing offices. The authority for the alteration should be attached to and filed with the delivery office coupon.

**56. Treatment at nonmoney-order offices and offices temporarily out of money-order forms.**—If a C. O. D. parcel is received at a nonmoney-order office, it should be treated as provided in section 489, paragraph 4, Postal Laws and Regulations. When delivered without collection of the charges by authority of the sender through the postmaster at office of mailing, the postmaster at office of address shall attach the notice from the postmaster at office of mailing, authorizing such delivery without collection, to the receipted tag. When a C. O. D. parcel has been delivered at a money-order office temporarily out of money-order forms, or has been erroneously delivered by a nonmoney-order office, the charges must be remitted direct to the sender by official registered mail on the date of delivery, the inclosure of the money being witnessed. The amount necessary to pay the money-order fee for return charges must be collected from the addressee and transmitted by means of uncanceled postage stamps, to the Third Assistant Postmaster General, Division of Registered Mails, with a report of the matter.

**57. Delivery without collection.**—C. O. D. parcels may be delivered without collection at money order offices upon written orders of the senders filed with the postmaster at office of mailing in the manner hereinbefore outlined. Postmasters at offices of address shall collect a greater or less amount than the charges appearing on a C. O. D. parcel upon authority from the postmaster at office of mailing showing that the change in the amount to be collected has been requested by the sender. The signature of the addressee must be obtained on the C. O. D. tag and the authority for such delivery attached to and filed with the delivery office coupon.

**58. Parcels not ordered.**—Addressees of C. O. D. parcels may of course refuse to accept delivery of parcels. Postmasters should not urge addressees in such cases to accept delivery, but should explain to them that the parcels may be accepted and paid for, or refused. If refused, the parcels should be treated as directed by section 637, Postal Laws and Regulations.

**59. Name and address of sender unknown.**—C. O. D. parcels received without the name and address of the senders being indicated should be delivered, the charges collected, and the sender's name and address ascertained, if possible, from the addressee. The amount collected should be retained until the name and address of the sender, as given by the addressee, is verified by the postmaster at the mailing office who, if his records do not show the name of the sender, should be requested to obtain a statement from the party specified as the sender, showing that the parcel was mailed by him. Such statement should be forwarded to the postmaster at the office of delivery, who will attach it to the delivery tag. The money order should then be issued and mailed. If it is impossible to obtain the sender's name and address in this manner, instructions should be requested from the Third Assistant Postmaster General, Division of Registered Mails, as to the disposition of the charges collected.

**60. Delivery to other than addressee.**—When a C. O. D. parcel is undeliverable to the person to whom addressed, and the sender directs delivery and collection of the charges from another person at the office where it is held, the postmaster shall make such delivery, collecting the original charges or such altered charges as the sender may direct, and make remittance in the usual manner, the authorization to deliver to other than the addressee being filed with the delivery-office tag.

**61. Money order not to be repaid.**—Except under special instructions from the Department, a money order issued for sum due sender of a C. O. D. parcel should not be repaid to the addressee of the parcel without the consent of the payee, which may be given either by indorsement in usual form on the money order or by means of a separate written authorization addressed to the issuing postmaster.

**62. Unclaimed C. O. D. money order.**—If a letter containing a money order issued in payment for a C. O. D. parcel is returned unclaimed to the issuing postmaster, the order should be held subject to claim on the part of the payee, or until his whereabouts can be ascertained. Reasonable endeavor should be made at once by the issuing postmaster to secure an address to which the money order again may be mailed. The addressee of the parcel and the postmaster at the office at which the parcel was mailed should be requested to assist in obtaining

the sender's correct address, the order and the envelope in which it was mailed being filed with the tag of the parcel. If the payee is not found within three years (the period during which C. O. D. tags are preserved at post offices), the order and the tag, with a statement of facts, should be forwarded to the Third Assistant Postmaster General, Division of Money Orders.

**63. Application for duplicate money order.**—When a money order issued in payment for a C. O. D. parcel has been lost, the issuing postmaster should prepare an application for a duplicate, certify it, and place an impression of his C. O. D. stamp on the lower left-hand corner, after which the application should be forwarded to the postmaster drawn on, who will certify it, obtain the signature of the payee as applicant, and transmit the application to the Third Assistant Postmaster General, Division of Money Orders.

**64. Correspondence.**—When inquiry is received relative to the disposition made of a C. O. D. parcel or of the returns therefor, the postmaster at the office of address will reply thereto without delay. If he has no record of the parcel, he will communicate with the addressee and ascertain from him whether it was received by ordinary mail, and, if so received, he will collect the charges and make remittance thereof as provided in section 489, Postal Laws and Regulations.

#### RECORDS AND REPORTS OF INSURED AND C. O. D. MAIL.

**65. Disposition of old records.**—The records of insured and C. O. D. parcels must be preserved as provided in section 362, Postal Laws and Regulations. Records of parcels in connection with which claims have been filed must be kept two years following the dates the parcels were mailed.

**66. Records to be kept.**—No books other than firm mailing books and bound stubs of senders' receipts for insured parcels are furnished for recording insured and C. O. D. mail, but the filed coupons or C. O. D. tags and stubs of insurance receipts supply the necessary record when correctly filled out, properly postmarked and filed. Postmasters must be prepared, when called upon, to furnish such statistics with reference to insured and C. O. D. mail, as are indicated in article 40, page 95, of this Guide.

**67. Delivering clerk to receipt for C. O. D. parcels.**—The requirement of section 489, paragraph 7, Postal Laws and Regulations, to the effect that "An employee shall receipt for the total number of parcels given him for delivery" is applicable to those employees to whom C. O. D. parcels are assigned for desk delivery, as well as to city and rural carriers.

**68. Delivery records of C. O. D. parcels at first and second class offices.**—At first and second class offices if practicable, an employee not engaged in the money-order division must be designated by the postmasters to have charge of the assignment of C. O. D. parcels to employees for both carrier and desk delivery. Such employee must obtain the signature of the carriers on the delivering employee's coupons provided for that purpose. These coupons will be surrendered to the carriers upon return of the amounts collected, together with the receipted tags therefor, or the returned parcels. The employees making delivery must turn over to the clerk in charge the receipted tags and sums collected, together with the undelivered parcels, daily. The assigning clerk will receipt on the back of the delivery employee's coupon to show the amount delivered to him or that the parcel was turned back without delivery. If collection is made, the delivery employee's coupon should be receipted in the following manner, viz, "JCL \$14.64"; if for a parcel returned undeliverable, viz, "JLC Returned." Those parcels which have not been delivered will be reissued on the succeeding day, if delivery is assured. The coupons for undelivered parcels should be retained by the carriers until parcels are again taken out for delivery, and will be given to the employee assigning such parcels when they are again turned over to the carriers, and finally surrendered to the carriers when delivery is effected or they are relieved of the custody of the parcels. These coupons should be filed in numerical order by the delivering employees and retained for a period of one year. The clerk in charge must deliver daily to the money-order division the amounts received by him, together with the receipted tags, and should take a receipt in bulk on Form 3815, showing the total sum turned over for the issuance of money orders, and the total number of parcels represented thereby. When the money orders are issued, which must be the same day if practicable, the receipts should be detached therefrom and given to the clerk in charge as evidence that remittances have actually been made for all C. O. D. parcels delivered. He must see that receipts are thus furnished him corresponding in number and amount to the collections turned over by him. Such receipts must be filed in regular order, according to serial numbers and dates, and preserved for three years.

**69. Delivery records of C. O. D. parcels at third and fourth class offices.**—At money-order offices of the third and fourth classes having Rural Delivery Service, the postmaster must obtain the receipt of the rural carriers on the delivering employee's coupons for all C. O. D. parcels taken by them on each trip for delivery. These receipts will be surrendered to the carriers upon the return of either the number of parcels signed for or the receipted tags, together with the amounts collected. The postmaster shall issue and mail the required money orders the same day if practicable, but, under no circumstances, later than the following business day. The receipts detached from such money orders must be filed in regular order according to serial number and dates, and preserved for three years.

**70. Other records prohibited.**—Records other than those authorized must not be kept except as directed in section 489, paragraph 10, Postal Laws and Regulations, article 40, page 95, and 31 to 36, pages 104 to 105 of this Guide. Form 3815 must not be improvised for recording insured mail.

#### INDEMNITY FOR LOST AND DAMAGED INSURED AND C. O. D. MAIL.

**71. General provisions.**—See amended sections 488, 489, and 973, Postal Laws and Regulations, relative to the general features of procedure in presenting claims for indemnity, the conditions under which indemnity is payable, etc.

**72. Claims not to be refused.**—All applications for indemnity must be accepted for consideration of the merits of each claim. Claims relating to insured parcels mailed on or after December 15, 1920, will be passed

upon by the proper paying office with the exception of those listed in article 122, page 114. Claims relating to insured parcels mailed prior to the date indicated, as well as those on account of C. O. D. parcels, will be completed and forwarded for consideration to the Third Assistant Postmaster General, Division of Registered Mails.

73. **Claims to be expedited.**—Immediate attention must be given to claims and to all correspondence received from the department or other postmasters in regard thereto. Any serious irregularity, willful disregard of instructions, repeated failures to respond to correspondence and inquiries, or habitual carelessness and neglect in the execution of claims should be promptly reported to the Third Assistant Postmaster General, Division of Registered Mails, for administrative action.

74. **Notification of disposition of claim forms.**—When claim papers are forwarded to another office or the Department the postmaster will notify the office from which received as to the disposition thereof, using Form 3819 for the purpose.

75. **Filing of loss claims in person.**—When inquiries or complaints relative to the loss of insured parcels are made *in person*, by individuals who have received advice of nonreceipt of the parcel from addressee, page 1 of Form 3812 should be filled out and the form transmitted to the office of address for completion, without the necessity of sending a tracer. If, however, the sender has not presented evidence of nonreceipt, or complaint is made *before* the parcel would ordinarily have reached the addressee, the postmaster at the mailing office will have page 1 of Form 3812 completed, but will hold the Form 3812 and send a tracer to the postmaster at the office of address. Upon receipt of reply to tracer indicating that the parcel in fact has not been received, the postmaster at the mailing office will transmit the Form 3812 to the office of address. Postmasters at offices of address must not have page 2 completed until the lapse of at least 10 days from the date the parcel should have reached their offices in the ordinary course of mails.

(a) When complaint is received of the alleged loss or failure to receive remittance on a C. O. D. parcel, inquiry should be made of the postmaster at office of address before filing claim for indemnity.

(b) When complaint is made of *rifling* or *damage* to an insured or C. O. D. parcel, an application for indemnity may be started forthwith and transmitted to the office of address for completion.

## RECORDS.

76. **Card file.**—At first and second class offices typewritten record of every claim filed or handled must be made in triplicate, by carbon process, on Form 3841-P, which will be supplied from the department. Such record will include the office claim number, insurance number of the parcel, date of mailing, names of the sender and addressee and names of offices of mailing, and address and other data hereinafter specified. This record should be adapted to both insured and C. O. D. claims.

FORM 3841-P.	
Claim 498788.	Art. No. 512.      Date mailed, 12/27/20.
Mailed at New York, N. Y.	Fee 10¢
By White, Shaw & Co.,	
Addressed to Brown, Mrs. A. B.	
At Richmond, Va.	
Payee (Sender Addressee)	Amount Allowed \$27.40
Street address payee No. 1 Main Street.	
Payee's claim No. 17.	

77. **Three files to be maintained.**—Three separate files will be maintained—first, a “sender” file, alphabetically under office of mailing, second, an “addressee” file alphabetically under office of address, and, third, a “follow up” file. The first two files mentioned will serve to prevent duplicate claims, the one being a check against the other in case a card is misplaced in either. Each action taken or advice received in connection with a claim will be recorded on all three cards unless a supplemental numerical jacket system, or card record system is used, as is the case at some of the larger offices where it is the practice to make the entries on the jacket or the supplemental card. (See art. 141, page 115.)

78. **Follow up.**—The “follow up” file will be arranged by dates and must be checked daily for claims pending more than 30 days in connection with which advice of disposition has not been received, i. e., a claim filed on the first day of the month will be called up on the first day of the following month, and so on.

79. **Record at third and fourth class offices.**—Postmasters at third and fourth class post offices must keep an office record on Form 1516, suitably altered for the purpose, in connection with each claim filed. Such records will be checked twice each month against outstanding claims, and when notice of final disposition of the claim is received the record will be indorsed accordingly and placed in the permanent files of the office. This record should be adapted to both insured and C. O. D. claims.

80. **Duplicate claims.**—Under no circumstance should a duplicate application for indemnity be executed unless it is clearly established by inquiry at the office or offices concerned that the original has been lost or destroyed. In the latter event, a duplicate Form 3812 may be started, marked “Duplicate,” and each postmaster handling the claim will indorse his previous card record accordingly. The installation and proper maintenance of the sender and addressee file herein outlined at first and second class offices and a suitable record on improvised Form 1516 at offices of the third and fourth class, will prevent duplicates.

**81. Recoveries.**—When a postmaster is notified by the payee of a claim that the related parcel supposed to have been lost has been received, or obtains such information from any other source, he will notify the paying postmaster or the Third Assistant Postmaster General, Division of Registered Mails, as may be appropriate, outlining the facts and giving the details of mailing.

**82. Affidavits taken without charge.**—Senders or addressees of insured or C. O. D. parcels, covering which claims for indemnity have been filed, should be informed that any statements in connection with the claim may be sworn to before an authorized representative of the post office, without charge. As far as possible statements in connection with claims for indemnity should be obtained by the superintendent or clerk in charge of the branch or station nearest to the place of business or residence of the person from whom the statement is desired. Where affidavits are sworn to before notaries public, justices of the peace, etc., postmasters must see that their seals are affixed, or when such an officer has no seal that a certificate of a clerk of a court of record, certifying as to his authority to administer oaths, is attached.

**83. Affidavits executed by rural carrier.**—Rural carriers may execute affidavits of senders, addressees, or others, provided the affiant does not live more than one-half mile from the carrier's route, in those cases where delay would otherwise be experienced because of the distance at which the affiant resides from the post office.

**84. Affidavits by telephone.**—In exceptional cases, the declaration may be signed and sent to the post office, acknowledgment of the statements made therein being made by telephone, provided the postmaster makes a certification to that effect and adds to his statement that because of unusual circumstances it is impracticable for the addressee to appear personally.

**85. Damaged or spoiled articles.**—Must not be withheld from delivery but, when there is any question as to the sufficiency of the packing or when the parcel contained either fragile or perishable matter but was not appropriately indorsed the wrapper and packing should be immediately obtained by the postmaster who makes the delivery and held available as evidence in the event that claim is subsequently filed.

#### EXECUTION OF FORM 3812.

**86. Mailing office.**—When a claim is presented, forthwith cause the completion of page 1, Form 3812. Use the utmost care to see that each question therein is *fully* and *legibly* answered.

**87. Statement of mailing postmaster.**—Show the parcel number *correctly* and on the proper line to indicate whether it was insured or C. O. D. If sent special delivery, show that fact.

**Fee.**—Enter the *correct amount of fee paid*. This entry should show the insurance or C. O. D. *fee only*, and should not include postage. If the entry shows an insufficient fee (as, for instance, a 5-cent fee on a C. O. D. parcel) a signed, postmarked explanation should be attached to the form, verifying the entry, stating the cause of such charge, and what remedial measures have been taken to prevent a recurrence.

**Postage.**—Show separately the amount of postage paid (exclusive of postage war tax) and fee. If postage was not fully prepaid, an explanation must be furnished.

**Date.**—Give the correct date of mailing, *including the year*.

**First complaint.**—Indicate the date, including the *year*, of the first complaint regarding the parcel, whether oral or written.

**C. O. D. charges.**—Enter the correct amount due sender if parcel was sent C. O. D.

**Indorsement.**—Show whether any special indorsements, such as "Fragile," "Glass," "Perishable," "Eggs," etc., appeared on the parcel; and if so, what they were.

**Sender's address.**—Enter the correct name and address of the sender. If an insured parcel, such information should be obtained from the claimant at the time claim is filed.

**Addressee's address.**—Give the name and address of the addressee, *correctly* and *completely*, as it appears upon the records. The address given should be that to which the parcel was dispatched, and not that to which an addressee may have removed after a parcel was mailed.

**Signature, postmaster's certificate.**—The postmaster's certificate must either be signed in person, or, if signed by a designated representative of the postmaster, the postmaster's name should be followed by the initials or signature of the designated employee. The name of the post office and State must be entered in the appropriate spaces beneath the signature of the postmaster.

**Postmark.**—Postmark certificate clearly to show date on which signed.

**Perishable.**—Where the claim is for spoiled or decayed perishable articles, the postmaster should state as near as practicable the date and hour the parcel was accepted for mailing; also the date and hour of dispatch.

**88. Declaration of sender.**—The description of contents of a parcel when mailed must show separately the number and *detailed* description of each particular kind of article contained in the parcel so that the *actual value* may be determined. It should be stated whether the articles were *new* or whether *used* or *worn*. The separate (unit) claimed value of each article should also be stated, together with the date or approximate date of purchase, and due allowance should be made for depreciation on account of use and wear where the contents of the parcel were not new or a statement made explaining why depreciation can not be allowed. For instance, 7 linen handkerchiefs (purchased Jan. 15, 1919, 50 cents each—\$3.50; less depreciation—50 cents; net value, \$3. In every instance possible the statement of values should be supported by receipted bills, cash sale slips, invoices, or a statement of the seller. If these are not available and the description of the articles given by the sender is such as to create doubt as to the value claimed by him, he should be required to make supplemental affidavit whether the amounts claimed were in fact paid for the articles. If possible, the sender should furnish the name and address of the person or firm from whom the articles were purchased or, if gifts, the name and address of the donor. The postmaster will proceed through correspondence, when necessary, to verify the values claimed before sending the claim to the office of address for completion.

**Owner.**—(a) If the article was owned by some one other than the sender or addressee at the time of mailing, the name and address of the owner must be shown immediately beneath the description of the contents. If the

owner resides at the mailing office, obtain his signature in the space provided therefor. If the owner resides at other than the office of mailing or address, the papers should be forwarded to the office where the owner is located to obtain his declaration, and the postmaster at that office should subsequently send the papers to the office of address.

89. **Catalogues.**—When practicable, offices should avail themselves of the information contained in catalogues and descriptive price lists of merchandise and other articles of trade. These will prove of great assistance in determining the correctness of amounts claimed.

90. **Home-made articles.**—If the article was not purchased by the sender, the manner in which the valuation placed upon it by him must be shown. For instance, if handmade, he should itemize and describe in a sworn statement the material used, quantity, price, the actual (or at least the approximate) number of hours of labor expended thereon, and the amount claimed per hour. In no case shall the amount allowed for labor exceed that paid for similar work in the locality of the office of mailing, nor should the total value claimed on account of the labor charge bring the total claimed value for the article to an amount in excess of the ordinary commercial selling price of a similar article. If similar articles had been previously sold by him, he should state the price realized therefor. If the article contained in the parcel was being sold to the addressee, he should so state, naming the price to have been received.

91. **Postage.**—If postage is claimed, the amount, exclusive of fee and postage war tax, must be claimed under question 10.

92. **Sentimental values, gifts, family heirlooms, antiques, etc.**—If the article was a gift or a family heirloom, a sworn statement must be furnished describing it in the most minute detail possible, and showing the basis of valuation, that is, exactly why the value is fixed at the amount claimed. If a gift, the statement must also show the date the article was presented, the name of the donor, and his present address. If ever appraised by a reliable dealer in similar articles, or by an expert in the craft to which they relate, the name and address of such person, his qualifications (i. e., whether a dealer, a professional appraiser, an expert in the particular craft involved, etc.), the date of appraisal, and the amount in which appraisal should be stated. Sentimental values arising from the associations of articles can not be allowed. The value of an article as an antique may be claimed if the basis of the claim is properly supported, i. e., if it is shown clearly that the value stated is not in excess of the ordinary market value for similar antiques.

93. **Goods sold, discounts, or cost.**—Where the sender is a business concern, indorsement under question 10 of Form 3812 must be made to show that fact. Whenever possible, copies of invoices, bills or sales slips should be furnished. If it is impracticable to furnish them, the answer to question 10 should show further that the values claimed are the "selling price to customer," "cost to sender," or "value, less discounts allowed." In each case, the sender's statement must show definitely the amount that is being claimed. Postmasters must endeavor to have claims filed for cost prices and obtain the usual discounts wherever possible.

94. **Watches.**—The description of watches must show the size, style (hunting or open-face), kind of case—i. e., whether silver, gold, gold-filled, gold-plated, etc., karat, if solid gold, name of works and number of jewels; also whether the watch was being sent to the addressee for repairs or adjustment, and if so, the nature and estimated cost of such repairs or adjustment, date of original purchase of the watch, and price paid therefor.

95. **Jewelry.**—Jewelry should be minutely described, showing the kind of each article, metal of which made (karat if solid gold), size, relative purity, and number of each kind of stones therein; also whether being sent to addressee for repairs; and if so, nature and estimated cost of such repairs, date of original purchase, and price paid.

96. **Articles in need of repairs.**—If the sender was mailing the article to the addressee to be repaired, a statement must be furnished describing exactly what repairs were needed, and, if known, the cost thereof.

97. **Articles repaired by sender.**—If the sender is a repairman, and had repaired the article inclosed in the parcel for the addressee, a statement must be furnished showing what repairs were made, their cost, and whether they restored the article to a serviceable condition, or to its original value; or actually enhanced its value over that which it originally possessed when new. The sender should also state the actual amount of indemnity claimed—i. e., whether he desires that the full value be paid to him, or whether he is claiming only the repair charges.

98. **Packing or wrapping.**—In claims for damage the description of packing or wrapping should be in such detail as to enable the department or the paying postmaster to determine whether reasonable care and effort was exercised by the sender to so prepare the parcel for mailing as to insure its safe transmission in the mails.

99. **Payee.**—"To whom should indemnity be paid." Indemnity is payable to the sender, or at his direction to the addressee, or to the owner of the parcel, to a repairman, or, if it is shown that the parcel was insured for its full value by commercial insurance which has been paid, to the insurance company under the principle of subrogation, therefore extreme care must be exercised to have the name and complete address of the person to whom indemnity is to be paid indicated clearly and legibly.

100. **Signature of sender.**—(a) The declaration of sender must be *legibly signed in person* by the one whose name appeared on the parcel as the sender and must agree with the name of the sender as given in the declaration of postmaster, mailing office. If illegible or likely to be misread because of failure, for instance, to distinguish between "n's" and "u's" and "a's" and "o's", etc., the postmaster must either print or typewrite the correct initials and spelling of the name immediately below the signature.

(b) If the sender can not write and executes his declaration by making his mark, a witness must sign on the line provided therefor on the lower left side of page one of Form 3812; and such witness should affix his complete address. The sender's name should be printed or typewritten.

(c) If the sender is a business concern, the name of the concern should be entered on the line reserved for signature of sender, followed by the name of the representative executing the form, as:

"John Doe Merchandise Co.,  
by Richard Roe, Treas."

**101. Address of sender.**—The address given must be that of the sender of record. When a representative of a business concern signs an application for indemnity, as above indicated, the address of the company or firm, and not that of the representative, must be entered.

**102. Jurat of sender.**—(a) If the sender's declaration is sworn to before a postmaster or postal employee, the office at which executed and the date of execution (day, month, and year) must be clearly entered in the spaces provided therefor, and the signature of the one administering the oath affixed, his official capacity being stated, as "Postmaster," "Clerk, specially designated by the postmaster," etc. The jurat must be postmarked, and the date of the postmark must correspond with the date of the execution of the declaration as shown in the jurat.

(b) If the sender's declaration is sworn to before a notary, justice of the peace, or other officer authorized to administer oaths, his official seal must be affixed. If he has no seal, a certificate should be obtained from the clerk of a court of record showing that he is authorized to administer oaths. If the claim is for \$10 or less, the postmaster's written certification that he knows the official to be so authorized will be accepted. Claimants should be advised that it is unnecessary to execute claims before public officers other than duly authorized postal employees and that a fee is not charged for such service by the post office.

**103. Supplemental declarations of sender and mailing office, covering parcel returned.**—If the claim is on account of the loss, rifling, or damage to a parcel on its return to sender, a duplicate "Declaration of addressee" and "Declaration of postmaster—Office of address" should be executed by sender and mailing postmaster, except that in cases involving the rifling or damage to insured mail, the supplemental declaration of mailing postmaster need not be filled out.

**104. Fragile and perishable matter not indorsed.**—If the claim is for damage to an article listed as fragile in article 103, page 20, of this Guide and on Public Notice Form 3841, or to a fragile article not listed, or to a parcel which contained perishable matter or eggs and the records of the mailing office do not show that the parcel was marked "Fragile," "Perishable," "Eggs," etc., Forms 3846 and 3846½ should be prepared and accompany Form 3812.

It is desirable that neither the sender nor accepting postal employee be made acquainted with the character of answers the other has made.

**105. Duplication of damaged articles.**—If the claim is for irreparable damage to the whole or part of an article, the sender should state, if practicable, the cost of duplicating the irreparably damaged article or parts, including separately the transportation charges if claimed.

**106. Forms 3812 returned without declaration of addressee.**—Where the papers are returned by the office of address with the information that the declaration of addressee can not be obtained, it is the duty of the sender to prove that loss was sustained, and the mailing postmaster should ascertain whether the sender can furnish a communication from the addressee showing the nonreceipt of the parcel dated at least 10 days after the time it should have been delivered in the ordinary course of mails. If such evidence is furnished, it should be attached to Form 3812 and forwarded, together with related papers, to the appropriate paying office or to the department as may be required.

**107. Office of address.**—Upon the receipt of claim Form 3812 from another office, record thereof must be made immediately before taking any other action. In all loss cases and in all claims involving C. O. D. parcels the postmaster should fill out the declaration of postmaster, office of address, fully.

**108. Statement of postmaster, office of address.**—The statement of postmaster at office of address need not be executed in claims involving the *damage or rifling* of insured parcels. In claims on account of the alleged loss of insured parcels, it must show clearly and unmistakably that the parcel has not been returned to sender, forwarded to the addressee at another office, or transmitted for disposition as undeliverable matter; or, if such treatment was accorded the parcel, the disposition made of it must be clearly shown.

**First complaint.**—Indicate the date, including the year, of the first complaint relative to the parcel, either oral or written.

**Record of, if C. O. D.**—If the parcel for which claim is made was C. O. D., the postmaster's statement must show in addition to the particulars outlined in the preceding two paragraphs whether the article was received in his office and if received the particulars of delivery. If it is shown that delivery was made of the parcel, the number, date, and amount of the money order by which remittance was made must be stated.

**Signature, postmaster's certificate.**—The postmaster's certificate must either be signed in person or, if signed by a designated representative of the postmaster, the postmaster's name should be followed by the initials or signature of the designated employee. The name of the post office and State must be entered in the appropriate spaces beneath the signature of the postmaster.

**Postmark.**—Postmark certificate clearly to show the date on which signed.

**Record of, if special delivery.**—If the parcel was sent as special-delivery mail, the special-delivery records of the office of address must be carefully searched for possible record of delivery, and if record thereof is found the fact should be reported to the department or to the designated paying postmaster when transmitting the claim. If record of the parcel is not found, statement must be made that special-delivery records of office have been searched, but no record of the parcel found.

**Wrapper to be held.**—Obtain and hold the wrapper and packing of any parcel received damaged when there is any question as to the sufficiency of the packing or when the parcel contained either fragile or perishable matter but was not appropriately indorsed. (See art. 85, p. 110.)

**109. Declaration of addressee.**—If the claim is for loss, the answers to questions Nos. 25, 29, and 30 must be made in such manner as to show clearly that the parcel was not received by the person to whom addressed, and the addressee must not be permitted to complete the claim until at least 10 days after the lapse of time ordinarily required for transmission and delivery of the parcel in question.

**110. Methods of obtaining.**—Postmasters must exert every effort to secure the declaration of addressee. If addressee fails to call to the first notice, two additional notices should be sent at intervals of five days apart. If addressee does not respond to such notices, a supervisory employee may be designated to call upon addressee, and

any allowance for street car fare thus expended will be granted by the office of the First Assistant Postmaster General. If impracticable for a clerk to call, the carrier serving addressee with mail may be designated to obtain the declaration, provided such action may be taken without unduly delaying carrier in the performance of his regular duties.

**111. Not obtainable.**—When it is impossible to obtain addressee's declaration after proper attempts or where the addressee is deceased, the claim papers should be transmitted to the postmaster at the office of mailing, with a statement showing why declaration can not be procured, requesting that sender furnish evidence of loss, as outlined in article 106, page 112.

(c) Where C. O. D. parcels are involved, the papers, together with a statement of the facts, should be transmitted to the Third Assistant Postmaster General, Division of Registered Mails.

**112. Care.**—In a claim for loss, if the parcel was addressed "in care of" a person, firm, apartment house, hotel, club, lodging house, or the like, or even though the parcel may not have actually been addressed "in care of," the declaration of the person who would ordinarily receive the parcel for the addressee, certifying as to whether the parcel was or was not received, should be obtained, in addition to the declaration of the actual addressee.

**113. Rifting, extent of.**—In a rifting case the answers to questions 26 and 27 must be made in such manner as to indicate clearly the extent of loss so that the proper amount of indemnity can be determined. For instance, if a parcel contained a shipment of 12 dozen pairs hose, each of a different kind and price, and arrived at destination short 1 dozen pairs hose, the statement of the addressee should indicate separately the kind and the price of the missing articles, as "1 dozen pairs hose, stock No. 777, at \$12 per dozen, total \$12, missing from parcel." If the missing articles were of several kinds and prices, the number of each kind and separate unit price thereof with total value of missing articles should be shown.

**114. Damage, extent of.**—In damage claims, the answers to questions 26 and 28 should specify definitely the kind and price of the damaged articles and the answer to question 29 should also show the condition of the parcel when received for delivery. If any damaged article is repairable and the addressee has secured reliable estimate of the cost of repairs, such repairs should be authorized, if reasonable, and, when completed, the addressee should obtain a receipted bill from the repair man which should be attached to the claim papers, for forwarding to the paying postmaster or the department as appropriate. Provided that repairs authorized must not exceed the limit allowable for the fee paid on the parcel at the time of mailing. The same course should be followed where the addressee had repairs made before consulting the postmaster. In case irreparable damage or partial damage is claimed, and doubt exists as to the extent of the damage, the addressee of the parcel should be required to bring the damaged article to the post office for examination in order that the postmaster may determine whether the claim is justifiable. If necessary, the postmaster should secure the advice of one or more reliable repair men in order to determine definitely whether the article can or can not be *satisfactorily* repaired and, where repairable, to obtain the most reasonable estimate and proceed with repairs. If the claimant wishes, instead of having repairs made, he may be permitted to file a statement showing that he desires to accept the amount of estimated cost of repairs and keep the damaged article, under which circumstances the damaged article may be delivered to him, and his statement should be included with the other papers when they are forwarded to the paying postmaster or to the department for adjustment of the claim.

(e) Vacuum bottles, casseroles, umbrellas, and other articles consisting of two or more parts are usually repairable, and when practicable postmasters should take steps to have repairs made.

**115. Partial damage, not repairable at office of address.**—If the article is repairable but there are no facilities available at the office of address for effecting repairs, and in the best judgment of the postmaster at that office the cost of preparing, transporting the article to the nearest large office for repairs, etc., would be greater than the possible amount saved, the postmaster should ascertain from the addressee the amount which he will allow if permitted to retain the article. Such statement, together with Form 3812 and related papers, should be forwarded to paying postmaster or the Department as may be appropriate.

(a) If in the best judgment of the postmaster at the office of address a material saving to the postal service could be effected in such a case, he will ascertain from the payee whether it will be satisfactory to have the article forwarded for estimate of repairs, and whether he desires repairs made and indemnity paid to repairman, or a cash settlement covering the cost of repairs, as ascertained. If agreeable to the payee, the postmaster at office of address will transmit the damaged article by official registered mail, after packing and wrapping it most securely to prevent further damage, to the postmaster at the nearest large office where repairs can be made. The postmaster to whom sent should be instructed to submit the article to a reliable repairer and ascertain the cost of repairs, and whether the article will thereby be restored to a serviceable condition. If the article can be repaired and restored to a serviceable condition for an amount less than the value of the article, and *within the limit of the insurance or C. O. D. fee paid*, the postmaster will either have repairs made and bill therefor submitted or merely secure an estimate of the repairs, whichever the payee has agreed to, and will then securely pack and return the article by official registered mail to the postmaster at office of address for delivery to addressee. The bill or estimate will be transmitted to the paying postmaster or the department as may be appropriate.

**116. Spoiling.**—When perishable articles are received spoiled, note should be made of the date and hour of receipt of the parcel for delivery and the actual date and hour of delivery to the addressee, for the information of the paying postmaster or the department, as may be appropriate. When the parcel does not disclose deterioration at the time of delivery to the addressee and the addressee subsequently makes claim for indemnity, the delivering postmaster should make careful investigation and furnish a detailed statement of the facts for the information of the paying postmaster or the department. (See art. 87, last paragraph, p. 110.)

**117. Perishable matter undeliverable, sale of.**—When an insured or C. O. D. parcel containing *fresh meats, vegetables, fruits, berries, cut flowers, or eggs*, is undeliverable, because of the address having become obliterated or for other reason, and there is insufficient time to return the parcel to the sender before it would spoil, or where

the sender's name has become obliterated, the postmaster at the office of address is authorized to dispose of the contents of such parcel by sale through competitive bidding.

(a) The amount so realized should be duly debited in the quarterly account, with suitable entry to identify the transaction with the related parcel, if possible. Office record should also be made in order to identify the transaction with any related claim which may arise. Claims in such cases will be adjusted through the duly designated paying postmaster or the department, as may be appropriate, on the merits of each claim, and postmasters should see that a full statement of the facts accompanies the claim papers.

118. **Signature of addressee.**—(a) The declaration of addressee must be *legibly signed in person* by the one whose name appeared on the parcel as the addressee and must agree with the name of the addressee given in the declaration of postmaster, mailing office. If illegible or likely to be misread because of failure, for instance, to distinguish between "n's" and "u's" and "a's" and "o's", etc., the postmaster must either print or typewrite the correct initials and spelling of the name immediately below the signature.

(b) If the addressee can not write, and executes his declaration by making his mark, a witness must sign on the line provided therefor on the lower left side of page two of Form 3812; and such witness should affix his complete address. The addressee's name should be printed or typewritten.

(c) If the addressee is a business concern, the name of the concern should be entered on the line reserved for signature of addressee, followed by the name of the representative executing the form, as:

"John Doe Merchandise Co.,  
by Richard Roe, *Treas.*"

119. **Address of addressee.**—The address given must be that of the addressee of record. When a representative of a business concern signs an application for indemnity, as above indicated, the address of the company or firm, and not that of the representative, must be entered.

120. **Jurat of addressee.**—(a) If the addressee's declaration is sworn to before a postmaster or postal employee, the office at which executed and the date of execution (day, month and year) must be clearly entered in the spaces provided therefor, and the signature of the one administering the oath affixed, his official capacity being stated, as "Postmaster," "Clerk, specially designated by the postmaster," etc. The jurat must be postmarked, and the date of the postmark must correspond with the date of the execution of the declaration as shown in the jurat.

(b) If the addressee's declaration is sworn to before a notary, justice of the peace, or other officer authorized to administer oaths, his official seal must be affixed. If he has no seal, a certificate should be obtained from the clerk of a court of record showing that he is authorized to administer oaths. If the claim is for \$10 or less, the postmaster's written certification that he knows the official to be so authorized will be accepted. Claimants should be advised that it is unnecessary to execute claims before public officials other than duly authorized postal employees and that a fee is not charged for such service by the post office.

#### DESIGNATED PAYING POSTMASTERS.

121. **C. O. D. claims sent to department.**—The Postmaster General's Order No. 5079 of December 16, 1920, does not authorize the payment of claims on account of collect-on-delivery parcels. Collect-on-delivery claims will be completed in conformity with existing instructions and transmitted to the Third Assistant Postmaster General, Division of Registered Mails.

122. **Certain insurance claims sent to department.**—Claims arising from the exchange of insured parcels with the Philippines, Guam, Tutuila, and Manua and other islands of the Samoan group, Canal Zone, naval vessels, the naval hospital at Yokohama, Japan, the American forces in Europe, and parcels erroneously accepted for insurance to foreign countries, must not be paid under these instructions, but will be started and completed in accordance with existing instructions, then transmitted to the Third Assistant Postmaster General, Division of Registered Mails.

123. **Third and fourth class offices not to pay claims.**—Claims must not be paid by third or fourth class offices. All offices of the first and second class are authorized to pay claims.

124. **Paying offices.**—The office completing the claim papers will, in each instance, be the paying office. *Provided*, That claims completed at offices of the third and fourth class will be forwarded by them to their central accounting office for review and payment.

125. **Notice of payment.**—Paying offices will, in each instance of payment, send notice to the office at which a claim originated, such notice to include the payee's name, amount and date of payment: *Provided*, That central accounting offices will notify both the office of mailing and the office of address. Use Form 3819 for this purpose.

126. **Method of payment.**—Payment will be made from postal funds. Postmasters will use the standard voucher-check furnished by the Department except where authority has been otherwise given, so that it will be necessary for payee to sign the voucher in order to cash the check.

127. **Credit, method of claiming.**—Paying postmasters will take credit for disbursements on account of indemnity claims in their postal account, Form 3812, the receipted voucher and all other papers in the claim must accompany the account to the Auditor for the Post Office Department in support of the disbursements indicated: Postmasters will not claim credit in their quarterly postal accounts to the Auditor for the Post Office Department for payments until the signed voucher receipt of the payee is obtained: *Provided*, That postmasters at offices specially authorized to use separate checks and vouchers instead of voucher checks, may substitute the paid check in any case in which the payee has failed to return the voucher receipt duly signed after the lapse of a reasonable period following a second request to do so, and in such cases they must be sure the check bears the indorsement of the payee in proper form, and also the stamp of the bank on which drawn showing payment.

128. **Abstract of payments.**—Each claim paid must be made the subject of a separate entry in the Abstract of Payments sent to the Auditor for the Post Office Department with the quarterly account and the entries must be made in numerical sequence according to the claim numbers of the paying office.

129. **Undeliverable checks, disposition of.**—A check returned to an issuing office because "undeliverable" to the payee should be canceled. The papers in the related claim should be held two years to permit renewed application for indemnity, and if such application is received the claim should be paid by issuance of another check and credit claimed in the customary manner. When renewed application has not been received within two years, the claim should be duly listed by office claim number, month, day, and year of mailing of the parcel in question,

its number, name of the sender, place of mailing, name of the addressee, and office of address, then all papers, including the canceled check, transmitted to the Third Assistant Postmaster General, Division of Registered Mails, with appropriate advice, and any subsequent inquiry received in the case transmitted to the same officer.

130. **Stopping of payment.**—Payment should be stopped on any check outstanding two full years and the related claim papers should be listed and forwarded to the Third Assistant, together with any subsequent inquiries, as indicated in the paragraph immediately preceding. Offices utilizing disbursing postmaster's checks drawn on the Treasurer of the United States will be governed by Treasury procedure in the matter of cancellations and stoppages.

131. **Claims to be scrutinized.**—Paying postmasters are cautioned to scrutinize carefully each claim Form 3812, to see that all necessary answers to questions are made, and if the descriptions evidencing values and extent of loss and injury are clear and complete they will issue check in payment.

132. **Excessive payment.**—In the event of payments in excess of the amount covered by the fee, the amount of excess payment will be disallowed by the Auditor for the Post Office Department.

133. **Six months' limit.**—Claims not initiated within six months from the time of mailing of an insured parcel either through formal or informal complaint, written or oral, must be denied. Such claims covering C. O. D. parcels should be transmitted to the Third Assistant Postmaster General, Division of Registered Mails, for consideration.

134. **Commercial insurance claims.**—If it is shown that a parcel was insured for its full value by commercial insurance which has been paid by the insurance company, the claim may be paid to the insurance company. The insurance company is not entitled to full indemnity, however, unless the insurance placed by it on the parcel covered the full value and the company has made full adjustment accordingly. Claims for parcels partly covered by commercial and partly by postal insurance will be paid on a pro rata risk basis. For instance, a parcel valued at \$110, insured for \$75 by commercial insurance and for \$60 by postal insurance, carries a total of \$125 insurance, and in case of loss the Post Office Department would be liable for two-fifths value of the parcel only, or \$44. The same application of risk will be made in settlement for rifling and damage claims.

135. **Protests.**—(1) When the paying postmaster receives a protest against the amount allowed in a particular claim which has been paid, the following procedure will be complied with:

(a) If the papers in the claim have not been transmitted to the Auditor for the Post Office Department, the paying postmaster may consider the protest on its merits in connection with the facts indicated in the papers upon which adjustment was originally made. When payment of an additional amount is justifiable, a second voucher check should be issued for the additional amount and the original claim number entered on both the check and the voucher in order to identify them with the other papers in the claim. If the first voucher check has not been cashed and has been returned with the letter of protest to the paying postmaster, there is no objection to the postmaster canceling the check and issuing a second voucher check to cover the full amount of indemnity properly allowable. All papers in the claim, including Form 3812, any supplemental papers and the voucher receipt, must of course be transmitted to the auditor with the quarterly account.

(b) When protest is received in a claim in which the papers have been sent to the auditor the letter of protest should be acknowledged promptly and transmitted to the Third Assistant Postmaster General, Division of Registered Mails, with such comment as may be deemed appropriate, and a statement showing the claim number of the paying office, the amount of indemnity originally paid, the name of the payee, and the quarter in which reported to the auditor. The papers will then be obtained from the auditor for review and appropriate instructions will be issued to the paying postmaster by the Third Assistant Postmaster General.

(2) When protest is received in any claim which has been disapproved, the postmaster will treat the protest on its merits, and if absolutely necessary may seek the advice of the Third Assistant Postmaster General, Division of Registered Mails.

136. **Duplication by postmaster.**—When a postmaster is in a position to duplicate to advantage an article which has become lost, rifled, or damaged, that is, the duplicate article may be obtained at a lesser cost than would otherwise be paid out in indemnity, such duplication should be made: *Provided*, the claimant is willing that the claim be so adjusted.

137. **Failure of sender to receive return receipt or payment, insufficient evidence.**—The failure of a sender to receive a return receipt requested for a parcel, or to receive payment from the addressee for the goods contained in a parcel, must not be considered as evidence of loss of the parcel where it is impossible to obtain the declaration of the addressee. (See art. 111, p. 113.)

138. **Disapproval.**—When a claim involving an insured parcel is disapproved for any reason, all the papers connected with the claim should be carefully filed by the postmaster for future reference.

139. **Notice of payment to offices involved.**—Paying offices will, in each instance of payment, send notice to the office at which a claim originated, such notice to include the payee's name, amount and date of payment: *Provided*, that central accounting offices will notify both the office of mailing and the office of address. Use Form 3819 for this purpose.

140. **Recovery of an insured parcel for which indemnity has been paid.**—The paying postmaster will recover the amount paid and charge himself with such amount in his postal account to the Auditor for the Post Office Department, sending therewith all correspondence in the case, together with a description of the article. (See art. 81, p. 110.)

141. **Three files to be maintained.**—Three separate files will be maintained—first, a "sender" file, alphabetically under offices of mailing; second, an "addressee" file, alphabetically under offices of address; and, third, a "follow-up" file. The first two files mentioned will serve as final records and prevent payment of duplicate claims, the one being a check against the other in case a card is misplaced in either. Each action taken or advice received in connection with a claim will be indorsed on all three cards. When a claim is paid, all three cards will be indorsed with the amount, name of payee, and date of payment.

**142. Abnormal number of claims.**—The sender and addressee file will serve to point out any undue accumulation of claims of loss, rifling, or damage from any particular person, firm, or office. Where any abnormal accumulation is indicated involving loss or rifling the facts should be reported to the inspector in charge for investigation. Where a particular office has failed to make remittance, or failed to reply to inquiries, regarding a number of C. O. D. parcels, the facts should be reported to the Third Assistant Postmaster General, Division of Registered Mails, for attention. An abnormal number of damage claims may indicate that the sender is not packing his parcels properly, and the postmaster should take due corrective action. Instances of undue number or extent of damage bearing on a particular post office or route should be made the subject of written report to the superintendent of the proper division of Railway Mail Service for investigation and preventive measures. Such reports should include details as to the number of parcels damaged, origin, dates of mailing, nature of contents, method of packing, and character and extent of damage to each. Special report will not be made of cases other than those which appear to be out of the ordinary as distinguished from minor instances of damage liable to occur in the mails. Payments will be made in the usual manner without delay.

**143. Financial losses—Made-to-order and seasonable goods.**—Financial losses resulting to claimants because of delay in dispatch, transmission, or delivery of an article, where the value of the article itself is not destroyed, are consequential in their nature and are not allowable. There are certain classes of cases, however, where undue delay in delivery actually depreciates value. For instance, made-to-order garments delayed for an excessive period are at least reduced in value to both sender and addressee, if in the meantime they have been duplicated to the addressee. If such duplication is not made earlier than 30 days, indemnity may be paid to the extent of depreciated value. Eyeglasses made from an oculist's prescription, keys made for a special purpose, etc., are within this class of losses. Paying postmasters should consider carefully such claims with possible view to payment in meritorious cases.

**144. Parcel received by "care."**—When the person, firm, or institution, in whose care a supposed lost parcel was addressed, or those to whom the addressee's mail was usually delivered, acknowledge receipt of the parcel, the claim will be denied and the claimant advised that the matter is not one for adjustment by the Post Office Department.

**145. Improperly packed or not indorsed.**—Claims must not be approved on account of parcels which contained eggs, or fragile and easily breakable articles damaged in transit, or parcels which contained perishable articles spoiled before delivery, not stamped or indorsed "Fragile," "Eggs," or "Perishable," because the sender, after proper inquiry by the accepting postal employee, failed to disclose their true contents. If, however, a paying postmaster is satisfied in any case that the failure to indorse a parcel was not the direct or immediate cause of its being damaged or spoiled, he should make such investigation as will determine definitely the merits of the claim and if justifiable may pay. If a postal employee is shown to have been at fault because of failure to indorse a parcel properly and it is damaged or spoiled, the claim may be paid and the facts reported to the Third Assistant Postmaster General, Division of Registered Mails. (See art. 10, 11, 12, pp. 101 and 102, and art. 85, p. 110.)

**146. Spoiling.**—Perishable parcels meeting all requirements of the regulations as to indorsement and packing the contents of which are found to be spoiled upon delivery, are indemnifiable if they spoiled as a result of over 24 hours delay, beyond the time ordinarily required for transmission to the addressee. (See Art. 116, pp. 113 and 114.)

**147. Freezing.**—Indemnity is not payable on account of the freezing of the contents of insured parcels.

**148. Addressee's declaration not obtained.**—Ordinarily postmasters are not authorized to pay indemnity claims when the declaration of the addressee has not been obtained; however, if the papers in the claim show that proper efforts to obtain such declaration have been made or when the addressee is deceased, the postmaster may accept as evidence of nonreceipt of the parcel (by the addressee) a communication from the addressee to the sender stating that the parcel was not received, if such communication is dated at least 10 days after the expiration of the time that would have been required for the parcel to have reached the addressee in the ordinary course of mails. (See arts. 106 and 111, pp. 112 and 113.)

**149. Damaged before dispatch.**—The office of mailing, if one of the first or second class, is authorized to adjust claims resulting from damage to insured parcels which become so damaged before dispatch as to require withdrawal from the mails and return to the sender. In such case, proper notice will be sent to the office of address in order that the claim may be properly indexed there. If the office of address is one of the third or fourth class, the notice will be sent to its central accounting paying office. Where the mailing office is one of the third or fourth class, the postmaster will certify on page 2 of Form 3812 as to the extent and circumstances of damage after otherwise completing the claim form, then send the claim papers to his central accounting office for adjustment; the central accounting office which pays the claim will notify the central accounting office for the office of address in order that the claim may be indexed there.

**150. Home-made article.**—(See art. 90, p. 111.)

**151. Perishable matter, undeliverable, sale of.**—See Article 117, p. 114.

**152. Evidence to be complete.**—The evidence of value and extent of loss, rifling, or damage of a parcel is of the utmost importance. Before approving claims paying postmasters must assure themselves by careful scrutiny of all papers that the evidence meets the requirements of these instructions, the Postal Laws and Regulations, the current Postal Guide and Supplements; whether the amounts claimed are just and reasonable, and the fee paid covers such values. When doubt exists of the correctness of amounts claimed, the postmaster should call upon one or more reliable dealers for counsel.

**153. Watches.**—In consideration of claims involving watches and the determination of the amount of indemnity to be paid, the paying postmaster will be guided by the following schedule of depreciation, where applicable. (See Art. 94, p. 111.)

(a) Solid gold or silver case and highest grade movements: No deduction from purchase price for first ten years of use; after that, a deduction of one per cent for each year of additional use up to 35 years (a total of 25 per cent). No further deduction after the 35th year.

(b) 20-year guaranteed cases and movements: No deduction up to 5 year's usage; after fifth year a deduction of 5 per cent a year up to 10 years' use; a total deduction of 25 per cent. No further deduction after the tenth year.

(c) 10-year guaranteed cases and movements: No deduction up to 3 years' usage; after third year a deduction of 6 per cent a year up to eight years, a total deduction of 30 per cent. No further deduction after seventh year.

(d) Fractions of years under six months will be disregarded. Fractions of a year over six months will be counted as full years.

(e) When possible, the make and value of cases and movements should be separately ascertained and the depreciation figured separately. When this is not feasible, the case and movement should be figured as a unit.

(f) The consent of the claimant will not be asked in such cases. The extent of use will be ascertained, the claim allowed accordingly, after further deductions for repairs when the watch was imperfect at the time of mailing.

154. **Depreciation and repairs.**—Deductions from the original values will be made:

(e) For the estimated cost of any repairs that an article needed at the time it was mailed.

(b) For the amount of depreciation from original value in the case of an article which had depreciated in value on account of use or wear previous to being mailed.

(c) For both needed repairs and depreciation on account of use and wear when a used article needed repairing and had depreciated on account of use and wear previous to being mailed.

155. **Postage.**—Postage in cases of outright loss (disappearance) of insured parcels if claimed under question 10 of Form 3812, in addition to the proved claimed value of the article, will be allowed: *Provided*, That the combined amount does not exceed the total amount allowable by the fee paid on the parcel at the time of mailing, and further that the amount agrees with the postage stated in the declaration of the mailing office. Postage allowances must not include either the insurance fee or war tax.

156. **Transportation charges on articles duplicated.**—Where it is impossible to duplicate an irreparably damaged article, or to repair a partially damaged article, at the office of original address, the actual and necessary transportation charges involved in making the duplicate shipment or in transporting the partially damaged article to be repaired, may be allowed: *Provided*, That the total amount allowable must not exceed that covered by the fee paid.

157. **Fraudulent claims.**—Information or evidence of false or fraudulent claims should be communicated to the inspector in charge of the proper division. Whenever a false, fictitious, or fraudulent value is knowingly and willfully stated, the right is reserved without any refund of fee, to decline to pay indemnity or to pay such indemnity as may be considered equitable in the light of the evidence procured.

158. **Duplicate payments.**—Postmasters who make duplicate payments on which recovery can not be made must necessarily be held responsible and the amount will be charged back in their postal account.

159. **Notice to district offices.**—Postmasters at central accounting offices will notify new district offices to send claims on account of insured parcels mailed on and after December 15, 1920, to the central accounting office for adjustment.

160. **Payment to be expedited.**—The purpose of these regulations is to expedite the payment of indemnity claims. Paying postmasters, therefore, should not delay payments by returning claim papers to other offices on account of trivial omissions which do not affect the validity of a claim. In such cases payment should be made and proper notice of the omission included in the advice to the postmaster at fault.

#### SENDERS' RECEIPTS FOR ORDINARY PARCELS.

161. **Senders' receipt for ordinary parcel.**—When desired, a receipt is furnished the sender of an ordinary fourth-class parcel by the mailing office upon payment of 1 cent. This fee does not insure the parcel against loss, but merely furnishes evidence of mailing, and no receipt for the parcel is obtained from the addressee on delivery. If either of the latter facilities is desired, the insurance service should be patronized. A 1-cent stamp representing the amount paid for the receipt must be affixed to the receipt and canceled by the postmark. (Sec. 458½, Postal Laws and Regulations.)

162. **Firm mailing book adaptable.**—When receipts for ordinary parcels are desired by patrons mailing a number of parcels at one time, the firm mailing book must be so modified as to list the articles thereon; and each sheet must have affixed postage stamps at the rate of 1 cent for each parcel listed, which stamps shall be canceled by postmark and the sheet returned to the sender. These sheets are to be filled out by the sender, but no carbon copy shall be filed at the post office.

163. **Furnished by rural carriers.**—When such receipts are desired by patrons residing on rural routes, the parcel should be delivered to the rural carrier, payment being made at the time at the rate of 1 cent for each parcel, in addition to the postage. The carrier will obtain receipts at the post office to which he is attached, affix stamp, cancel stamp by postmark, and deliver the receipts to the senders on his next trip.

#### FOREIGN MAILS.

**POSTAGE RATES ON ARTICLES FOR CANADA, CUBA (see also secs. 15 and 16), MEXICO, THE REPUBLIC OF PANAMA, THE UNITED STATES POSTAL AGENCY AT SHANGHAI, AND THE UNITED STATES NAVAL HOSPITAL AT YOKOHAMA, JAPAN.**

1. **Canada, Cuba, Mexico, and Panama.**—Articles addressed for delivery in Canada, Cuba, Mexico, and the Republic of Panama are subject to the same postage rates and conditions which would apply to them if they were addressed for delivery in the United States: Except that—

(e) **Letters and postal cards** must be dispatched to Canada, Cuba, and Mexico if prepaid one full rate of postage and to Panama whether prepaid or not. Other articles for Panama must be prepaid at least in part and

for Canada, Cuba, and Mexico in full. The postage rate for letters is 2 cents for each ounce or fraction of an ounce and for postal cards or post cards (private mailing cards), unless conforming to the conditions for prints, 1 cent each.

(b) "Prints," "samples," and "commercial papers" may be sent subject to the postage rates, weight limit, and other conditions applicable to similar articles in Postal Union mails except as indicated in sections 40 and 41. (See secs. 17 and 18.)

(c) **Packages must not be sealed.**—Articles *other than letters in their usual and ordinary form* are excluded from the mails for Canada, Cuba, Mexico, and Panama, unless they are so wrapped that their contents can be easily examined by postmasters and customs officers. Any article inclosed in an envelope, as the word "envelope" is generally used, without regard to its size, is considered to be "in the usual and ordinary form" of a letter. By agreement there are admitted to the registered letter mails exchanged between the United States and Canada packages of bank notes put up in oblong packages tied firmly with cord and then inclosed in an outer wrapper of strong woven material, linen-lined paper, or other heavy, strong paper, tied up with cord and sealed at the point of closing; provided said packages are prepaid in full at the letter rate of postage. But unsealed packages may contain, in sealed receptacles, articles which can not be safely transmitted in unsealed receptacles; provided, the contents of the closed receptacles are plainly visible or are precisely stated on the covers of the closed receptacles and that each package is so wrapped that the outer cover can be easily opened.

2. **Merchandise.**—Packages of merchandise, including seeds, cuttings, bulbs, roots, scions, and plants that weigh over 4 ounces and not over 4 pounds 6 ounces may be sent to Canada, Cuba, Mexico, and the Republic of Panama at the eighth zone rate of postage (12 cents for each pound or fraction thereof). "Packets"—i. e., packages—sealed or unsealed, weighing in excess of 4 pounds 6 ounces, are not admissible to the mails for Cuba, even though the postage thereon is fully prepaid at the letter rate. Parcels for Cuba, Mexico, and the Republic of Panama must be accompanied by customs declarations regardless of their weight. (See sec. 5 as to need for consular invoices on parcels for Cuba when the value of the contents is \$5 or more.)

3. **Packages of merchandise** weighing not more than 4 ounces may be mailed at the postage rate of 1 cent for each ounce or fraction of an ounce to Canada, Cuba, Mexico, and the Republic of Panama. Customs declarations are required on such parcels of merchandise of 4 ounces or less to Mexico and the Republic of Panama.

Packages of merchandise can not be insured or sent C. O. D., but may be registered for Canada, Cuba, Mexico and the Republic of Panama.

Mailable merchandise for Mexico up to a weight limit of 20 pounds and for the Republic of Panama up to a weight limit of 50 pounds, at the option of the sender, may also be sent by international parcel post if it conforms to the requirements of that service.

4. **Certified invoices for Canada.**—Packages addressed for delivery in Canada containing merchandise valued at not more than \$50 and not sent for sale do not require certified invoices, but packages containing merchandise sent for sale regardless of value, as well as packages containing merchandise not sent for sale when the merchandise is valued at more than \$50, require certified invoices in triplicate, all copies of which should be sent by the exporter in the United States to the importer in Canada direct, two copies being required for entry at the Canadian customs. (See sec. 17, p. 8, of the June 1920, Postal Guide, for the particulars to be given when invoices are employed.)

5. **Consular invoices for Cuba.**—Regardless of the fact that it is necessary to attach a customs declaration to each package of merchandise for Cuba, the customs regulations of that country require that the senders of merchandise must present at the proper Cuban consular office for certification a consular invoice covering the merchandise, if the merchandise represents a value of \$5 or more. Invoices mailed at United States post offices where no Cuban consular office is located are excepted from this requirement. The consular invoice may either accompany the package or be sent under separate cover. When the consular invoice is in duplicate, the customs declaration may be omitted.

6. **Return postage.**—Packages of merchandise originally prepaid at the rate of 12 cents a pound and returned as undeliverable from Mexico and Panama are subject to a return charge equal to the amount of postage originally prepaid. This charge does not apply to packages of merchandise weighing 4 ounces or less and originally prepaid at the rate of 1 cent an ounce or fraction of an ounce.

7. **Unmailable.**—The following articles are unmailable under any conditions, viz.:

All sealed packages, which, from their form and general appearance, evidently are *not letters*; publications which violate the copyright laws of the country of destination; poisons, explosives, or inflammable substances; live or dead (not dried) animals, insects (except bees in properly constructed cases), and reptiles; fruits and vegetables which quickly decompose, and substances which exhale a bad odor; lottery tickets or circulars; all obscene or immoral articles; articles which may destroy or damage the mail or injure the persons handling them. Day-old chicks are prohibited transmission to Canada (see sec. 65, p. 128, "Prohibited articles"). Packages of eggs to Mexico are likewise prohibited.

8. **Articles from Canada, Cuba, Mexico, and Panama.**—The domestic postage rates and conditions of Canada, Cuba, Mexico, and the Republic of Panama apply to articles mailed in those countries addressed for delivery in the United States. Consequently articles (except sealed packages which are not letters) mailed in any one of those countries which are entitled to pass in the domestic mails of that country free of postage, are likewise entitled to transmission free of postage to the United States.

9. **Postage due.**—Postage due upon articles insufficiently prepaid exchanged with these countries is collectible upon delivery at the single rate. Postage due upon wholly unpaid letters and postal cards from Cuba and Panama shall be collected at double the prepaid rate.

**UNITED STATES POSTAL AGENCY AT SHANGHAI, CHINA.**

10. **Postage rates and conditions.**—(a) Articles of every kind that are admitted to the domestic mails of the United States may be sent by mail for delivery in the city of Shanghai at the postage rate and under the conditions which apply to similar articles addressed for delivery in the United States. Letters for the city of Shanghai specially addressed via Europe are subject to the postal union postage rate of 5 cents for the first ounce and 3 cents for each additional ounce or fraction of an ounce. Such letters are not delivered through the postal agency at Shanghai, but under the postal union regulations are delivered through the Chinese or British post offices in the city of Shanghai. As there is no city directory published in Shanghai, and native letter carriers can not be required to remember names of individuals, firms, and corporations and their local addresses, it is essential that articles of mail bear a local or house number and street address in order to permit an offer of delivery.

Letters for the city of Shanghai sent via the Pacific are delivered through the United States postal agency in that city, and are consequently subject to domestic rates and conditions. Articles for all other parts of China by either the Pacific or trans-Siberian route are subject to postal union conditions, unless mailed under the conditions applicable to the international parcel-post service.

Only such parcels for the city of Shanghai as can not be sent by domestic parcel post to the United States Postal Agency at Shanghai should be sent by international parcel post via the Chinese post office at Shanghai.

Packages of acceptable merchandise will be received up to a weight limit of 50 pounds when destined for the city of Shanghai, at the postage rate of 12 cents a pound or fraction thereof, at the conditions and classification applicable to packages in the domestic parcel post.

It is to be noted that parcels by the domestic parcel post can be insured but can not be registered unless they are sealed and the first-class rate of postage is paid.

(b) All letters and packages included in mails made up in the United States for the United States Postal Agency at Shanghai and received at that agency, which contain, or in the opinion of the postal agent may contain, articles liable to Chinese customs duties, are submitted to customs officials specially authorized to perform that duty by the Chinese Maritime Customs, who determine the dutiable character of the articles and levy the proper customs charges upon such as they find to be dutiable, which charges the United States postal agent collects upon the delivery of the articles, and transmits the amounts so collected to the Chinese customs official designated to receive and receipt for the same.

(c) Articles which the addressees refuse to receive on account of the customs charges will be returned to this country the same as other undeliverable articles, and the Chinese customs official who appraised such articles will be promptly advised of the refusal of the addressees to pay the charges, and of the return of the articles to the United States.

(d) Firearms, including sporting arms and air rifles, are prohibited.

11. **Customs declarations required on parcel post packages for delivery through the United States Postal Agency at Shanghai, China.**—As articles for delivery through the United States Postal Agency at Shanghai, China, are subject to Chinese customs duties and regulations, considerable delay and inconvenience has been experienced in the past in effecting delivery of parcels forwarded through the United States Postal Agency because of the absence of customs declarations or invoices. In order to facilitate the delivery of such parcels in the future, postmasters are directed to require all parcels addressed for delivery through the United States Postal Agency at Shanghai to be accompanied by a customs declaration (Form 2668), properly filled out and securely attached to the parcels. When an invoice is inclosed, the customs declaration may be omitted, but the wrapper of each parcel should be marked "Invoice inclosed."

12. **Packages containing dutiable articles, originating in the United States and addressed for delivery in the Canal Zone, must be accompanied by customs declarations fully completed and securely attached to the packages.**—The following articles imported by mail into the Canal Zone are exempt from payment of customs duty and therefore need not be covered by either free entry or customs declarations: Utensils for printing, bookbinding, ruling paper, lithographing, photoengraving, zincographing, ink and papers for newspapers and book printing, seeds, orchids, and every kind of live plants of any utility. Customs duty is assessed on books and printed matter. The item "printed matter" covers stationery of all descriptions, including business cards, sheet music, photographs, post cards, and everything else printed on paper or cardboard (except newspapers and periodicals—that is, magazines).

Otherwise than as indicated above, parcels addressed for delivery through the United States Postal Agency at Shanghai and parcels for the Canal Zone remain subject to domestic rates and conditions as heretofore.

**THE CANAL ZONE AND THE PHILIPPINES.**

13. For the postage rates and conditions applicable to mail matter for the Canal Zone and the Philippines, see the item "Domestic mail matter" on page 7.

**UNITED STATES NAVAL HOSPITAL AT YOKOHAMA, JAPAN.**

14. **Postage rates and conditions.**—Articles mailed in the United States addressed to the officers and men of the United States Navy in the United States naval hospital at Yokohama will be subject to the same conditions and rates of postage as articles mailed in the United States addressed to the officers and men on United States naval vessels. (See the item "Domestic mail matter" on page 7.)

**POSTAGE RATES ON ARTICLES FOR BOLIVIA, COLOMBIA, CUBA, DOMINICAN REPUBLIC, NICARAGUA, PERU, AND REPUBLIC OF HONDURAS.**

15. **Letters**, 2 cents for each ounce or fraction of an ounce. In order to be dispatched, letters must be prepaid one rate.

**Post cards**, 1 cent each for single; 2 cents for each double card.

**Printed matter**, except newspapers and periodicals (second-class), 1 cent for each 2 ounces or fraction of 2 ounces.

**Newspapers and periodicals** (second-class), 1 cent for each 4 ounces or fraction of 4 ounces.

**Commercial papers**, 5 cents for the first 10 ounces or less, and 1 cent for each additional 2 ounces or fraction of 2 ounces.

**Limit of weight** for each package of printed matter and commercial papers, 8 pounds 12 ounces.

**Samples of merchandise**, 2 cents for the first 4 ounces or less, and 1 cent for each additional 2 ounces or fraction of 2 ounces.

**Limit of weight** for each package of samples, 12 ounces.

**Single volumes of printed books** up to a weight limit of 11 pounds, 1 cent for each 2 ounces or fraction of 2 ounces.

**Registration fee**, in addition to postage, 10 cents.

In order to be dispatched, articles of "printed matter," "samples," and "commercial papers" must be fully prepaid when destined for the countries named in the foregoing.

**SECOND-CLASS MATTER FOR BOLIVIA, CANADA,\* COLOMBIA, CUBA, PERU, AND REPUBLIC OF HONDURAS, DOMINICAN REPUBLIC, MEXICO, NICARAGUA, AND PANAMA.**

16. **Postage rates**.—The rates of postage prescribed in paragraphs 1, 2, and 4 of section 420, Postal Laws and Regulations, are applicable to second-class matter mailed by publishers for delivery in Bolivia, Colombia, Cuba, Dominican Republic, Mexico, Nicaragua, Panama, Peru, and the Republic of Honduras, and to daily newspapers, issued as frequently as six times a week, addressed to *bona fide* subscribers in Canada, the eighth zone rate being applicable to advertising portions of publications subject to the zone rates. The rate of postage on second-class matter other than such daily newspapers addressed for delivery in Canada shall be 1 cent for each 4 ounces or fraction of 4 ounces, calculated on the weight of each package and prepaid by postage stamps affixed, and copies of such publications addressed for delivery from the same post office may be placed in one package, addressed to such post office, and postage paid thereon by affixing the stamps to the outside wrapper.

**POSTAGE RATES ON ARTICLES FOR FOREIGN COUNTRIES OTHER THAN BOLIVIA, CANADA,\* COLOMBIA, CUBA, DOMINICAN REPUBLIC, MEXICO, NICARAGUA, PERU, REPUBLIC OF HONDURAS, REPUBLIC OF PANAMA, THE UNITED STATES POSTAL AGENCY AT SHANGHAI, AND THE UNITED STATES NAVAL HOSPITAL AT YOKOHAMA, JAPAN.**

17. **Classification**.—Articles for foreign countries are classified as "Letters," "Post cards," "Printed matter," "Commercial papers," and "Samples of merchandise," and, except as heretofore stated, are subject to the postage rates indicated below:

18. **Letters**, except as indicated in section 19, 5 cents for the first ounce or fraction of an ounce, and 3 cents for each additional ounce or fraction of an ounce. Stamps or forms of prepayment, whether current or obsolete, canceled or uncanceled, as well as printed articles constituting the representative sign of monetary value, and articles in typewriting or imitation of typewriting, are subject to postage at the letter rate. Monetary value is held by the International Bureau of the Universal Postal Union to attach to bonds, bank notes, commercial bills of exchange, etc., which have been fully executed by the makers.

**Postal cards**, 2 cents each, for single; and 4 cents each, for double cards.

**Printed matter**, of all kinds, except as indicated in section 21, 1 cent for each 2 ounces or fraction of 2 ounces.

**Commercial papers**, 5 cents for the first 10 ounces or less, and 1 cent for each additional 2 ounces or fraction of 2 ounces.

**Samples of merchandise**, 2 cents for the first 4 ounces or less, and 1 cent for each additional 2 ounces or fraction of 2 ounces;

**Registration fee**, in addition to postage, 10 cents.

19. **Reduced letter rate to certain countries**.—Letters for England, Ireland, Scotland, Wales, Bahamas, Barbados, Bolivia, British Guiana, British Honduras, Canada, Colombia, Cuba, Dominican Republic, Dutch West Indies, Honduras (Republic of), Leeward Islands (Antigua with Barbuda and Redonda, St. Kitts or Saint Christopher, Nevis with Anguilla, Dominica, Montserrat and the Virgin Islands, British), Mexico, Newfoundland, New Zealand, Nicaragua, Peru, Republic of Panama, Trinidad, including Tobago, and the Windward Islands (Grenada, Saint Vincent, The Grenadines, and Saint Lucia), 2 cents per ounce.

20. **Letters and post cards** may be dispatched even if no postage whatever is prepaid. Other articles must be prepaid at least in part. In all cases double the amount of the deficient postage is collectible of the addressee upon delivery.

21. **Reading matter for the blind**.—The rate of postage applicable to printed matter in relief for the use of the blind is 1 cent for each weight of 500 grams (18 ounces) or fraction of 500 grams. Except as herein provided packages of such matter will be subject to the conditions prescribed by the Universal Postal Convention for packages of printed matter in Postal Union mails.

\* Newfoundland is not included in the Dominion of Canada.

**NOTE.**—The letter rate to all destinations except to the city of Shanghai, China, and those indicated in section 19 is as stated in section 18. The 3-cent rate to Great Britain applies only to Great Britain and Ireland and not to British colonies, except those indicated in section 19.

(For International Parcel Post, see pp. 149 to 186.)

### GENERAL INFORMATION, REGULATIONS, AND SUGGESTIONS.

**22. Senders should be cautioned that in order to insure prompt and safe transmission to destination of articles addressed to foreign countries they should (1) make the address legible and complete, giving the name of the country, that of the town or post office, and, in cases of cities or towns, the house number and street address should also be indicated. Articles addressed to "London" may be sent either to England or Canada. (2) Avoid using flimsy paper for envelopes, as they are liable to be torn or destroyed in the long transits. (3) Avoid using sealing wax on the covers, as letters so sealed often adhere to each other, and the addresses of some of the articles are destroyed by the tearing of the covers in the attempt to separate the articles. (4) See that postage stamps affixed to the covers of articles of printed matter do not adhere also to the articles themselves, thus virtually sealing the packages and thereby subjecting them to additional postage, at the letter rate, on delivery.**

**23. Prepayment.**—Postage can be prepaid upon articles (other than the reply half of double postal cards) only by means of postage stamps of the country in which the articles are mailed. Articles mailed at the United States Postal Agency at Shanghai, China, are treated as if mailed in the United States; consequently, any prepayment of postage must be made by means of United States postage stamps. For all countries (except those to which the domestic postage rates and conditions apply) newspapers, magazines, and periodicals, whether "transient" or for regular subscribers, are required to be prepaid with postage stamps at the rate applicable to "printed matter" for those countries.

**24. Short payment.**—(a) The dispatching exchange office of the country which dispatches to another country an article which is unpaid or short paid is required to mark upon its cover the capital letter "T" (tax), and in the case of an unpaid letter to indicate the number of rates, when more than one, to which the letter is liable by reason of its weight; also, in case of a short-paid article, to indicate (in French currency), for instance, 10 cts., meaning 10 centimes—2 cents, the amount of postage due, calculated at double the deficiency, EXCEPT in the case of an article which has become insufficiently prepaid in consequence of redirection, then to mark it with the actual deficiency only. (See table on pp. 145 to 148.)

(b) The exchange office of the country of destination which first receives the article stamps the article "Postage due — cents" "N. Y." "S. F.," as the case may be, which amount as indicated must be collected by the postmaster who delivers the article, affixing thereto postage-due stamps of the same value.

(c) A naught (0) alongside of postage stamps indicates that such stamps were not valid for the prepayment of postage in the country in which the articles so marked were mailed.

(d) Charges for postage due are in addition to any customs charges.

(e) In the case of unpaid or short-paid articles returned to senders as undeliverable, the senders are chargeable with the amount which would have been collected of the addressees if the articles had been delivered. (See pars. 1 and 5, sec. 3.)

**25. Rating of short-paid articles.**—The ascertainment and rating of deficient postage on correspondence for and from foreign countries, and the placing on the correspondence of the proper indications of such deficiency, is the work of the exchange post offices and not of the mailing or delivering post offices, unless the latter are also exchange post offices. In case of obvious error on the part of the exchange office, the rating, however, may be made at the delivery office, and a report of the facts made to the Second Assistant Postmaster General (Division of Foreign Mails), the envelopes or wrappers of the articles involved, where practicable, to be obtained and submitted with the report. If through inadvertence the rating is in excess of the right amount, the refund of the excess shall be made as required by section 461, Postal Laws and Regulations.

**26. International reply coupons.**—A "reply coupon" may be purchased (price, 6 cents) at post offices, which, upon presentation at a post office in any of the countries which have qualified under the Rome Postal Convention, will entitle the person presenting the coupon to receive (without charge) a postage stamp or postage stamps of that country equivalent in value to a 5-cent United States postage stamp. By this arrangement a person in the United States can furnish his correspondent with a postage stamp with which to prepay postage on a reply to his letter. Owing to an increase of the postage rate in certain foreign countries, it may be necessary in some instances to transmit two coupons instead of one, as heretofore, and the table of postage rates on pages 145 and 148 should therefore be consulted to determine whether one or two coupons must be secured. A list of the countries in which reply coupons are valid may be found on page 32.

**27. Matter mailed at sea.**—Save in the instance hereafter given, postage prepaid upon articles mailed on board vessels on the high seas must be prepaid by means of postage stamps of the country under whose flag the vessel sails. Articles addressed for delivery in the United States or its possessions mailed on the high seas on board vessels of the United States register bringing to the United States a mail made up in a foreign country, and articles handed to the officers of such vessels to be mailed on shore, are subject to the United States domestic postage rates and conditions. Postage upon articles mailed on board a steamer while the steamer is in a port of any country can be prepaid only by means of postage stamps and at the postage rate of that country. Letters conveyed in vessels not regularly employed in carrying the mails (commonly called "ship letters") are subject to double rates of domestic postage (4 cents per ounce) on delivery.

**28. Pan American Union (Bureau of American Republics).**—Mail admitted free.—Mail matter originating at the Pan American Union, formerly the Bureau of American Republics, bearing the card of the Union and weighing not over 4 pounds 6 ounces (2 kilograms), the limit of weight prescribed for packages of "prints" by

the Universal Postal Convention, are admitted to the mails free of postage when addressed to the countries forming the Pan American Union, viz, Argentine Republic, Bolivia, Brazil, Chile, Colombia, Costa Rica, Cuba, Dominican Republic, Ecuador, Guatemala, Haiti, Honduras, Mexico, Nicaragua, Panama, Paraguay, Peru, El Salvador, United States, Uruguay and Venezuela.

**29. Matter entitled to admission to the international mails free of postage.**—The following articles are entitled to transmission in international mails free of postage, viz: Official correspondence exchanged between postal administrations, between these administrations and the International Bureau, and between the exchange offices of different countries, as well as correspondence concerning prisoners of war. Postage upon all other articles can be prepaid only by means of postage stamps. The reply half of a double postal card bearing a postage stamp of the country which issued the double card is to be considered as prepaid.

**30. Postmarking.**—All mail matter addressed to foreign countries is required to bear a legible impression of the date stamp of the mailing post office; and matter received from foreign countries must bear a similar stamp (on the back of letters and on the front of postal cards), of the delivering post office. Postmasters should cause care to be taken not to deface by their own postmark, nor cover with postage-due stamps, any postmark already on an article.

**31. Withdrawals and changes of address.**—The sender of any mail article addressed for delivery in a foreign country may cause it to be withdrawn from the postal service, or have its address changed, (1) provided the article has not been dispatched from the United States, and (2) in case it has been dispatched from the United States, and not delivered to the addressee, provided the legislation of the country of destination of the article allows such withdrawal or alteration.

(a) To effect either of these ends, if the article has not been dispatched from the mailing post office the sender must apply to the postmaster, who will be governed by sections 552 or 945, Postal Laws and Regulations, edition of 1913.

(b) If the article has been actually dispatched from the United States, the sender must apply at the post office at which the article was mailed, where he must identify himself and deposit with the postmaster a sum sufficient to cover all expenses to be incurred, as prescribed in section 553, Postal Laws and Regulations, edition of 1913, for withdrawing letters from the domestic mails; and, in addition, the sender must furnish a facsimile of the address of the article, and must pay (by means of postage stamps affixed to his application, and canceled by the postmaster) the amount chargeable on a single-rate registered letter to the country concerned. When these formalities have been complied with, the postmaster at the mailing office of the letter in question is required to forward the application, accompanied by the facsimile of the address, under registration, to "The Second Assistant Postmaster General (Division of Foreign Mails), Washington, D. C.," who will request the foreign postal administration interested to comply with the sender's directions. If request is to be by cable, application should be accompanied by an amount sufficient to prepay the cablegram at the usual rate.

(c) If the article has not been dispatched from the United States, and may be intercepted at the United States exchange post office, it may, if unregistered, be returned to the sender upon compliance by him with requirements of section 553 before mentioned; or, if registered, upon compliance with the requirements of section 945, Postal Laws and Regulations.

(d) This Department has been officially advised that the legislation of Great Britain, and the British colonies (except Southern Rhodesia, Antigua, Bahamas, Barbados, Ceylon, Gold Coast, British Guiana, Jamaica, Zanzibar, and the Australian colonies), including Canada and British India, also Haiti, the Dominican Republic, Colombia (Republic of), and the French establishments in Oceania, does not allow senders of articles to withdraw them from the mails, or to change their address; consequently, senders can not prevent the delivery to the original addressees of articles already dispatched from the United States to any of those countries, nor from those countries and colonies when addressed for delivery in the United States.

(e) Except as herein provided for, postmasters are not authorized without permission from the Department to return or change the address of articles for or from foreign countries; but they may, upon request, forward an article to the same addressee at another post office. Requests from foreign postal administrations or foreign postal officials to return articles to the sender or to change the address on articles, ordinary or registered, should be referred to the Department, and the articles should be held until instructions concerning them are received from the Department. Such requests from private citizens in a foreign country or in the United States shall be replied to by postmasters with the information that the requests can not be considered nor the articles held and the senders shall be advised to submit their applications to the postmaster at the mailing post office in the foreign country or in the United States, according to the place of mailing.

**32. Registration.**—Any article of mailable matter, except those addressed under initials, or with the address written with a pencil, may be registered, subject to prepayment of the postage upon the article according to its nature, in addition to the registration fee.

**33. Reforewarding and returning to writers.**—(1) Mail matter of all kinds, of foreign origin (including such matter from Canada, Mexico, Cuba, and the Republic of Panama), received in the United States, must be reforwarded from the United States post offices of original destination to any other United States post office and—in the case of articles other than parcel-post packages—to any foreign country, without charge of additional postage therefor; or, if a registered article, without charge of an additional registry fee. Postage-due and customs duties, if any, must be collected by the postmaster who delivers the article to the addressee or to the sender. (2) Such matter, however, as has been addressed, in the first instance, to a post office in the country of mailing, is chargeable (but need not be prepaid), on redirection, with the same postage, less the sum prepaid, as would have been charged had it been addressed originally to the post office of ultimate delivery, but, if registered, without additional registry fee. And the same conditions apply to articles exchanged between two countries which have adopted in their reciprocal relations a lower rate than the ordinary Union rate, but which on being forwarded enter the service

of another country, which has a higher postage rate. (3) Any article returned to sender for rectification or completion of its address is not considered when mailed with a corrected or completed address as forwarded matter, but as newly mailed, and consequently becomes liable to a new charge of postage. (4) Upon any unpaid or short-paid article returned as undeliverable, the sender will be required to pay the sum which would have been collectible of the addressee if the article had been delivered, and in addition, when returned through the Division of Dead Letters, the sender will be required to pay the fee of 3 cents for the return of letters to the writers, all of which charges shall be indicated on official or penalty envelopes before dispatch to post offices from the Division of Dead Letters or its respective branches. (5) Letters received from foreign countries to be returned to writers through the Division of Dead Letters are subject to a fee of 3 cents for the return of letters to writers, and the amount to be charged will be indicated on official or penalty envelopes before dispatch to post offices from the Division of Dead Letters or its respective branches. (6) Letters must be postmarked to show the date of dispatch to the new address.

**34. Optional and compulsory prepayment.**—The prepayment of postage on ordinary letters and postal cards is optional with the senders, except in cases where articles are mailed with the intention of avoiding prepayment (sec. 511, Postal Laws and Regulations) and except as indicated in Section 1 (a) and Section 15, but on registered articles and parcel-post packages full prepayment is compulsory. Postage on all other articles must be at least partially prepaid. If postage is not prepaid in full, double the amount of the deficient postage is collectible on the delivery of the articles.

**35. Merchandise.**—Articles, including electrotypes and cuts for advertising purposes, not specially enumerated in postal conventions or in the United States Postal Laws and Regulations as transmissible in the mails to foreign countries, or which are not homogeneous with those therein enumerated, are not entitled to be sent in the regular mails to countries other than those named in the next following paragraph, at the reduced rates of postage fixed for articles other than letters, but may be transmitted, at letter rates of postage, fully prepaid provided they are not absolutely excluded from the mails by the provisions of postal conventions, or by the laws and regulations. Such articles are forwarded at the sender's risk as regards treatment under the customs regulations of the country to which they are sent. Their right of entry into a foreign country is determined by the officials of that country. They may be confiscated, returned as unmailable, or subjected to fines in addition to customs duties. (See "Prohibited articles," pp. 127 to 135; for information relative to parcel post see pp. 155 to 182.)

Packages containing articles of merchandise may be sent to Canada, Cuba, Mexico, and the Republic of Panama, at the postage rate applicable to "fourth-class matter" in the domestic mails. (See secs. 2 and 3, p. 118.)

**36. Pairs of articles,** such as gloves, shoes, socks, etc., but not such as suspenders or drawers, are not transmissible by mail to foreign countries at the postage rates and conditions applicable to "samples of merchandise," but one article of a pair may be so transmitted.

**37. Countries to which "combination packages" may be sent.**—"Combination packages," that is, packages made up of two parts, firmly attached together, both addressed for delivery to the same addressee, and consisting of (1) a sealed envelope containing a written or printed communication, fully prepaid at the letter rate of postage, and (2) an unsealed container, with samples of merchandise or printed matter inclosed fully prepaid at the appropriate rate of postage, are accepted when destined for Bolivia, Brazil, British Guiana, British Honduras, Bulgaria, Canada, Colombia, Denmark, Esthonia, Haiti, Iceland, Jamaica, including Turks Island, Catoos Islands, and Cayman Islands, Mexico, Nicaragua, Norway, Poland, Republic of Honduras (in registered mail only), Rumania, Salvador, and Sweden.

**38. Undeliverable matter.**—Undeliverable articles should be treated in accordance with sections 659 and 1047, Postal Laws and Regulations.

(For instructions relative to treatment of undelivered second-class matter from Canada, see pp. 5 and 6 of the Guide for May, 1917.)

## INFORMATION AS TO "POST CARDS," "PRINTS," "COMMERCIAL PAPERS," "SAMPLES OF MERCHANDISE," AND "COMPOSITE PACKAGES."

### POST CARDS.

**39. (a)** Postal cards must bear at the head of the front the title "Postal card," or its equivalent. They must be made of cardboard or thick paper, and must not be inclosed in an envelope. Private postal cards need not bear that title. They must not be larger than 5½ by 3½ inches, nor smaller than 4 by 2½ inches. Postage stamps should be placed in the upper right-hand corner of the address side. The right-hand half of the address side is reserved for the address, postmarks, etc.; the left-hand half may be used to contain a message, or a picture on very thin paper may be pasted there; also a label not exceeding 2 inches by three-quarters of an inch in size may be pasted there. On the back of the card a picture on very thin paper may be pasted. With the exception of postage stamps, the labels and the pictures on very thin paper mentioned above, nothing may be attached to a postal card. Each half of a (double) reply postal card must conform to the foregoing conditions. The two halves must be folded one on the other, and must not be closed in any manner. If the reply half of a foreign double postal card is not addressed to the country which issued the card, it must be treated as an unpaid postal card unless it bears United States postage stamps; it can not be registered by the original sender of the card. (For the postage rate, see sec. 18, p. 120.)

Postal cards bearing manuscript additions which do not conform to the conditions prescribed for them as stated above must be treated as letters; but cards which conform to the conditions for printed matter are mailable as such.

(b) Each half of a double post card is a complete post card; but, in the event of the reply half of a double post card issued by any country being sent by mail to an addressee in a country other than that which issued the card, it is required to be treated as an unpaid post card unless a United States postage stamp is affixed thereto, and postage collected of the addressee accordingly.

(c) The prepayment of the "reply half" by means of the postage stamp of the country which issued the card is valid only if the two parts of the double card are received from the country of origin adhering to each other.

(d) An unsealed package containing only unaddressed illustrated postal cards without postage stamps should be treated as a "print."

(e) Post cards (so-called), consisting of wood, leather, or any material other than paper or card board, are subject to treatment as letters.

(f) Single private mailing cards may be sent to foreign countries at the postage rate applicable to the official postal cards, provided they conform to the conditions prescribed for private mailing cards in the domestic mails of the United States.

(g) Any card of foreign origin which, from its title in any language appears to be a post card, and conforms—as to size, quality and weight—with the requirements for post cards in our domestic mails, is admissible to the mails (domestic or international) as a post card when prepaid by means of United States postage stamps. The foregoing applies to the reply half of a double foreign postal card mailed in the United States, addressed for delivery in a country other than the country which issued the double card: but if the reply half is addressed for delivery in the country which issued the double card, it is mailable without the addition of United States postage stamps. "Postal cards" and "post cards" must consist of paper or cardboard.

### PRINTS.

40. (a) Prints of all kinds are subject to the following conditions: Must be either placed under hand, upon a roller, between boards, in a case open at one side or at both ends, or in an unclosed envelope; or simply folded in such a manner as not to conceal the nature of the packet; or, lastly, tied by a string easy to unfasten. Address cards and all printed matter presenting the form and consistency of an unfolded card may be forwarded without hand, envelope, fastening, or fold. The maximum weight of packages of printed matter is fixed at 2 kilograms (4 pounds 6 ounces), except as follows: (1) Printed matter in general to Bolivia, Colombia, Cuba, Dominican Republic, Nicaragua, Peru, and the Republic of Honduras, 4 kilograms (8 pounds 12 ounces); (2) single volumes of printed books not to exceed 10 pounds, Canada; (3) single volumes of printed books not to exceed 11 pounds, Bolivia, Colombia, Dominican Republic, Nicaragua, Peru, and the Republic of Honduras; (4) single volumes of printed books without limit of weight, Cuba, Mexico, Republic of Panama, and El Salvador; (5) second-class matter without limit of weight, Canada, Cuba, Mexico, and the Republic of Panama. The maximum size is fixed at 45 centimeters (18 inches) in any one direction, except that rolls of printed matter which do not exceed 75 centimeters (30 inches) in length and 10 centimeters (4 inches) in diameter may be forwarded by mail. (For the postage rate, see secs. 1, 15, and 18, pp. 117 and 120.)

(b) Stamps and other forms of prepayment, whether canceled or not, prints constituting the sign of monetary value, articles the text of which has been altered after printing except as indicated below, are not mailable at the postage rate applicable to "prints."

(c) Facsimile copies of manuscript or typewriting—if sent as prints—must be mailed at post-office windows in not less than twenty (20) perfectly identical copies.

(d) Additions (by hand or other means) may be made to "prints" as follows:

On the outside of the package or on the print itself, the name, business, and residence of the sender, and date of dispatch; to correct errors, cross out certain parts and make prominent, by means of marks, certain parts of the text; to add the "copy" to the "proof," and to make changes in and additions to the proof on separate sheets if necessary; to add to visiting cards as well as to Christmas and New Year cards the title and address of the sender, as well as congratulations, thanks, condolences, or other forms of courtesy expressed in five (5) words at most; to erase certain parts and make prominent by means of marks, certain parts of the text; to add to cards of invitation and notices of meetings the name of the person invited, the date, object and place of meeting; to add to books, sheet music, periodicals, photographs, and engravings a dedication, as well as to attach the bill or invoice; to add to clippings from periodicals the title, date, number, and address of the periodical; to insert figures in price lists, offers for advertisements, stock quotations, trade circulars, and prospectuses, as well as the name of the traveler, the date and name of the locality through which he expects to pass, in notices of that kind; to indicate on booksellers' order bulletins the works desired or offered, and to cross out or underscore the whole or any part; to printed order-forms for books, periodicals, etc., all the particulars necessary to indicate precisely the identical article or edition desired, including the price of the article with and without the transportation or delivery charges; to add on notices relating to the movements of vessels the dates of sailings and arrivals, as well as the names of the vessels; to add to notices of shipment the date of the shipment; and to paint fashion plates, maps, etc. But no manuscript additions other than those indicated above are allowed upon prints.

(e) Prints must be wrapped so that the contents may be easily examined without damaging the cover. But cards need not be inclosed unless they are embellished by means of mica, ground glass, or a similar substance.

(f) A package of newspapers or periodicals for transmission in international mails (except to the places to which domestic postage rates and conditions apply) at the rate of 1 cent per 2 ounces or fraction thereof is restricted to a single (outside) address. Newspapers or periodicals addressed to several different subscribers must not be inclosed in the same package with postage stamps affixed only to the outside wrapper of the package. But several periodicals or other articles of printed matter, without separate address, may be inclosed in the same package.

(g) Cards bearing the title "postal card" or its equivalent are admissible to the mails at the postage rate applicable to "prints," provided they conform to the general conditions prescribed herein for "prints" and are prepaid at the rate for "prints." If they do not conform to those conditions they must be treated as postal cards or letters, according to their size and the manuscript additions.

(A) The following are considered as prints, and admitted as such at the reduced postage applicable to "prints," viz: Newspapers and periodical works, printed books stitched or bound, pamphlets, sheets of music, visiting cards, address cards, proofs of printing with or without the manuscripts relating thereto, papers with raised points for the use of the blind, engravings, photographs and albums containing photographs, pictures, drawings, plans, maps, catalogues, prospectuses, announcements, and notices of various kinds, whether printed, engraved, lithographed, or autographed, and in general all impressions or reproductions obtained upon paper, parchment, or cardboard, by means of printing, engraving, lithographing, and autographing, or any other mechanical process easy to recognize, except the copying press and the typewriter.

(i) Valentines, unframed Christmas and Easter cards, and other cards of a similar character, passing between friends in small quantities as tokens of esteem, are transmissible in mails dispatched to foreign countries (except to those countries to which United States domestic postage rates apply), at the rate and under the conditions applicable to "printed matter" in Postal Union mails, notwithstanding they are composed partly of silk or satin and are hand painted and of elaborate design and finish. But such cards regularly framed, whether with wood, metal, or other material usually used for picture frames, are not entitled to transmission as "printed matter," and should not be admitted to said mails at less than the letter rate of postage fully prepaid, and not even then if the articles are prohibited transmission in the regular mails to any country concerned; nor should articles intended for use (such as cushions, etc.) which bear an Easter or Christmas greeting, but can not be considered in any sense "cards," be treated as printed matter in said mails.

(j) Facsimile copies of manuscript or typewriting obtained by a mechanical process (polygraphy, chromography, etc.) are assimilated to prints; but in order to pass at the reduced postage they must be mailed at the post-office window and in the minimum number of 20 perfectly identical copies.

#### COMMERCIAL PAPERS.

41. (a) Commercial papers must be under band or in an open envelope. The maximum weight of commercial papers is fixed at 2 kilograms (4 pounds 6 ounces), except to Bolivia, Colombia, Cuba, Dominican Republic, Nicaragua, Peru, and the Republic of Honduras, to which the weight limit is 4 kilograms (8 pounds 12 ounces) and the maximum size at 45 centimeters (18 inches), except when put up in rolls the dimensions of which do not exceed 75 centimeters (30 inches) in length and 10 centimeters (4 inches) in diameter. (For the postage rate, see sec. 1, 15 and 18.) In dispatching packages of commercial papers, post offices and railway post offices must inclose them invariably in the pouches containing letters. In order that packages of commercial papers may be readily identified as such each should be marked on the cover or wrapper "Commercial papers."

(b) The following are considered as commercial papers, viz: All instruments or documents written or drawn wholly or partly by hand, which have not the character of an actual and personal correspondence, such as old letters and postal cards which have fulfilled their original object, papers of legal procedure, deeds of all kinds drawn up by public functionaries, waybills or bills of lading invoices, the various documents of insurance companies, copies of or extracts from deeds under private signature, written on stamped or unstamped paper, scores or sheets of manuscript music, manuscript for publication, forwarded separately, original and corrected tasks of pupils, excluding all comment on the work, etc.

(c) Manuscript sermons and packages of old letters or post cards may be sent by mail to foreign countries at the rate, and under the conditions, applicable to "commercial papers" in Postal Union mails. "Old letters" or "old post cards" are letters which have served the purpose for which they were originally written and not those which have been withheld from mailing beyond the dates they bear.

#### SAMPLES.

42. (1) Samples of merchandise must conform to the following conditions: Must be placed in bags, boxes, or removable envelopes in such a manner as to admit of easy inspection. They must not have any salable value, nor bear any manuscript other than the name or the firm style of the sender, the address of the addressee, a manufacturer's or trade mark, numbers, prices, and indications relating to the weight, size, and quantity to be disposed of, and words which are necessary to precisely indicate the origin and nature of the merchandise. Packages of samples must not exceed 350 grams (12 ounces) in weight, or the following dimensions: 30 centimeters (12 inches) in length, 20 centimeters (8 inches) in breadth, and 10 centimeters (4 inches) in depth; except that when in the form of a roll a package of samples may measure not to exceed 30 centimeters (12 inches) in length, and 15 centimeters (6 inches) in diameter. (For the postage rate, see sec. 18, p. 120.) Articles sent for sale, in execution of an order, or as gifts, however small the quantity may be, are not admissible at the sample rate and conditions stated in section 18.

Many articles sent in the mails to foreign countries as samples of merchandise prove to be dutiable on delivery, and are consequently returned to origin. Particular care should be given in the dispatch of samples, as articles which have any salable value are prohibited under this classification.

(2) Articles of glass, liquids, oils, fatty substances, dry powders, as well as live bees, are admitted to the mails as "samples" provided they are packed in the following manner:

(a) Articles of glass must be packed solidly in boxes of metal or wood in a way to prevent all damage to other articles or the employees.

(b) Liquids, oils, and substances easily liquefiable must be inclosed in glass bottles hermetically sealed. Each bottle must be placed in a wooden box filled with spongy material sufficient to absorb the liquid in case the bottle should be broken. Finally, the box itself must be inclosed in a case of metal or wood with a screw top, or of strong and thick leather. If wooden blocks perforated to contain several vials or wooden mailing cases are used, measuring at least one-tenth of an inch in the thinnest part, lined with a sufficient absorbing material and furnished with a lid, the blocks need not be inclosed in a second case.

(c) **Fatty substances**, such as ointments, soft soaps, resins, etc., must be inclosed in an inner cover (box, linen bag, parchment, etc.), which must be placed in a second box of wood, metal, or strong, thick leather.

(d) **Dry powders** must be placed, if coloring, in bags of leather, gummed cloth, or strong oiled paper; and if not coloring, in boxes of metal, wood, or cardboard, which bags or boxes must be inclosed in a cloth or parchment bag.

(e) **Live bees** must be inclosed in boxes which avoid all danger and permit examination of the contents.

(3) **Articles treated as samples.**—Single keys, fresh-cut flowers (but not live plants), tubes of serum and pathological objects rendered inoffensive by their mode of preparation and packing; specimens of natural history, such as dried or preserved animals and plants, geological specimens, etc., are admitted to the mails at the postage rate and under the conditions applicable to "samples," provided they are not sent for sale, in execution of an order or as a gift, and that their packing conforms to the general conditions prescribed for samples.

**NOTE.**—Samples of merchandise may be dispatched by parcel post to the countries mentioned on pages 155 to 182, unless the merchandise is prohibited by the country of destination or prohibited according to section 187, pages 182 and 183.

When dispatched by parcel post, samples of merchandise are not restricted to the Postal Union limits of weight and size mentioned herein, but may be accepted up to the limit of weight and size set forth in paragraphs II and III on page 149.

If the international parcel post is employed by which to transmit samples, on the customs declarations used, it will not be sufficient to mark the word "Samples," but "Samples of cotton," "Samples of false jewelry," etc., as the case may be. Instead of "No value," in the proper column "No commercial value" may be written of stamped in, or there be stated the value placed by the sender on the article as a sample, leaving the question of appraisal value to be determined by the customs authorities in the country of destination.

#### COMPOSITE PACKAGES.

**43. Composite packages.**—It is permitted to inclose in the same package samples of merchandise, prints, and commercial papers, but subject to the following conditions: (1) That each class of articles taken singly shall not exceed the limits which are applicable to it as regards weight and size. (2) That the total weight of the package must not exceed 2 kilograms (4 pounds 6 ounces). That the minimum charge shall be 5 cents when the package contains commercial papers, and 2 cents when it consists of printed matter and samples.

#### PROHIBITED ARTICLES IN THE REGULAR MAILS.

(For prohibited articles in parcel-post mails, see pp. 155 to 182.)

**44. To all foreign countries.**—(a) All articles excluded from transmission in domestic mails, as being in themselves, either from their form or nature, liable to destroy, deface, or otherwise injure the contents of the mail bags or the persons of those engaged in the postal service, are prohibited from transmission in the mails exchanged with foreign countries, as are also poisons, such as opium, and obscene, lewd, or lascivious books, pamphlets, etc., lottery tickets and letters and circulars concerning lotteries, so-called gift concerts, etc., also excluded from the domestic mails.

(b) Certain articles, other than those above mentioned, which, from their nature or form, are liable to destroy, deface, or injure the contents of the mail bags or the persons of those engaged in the postal service may be transmitted in the mails to foreign countries, if bona fide trade samples and exchangeable in the mails with said countries, when inclosed in the form prescribed for such articles in domestic mails.

(c) Postal cards or letters addressed to go around the world.

(d) Letters or packages containing coin, gold, or silver substances, jewelry, or precious articles. This does not apply to Canada, Cuba, Mexico, Shanghai, and to certain other countries whose legislation does not prohibit their circulation in their domestic mails.

(e) Any package whatever, containing articles liable to customs duty in the countries addressed. This does not apply to Canada, Cuba, Mexico, the Republic of Panama, or Shanghai, or to articles forwarded by "parcel post."

(f) Articles other than letters and post cards which are not prepaid, at least partly, or which do not fulfill the conditions required in order to enjoy the reduced rates. To the countries named in Section 1 (a) and Section 15, articles other than letters and post cards must be fully prepaid.

(g) Articles other than letters and postal cards addressed for delivery in any foreign country, which contain writing in the nature of personal correspondence, or which do not conform to all the conditions prescribed for such articles, to entitle them to transmission in the mails at reduced rates of postage, unless they are fully prepaid at the rate of postage applicable to letters for the foreign country of destination.

(h) Packages of samples of merchandise which contain live animals and insects except bees, which have a salable value, which are sealed, unless the contents are visible, or plainly indicated by the mode of packing, or which exceed in weight or measure the prescribed limits, are not transmissible at the rates fixed for samples.

(i) Packages of commercial papers and printed matter of all kinds, the weight of which exceeds 2 kilograms (4 pounds 6 ounces), or the size of 18 inches in any direction, except that rolls of printed matter may measure 30 inches in length by 4 inches in diameter. (When packages are for Bolivia, Colombia, Cuba, Dominican Republic, Nicaragua, Peru, and Republic of Honduras, see sec. 15, p. 120.)

(j) There is, moreover, reserved to the governments of every country of the Union, the right to refuse to convey over its territory or to deliver as well articles liable to the reduced rate in regard to which the laws, ordinances, or decrees which regulate the conditions of their publication or of their circulation in that country have not been complied with, as correspondence of every kind which evidently bears inscriptions forbidden by the legal enactments or regulations in force in the same country.

(k) To Belgium, Denmark and the Danish colonies, Egypt, France and the French colonies, Italy, Malay States (Federated), Norway, the Netherlands, Portugal and the Portuguese colonies, Russia, Serbia, Sweden and Switzerland, articles of correspondence marked on the outside with the declared value of contents.

### NONPOSTAGE STAMPS.

45. **Christmas stamps, etc.**—The following countries refuse to admit to their mails articles bearing non-postage "Christmas" stamps or other adhesive charity stamps or labels, unless postage thereon is prepaid, and unless the nonpostage stamps are affixed to the back and not to the address side of the covers:

Brazil, British East Africa, Uganda, Antigua, Barbados, Bermuda, British North Borneo, Canada, Cayman Islands, Cyprus, Gold Coast, Dominica, Falkland Islands, Gambia, Gibraltar, British Honduras, Guatemala, Union of South Africa, Jamaica, Mauritius and dependencies, Montserrat, Nevis, Norway, Southern Nigeria, Portugal, Saint Christopher, Saint Lucia, Saint Vincent, Seychelles, Sierra Leone, British Somaliland, Trinidad, Turks and Caicos Islands, Virgin Islands (British), Great Britain and Ireland, Southern Rhodesia.

Unless the foregoing conditions are complied with articles bearing nonpostage stamps will not be dispatched from this country but will be returned to the sender, if known; otherwise they will be sent to the Division of Dead Letters.

### SPECIAL PROHIBITIONS IN THE REGULAR MAILS.

**Special prohibitions in the regular mails;** that is, prohibitions in addition to those mentioned in section 44 on pages 126 and 127.

"Gold, silver, and other precious articles" and the construction placed on the meaning of this description of prohibited articles with respect to fountain pens.

Under the prohibition against gold, silver, and other precious articles appearing in connection with the regular mail service and the parcel-post service to certain foreign countries, fountain pens with gold nibs or points, or fountain pens with gold nibs or points and gold bands, or fountain pens with gold nibs or points, mounted with gold plate, will be regarded as not included in such prohibition, but will be accepted, at the senders' risk, for dispatch to such foreign countries until such time as the postal administrations concerned give notice that fountain pens with gold nibs or points are included in the category of gold, silver, and other precious articles.

### CUSTOMS DUTIES.

171. *Mailability.*—The Department has not been advised what articles (other than those so designated in the preceding list of "prohibited articles") are liable to customs duties in foreign countries, and consequently does not exclude articles of merchandise from the regular mails for foreign countries because they may be liable to customs duties in the countries to which they are addressed. They are accepted at the sender's risk. Any country may refuse to deliver dutiable articles received in mails from other countries, and may dispose of them in accordance with the customs regulations of that country.

The question whether or not an article sent by mail from one country to another is subject to customs duty in the latter country can be decided only by the country to which the article is sent, and is not affected by any postal convention between said countries. It may be assumed, however, that articles of merchandise subject to customs duty in the United States are likewise subject to duty in the foreign countries concerned and postmasters will govern themselves accordingly.

This Department is not authorized to question the decision of foreign officials in such matters any more than foreign officials would be authorized to question the decision of United States officials respecting the liability to United States customs duty of an article received here in mails from abroad.

It is suggested that senders avail themselves of the facilities of the Bureau of Foreign and Domestic Commerce of the Department of Commerce, Washington, D. C., in order to obtain information concerning the customs restrictions of foreign countries.

*United States publications that are dutiable in France.*—Periodicals, industrial, and other publications in which the number of pages used for advertisements exceeds the number of pages used for the text must pay for the advertisements, upon entry into France, the customs duty applicable to printed matter or lithographs, as the case may be. Individual copies addressed to subscribers are exempted from the entry duty and are delivered direct to the addressees.

172. *Advertising matter for Australia.*—In the Commonwealth of Australia, paper, manufactures of, or articles partly manufactured of, framed (including the weight of the frame) or unframed, having advertisements thereon; price lists; catalogues; prospectuses; show cards; all printed, photographed or lithographed matter, pictures, n. e. l., and posters of all kinds used or intended to be used for advertising purposes; all printed or embossed bags or containers; calendars, almanacs, and diaries, 10 pence per pound or ad valorem 40 per cent, whichever rate returns the higher duty (8 pence per pound or ad valorem 35 per cent if the produce or manufacture of the United Kingdom).

Articles of an advertising character, and which would not otherwise be dutiable at a higher rate of duty under any other heading, including all articles which would be free but for their advertising characteristics, ad valorem 30 per cent (25 per cent if produce or manufacture of the United Kingdom).

Duty is levied on advertising catalogues, price lists, trade circulars, and all advertising matter introduced through the post, even when forwarded in single copies addressed to individuals, provided that when the duty on the total quantity posted by the consignor by any one mail to any one State of the Commonwealth does not exceed 1 shilling, payment of duty is waived. If there is reasonable ground for belief that this concession is being abused by the distribution of a consignment over more than one mail, the whole of the matter affected is to be charged duty.

Duty may be paid by either of the following methods:

By remitting to the Deputy Postmaster General of each State (for transmission to the customs) a sum covering the total amount of advertising matter addressed to such State.

At the customs house in the receiving State by the consignor's agent.

By the use of Australian customs-duty stamps affixed to the reverse side of each piece of mail matter. These stamps may be purchased from the Australian Customs Representative, 61 Broadway, New York City.

If payment be not made by any of the above-mentioned methods, the duty will be collected from the addressee by surcharge by the Postal Department (for the customs).

The following scale of charges, in United States money, will apply, whether prepaid or surcharged:

	Duty.		Duty.
Up to $\frac{1}{4}$ ounce in weight.....	\$0.01	Up to $8\frac{1}{4}$ ounces in weight.....	\$0.11
Up to $\frac{1}{2}$ ounces in weight.....	.02	Up to 9 $\frac{1}{4}$ ounces in weight.....	.12
Up to $\frac{3}{4}$ ounces in weight.....	.03	Up to 10 $\frac{1}{4}$ ounces in weight.....	.13
Up to 1 ounce in weight.....	.04	Up to 11 $\frac{1}{4}$ ounces in weight.....	.14

Up to 6 ounces in weight.....	.09	Up to 15 ounces in weight.....	.19
Up to 7 ounces in weight.....	.10	Up to 16 ounces in weight.....	.20

Duty is charged on advertising inserts contained in magazines or similar publications, whether imported by post or otherwise, when loose, gummed, in post-card form, or sewn or otherwise fastened in but perforated for the purpose of being detached.

This does not, however, apply to the ordinary advertising pages which clearly form part of the magazines, and which usually (though not always) bear consecutive roman numerals or are paged consecutively with the literary contents.

**173. Advertising matter for Canada.**—Advertising circulars are liable in Canada to a specific customs duty at the rate of 15 cents per pound, which duty Canadian customs officials are required to collect when such pamphlets arrive by mail, even though each pamphlet bears a different address. But Canadian customs officials are authorised to remit such duty in respect to bona fide trade catalogues and price lists not designed to advertise the sale of goods by any person in Canada, when sent into Canada in single copies addressed to merchants therein, and not exceeding one copy to any merchant for his own use but not for distribution.

Customs duties on advertising pamphlets, advertising show cards, illustrated advertising periodicals, price books, catalogues, and price lists; advertising almanacs and calendars, patent medicine or other advertising circulars, fly sheets or pamphlets, advertising chromos, chromotypes, oleographs or like work produced by any process other than hand painting or drawing, and having any advertisement or advertising matter printed, lithographed, or stamped thereon, or attached thereto, including advertising bills, folders and posters, or other similar artistic work, lithographed, printed or stamped on paper or cardboard for business or advertisement purposes, n. o. p. (not otherwise provided for) imported by mail into Canada may be prepaid by means of Canadian customs-duty stamps affixed to the reverse side of each package containing the advertising matter above referred to, for the amount of duty payable on the same, according to the following scale of charges, viz:

	Duty (cents).		Duty (cent.).
Up to and including 1 ounce.....	1	Over 8½ ounces and not exceeding 9½ ounces.....	9
Over 1 ounce and not exceeding 2½ ounces.....	2	Over 9½ ounces and not exceeding 10½ ounces.....	10
Over 2½ ounces and not exceeding 3½ ounces.....	3	Over 10½ ounces and not exceeding 11½ ounces.....	11
Over 3½ ounces and not exceeding 4½ ounces.....	4	Over 11½ ounces and not exceeding 12½ ounces.....	12
Over 4½ ounces and not exceeding 5½ ounces.....	5	Over 12½ ounces and not exceeding 14 ounces.....	13
Over 5½ ounces and not exceeding 6½ ounces.....	6	Over 14 ounces and not exceeding 15 ounces.....	14
Over 6½ ounces and not exceeding 7½ ounces.....	7	Over 15 ounces and not exceeding 16 ounces.....	15
Over 7½ ounces and not exceeding 8½ ounces.....	8		

If such customs-duty stamps are affixed to the address side of the advertising matter, said matter will not be accepted for mailing.

In all cases postage on such matter, when mailed in the United States and addressed for delivery in Canada, must be prepaid in full by means of United States postage stamps affixed to the address side, or by money under the conditions set forth in section 459 of the Postal Laws and Regulations, edition of 1913.

The above-mentioned customs-duty stamps can be obtained in denominations of 1, 2, and 5 cents each, on application to the Commissioner of Customs, Ottawa, Canada, or to the Secretary, High Commissioner for Canada, 17 Victoria Street, London, S. W., England.

**174. Advertising matter for New Zealand.**—In New Zealand, handbills, circulars, programs, playbills, printed posters, trade catalogues, price lists, and fashion plates, printed advertising matter, also paper bags and wrapping paper or wrappers of all kinds, printed or lithographed, and printed or lithographed envelopes or labels, are chargeable with customs duty at the rate of 3 pence per pound on receipt through the post as well as a surtax of three-fifths pence per pound if not produced in British dominions. Duty is not payable on trade catalogues or price lists of the goods of firms or persons having no established business in New Zealand. Calendars and show cards of all kinds are liable to a duty of 25 per cent ad valorem and to a surtax of 12½ per cent ad valorem if not produced in British dominions.

**175. Advertising matter for the Union of South Africa.**—Advertising matter (catalogues, price lists, etc.), addressed to importers, merchants, manufacturers, trades people in their business capacity, or to public institutions is admitted free of customs duty; but if addressed to private individuals it is subject to duty on the following scale, or at the rate of 25 per cent ad valorem, whichever may be the greater:

Up to 8 ounces.....	Free.
Over 8 ounces and under 16 ounces.....	3d.
Each additional 8 ounces or fraction thereof.....	1½d.

That administration is not prepared any longer to receive remittances (even by means of money orders) in prepayment of customs duty, but said duty may be prepaid in postage stamps of the Union of South Africa, overprinted "customs duty," affixed to the packages. The stamps are obtainable at the office of the High Commissioner of the Union, at 72 Victoria Street, London, S. W.

**176. Prepayment of customs duty.**—Except as indicated above, customs duties can not be prepaid by the senders of dutiable articles; they will be collected of addressees if the articles are delivered.

**177. Dutiable articles received from foreign countries.**—Dutiable or supposed dutiable articles received in the mails from foreign countries are subject to the treatment prescribed by section 664; also sections 658 to 663, inclusive, and 1046 to 1051, inclusive, Postal Laws and Regulations. Customs officers will issue mail entries to cover each dutiable article, sealed or unsealed, examined by them. The mail-entry forms accompanying undelivered unsealed dutiable parcels (except ordinary unsealed dutiable parcels from Canada, Cuba, Mexico, and the Republic of Panama), when the parcels are disposed of by sending to the Division of Dead Letters or the United States exchange

post offices for return to the countries of origin, shall be marked with a statement of the facts and returned to the collectors of customs concerned for their information. (See par. 28, sec. 664, Postal Laws and Regulations, 1913, relative to forms accompanying undelivered ordinary unsealed dutiable parcels from Canada, Cuba, Mexico, and the Republic of Panama.) If, however, delivery is made and duties collected, the money with the mail entries shall be transmitted to the collector of customs interested, under cover of penalty envelopes, in the registered mail. Articles not subject to duty shall be stamped "Passed free of duty" or "Not dutiable" by the customs officers.

Pursuant to an agreement between the Treasury and Post Office Departments, in cases where it is deemed desirable to submit to the Comparative Valuation Reports Bureau of the Appraiser's Office at New York articles imported in the regular mails or by parcel post, for the purpose of advisory appraisement, the entire contents of the packages will be turned over to the postmaster, to be forwarded by that officer to the postmaster at New York for delivery to the Comparative Valuation Reports Bureau, registered packages to be forwarded under registration and sealed packages to be forwarded after they have been received for and opened by the addressee, or an authorized representative, in the presence of the customs officer. At the same time the customs officer will notify the Comparative Valuation Reports Bureau that the package or packages have been turned over to the postmaster for that purpose.

178. Customs regulations applicable to articles from abroad.—The Secretary of the Treasury has informed this department as follows, viz:

(a) Newspapers and periodicals (the term "periodicals" embraces only unbound or paper-covered publications issued within six months of the time of entry, containing current literature of the day and issued regularly at stated periods, as weekly, monthly, or quarterly); books, engravings, photographs, etchings, bound or unbound, maps and charts imported for the use of the United States or the Library of Congress, or sent to the Library of Congress to secure a copyright; books, maps, music, engravings, photographs, etchings, lithographic prints, bound or unbound, and charts which have been printed more than 20 years at the date of importation, hydrographic charts and publications issued for their subscribers or exchanges by scientific and literary associations or academies, or publications of individuals for gratuitous private circulation, not advertising matter, and public documents issued by foreign governments; books and pamphlets printed wholly or chiefly in languages other than English; books and music, in raised print, used exclusively by the blind; textbooks used in schools and other educational institutions; books, maps, music, engravings, photographs, etchings, lithographic prints and charts, not more than two copies in any one invoice, for the use of any society or institution incorporated or established solely for religious, philosophical, educational, scientific, or literary purposes, or for the encouragement of fine arts, or by any college, academy, school, or seminary of learning in the United States or any State or public library, and books used abroad not less than one year by persons or families from foreign countries, are not subject to United States customs duties.

The importation of piratical copies of articles copyrighted in the United States, articles bearing false notice of copyright when there is no existing copyright in the United States, and copies of any book copyrighted in the United States which are not printed from type set or plates made in the United States, or copies of American copyrighted books which are not printed and bound in the United States, are prohibited importation.

With the above exceptions, all articles of printed matter contained in the mails received from foreign countries are subject to the regular duties of 15 per centum ad valorem.

(b) There is no provision of law which authorizes the free entry of samples generally, except those imported in bond for exportation within six months; but in case the appraising officer finds that so-called samples have no commercial value they are admitted free of duty; otherwise not. A sample may be defined to be a specimen of an article or class of goods having no market or commercial value itself, and not subject to sale, but through the medium of which it is intended to sell the goods it represents.

In accordance with a decision of the Secretary of the Treasury, effective June 1, 1917, unsealed packages, registered or unregistered, containing trade samples, whether dutiable or not, intended solely for use in soliciting orders for merchandise, may be imported in the regular mails from foreign countries, subject to all customs duties and customs regulations, in the same manner as though imported by parcel post, express, or freight.

Packages containing trade samples must be plainly marked abroad with the words "trade samples of ..... " and "subject to examination by United States customs officers."

(merchandise)

The importation in the regular mails of packages containing articles claimed to be samples but which are in fact small shipments sent on approval, of articles purchased abroad or sent in pursuance of an order therefor, and of articles sent as presents is prohibited as heretofore.

(c) Tea is free of duty, but is subject to customs examination as to its purity, quality, and fitness for consumption. Such examination is not required, however, for samples of tea imported by mail from countries of production, up to 2 pounds for use in soliciting orders and not for sale.

(d) Importations of dutiable articles by mail, otherwise than by parcel post, are prohibited, except precious stones, cut or uncut, watch jewels, imitation diamonds, diamond dust, and trade samples, under certain conditions, and printed matter. Permissible importations in the regular mail must be placed in packages marked "Dutiable" and "Subject to examination by United States customs officers" and they may be marked also "Precious stones," etc. Precious stones imported through the mail must be accompanied by an invoice. This does not necessarily mean a consular invoice, but it is to the advantage of the sender that when precious stones are valued in excess of \$100 he inclose the invoice in the package mailed. Prohibited importations are subject to seizure. For the first such importation release will be allowed upon payment of a fine equal to the duty, in the absence of evidence of a willful intention to violate the law, but second and subsequent importations will be released only upon payment of the appraised value, which is the foreign value with the duty added.

Inasmuch as the present tariff act requires that invoices must be procured for imported merchandise valued in excess of \$100, it is desirable that senders in foreign countries procure such documents when employing the parcel

post. In order to determine the necessity of a consular invoice the exchange value of the foreign currency is employed. It is not obligatory that consular invoices accompany parcel-post packages, as the American consul who certifies the invoice will forward the duplicate copy to the consignee provided he is so requested by the sender and is furnished for that purpose with an addressed envelope on which the postage is fully paid.

This paragraph (d) does not apply to packages from Canada, Mexico, Cuba, Republic of Panama, Canal Zone, Philippine Archipelago, Guam, Tutuila, United States Postal Agency at Shanghai, China, and the Virgin Islands of the United States.

(e) The importation of less than 3,000 cigars or cigarettes in a single package is prohibited. Cigarettes (including small cigars weighing not more than 3 pounds per 1,000) must be put up in packages containing 5, 8, 10, 12, 15, 16, 20, 24, 40, 50, 80, or 100 cigarettes or small cigars each; and cigars weighing more than 3 pounds per 1,000, in boxes containing 5, 10, 12, 13, 25, 50, 100, 200, 250, or 500 cigars.

(f) The importation of obscene articles, lottery matter, films or pictorial representations of prize fights, opium in any form or any preparation or derivative thereof, and plumage or skins of wild birds, except for scientific or educational purposes, is prohibited.

(g) All articles manufactured wholly or in part in a foreign country by convict labor are prohibited from importation. The Philippine Islands are not foreign country within the meaning of this provision.

(h) All parcels received in the foreign mails must be submitted to customs officers, as required by the joint regulations (sec. 664, Postal Laws and Regulations), whether dutiable or nondutiable, except that sealed parcels found upon being opened in the presence of addressee to contain only written communications or money, or genuine postage stamps or facsimiles of foreign or domestic canceled stamps, may be delivered directly to the addressee.

(i) The importation of *sigrettes*, egret plumes, or so-called osprey plumes, and the feathers, quills, heads, wings, tails, skins, or parts of skins of wild birds, either raw or manufactured, and not for scientific or educational purposes, is prohibited; but such prohibition does not apply to the feathers or plumes of ostriches or to the feathers or plumes of domestic fowls of any kind. It does apply to the plumage of all wild birds, except live wild birds, whether imported separately or upon the bird itself.

As the plumage of the following species may be obtained from either wild or domesticated birds, such plumage should be admitted only upon the presentation of a consular certificate or other satisfactory evidence that it was in fact taken from domesticated birds: Amherst pheasant, reeves pheasant, versicolor pheasant, ring-necked pheasant, black duck, mallard duck, mandarin duck, muscovy duck, swans, and the rhea.

Artificial flies used for fishing are not prohibited. Other manufactures of prohibited plumage should be excluded from importation.

179. *Inquiries.*—Inquiries respecting United States customs duties should be addressed to "The Secretary of the Treasury, Washington, D. C."

180. *Importation of nursery stock prohibited.*—The prohibition against the importation of "nursery stock" in the mails from foreign countries extends:

*By general quarantine*, to all growing or living plants or other plant products for propagation, and bulbs, roots, and tubers, and *by specific quarantine* to the following:

Irish potatoes, from Newfoundland; the islands of St. Pierre and Miquelon; Great Britain, including England, Scotland, Wales, and Ireland; Germany; Austria and Hungary; and all other countries and localities with the exception of Canada and Bermuda. Mexican fruits, oranges, sweet limes, grapefruit, mangoes, achras sapotes, peaches, guavas, and plums, from Mexico. Five-leaved pines (*Ribes* and *Grossularia*), from all countries and localities of Europe and Asia and from the Dominion of Canada and Newfoundland. Raw or unmanufactured cotton and cotton seed (including seed cotton) and cottonseed hulls, and all cotton which has not been woven or spun or otherwise manufactured, such as all forms of cotton waste, including thread waste, card strips, willowed fly, willowed picker, picker or blowings, and chum and cotton waste in any other form or under any other trade designation, except oil, from all foreign countries and localities. Cottonseed oil, from Mexico. Avocado or alligator pear (seeds or other parts), from Mexico and the countries of Central America. Sugar cane (including living canes of sugar cane or cuttings or parts thereof), from all foreign countries and localities. Citrus nursery stock (including buds, scions, and seeds), from all foreign countries and localities. European pines, from all European countries and localities.

Indian corn or maize and related plants (seed and all other portions), from southeastern Asia (including India, Siam, Indo-China, and China), Malayan Archipelago, Australia, New Zealand, Oceania, Philippine Islands, Formosa, Japan and adjacent islands, also from Mexico. Indian corn or maize, broom corn, and related plants (stalks and parts thereof), from all foreign countries and localities. Citrus fruit (all species and varieties) from eastern and southeastern Asia (including India, Siam, Indo-China, and China), the Malayan Archipelago, the Philippine Islands, Oceania (except Australia, Tasmania, and New Zealand), Japan (including Formosa and other islands adjacent to Japan), and the Union of South Africa.

Sweet potato and yam, from all foreign countries and localities. Banana plants (or portions thereof), from all foreign countries and localities. Bamboo (including bamboo seed, plants, or cuttings thereof capable of propagation), from all foreign countries and localities. Seed or paddy rice, from Australia, India, Japan, Italy, France, Germany, Belgium, Great Britain, Ireland, and Brazil. Wheat, oats, barley, and rye, from Australia, India, Japan, Italy, France, Germany, Belgium, Great Britain, Ireland, and Brazil. Stocks, cuttings, scions, and buds of fruits for or capable of propagation, from Asia, Philippine Islands, and Oceania (including Australia and New Zealand).

*Permitted material.*—Field, vegetable, and flower seeds imported for any purpose; fruits, vegetables, cereals, and other plant products when imported for medicinal, food, or manufacturing purposes, provided this otherwise permitted material is not included in any of the above-mentioned specific quarantines.

The foregoing prohibitions do not apply to plants or plant products ordered by, or intended for, and addressed to "Office of Foreign Seed and Plant Introduction, United States Department of Agriculture, Washington, D. C." Samples of cotton addressed to individuals and firms in care of the Office of Foreign Seed and Plant In-

production, Department of Agriculture, shall not be dispatched to Washington, if received in this country from foreign countries. Only samples of cotton plainly intended for the Department of Agriculture should be allowed to reach their destination. The Department of Agriculture has given notice that it can not act as intermediary between foreign shippers and ultimate consignees in the United States.

#### COUNTRIES IN THE UNIVERSAL POSTAL UNION.

181. In addition to the United States and its island possessions, those countries and colonies named in the postage rate table on pages 145 to 148 (except Afghanistan), Arabia (except the British-Indian post offices), Beluchistan, Malay States of Johore and Trengganu, Maldive Islands, Northern and Southern Nigeria, Nyasaland Protectorate, Northern Rhodesia, Santa Cruz Islands, and Tonga or Friendly Islands) are included in the Universal Postal Union. Esthonia, Georgia, and Latvia are connected with the Universal Postal Union by a modus vivendi which permits them to secure the advantages of the union without becoming a part thereof.

182. The following are considered as belonging to the Universal Postal Union:

- (a) All the post offices established by countries of the union in countries foreign to the union.
- (b) The Principality of Liechtenstein, as subordinate to the postal administration of Switzerland.
- (c) The Faroe Islands and Greenland, as forming part of Denmark.
- (d) The Spanish possessions on the north coast of Africa, as forming part of Spain; the Republic of Andorra, as belonging to the Spanish postal administration.
- (e) The Principality of Monaco, as belonging to the French postal administration.
- (f) Basutoland, as belonging to the postal administration of the Union of South Africa.
- (g) Walvisch Bay, as forming part of the Union of South Africa.
- (h) The Norwegian post offices established on the islands of Spitzbergen, as subordinate to the Norwegian postal administration.

183. *Addresses on articles of mail for foreign countries.*—Owing to the many changes in territorial boundaries resulting from the war, the distribution of mail for foreign destinations now requires, on the part of the postal employees at United States exchange post offices, a clearer knowledge than formerly of the addresses on article of mail for foreign countries and articles addressed in German, Russian, Greek, Turkish, Hebrew, or Chinese characters, even if they bear in English, "Germany," "Russia," "Greece," "Turkey," or "China," etc., should bear an interlined translation of each address in English or, in lieu of these two addresses, that the names of the post office and country of destination be shown in Roman or English characters, print, or script.

Except, however, the postmaster at the office of mailing is certain that an article of mail is not sufficiently addressed to permit of its correct distribution at the United States exchange post office, he will not transmit the article to the Division of Dead Letters or return it to the sender, but will dispatch the article to the appropriate United States exchange post office, provided the name of the country of destination may be read, leaving to the employees of the exchange post office the question of the sufficiency of the address.

## GENERAL FOREIGN SEPARATING SCHEME.

ARTICLES IN THE REGULAR MAILS FOR COUNTRIES OR PLACES NOT LISTED IN THIS SCHEME SHOULD BE SENT TO THE EXCHANGE POST OFFICE AT NEW YORK, N. Y.

NOTES.—Foreign mail should be placed in packages labeled as follows:

N. Y.—New York—Foreign; N. O.—New Orleans—Foreign; Boston—Boston—Foreign; T. P.—Transpacific—Foreign; S. F.—San Francisco—Foreign; and so on.

*Special instructions.*—Mails for Canada, Canal Zone, Cuba, and Mexico should be dispatched according to special instructions issued to cover designated post offices or those in a particular State.

Mail for Canada must not be dispatched to New York in pouches or sacks with labels reading "New York—Foreign."

Sacks containing printed matter and newspapers labeled to Canadian points will not exceed 88 pounds gross weight, the maximum weight of sacks fixed by the present Postal Union Convention.

At United States exchange post offices concerned parcel-post packages for Mexico will not be inclosed in the same sacks with regular mail articles.

Packages, except packages of moving-picture films, automobile tires, and packages of newspapers from news dealers especially marked to go as "outside pieces," will not be accepted for transmission to Mexico when their bulk will prevent their inclosure in mail sacks at the United States exchange post offices of dispatch. Tires, up to a weight limit of 35 pounds each, may be accepted for places in Mexico reached by railroad from the United States. The Mexico office will not accept responsibility for any damage that may occur to packages of automobile tires when their transmission is outside of mail sacks. Packages such as herein described will be accepted outside of mailsacks when they originate in Mexico and are destined for the United States.

Owing to the operation of several direct lines of steamers from New Orleans to Frontera, Mexico, postmasters and other postal officials will cause articles addressed for delivery in the State of Tabasco, Mexico, to be forwarded to New Orleans, to be included in the closed mails made up by the office of New Orleans for the office of Frontera, Mexico.

*Separate packages.*—Whenever the letters and post cards for a country amount to 5 or more, or other articles to 25 or more, they should be tied up separately, and the "New York—Foreign" facing slip changed to read "New York Foreign—Sweden," or France, etc., as the case may be.

*Naval mails.*—Letters for United States naval vessels addressed "Care Postmaster, New York, N. Y.," will not be dispatched under a New York "City" label. Such letters for the United States naval vessels, United States naval bases, United States naval air stations, and United States Marine Corps organizations addressed care of Postmaster, New York, N. Y., will be dispatched in separate packages labeled "New York, N. Y., Naval Mail." When the volume of the mail warrants such action, the letter packages should be included in separate pouches labeled New York, N. Y., Foreign Station Annex; otherwise they should be treated the same as New York, N. Y. (GPO) distribution letter packages. Papers, parcels, and parcel-post packages should be included in separate sacks labeled New York, N. Y., Naval Mail.

*International parcel-post packages.*—These should not be dispatched in accordance with this scheme, but should be dispatched as indicated in the table on pages 149 to 153. When there are five or more for one country, the packages should be placed in a separate sack bearing labels reading "New York—Foreign—Parcel Post" followed by the name of the country, "Germany," "Poland," etc.

*Commercial papers.*—In dispatching packages of "commercial papers" post offices and railway post offices must inclose them in the pouches containing letters.

## NEW YORK "BUREAU SEPARATION" OF NEWSPAPER (PRINTS) MAIL.

In post offices and railway post offices, where the space available for newspaper racks is limited, or if the quantity of newspapers (prints) addressed to foreign countries is too small to warrant the assorting of them into separate sacks for each country, request should be made on the appropriate division superintendent, Railway Mail Service, for authority to assort newspapers (prints) for foreign countries, which are dispatched through the New York exchange post office, in accordance with the bureau system of newspaper distribution as followed at the New York post office.

Under this system there is assigned a group of foreign countries to a so-called "Bureau" division; for instance, newspapers (prints) for England, Ireland, Scotland, and Wales are assembled in one separation, known as the Bureau No. 1 Division.

In post offices and railway post offices, economy in space may be secured by having one newspaper sack for Bureau No. 1; another sack for Bureau No. 2; and so on, with a consequent reduction of the number of sacks required, as compared with the number of sacks to be used if there were a separate one for each country.

When authority is granted to make a bureau separation, printed copies of the Bureau Scheme of Distribution will be furnished.

It has been arranged with the Executive Departments at Washington that in any instance where there may be special reason for the expeditious transmission of a particular dispatch, the mail will bear a notice in a conspicuous manner requesting dispatch to be made so as to secure earliest arrival at destination. In such special cases the dispatch shall be made via the quickest available route.

See item "Special Instructions" at beginning of the announcement regarding the scheme.

† Postmasters at offices making up direct sacks of foreign mail labeled "San Francisco—Foreign" or "Seattle—Foreign" shall include therein all insured mail addressed to post offices in the Philippine Islands. However, the maximum dimensions for packages destined for nonsteam-served offices are 5 feet in length and girth combined, but not exceeding 1½ feet in length.

Packages will be accepted for Chinese post offices situated north of Mukden, including Harbin (Manchuria), and for post offices in the Provinces of Yunnan transmitted by the way of Hongkong and Indo-China, through the Chinese postal service, each package, regardless of weight, being subject to a delivery charge of 50 cents, Chinese currency, to be collected from the addressee. Pork fats, that have not been obtained by rendering, coming from the United States. Pork meats coming from the United States shall be submitted to a rigorous and microscopic examination, and those that are proven with trichina shall be destroyed; the same disposition shall be made of the fats not obtained by melting, when the interested parties do not prefer to export them. Pork is exempt from the examination when contained in boxes that are accompanied with the certificate of origin and inspection issued in accordance with the law of the United States of March 3, 1891, in which it is declared that the said meats do not contain trichina nor any other cause of danger for the health of the consumers. The fats obtained by rendering and the bacon without the fleshy part are exempt from the inspection and from presenting the certificate of the port of origin. Substances destined for food and which contain saccharine in any proportion, and also soft drinks and all articles that contain the said product or any other like it; as also the mixture of glucose and sugar and saccharine and like substances, when they are not for medicinal uses and are not imported in the form and subject to the established rules. Ground pepper mixed with other substances, even when these are not harmful to the public health. Foreign products with the trade-marks of Spanish products, whether the marks are completely new or just constitute an imitation or falsification of the registered marks. Coffee when it has undergone other changes than the mixture of those of different origin and the roasting as an indispensable treatment to make it nourishing. Any product under the name of coffee which is used to substitute or adulterate it. Packs of playing cards. Packages that contain money, precious metals, or valuable stones.

UNION OF SOUTH AFRICA (CAPE COLONY, NATAL, ORANGE FREE STATE, AND THE TRANSVAAL; SWAZILAND AND BASUTOLAND).

**Observations.**—The value shown on the customs declarations attached to a parcel-post package must be the current value of the finished articles in the open market at the time of dispatch, and in case of undervaluation the package is liable to confiscation.

Senders should mark packages in case of nondelivery at the expiration of 21 days (a) to be considered as abandoned, (b) to be tendered at a second address, or (c) to be returned at sender's expense.

The war duty of 5 per cent ad valorem has been abolished on wearing apparel other than articles composed of or containing silk or imitation silk, consequently it is essential that the material of articles of clothing be fully described on the customs declarations to show whether of wool, cotton, or silk, in order to secure freedom from duty in proper cases.

**Prohibitions.**—Specie, bullion, gold dust, nuggets, eucalyptus, acacia, and coniferous plants, peach stones, precious stones whether loose or set in articles of jewelry, bees, honey, old appliances, etc., for beekeeping, Eau de Cologne (Basutoland only).

Importers of firearms (except shotguns, rook rifles, and revolvers) must present a permit from the Government of the Union of South Africa.

Serums, vaccines, and cultures, or preparations of pathogenic microorganisms, can only be imported by special authorisation of the Government. The bottles or receptacles containing these substances should bear a tag indicating the name and address of the manufacturer, as well as the date of the manufacture, or the date after which the use of the preparation will not be guaranteed.

All plants, fruits, tubers, bulbs, etc., are liable to inspection and precautionary fumigation at the expense of the addressees, and to destruction if pest or disease is found. Importers of plants, of cotton seed, beeswax, or foundation comb, must present special permits from the proper South African authorities. In the case of plants, permits are not generally issued for kinds procurable in the Union of South Africa. Potatoes are admitted only when accompanied by a sworn declaration of origin and a prescribed Government certification.

## UPPER VOLTA.

**Observations.**—As to the nature of the information to be furnished on the special declarations (Form No. 2967) employed, see "Observations" under France on page 163.

**Prohibitions.**—Same as France.

## URUGUAY.

**Observations.**—A fee is collected on parcels containing merchandise of 1 peso per parcel when the customs duties exceed 2 pesos, and a fee of 20 cents if the duties are under 2 pesos, no fee being exacted if the merchandise is admitted free of duty. Dental gold may be accepted in packages for dispatch by parcel post to Uruguay. If dental gold is transmitted in the regular mails to Uruguay, it is subject to confiscation, and returned to origin from that country if it reaches there as an inclosure in printed matter, or marked as a sample of merchandise.

**Prohibitions.**—Gold and silver coin, except ancient money intended for collectors, not exceeding 10 pieces in any one parcel; vines and parts thereof; other living fruit plants, flower plants, ornamental plants and parts thereof, unless accompanied by a certificate of grower, duly signed by competent authorities and viséed by the consul of Uruguay to the effect that there have been no vines on his property for five years.

**NOTE.**—Parcel-post packages are accepted for any place in Uruguay, but parcels destined for places other than those mentioned below will not be sent to the place named in the address, but will be sent to the nearest parcel-post office, where they will be held until the addressees call for them.

## VENEZUELA.

**Observations.**—If any person receives more than 20 kilograms (44 pounds) of the same merchandise by the same steamer, he must pay, in addition to the entry duty, an amount equal to 10 per cent of the Venezuelan customs tariff. The weight, contents, and value should be indicated clearly and specifically, instead of by a general statement of the merchandise. Violation of this stipulation involves a fine of twice the amount of the customs duty chargeable on the parcel.

Packages containing gold, silver, or any article of value should bear a label indicating its contents with the words "OBJETOS PRECIOSOS," which should be written with letters about 1 centimeter (0.39 of an inch) in height.

It is suggested by the Venezuelan postal authorities that senders of packages at the time of mailing notify the addressees in Venezuela by letter of the mailing of each package, in order that the addressees may make application for them on a declaration of acceptance as a requisite to the inspection and disposition of the packages under the provisions of the law.

**Prohibitions.**—Starch, indigo, cocoa, coffee; salted or dry meat in pieces; salt; sarsaparilla roots; silver, nickel or copper coins and machines for the manufacture of the same; matches, except those known as "feu de Bengale"; cigarette paper; saccharine and its products unless addressed to pharmacists, who may import 100 grains per person.

## WINDWARD ISLANDS (GRENADA, THE GRENADINES, ST. LUCIA, AND ST. VINCENT).

## ZANZIBAR AND PEMBA.

**Observations.**—Parcels must not exceed £50 in value.

Parcels may be accepted for any place in the Zanzibar Protectorate, including Pemba; but delivery is confined to the town of Zanzibar and to Chaki-Chaki and Weti in the island of Pemba; and the addressees of parcels for other places in the Protectorate must arrange accordingly.

**Prohibitions.**—Letters (except one for the addressee); carbon papers (same as Abyssinia).

## GENERAL INFORMATION AND INSTRUCTIONS.

**187. Prohibited articles.**—The following articles are prohibited transmission by parcel post to all foreign countries:

(a) For special prohibition regarding each country, see table beginning on p. 155.)

(b) Articles that are excluded from the domestic mails of the United States.

(c) Written communications of the nature of personal correspondence except specially provided otherwise.

(d) Packages inclosed in a parcel but addressed to a person other than the person indicated in the address of the parcel itself.

(e) Live or dead animals except live bees and dead insects and reptiles when thoroughly dried; fruits and vegetables which easily decompose, and substances which exhale a bad odor; lottery tickets or advertisements, or circulars relative to lotteries; all obscene or immoral articles; poisons, including opium, morphine and cocaine; articles which in any way may damage or destroy the mails or injure the persons handling them. The presence, in an unsealed parcel, of sealed receptacles containing mallable proprietary articles which can not be safely transmitted in unsealed receptacles, should not render the parcel unmailable, provided the contents of the sealed receptacles are plainly visible, or are unmistakably indicated by the method of packing or by a precise statement on the covers. But such sealed receptacles (proprietary articles) shall not be admitted to the parcel-post mail unless inclosed in an outside cover open to inspection.

It is permissible to accept liquids, dyes, greasy substances, and similar articles inclosed in lead-sealed metal containers for those foreign countries admitting such articles in the parcel-post mails, provided the containers are labeled in printing, so as to show the nature of the contents, the quantity, and the name of the manufacturer or dealer, and, in addition, such containers are inclosed in substantial outside covers open to inspection.

With respect to compression or friction top metal cans or containers, it should be suggested to manufacturers and dealers that these compression and friction top metal cans or containers be lead-sealed or soldered in at least four places, so as to render them acceptable for mailing as indicated in the paragraph above, and thus insure the lids from being forced out of place in the course of transit. It is preferred, however, that inside containers be used that will permit closing by screw-top covers with sufficient screw threads to require at least one and one-half complete turns before the covers will come off, such covers when employed to be provided with washers, so as to prevent possible leakage of the contents.

(f) Liquids and oils, pastes, salves, or other articles easily liquefiable are admissible to the international parcel-post mails as a general rule, provided they are packed in accordance with the regulations prescribed for the admission of such substances in the United States domestic parcel-post mails, there being certain exceptions to the rule, which exceptions are indicated in the items "Observations" and "Prohibitions" under the name of the particular country, colony or place to which it is desired to mail packages.

(7) Under the prohibitions against gold, silver, and other precious articles appearing in connection with the parcel-post service to certain foreign countries, fountain pens with gold nibs or points, or fountain pens with gold nibs or points and gold bands, or fountain pens with gold nibs or points, mounted with gold plate will be regarded as not included in such prohibition, but will be accepted at the senders' risk for dispatch to such foreign countries until such time as the postal administrations concerned give notice that fountain pens with gold nibs or points are included in the category of gold, silver, and other precious articles.

**NOTE.**—Packages containing eggs will not be accepted for dispatch overseas to foreign countries since such packages must necessarily be sent outside of the mails, and there are no facilities for handling "outside" packages on steamships.

**188. Letters must not accompany packages.**—A communication of the nature of personal correspondence must not accompany or be written on any package except specially provided for in section 186 beginning on page 155, but an open bill or invoice may be included. If such written matter be found it will be placed in the mails if separable, and if inseparably attached the entire package must be rejected. If, however, any such packages are forwarded, the country of destination will collect upon the accompanying communication or communications double the letter rate of postage prescribed by the Universal Postal Convention.

**189. Packages must not contain separately addressed packages.**—A package must not contain packages addressed to persons other than the person named in the outside address of the package itself. If such inclosed packages be detected they must be sent forward singly charged with new and distinct parcel-post rates.

**190. Supplies and needed information.**—Postmasters' requisitions for the necessary blank forms and other supplies should be addressed to the Fourth Assistant Postmaster General, Division of Equipment and Supplies. Requests for information concerning the international parcel post service should be addressed to the Second Assistant Postmaster General, Division of Foreign Mails.

**191. Post offices to inform public.**—Post offices are expected to assist the public to an understanding of the parcel post and the advantages it affords.

**192. No insured or C. O. D. packages in the international parcel post.**—Postmasters must not forward insured and C. O. D. packages to any foreign countries even though addressed to those countries, mail for which is accepted at the domestic rates of postage.

**193. No responsibility for loss.**—The department is not responsible for the loss, damage, or rifling of any package, except with respect to a registered package for Chile, Mexico, and Salvador.

#### PACKAGES FOR FOREIGN COUNTRIES.

**194. How to mail package.**—A package must not be posted in a letter box, but must be taken into the post office and handed to the postmaster or other postal official in charge.

**195. Address, etc.**—Every package should bear a complete and legible address (in roman or English characters), not written in pencil, and be marked conspicuously "Parcel Post," and bear the name and address of the sender in such manner as not to be mistaken for the address of the package.

**196. Packing.**—Every package must be securely and substantially packed, but in such a way that it can be opened without damaging its cover, in order that its contents may be easily examined by postmasters and customs officials. Packages should be packed in canvas or similar material, heavy wrapping paper, or waterproof paper, lined with linen gauze, double-faced corrugated cardboard boxes, thick cardboard boxes or strapped wooden boxes made of material at least a half-inch thick. Boxes with lids screwed or nailed on may be used, and bags closed by means of sewing, provided they are presented at the post office open for inspection and then closed by the senders, as long as they conform to other conditions prescribed. Where the sea transit is long, as for instance, to China and Japan, the packing and wrapping must be stronger than for nearby countries, and in all cases, the packages, before acceptance must be packed in such a substantial manner as to assure safe transmission. Packages not properly wrapped must not be accepted for mailing, nor dispatched from United States exchange post offices.

There are exceptional provisions regarding packages as to whether they will be accepted sealed, nailed, screwed, or sewed, and postmasters will consult the list of parcel-post countries commencing on page 156, for the exception, if any, applicable to the particular country to be dealt with.

Dyes, in powder form, must not be accepted for transmission in the parcel-post mails to those foreign countries admitting dyes in the parcel-post mails, except the dyes are packed in a tin or metal container and such container inclosed in a substantial outside cover, open to inspection, of fiber board or similar material, double-faced corrugated cardboard or strapped wooden boxes made of material at least a half inch thick.

The inside tin or metal container must be one closed with a screw-top cover having sufficient screw threads to require at least one and one-half complete turns before the cover will come off, the cover of which must be provided with a washer, so as to prevent possible sifting of the contents.

This provision for the employment of screw-top tin or metal containers does not prevent the use of compression (friction) tin-top or metal containers, if soldered in at least four places, or the use of lead-sealed tin or metal containers, provided the containers are labeled in printing so as to show the nature of the contents, the quantity, and the name of the manufacturer or dealer, and, in addition, the containers are inclosed in substantial outside covers, open to inspection, of fiber board or similar material, double-faced corrugated cardboard, or strapped wooden boxes made of material at least a half inch thick.

Acceptable packages of samples of dyes, in powder form, not exceeding 12 ounces in weight, and packed in accordance with the requirements of the Postal Union regulations, will likewise be received for transmission in the international parcel-post service, when postage is paid at the rate of 12 cents a pound or fraction thereof.

**197. Delivery fee.**—A delivery fee of not less than 5 cents is collectible when the package is delivered. This fee can not be prepaid by the sender.

**198. Registration.**—To some places, packages will not be accepted for registration, and whether a package will be accepted for registration is indicated in the table commencing on page 149. To any place to which the registration of a parcel is permitted, the sender may have a package registered by paying a registration fee of ten (10) cents and he will receive a "return receipt" in case of delivery, without additional charge therefor, provided he requests a return receipt at the time of mailing.

**199. Return receipts for unregistered packages.**—The sender of an unregistered package addressed to Bahamas, Barbados, British Honduras, Curaçao, Dutch Guiana, or Jamaica may obtain a "return receipt" for the package by prepaying by means of postage stamps a fee of 5 cents in addition to the ordinary postage. In such case the words "Receipt desired" must be plainly written on the corner of the package.

**200. Dimensions.**—A package must not exceed the dimensions indicated in Section II (p. 140) for the country to which the parcel is addressed. A package not more than 3 feet 6 inches in length may measure as much as 2 feet 6 inches in girth, or around its thickest part. A shorter package may be thicker; thus, if it measures no more than 3 feet in length it may measure as much as 3 feet in girth, or around its thickest part. (For exceptions see items Argentina, China, France, and Indo-China, direct service.)

**201. The most convenient mode of measuring** is by means of a tapeline 6 feet long; so much of the tape as is not used in measuring the length is the measure of the maximum girth permissible.

**202. Weight.**—A package must not exceed the prescribed limit of weight indicated in the table on page 149.

**203. Certificate of mailing.**—Postmasters are instructed, on request, at time of mailing, to issue for an ordinary parcel-post package, a certificate of mailing (Sheet Form 2965) without charge, or when a 1-cent fee is paid, a tag form of receipt (Form 3817) or a receipt from a firm mailing bill book (Form 3877). A certificate of mailing (Form 2965), a tag form of receipt (Form 3817), or firm mailing bill (Form 3877) may be issued for a package addressed to Canada and Cuba upon payment of a 1-cent fee in each case. The payment of a fee for a receipt does not indicate that any liability attaches to the Postmaster General with respect to the package described in such receipt, and no receipt is obtained from the addressee on delivery.

**204. Customs declarations.**—A "customs declaration" (Form 2966) properly filled out must be securely attached to every package, but so attached that it does not seal or close the package so that it can not be easily opened without damaging the cover. The contents must be accurately described in the English language, although an interlineation in another language, if desired, may be furnished. As an exception it should be noted that declarations for Spain, the Canary and Balearic Islands, or the Spanish possessions in Africa must be written in Spanish or French with an interlined translation in English. *General terms such as "merchandise," or "samples," will not answer.* It is not sufficient that the tag be tied to the package and allowed to hang loose. In addition to being tied by means of a cord passed through the eyelet, the tag should be bound to the parcel so that it lies flat thereon, and can not be used as a handle to lift the package while in transit. All declarations must be postmarked at the post office of mailing.

**205. Customs duties.**—Customs duties can not be prepaid; they will be collected of addressees when the packages are delivered.

If a package is received at an exchange post office prepaid at the parcel-post rate, but unaccompanied by a "customs declaration," it will be sent to the Division of Dead Letters unless it bears a clear indication of the origin of the package so that the exchange office can call on the sender through the mailing office to furnish the required "customs declaration."

**206. Registered parcel-post packages not fully prepaid inadvertently forwarded.**—If a registered parcel-post package is received at a United States exchange post office with postage, or in appropriate cases, transit charges, not prepaid in full, postage stamps to cover the deficiency should be affixed, pursuant to the provisions of section 1059 of the Postal Laws and Regulations.

**207. Parcel-post packages not mailable to all places.**—Packages are transmissible by parcel post to the countries, colonies or possessions indicated in the table on pages 149 to 153. Packages addressed to any other place must not be accepted for mailing or dispatched from the United States if they are mailed.

### PACKAGES FROM FOREIGN COUNTRIES.

**208. Customs duties.**—Dutiable or supposed dutiable articles received by international parcel post are subject to the treatment prescribed by the "Joint regulations governing the treatment of dutiable and supposed dutiable articles received in the mails from foreign countries," appearing in section 664, Postal Laws and Regulations. Packages received at city delivery offices from foreign countries on which there are no customs charges should be delivered in the same manner as domestic parcel-post matter.

**209. Postage stamps not on packages.**—Parcel-post packages from Argentina will be received without postage stamps affixed to the wrappers or covers, and such stamps as are required for postage will be found affixed to the customs declarations instead. Postmasters before reporting parcel-post packages from Argentina as being received without postage stamps affixed will make an examination of the customs declarations in each case to determine whether the necessary stamps are affixed thereto.

**210. Postage charges on delivery.**—A delivery fee of 1 cent for each 4 ounces or fraction of 4 ounces is collectible on the delivery to the addressee, either at the post office or his residence, of each parcel from Colombia or Costa Rica, except that the minimum charge on any package is 5 cents. On packages from all other places the delivery fee collectible on delivery of the packages is 5 cents for each package of whatever weight. The delivery fee is in addition to the postage prepaid and is intended to cover partly the cost of transporting and handling the package after its receipt in the United States. Postage-due stamps to the amount of the proper charge on the package must be affixed thereto and canceled before delivery. (See sec. 521, Postal Laws and Regulations.)

**211. Forwarding.**—Parcel-post packages received from foreign countries must be forwarded from one United States post office to another without charge for such forwarding.

**212. Return and redirection.**—Packages which can not be delivered must be marked to show the cause of nondelivery, such as "unclaimed," "refused," etc., and returned from the post office of destination to the United States exchange office from which they were received, at the expiration of 90 days from the date of their receipt at the office of destination in the case of packages from Uruguay; at the expiration of 60 days in the case of packages from Argentina; and at the expiration of 30 days in the case of packages from all other countries, colonies and places.

Mail entry forms with undeliverable packages will be disposed of in accordance with the instructions contained in section 177, pages 136 and 137.

The United States exchange office will return such packages to the foreign exchange office which dispatched them to this country, and for such return the sender will be required to pay on each package, at the time of delivery, a sum equal to the postage originally prepaid thereon.

**213. Sender to be consulted.**—In the case of undeliverable packages from the United States held in certain countries, the postal administration of those countries will continue to consult the senders as to the disposition they desire made of the packages, and in such cases, when requested, postmasters will continue to furnish the information desired when written to on the subject by the postmasters at New York or San Francisco, who have been designated to make the necessary replies to the foreign countries concerned.

**214. "Abandoned" packages.** If dutiable, should be sent to the collector of customs from whom they were received; if nondutiable, they should be sent to the Division of Dead Letters. In either case the packages should be marked "abandoned." Undeliverable packages from the above-named countries or colonies should not be held beyond the periods indicated above at post offices of destination and, in the case of dutiable packages, the proper customs officials should be kept fully informed of the status of each case.

**215. Packages returned at request of senders.**—Senders of packages for or from Argentina, Australia, Bahamas, Barbados, Belgium, Bermuda, Brazil, British Guiana, British Honduras, Hong Kong, Italy, Jamaica, Leeward Islands, Luxemburg, Newfoundland, New Zealand, Portugal, Society Islands, Trinidad, and the Windward Islands who request their packages to be returned must transmit with their requests the amount necessary to prepay postage afresh at the rate of 12 cents per pound or fraction of a pound.

**216. Prohibited articles.**—Packages for or from Argentina, Australia, Belgium, Bermuda, Curacao, Denmark, Dominican Republic, Dutch Guiana, France, Haiti, Iceland, Italy, Japan, Liberia, Luxemburg, Norway, Portugal, Sweden, The Netherlands, or Uruguay which contain "prohibited" articles or which exceed the limits of size or weight, need not necessarily be returned to the country of origin; but at the demand of customs officials may be disposed of in accordance with the customs regulations of the country of destination.

**217. Undeliverable packages returned to United States.**—An undeliverable package returned to the United States, upon which the return postage has not been prepaid, is subject on delivery to the sender to a postage charge equal to the amount of postage originally prepaid on the package; which amount should be marked on the package by the United States exchange post office which receives it back from abroad, and collected by the post office which delivers it to the sender—the necessary postage-due stamps being affixed and canceled as directed in section 209, page 184.

On packages returned from Spain, the Balearic Islands, the Canary Islands, and the Spanish possessions in Africa, the sender must pay, in addition to return postage, the charges accrued on the parcel in its transportation between the offices of mailing and destination.

When undelivered packages are returned from Costa Rica, no postage-due stamps need be affixed, inasmuch as the postmaster at New York has been directed to collect in money the amount due for return postage in order that the sum so collected may be remitted to Costa Rica.

In the case of undelivered packages returned from Austria, the senders will pay an amount equal to the postage originally paid and in addition a return transit charge, which varies according to the weight of each package concerned.

**218. Notices to addressees of registered packages.**—The post office of destination must promptly notify the addressees of the arrival of a registered package.

**219. Official and semiofficial or express service.**—Most of the countries of Europe have an arrangement with international express companies, under which packages regularly mailed in those countries are withdrawn from the mails and handed to said companies to be brought to this country and by them delivered to addressees without the intervention of the United States postal service. Such arrangements are known as the semiofficial parcel post, and packages so conveyed and delivered are somewhat delayed and at times give rise to additional charges to which regular parcel-post packages are not subjected. In order to avoid the delays and charges senders in foreign countries should be cautioned to insist upon their parcels for the United States being sent in the official international parcel-post mails and to mark them so as to indicate unmistakably that they are to be so sent.

**220. Storage or demurrage charge.**—A storage or demurrage charge is imposed on packages, ordinary or registered from foreign countries, including Cuba, Canada, Mexico, from the Philippines, and from the United States postal agency at Shanghai, when such packages are left in the post office uncalled for after notice has been mailed the addressees that the packages are ready for delivery. The charge imposed is fixed at 5 cents a day on each package for each day after the expiration of 7 days, exclusive of Sundays and holidays, from the date notice is mailed the addressee that the package is ready for delivery. When a collection is made of an amount due for storage, the money received will be accounted for by the affixing of postage-due stamps to each package to the amount of the charge paid.

In giving notice to addressees with respect to packages held, the form employed will bear an announcement of the charge to be imposed in case the packages are not called for within the time specified.

# STATE LIST

## POST OFFICES, BRANCH POST OFFICES, AND STATIONS.

JUNE 1, 1921.

[For Supplement containing changes to July 1, 1921, see Index.]

\* Money order offices.

† International money order offices.

° Postal savings depositories.

§ Summer offices.

| Winter offices.

The office numbers preceding the names of post offices must be used in all correspondence with the Auditor and the Post Office Department, and on all vouchers, statements, and accounts.

The unit numbers, used in parcel post business, follow the names of the counties. A branch office or a station is in the same unit as the main office. The space following the unit number is provided for the insertion of the zone number.

Postal savings deposits are received only at the post offices, branches, and stations that are authorized to transact postal savings business. Withdrawals must be made at the post office, branch, or station at which the depositor maintains his account.

All stations issue and cash money orders, register letters and parcels, and sell postal supplies. Lettered and named stations, in addition, receive, deliver, and dispatch mail matter.

Money orders must be drawn only on the main office or branch offices, not on stations, but may be cashed at either the main office, branch office, or any station of such office.

Independent stations, indicated thus (Ind.), receive and dispatch registered mail in the same manner as post offices, and are the only stations to which postmasters address registered package tickets.

County seats (ch) and the number of rural routes emanating from certain offices are shown in the list of post offices arranged by States and counties.
